NX9I N200 AC-  
REN MILLIUS

Dan, N9GWG

I was walking down the hall at work a couple of weeks ago and our illustrious treasurer, Bob, came up to me and said " We are volunteering you to volunteer for the office of secretary of the club". I said "Oh, okay" and was voted in at the January meeting. Well, I have never been the secretary of anything before but I will give it a shot. A little about myself; I work at Magnavox, have been a ham for about a year and a half and a club member for a year. I hope to meet and learn things from the more experienced hams in the club.

More to the point, I have been putting the membership records on a new computer database for ease of record keeping. Some of the information may have lost something in the translation, but should be hunkydorey by this issue.

There will be something new on the Hamsplatter mailing labels for those of you who forgot to renew your membership for 1989. If you look on your label and it says "\*\*LAST ISSUE\*\*" then you will know that you have overlooked something. It's sort of like being on an outing with some friends, keying the handheld and ... nothing. "Uh Oh I forgot to "RENEW" the batteries! So get those dues in folks, a ham club can't live on fellowship alone. The \*\*note\*\* will be replaced with callsigns in the next issue.

If you aren't getting your Hamsplatter or there are mistakes on the label please let me know and I will make the necessary corrections. Also if you upgrade and/or change your call give me a ring and I will update the club's records. My phone number is 489-6004.

Well, enough of that, see you at the next meeting and may all of your swr's be little ones.

JAN. 1989 BOARD MEETING MINUTES

The meeting started at 8:30 pm. Frank Jaworski, K1FJ, presiding.

Advertising in the Hamsplatter was discussed. Charges agreed upon were: Full page ads at the rate of \$20.00 for one month, \$30.00 for 3 months, \$55.00 for six months. Dick Erwin, N9BNA, volunteered to check around to local businesses to see if anyone would be interested in advertising.

The Hamsplatter format and appearance was discussed. George, KC9OH, indicated that an error occurred this time and should be corrected for the next issue.

Terry, N9HUJ, volunteered for Field Day chairman for the year.

It was noted that order forms for club jackets and caps would appear in the March issue of the Hamsplatter.

It was noted that the availability of club QSL cards should be posted in the Hamsplatter.

It was moved that club members who wish to renew their ARRL membership send the ARRL renewal form to the club regardless of the time of year and it would be sent to the ARRL post haste so no issues would be missed due to delay at the club level. This will be posted in future issues of the Hamsplatter.

Terry, N9HUJ, dispersed handouts on information he gathered on costs and locations on possible FWRC hamfests. The matter will be further discussed at the next board meeting.

Dan, N9GWG, will put a notice in the next (Feb) Hamsplatter indicating that if a \*\*LAST ISSUE\*\* is seen on the label then the members dues have not been paid and must be done if they would like to remain as members.

The profitability of ordering 100 club QSL cards was determined to be poor and increasing the minimum was suggested. A new minimum was not set at this time.

The cost of putting on Field Day was brought up and a maximum of \$50.00 was set. In previous years, an amount of around \$200.00 was spent and was deemed excessive. This year, pop only will be supplied. A similar amount was suggested for the club picnic with potluck being the bill of fare.

It was proposed that due to cost of the Hamsplatter, a reduced dues membership of \$9.00 be implemented for those who did not care to receive the periodical. many views were presented and further discussion was solicited to view all ramifications of the

proposal.

The meeting ended at 11:00 pm.

respectfully submitted,  
Dan Spencer, N9GWG

JANUARY MEETING MINUTES

Dan N9GWG

Frank Jaworski, K1FJ, called the meeting to order at 1942. Attendance was: 58 before the program, 42 after.

The first order of the evening was to elect a new club Secretary, due to the resignation of Jim, KR9U. I, Dan Spencer-N9GWG, was the only nominee, and was elected.

The evening program was presented next so the guest could make it back to Warsaw at a reasonable time. Jim Tague delivered a very colorful and interesting slide presentation on Astronomy. It was very well received by one and all.

Bob, AB9U, gave the treasurers report indicating there was \$4,400 in the club account.

It was noted that many members were not aware of some of the benefits of club membership such as purchasing QSL cards through the club. The President stated that such benefits would appear in the Hamsplatter more often.

Club Communications Manager Terry Dull, N9HUJ, volunteered for duties as Field Day Chairman for this year. Any questions or suggestions should be directed to him at 483-6307.

The budget was next on the agenda and a long and heated discussion on the subject ensued. It was noted that to date only about one half of last years members have renewed their membership. Some suggestions on increasing revenues were: soliciting advertising for the Hamsplatter, and increasing the dues.

The discussion then turned to determining ways to get the club back into shape and regaining member participation.

It was moved and seconded that the World Radio insert be discontinued due to the lack of benefit from the \$60.00 investment. All but one member voted to discontinue.

All members who thought they could help in determining the future success of the Fort Wayne Radio Club were invited to attend the next Board Meeting at the family room of the Tower Tavern on Feb. 9 at 7:30 pm.

The meeting was adjourned at 2133.

FEBRUARY 1989 BOARD MEETING

Frank, KIFJ, opened the meeting at 8:00pm. There were 7 members present.

It was noted by KIFJ that the club officers should contribute more to the columns of the Hamsplatter.

The tentative hamfest was briefly discussed sighting the 4H or Allen County fairgrounds as possible locations.

The club is ordering 100 blank QSL cards for members who run out and are waiting for new orders.

It was moved, seconded and unanimously voted to order 100 W9TE QSL cards.

It was proposed by Bob, AB9U, that the charges for club QSL cards be increased so the club would make \$1.00 per 100 cards. The proposed prices are:

| <u>QTY</u> | <u>NEW PRICE</u> | <u>OLD PRICE</u> |
|------------|------------------|------------------|
| 100        | \$11.00          | \$10.00          |
| 200        | \$10.00          | \$14.00          |
| 500        | \$24.00          | \$20.00          |
| 1000       | \$38.00          | \$33.00          |

The above matter will be posted in the next issue of Hamsplatter by Geo. Deebel, KC9OH, and brought up at a general meeting.

Dick, N9BNA, reported that calligraphy for the awards would run about \$3.00 apiece. Board members were solicited to bring in samples of computer generated fancy print for awards.

Dick, N9BNA, reported that he was still checking on the possible interest of local businesses in advertising in the Hamsplatter.

Al, WD9FAQ, will reserve the rest stop on highway 30 for the 3 days of Memorial, and Labor day weekends at a total cost of \$30.00.

It was moved, seconded and approved by a majority to allocate \$56.00 for a 3 year renewal of the W5YI report.

Bob, AB9U, said that the U.S. Government has no record of the F.W.R.C. taxpayer identification number (T.I.N.) or a tax exempt number.

Laron, WC9T, will check into the methods and legalities of the matter.

A general discussion of the budget was next on the agenda. The matter of raising dues was to be brought up in the next

general meeting. The proposed structure is \$15.00 for full member, \$8.00 for supporting member (no Hamsplatter), \$6.00 for family members.

Dean, WA9RRY, will talk with Bob, W9PMT, about the quality of the Hamsplatter printing. Its improved from the last issue, however could be better.

The meeting was brought to a close at 10:40pm.

respectfully submitted,

*R.D. Spencer*  
R.D. Spencer, N9GWG secretary

GENERAL MEETING MINUTES

FEB. 17 1989

The meeting was called to order at 8:00pm by Frank, K1FJ.

The first item for the evening was the program. Mike Evans of ADT Security gave an informative presentation on home security and systems available towards that end. Members were very interested and asked many questions.

The rest of the meeting was dedicated to cleaning up the budget matters for the year.

Frank, K1FJ, expounded on the need for additional dollars in the repeater fund. The need was questioned by members, however accepted when it was brought up that if an adequate fund was available, a gradual replacement of aging equipment would be possible which would be better than trying to replace an entire system in the event of a disaster. As a side note some members mentioned that many people thought that the repeaters should be used for quick QSO's to keep them open. It was emphasized that the club encourages use of the repeaters including ragchewing as long as proper repeater operation is followed.

The projected 1989 income verses outgo was drawn on the blackboard in the form of pie-charts provided by Bob, AB9U. After much discussion on the budget, Bill Thomas, KE9T, moved that it be approved. The motion was seconded by Ted Clifton, W9TC, and approved by the members.

The next item up for discussion was a proposed membership dues increase with a dual fee structure. The dual fee portion of this proposal was very unpopular and was removed. A straight increase in dues from \$12.00 to \$15.00 was then thrown open to discussion. This proposal included no increase in the family membership fee of \$6.00. A checkoff box on the membership form would be installed for those who did not wish to receive the Hamsplatter. Dick Erwin, N9BNA, moved that this be accepted. The motion was seconded by Walt Johnson, K9JMT, and voted in by a majority of the membership present. The dues increase takes place in Jan. 1990. The meeting was adjourned at 9:35pm.

respectfully submitted,

Dan Spencer, N9GWG

Minutes  
Fort Wayne Radio Club Bd. of Directors  
Meeting 3/9/89

A regular meeting of the Fort Wayne Radio Club Board of Directors was held March 9, 1989 at the Tower Tavern. The meeting was called to order by Pres. Frank Jaworski at 7:30 PM.

Initially a discussion was held on forthcoming programs with nothing having been set up for the March 17 Club meeting. It was decided to have a general discussion with the membership about general topics with respect to the health and welfare of the Club to be led by the President.

The program for the April meeting will be about Packet Radio by N9BAC, Al. It is reported to be an excellent education type program with respect to getting into Packet. A number of our club members are active Packeteers and more are getting active.

Treas. Bob Streeter has the paperwork gathered for acquiring a proper Federal ID Number. Bob and Pres. Frank have scheduled a preliminary meeting with an attorney who specializes in this type work. The meeting is set for Saturday March 11, 1989. They intend to discuss the not-for-profit type status which would allow individuals a legitimate tax deduction for contributions, money or equipment, to the club. Bob indicated that this is the only way that Amateur Radio is deductible.

Dean Whitesel is planning Technical Committee Meeting before the next board meeting if possible.

Dean had a chat with Bob Witte, our printer, with regard to printing quality of the Hamsplatter. The current issue reflect improvement in that quality with respect to several prior issues which the board felt left some things to be desired.

Laron Beyer brought up for discussion the idea that the Board Meeting minutes should be published in Hamsplatter rather than the Regular Meeting minutes. All members present agreed and these minutes will be the first so published.

Pres. Frank discussed cutting prices on Club QSL card printing to be more competitive with the market. Members agreed to adding a flat \$2.50 handling charge to all orders regardless of quantity. The new rates are 100 cards, \$11.00; 200/\$14.00; 500/\$20.00; and 1000/\$33.00 plus \$2.50 HC.

Comm. Mgr. Terry Dull is going to disseminate Field Day material in Hamsplatter and at Club Meetings.

It was moved, seconded & passed that the type face on the bottom of Dan Streeter's sample faces would be used to fill out Club certificates.

AMMENDED SPENCER

3-23-89 The Board discussed the Club sponsoring a Hamfest. It would have to be planned a year in advance, and would require an investment of \$1,000.00 of Club funds. One person would have to take charge of the whole project.

Meeting adjourned at 9:30 PM

Respectfully, Dick Erwin-Sec.Pro Tem.

- OVER -

ADDED FOOTNOTE: AFTER FURTHER DISCUSSION IT WAS DECIDED THAT THE CLUB could LOWER THE PRICE FOR QSL CARDS AND NOT SUFFER ECONOMICALLY. THIS WAS DONE TO ENHANCE THIS BENEFIT OF MEMBERSHIP AND TO ENCOURAGE MEMBERS TO PURCHASE FWRC CARDS. SEE THE ARTICLE IN THIS ISSUE REGARDING CLUB CARDS BY BOB, AB9U FOR CORRECT PRICING INFORMATION.

Flyer 3/23/89

GENERAL MEETING MINUTES

MARCH 17, 1989

Frank, K1FJ called the meeting to order at 7:40 pm. There were 28 members present. Frank announced that there was no program scheduled for tonight.

The minutes for last months meeting were accepted as published in the hamsplatter.

Our editor, George, KC9OH, announced that the folks that ordered jackets and caps would have their money refunded due to lack of a minimum order. He said he would make the offer available next year.

Frank mentioned that the novice class for this spring needed a coordinator. Dick, N9BNA, and Laron, WD9T, said that they were looking at setting the class up at St. Francis College.

Bill, WD9HII, brought up the question of coordinator for events at the Three Rivers Festival. Terry, N9HUJ, volunteered to check in to it.

Bob, AB9U, gave the treasurers report next. The club has \$4398.38 to its credit. He mentioned that the club is seeking "recreational not for profit" status with the state.

Dick, N9BNA, moved to accept the treasurers report. Bill, KE9T, seconded the motion. there were no objections.

Al, WD9FAQ, reported that he was still waiting for the reservations for the rest stop during the Memorial and Labor day weekends.

Jim, KR9U, mentioned that he was displeased with the new Hamsplatter format. George, KC9OH, had left the meeting for another commitment so Bob, AB9U, explained the problem of photo-reduction. Terry, N9HUJ, said he heard that Bob, W9PMT, had got a new printing machine and would check into the possibilities. Meanwhile, a straw poll was taken and 17 members said that they liked the old book style format and 6 members said that they liked the new format.

It was mentioned that even though submitters are typing articles for the Hamsplatter, George, KC9OH, is having to type them over again for format reasons. Frank, K1FJ, said he would talk to George to see if this was a problem and seek solutions if necessary.

Frank, K1FJ, called for members to come forth and schedule programs for the club meetings. He mentioned that one does not have to be an expert on a subject to provide some interesting material that would be enjoyed by fellow members.

Bob, AB9U, mentioned that the blank club QSL cards and the W9TE cards are in and available for their purposes.

Bill, WD9HII, moved that the meeting be adjourned at 9:00 pm. Dick, N9BNA, seconded and the meeting was adjourned.

respectfully submitted,

*Dan*  
Dan, N9GWG, Secretary

APRIL 1989 BOARD MEETING

The meeting was called to order at 8:25 pm. There were 6 officers present.

Frank, K1FJ, and Bob, AB9U, talked to the law firm regarding attaining full non-profit status. It was deemed economically infeasible at this time, not to mention the added workload on the officers. It was therefore determined that the club should retain its current status, which means that individual donations to the club are not deductible at tax time.

Advertising in the Hamsplatter: Dick, N9BNA, is still looking for companies interested in placing ads in our newsletter.

Dean, WA9RRY, reporting from the April 3rd meeting of the technical group stated that the club is going to improve the sensitivity of the "76" repeater by adding a preamp. He also mentioned the possibility of adding packet capability to the club. This is being brought up by other officers also, a BBS or club digipeater being the items mentioned.

May program: nothing scheduled at this time.

The illegal use of the "91" autopatch by non-hams was brought up and Dean said that he is initiating a method of rejecting unauthorized users of the patch.

The meeting was brought to a close at 10:00 pm.

respectfully submitted,  
*Dan Spencer*  
Dan Spencer, N9GWG, secretary.

General Meeting, April 1989

The meeting was called to order by the President, Frank, K1FJ at 7:40 pm. There were 59 members present.

The minutes for the March meeting were accepted as presented in the April Hamsplatter.

Terry, N9HUJ, announced the Spring Code and Theory classes. A flyer was available at the officers desk area.

The communications officer, Terry, N9HUJ, presented Rose, N9GSP, with a club award for her participation in the 1989 Novice Round-up. The members congratulated her with a hearty round of applause.

It was moved and seconded to purchase a new pair of callbooks for the club. The old ones will be raffled off at a future club meeting.

Al, WD9FAQ, placed the signup sheet for the Memorial Day reststop at the back table for members to volunteer their time for this annual event. It will take place at the same U.S. 30 rest sight.

Larry, K9FVE, was selling digital clocks in the back of the meeting hall. It was noted that the club would receive \$1.00 for each single and \$2.00 for each double clock sold at the meeting.

Frank put out a call for any and all Fort Wayne Radio Club records that may be in the custody of members. The reason for this is to have all past club records in a central location for ease of access. Laron, WC9T has offered a storage location for the records. It was noted that anyone with any old club records should contact Frank or any club officer for information of disposition.

Our treasurer, Bob, AB9U, gave the financial briefing. The club has \$4356.25 in its treasury as of this meeting.

Owen, W9IW, offered several past issues of the ARRL Handbook to the club for auction at a future meeting. The proceeds to go to the club treasury. A hearty round of applause was given by the club members.

The business portion of the meeting was concluded at 7:57pm.

Bruce, N9DGL, gave an informative presentation on the basics of Packet Radio. He had a functioning Packet station and explained, via actual demonstration, the fundamentals of this mode of amateur communication.

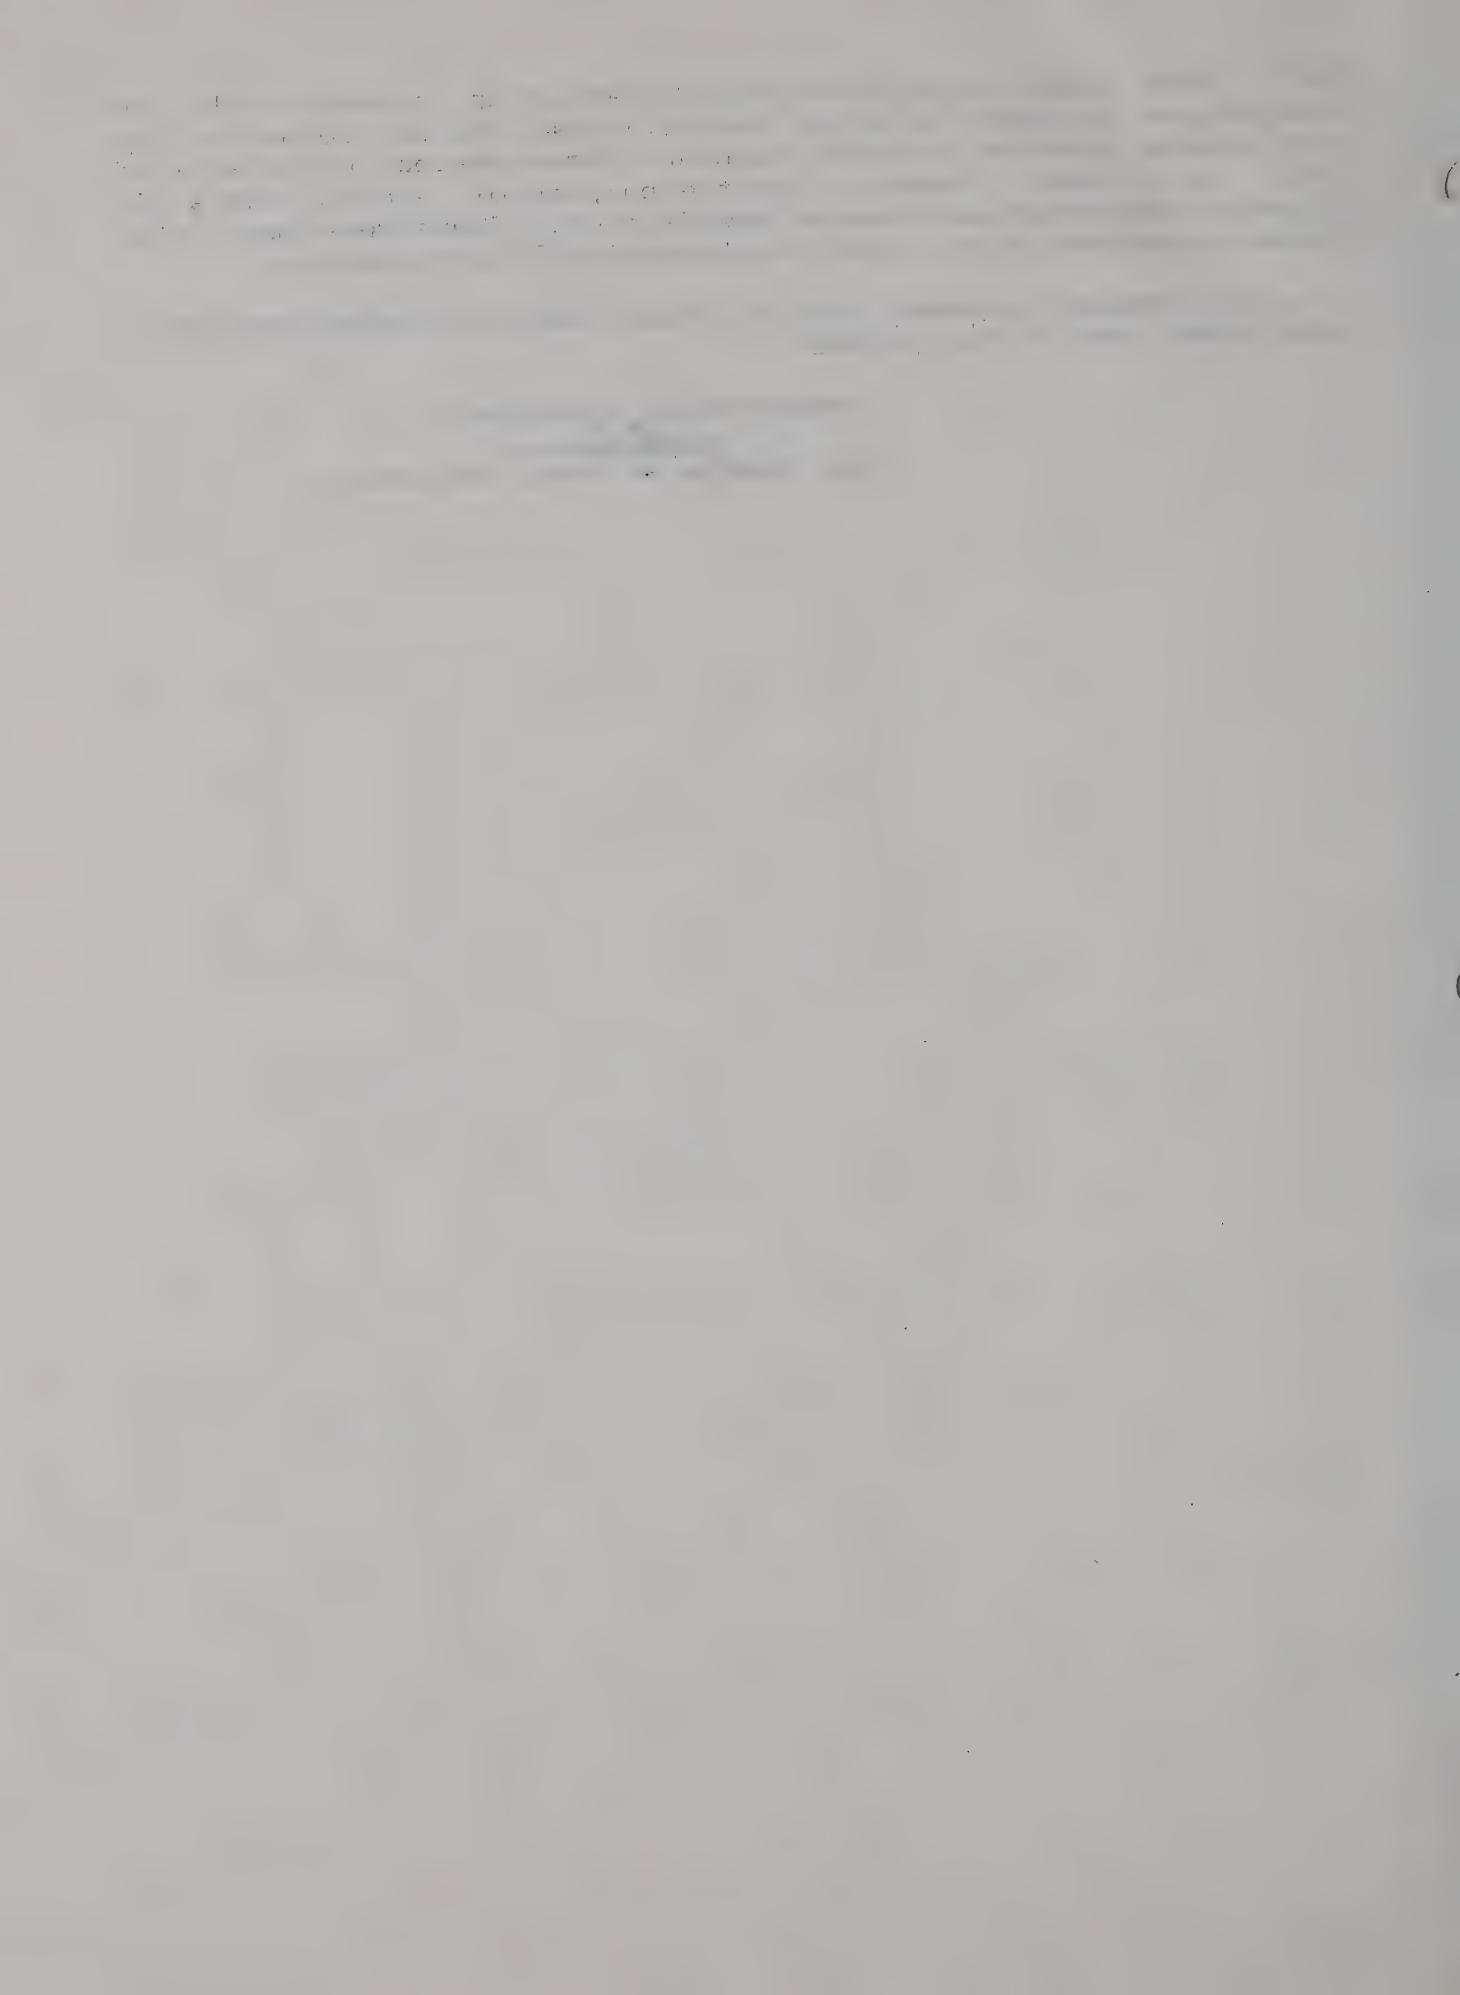

Bill, KA9A, also had an elaborate Packet setup to demonstrate the operations of the F.W.D.X.A. Packetcluster. He was connected to his cluster station in Huntertown and demonstrated the benefit of this multi-user operation for the purpose of aiding DXers in finding the sometime elusive new DX prefix. There were many stations connected at the time, contributing DX information.

The club members greeted both of these Hams with enthusiasm and applauded their fine programs.

respectfully submitted,

  
Dan Spencer, N3GWG, Secretary.

MAY 1989 BOARD MEETING

Frank, K1FJ called the meeting to order at 8:05 pm.

Frank brought up the June program. Dan, N9GWG, was asked to contact Jim Wolf, KR9U, to see if he would give a program on operating the computer dupe program used on field day, so everybody would be acquainted with it.

Rest stop for Memorial Day: Al, WD9FAQ, will start the time allocations for the rest stop on Memorial Day. The times will be determined by a first come, first choice by members.

Frank mentioned that no one has come forward yet with any club records for the storage facility as mentioned in the April Hamsplatter.

Dean, WA9RRY, and Frank discussed purchasing a new controller for the "76 and 91" repeaters. This will be brought up at the next technical meeting.

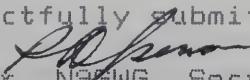

Dick, N9BNA, is going to mail solicitations for Hamsplatter advertising to area companies that may be interested.

Bob, AB9U, suggested that all the funds in the Dana Credit Union account be allocated to the repeater fund to keep this and the general funds separate until we clear up our tax number question.

Frank emphasized that due to the surprises at past general meetings, all business that will be brought up at future general meetings should be discussed by and agreed upon by the officers in advance.

The meeting was brought to a close by Frank at 9:35 pm.

respectfully submitted,

  
Dan Spencer, N9GWG, Secretary

GENERAL MEETING MAY 1989

The meeting was called to order by Frank, K1FJ at 7:41pm. There were 40 members present. It was moved and seconded that the minutes for April be accepted as presented in the Hamsplatter.

Al, WD9FAQ, explained the function of the Memorial Day rest stop for newcomers and passed around the sign-up sheet for 3 hour shifts.

It was announced by Frank that in order to dispose of the issue of club callbooks, he would bring in his own each meeting for use by the membership.

Frank again put out a call for any and all old club records for the purpose of storing them in one location.

The remaining small pieces of equipment from Owen Barton, W9IW, was auctioned off. The club raised \$22.50.

Bob, AB9U, said that the printer of the club QSL cards requested that the orders from now on be typed due to confusion in past orders caused by illegible writing.

Frank put out a request for members to bring in C-64 computers for the June meeting for the purpose of hands-on practice of the duping program used on field day. Jim, KR9U, will present a demonstration and show members how to run this program.

Bob, AB9U, gave the financial status of the club. The treasury has \$4643.95 to it's good.

Jim, KR9U, informed members of the on-air meeting places of the Fort Wayne DX Association: 147.51 MHz-Fm simplex and 144.91 MHz-Packet (Packetcluster).

Frank explained the function of field day for newcomers and informed all that it would be held on the Sizelove farm near Laotto In. Dino, KR9V, called for participation in whatever form from members for field Day.

The business part of the meeting was closed at 8:45pm.

The program for the evening was presented by Dick, N9BNA, who gave an informative dissertation on antennas, transmission lines, tuners and the sometime misconceived "SWR". The program was well received by members who actively participated.

respectively submitted,

  
Dan Spencer, N9GWG, secretary

the first time in the history of the world, the  
whole of the human race has been gathered  
together in one place, and that is the  
present meeting of the World's Fair.  
The great number of people here  
from all parts of the globe, and the  
large amount of money spent by them,  
will be a great stimulus to the  
development of the country, and will  
help to make it a great power.  
The United States is a great  
country, and it is destined to become  
a great power. The world is looking  
forward to the day when the United  
States will be a great power, and  
when it will be able to help to  
make the world a better place for  
all the people.

JUNE 1989 BOARD MEETING

The meeting was called to order at 8:20pm by Frank, K1FJ.

Bob, AB9U, reported that the club made approximately \$100.00 at the reststop during the Memorial Day weekend.

Frank said that he needed volunteers to help collect the records that were in different peoples hands. Leron, WC9T, said that he would call the folks with the records to discuss the appropriate method of collection.

Dick, N9BNA, said that he would send out solicitations to prospective advertisers within two weeks.

Frank noted that the technical committee needed to address the problems with the repeaters, namely the controller.

A motion was made by Bob, AB9U, to purchase a new controller for the repeaters if, at the end of August 1989, the current one does not meet the minimum standards for an amateur repeater controller. Leron, WC9T, seconded the motion. It was carried by a vote of 5 yea, 1 abstention.

A motion was made by Bob, AB9U, to look at the club finances at the end of August 1989 and consider purchasing a modest h.f. station for the club. The equipment would be used as a learning aid for new hams primarily and loaner equipment for members with down equipment secondarily. The motion was seconded by Dick, N9BNA. The motion was carried by a vote of 5 yea, and 1 nay.

It was brought up to consider finding a volunteer to contact those members who are ARRL members to find out when their renewal dates were in order to promote renewing through the club.

The July program is tentatively scheduled to be "win, lose, or draw.

Frank closed the meeting at 9:14pm.

respectfully submitted,

  
Dan Spenger, N9GWG, secretary.

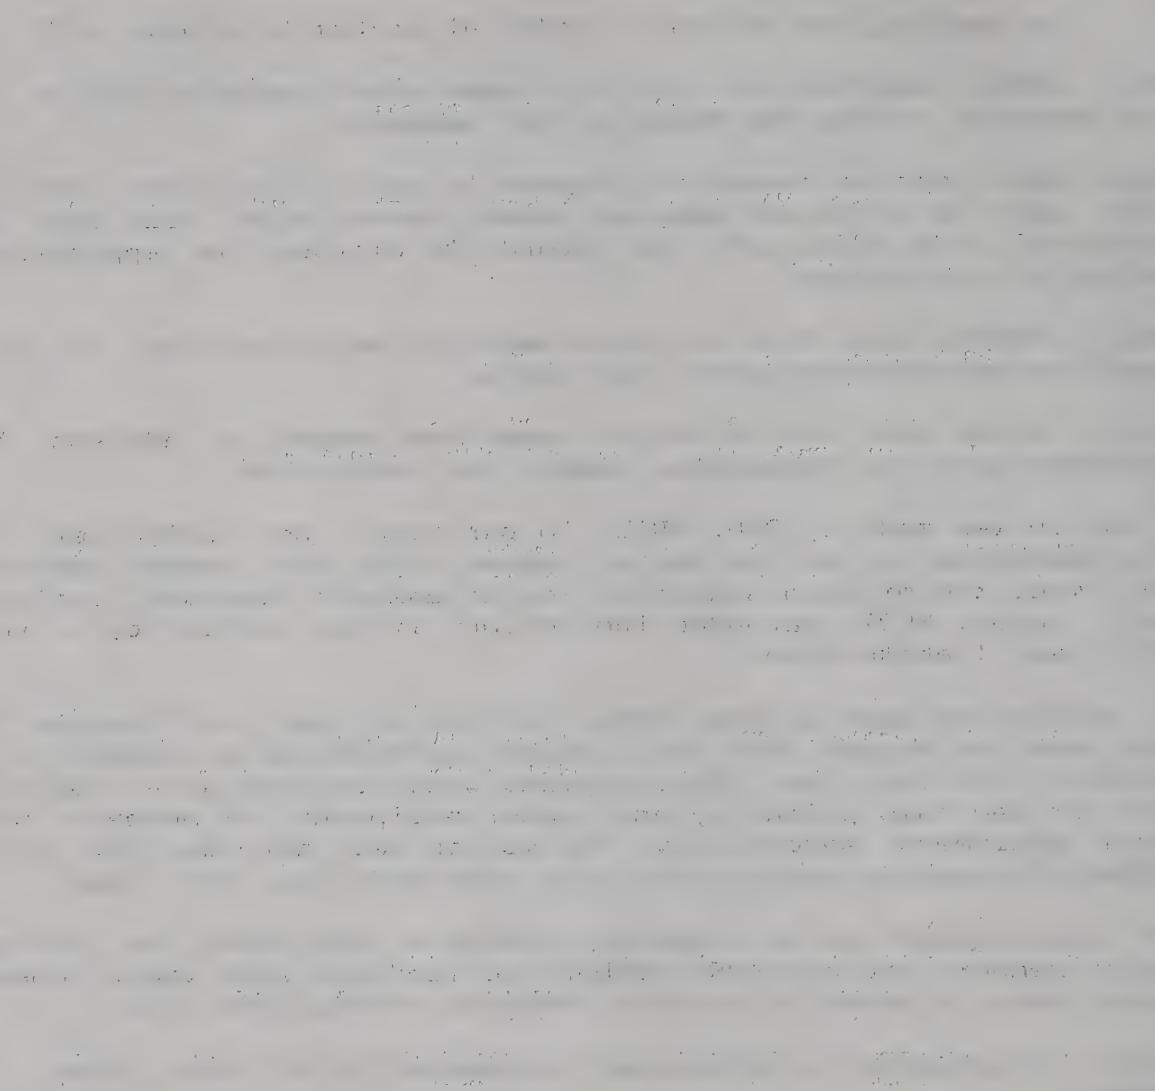

FIG. 1. Correlation coefficient between the observed annual mean precipitation and the annual mean precipitation simulated by the GCMs for (top) 1960–90 and (bottom) 1990–2020 periods. The left panels are for the GPCP dataset and the right panels are for the TRMM dataset.

the GPCP dataset, the correlation coefficients between the observed and simulated annual mean precipitation for the 1960–90 period are higher than those for the 1990–2020 period, especially over land areas.

Figure 1 also shows that the correlation coefficients between the observed and simulated annual mean precipitation for the TRMM dataset are higher than those for the GPCP dataset, especially over land areas.

The correlation coefficients between the observed and simulated annual mean precipitation for the GPCP dataset are higher than those for the TRMM dataset, especially over land areas.

## GENERAL MEETING MINUTES

JUNE 1989

The meeting was called to order by Frank, K1FJ, at 7:50pm. There were 30 members present.

Al, WD9FAQ, reported on the results of the Memorial Day rest stop. The net income for the club after expenses was \$103.66. Al said that he was working on a new sign for future rest stops for enhanced visibility.

Leron, WC9T, said that he will collect the old club records for storage. The folks that have such records should contact him for arrangements.

Larry, K9FVE, talked about introducing kit projects to the club. This was well received by members present.

The Spring session of the code and theory classes netted two new novices for the area.

Frank reminded the members of the K1FJ-2 packet radio mailbox available for leaving messages for any and all. the frequency is 145.05 MHz.

The minutes for May were accepted as written in the June Hamsplatter.

The treasurer, Bob, AB9U, reported that there was \$4499.08 in the clubs accounts.

### NEW BUSINESS:

Dean, WA9RRY, in his capacity as technical committee chairman was notified as to a malfunction in the operation of the "91" autopatch. He said he would look into it.

Frank announced that the July Program is tentatively scheduled to be "Win, Lose, or Draw".

George, KC9OH, said that the club picnic was on and he was looking for volunteers to gather food and someone to bring a gas grill.

A club thanks was given to Owen, W9IW, for the equipment that was auctioned off at the meetings. The proceeds went to the clubs treasury.

The business portion of the meeting was closed at 8:17 pm.

The club had two visitors from VK land at this meeting. Peter, VK3CPO, from Melbourne and Don, VK2XDT, from Sydney were in Ft. Wayne on business and gave a small talk and answered questions about the land down under. The club received these gentlemen with enthusiasm and asked many questions.

Jim, KR9U, gave an informative brush up session on the duping program written by club members for the Commodore 64 computer. The duping program can be used for any contesting function in Amateur Radio.

respectfully submitted,

*Dan Spencer*

Dan Spencer, N9GWG, secretary

## JULY BOARD MEETING MINUTES

The meeting was called to order at 8:20pm by Frank, K1FJ.

Frank said that Field Day was not particularly good this year, however the people that did participate had a good time. He mentioned that club activities should have more organization.

The club received a registered letter from the Sizeloves, on whose farm we have been holding Field Day for the past few years. The letter simply stated that the club should remove the equipment from the barn on their property. Frank feels that the Sizeloves think it is someone else's turn for field day and that they have other plans for their barn. The equipment will be stored at John Goller's, K9UWA, QTH for the time being.

Further investigation is pending on the floating club ham equipment for loans to members brought up at the last meeting.

The status of the repeater controller was not discussed due to the absence of Dean, WA9RRY.

Dick, N9BNA, is still working on the advertising for the Ham-splatter.

Laron, WC9T, says that the collection of old club records is in progress.

The club picnic is set for the 19th of August at Salamonie Reservoir.

Frank mentioned that it almost time to select a nominating committee for next years officers.

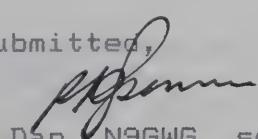

Al, WD9FAQ, is gearing up for the Labor Day rest stop.

The August program is tentatively scheduled to be Science Central.

I, Dan, N9GWG, said that I will talk to NOAA officials for a possible program for September.

The meeting was brought to a close at 10:05pm.

respectively submitted,

Dan, N9GWG, secretary

GENERAL MEETING JULY 1989

The July meeting was held at the Salem Church on Lake Ave on July 21 1989.

The meeting was called to order at 1955 by Frank, K1FJ. There were 31 members present.

The minutes for June were accepted as printed in the Hamsplatter.

The program was presented first this evening. John Wellman, The Manager of Earth Observing Payloads of The Jet Propulsion Laboratories, gave an informative dissertation and slide presentation entitled "Remote Sensing of Planetary Missions". The subject matter was: Infrared Imaging Spectroscopy. The club listened with interest and asked many questions.

Frank mentioned that the Fall Novices classes will be held in conjunction with ACARTS this time. The classes will be held in mid to late September at the Memorial Park Jr. High School. The details will be published in the August Hamsplatter.

George, KC9OH, reminded everyone about the club picnic to be held at Salamonie Reservoir on August the 19th. A map and further details will be in the August Hamsplatter.

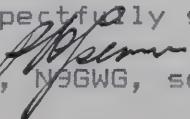

Al, WD9FAQ, put out the sign up sheet for the Labor Day rest stop and thanked everyone who participated in Field Day this year.

Frank informed the membership that nominations for next years officers are coming and will be looking for a nominating committee next month. He also requested active participation and enthusiasm for this years elections.

Frank reported that the Sizeloves had requested the removal of the field Day equipment from their barn. They are going to use the area for another purpose. The equipment was moved temporarily to the QTH of John, K9UWA. Some of the equipment was moved to the QTH of Mike, AF9Y. This equipment will be transferred to John's when he has more room available.

Laron, WC9T said that he has most of the old club records at his QTH and called for any more.

The meeting was closed at 2112.

AUGUST BOARD MEETING MINUTES 1989

Frank, K1FJ, opened the meeting at 7:45 pm.

Frank said that the program for August would be a open ragchew session. The program for Sept. will be a speaker from the National Weather Service.

The club picnic is still scheduled for August 19 at Salamonie Park.

Frank requested that all officers submit a statement stating their intentions on rerunning for office and what they think the future of the club should entail.

It was brought up that a policy should be made for the loaning of H.F. equipment to new operators. The equipment will hopefully be donated by members.

It was moved by Frank that the club buy a tarp for the towers and other Field Day equipment stored outdoors at John Gollers. No action was taken on this motion.

Dick, N9BNA, requested that someone else take over the responsibility to gather advertisers for the Hamsplatter. No one was appointed at this time.

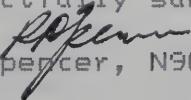

Bob, AB9U, suggested that someone get a demonstration of the repeater controller, in action, controlling the "91" autopatch. I, N9GWG, volunteered to see this demonstration.

Bob, AB9U, said that he would check the FCC RULES regarding the control of repeaters. He also proposed spending \$9.00 for the purchase of a copy of the new FCC part 97 rules which will soon be released. The board unanimously approved the request.

Bob also proposed the purchase of a new 10 meter repeater for the club. This subject is open for discussion.

The meeting was closed by Frank at 9:15 pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

## AUGUST GENERAL MEETING MINUTES

The meeting was called to order at 7:45pm by Frank, K1FJ. There were 26 members in attendance.

Frank reminded members about the picnic at Huntington Reservoir to be held on Saturday the 19th of August.

Al, WD9FAQ, sent around the sign-up sheet for the Labor Day rest stop to be held during the Holiday weekend at the 30 West Rest Area.

Frank announced that the club is looking for a volunteer to solicit advertising for the Hamsplatter. Any members interested should contact Frank.

Frank announced that this Fall's code and theory classes will be a joint venture with ACARTS. They will start on September 18 and will run Mondays and Thursdays for approximately six weeks. The location is Memorial Park School.

Our club Editor, George, KC9OH, presented a suggestion for a solution to the lack of enthusiasm in the club. He proposed a system to award points to members for activities performed. At the end of the year a banquet would be held and awards presented to the persons with the highest points in three categories. This proposal will be further discussed at a later date.

At this point of the meeting, a general discussion began regarding improvements to the club.

Frank mentioned that flyers for the Huntington Hamfest to be held on October 12 were available at the front desk.

Bill, WD9HII, made a motion that a second table at the Ft. Wayne Hamfest be procured so the Members manning the area would have enough room. Dick, N9BNA, seconded the motion and the motioned was passed by a majority of members present.

Frank put out a call for nominees for club officers for next year. He also put out a plea for more participation in this endeavor this year.

Bob, AB9U, gave the treasurers report and stated that the club has assets of \$4,417.34 and that the club fell within 5% of the budget this year. The five percent was on the plus side.

The meeting was closed by Frank at 9:30 pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

SEPTEMBER 1989 BOARD MEETING

The meeting was called to order by Frank, K1FJ, at 8:00pm.

Bob, AB9U, drafted a letter to Bob Witte concerning the quality of the Hamsplatter printing. The letter states that a response to the letter requesting dialogue as to the solution of the problem should be submitted by Sept. 30.

The membership renewal forms will appear in the Hamsplatter during the months of Oct. through Feb. The last issue notice shall appear on the mailing labels in the January issue.

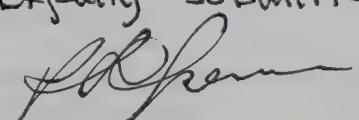

George, KC9OH, updated his point system for the club as mentioned last month. The system is still in the planning stage and was discussed at this meeting.

Frank said that Jim Pliett, K9OMA, had a lead on a Motorola Transceiver for our repeater system. The price was \$75.00. The board motioned to commit to purchase pending club approval due to possible loss of the deal if we waited.

I, Dan, N9GWG, mentioned that I was interested in a history of the Fort Wayne Radio Club. The board suggested that I contact Ted Clifton, W9TC, and see if he would write a history piece for the Hamsplatter.

A1, WD9FAQ, reported on the proceeds from the Labor Day rest stop. The amount taken in after expenses was \$200.00.

The meeting was closed at 9:45pm.

respectfully submitted  
  
DAN SPENCER, N9GWG, secretary

the same order as the first and of similar length.

The first two pairs of legs are very long and the last two pairs are very short.

The head is very large, with a flat dorsal and ventral surface.

The mouth parts consist of a pair of mandibles, a pair of maxillae, a pair of laciniae, a pair of labia, and a pair of palps.

The body is elongated and flattened, with a pointed anterior end and a rounded posterior end.

The legs are long and slender, with five toes each.

The antennae are long and segmented, with a terminal club.

The body is elongated and flattened, with a pointed anterior end and a rounded posterior end.

## SEPTEMBER GENERAL MEETING MINUTES

1989

Frank, K1FJ, called the meeting to order at 1935. The first item for the evening was the program. This evenings presentation was provided by Dave Elson of the National Weather Service. The original speaker could not make it so Dave came in his stead. His topic was Severe Weather and the spotter system. A short movie was shown depicting thunderstorms and the formation of tornadoes. A dissertation on the topic followed with a question and answer session. The program was enjoyed by all.

The business meeting followed and the minutes were accepted as presented in the Hamsplatter. The attendance for this evenings meeting was 31 members and guests.

Bob, AB9U, gave the treasurers report next and stated that the club balance was \$4321.81.

Al, WD9FAQ, reported on the Labor Day rest stop stating that the club raised approximately \$200.00 for the treasury. He also mentioned that the membership should start thinking about volunteering for this years Ham Santa program this Christmas Season.

George, KC9OH, reported on our club picnic stating that the members who were present had a very enjoyable day and that the picnic would be held again next year.

The ACARTS representative for the joint Code and Theory classes upcoming, Bruce, N9DGL, stated that over 40 prospective Hams had signed up and that the class was considered full.

#### New Business

George, KC9OH, proposed that W9TE be put on the air for the upcoming CQWW CW contest and volunteered his station for the event. All interested members should contact George.

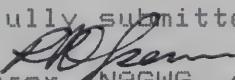

Frank called for nominations for the upcoming elections for all offices. Enthusiastic participation was solicited.

Frank and George gave a dissertation on the point system for the club, outlined in the Hamsplatter and asked for input from members. The details are still being worked on at this time.

Bill, KA9A, called for interested members to consider joining the FWDXA. The FWDXA is upgrading its Packetcluster system and new members are being sought to help expand the system.

The meeting was brought to a close at 2125.

respectfully submitted

  
Dan Spencer, N9GWG, secretary

OCTOBER 1989 BOARD MEETING MINUTES

Frank, K1FJ, opened the meeting at 7:43pm. There were three board members present.

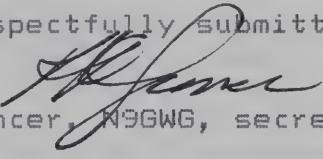

Bob Witte responded to the letter sent to him concerning the quality of the Hamsplatter printing. He has promised to make improvements.

Frank said that the joint ACARTS/FWRC novice classes are going smoothly so far.

Dick,N9BNA, and Dave Smith,KA9FFT, (Pres. ACARTS) informally discussed the possibility of a joint effort in next years Hamfest. The matter will be discussed in he future.

The meeting was brought to a close at 8:55pm

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

GENERAL MEETING, OCTOBER, 1989

Frank, K1FJ, called the meeting to order at 1938. There were 27 members and guests present.

The minutes for September were accepted as printed in the Ham-splatter.

Tom Hyers, KA9TGZ, donated a Tentec CW rig to the club. The rig will supplement other equipment to be used for new members as loaners.

The point system for Ham of the year was briefly discussed by George, KC9OH, and Frank, K1FJ.

According to Al, WD9FAQ, the Santa program for this year is being organized and is going well.

Bill, WD9HII, reported that the club has an extra table this year at the Hamfest for members to sell a few small items in lieu of purchasing a table for themselves.

Dick, N9BNA, reported that another table will be made for the club for the purpose of seating Elmers who can assist new Hams with their purchases.

The nominations for 1990 officers were taken this evening and are as follows.

President: Frank, K1FJ

Vice President: Al, WD9FAQ

Treasurer: Bob, AB9U

Secretary: Dan, N9GWG

Communication Mgr.: John, KA9ZQK

Board Member: Dick, N9BNA

Board Member: Bill, K3HZP

IRCC Rep.: Bill, WD9HII

IRCC Rep.: Bill, WA9RAP

Bob, AB9U, gave the treasurers report. The club has \$4397.28 in the treasury at this date.

The club is now in possession of a new FCC Rule book for use by all members.

George, KC9OH, passed a signup sheet for CQWW CW to be held at his QTH.

The Program this month was given by our Editor, George, KC9OH. He gave a dissertation on QRP operating and had two fully portable QRP stations. George explained the virtues of QRP and the program was enjoyed by all.

Frank, K1FJ, closed the meeting at 2140

respectfully submitted,

Dan, N6SWG, secretary

BOARD MEETING NOVEMBER 1989

Frank, K1FJ, opened the meeting at 7:50pm.

Frank had sent a letter on behalf of the club to Tom Hyers Sr., KA9TGZ, to thank him for the donation of the Ten Tec rig for the use of novices.

Frank proposed a FWRC auction in Spring, before Dayton, to generate revenues for the club. The proposition would give 10% of the proceeds to the club. No action taken at this time.

Frank also mentioned a possible update of the constitution next year.

Al, WD9FAQ, recommended sending Jack, K9LSB, a get well message in the Hamsplatter. George, KC9OH, will take care of it.

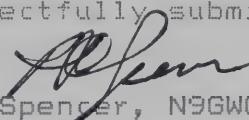

It was reported that 20 of 29 students of the Fall Novice class had passed the Novice test.

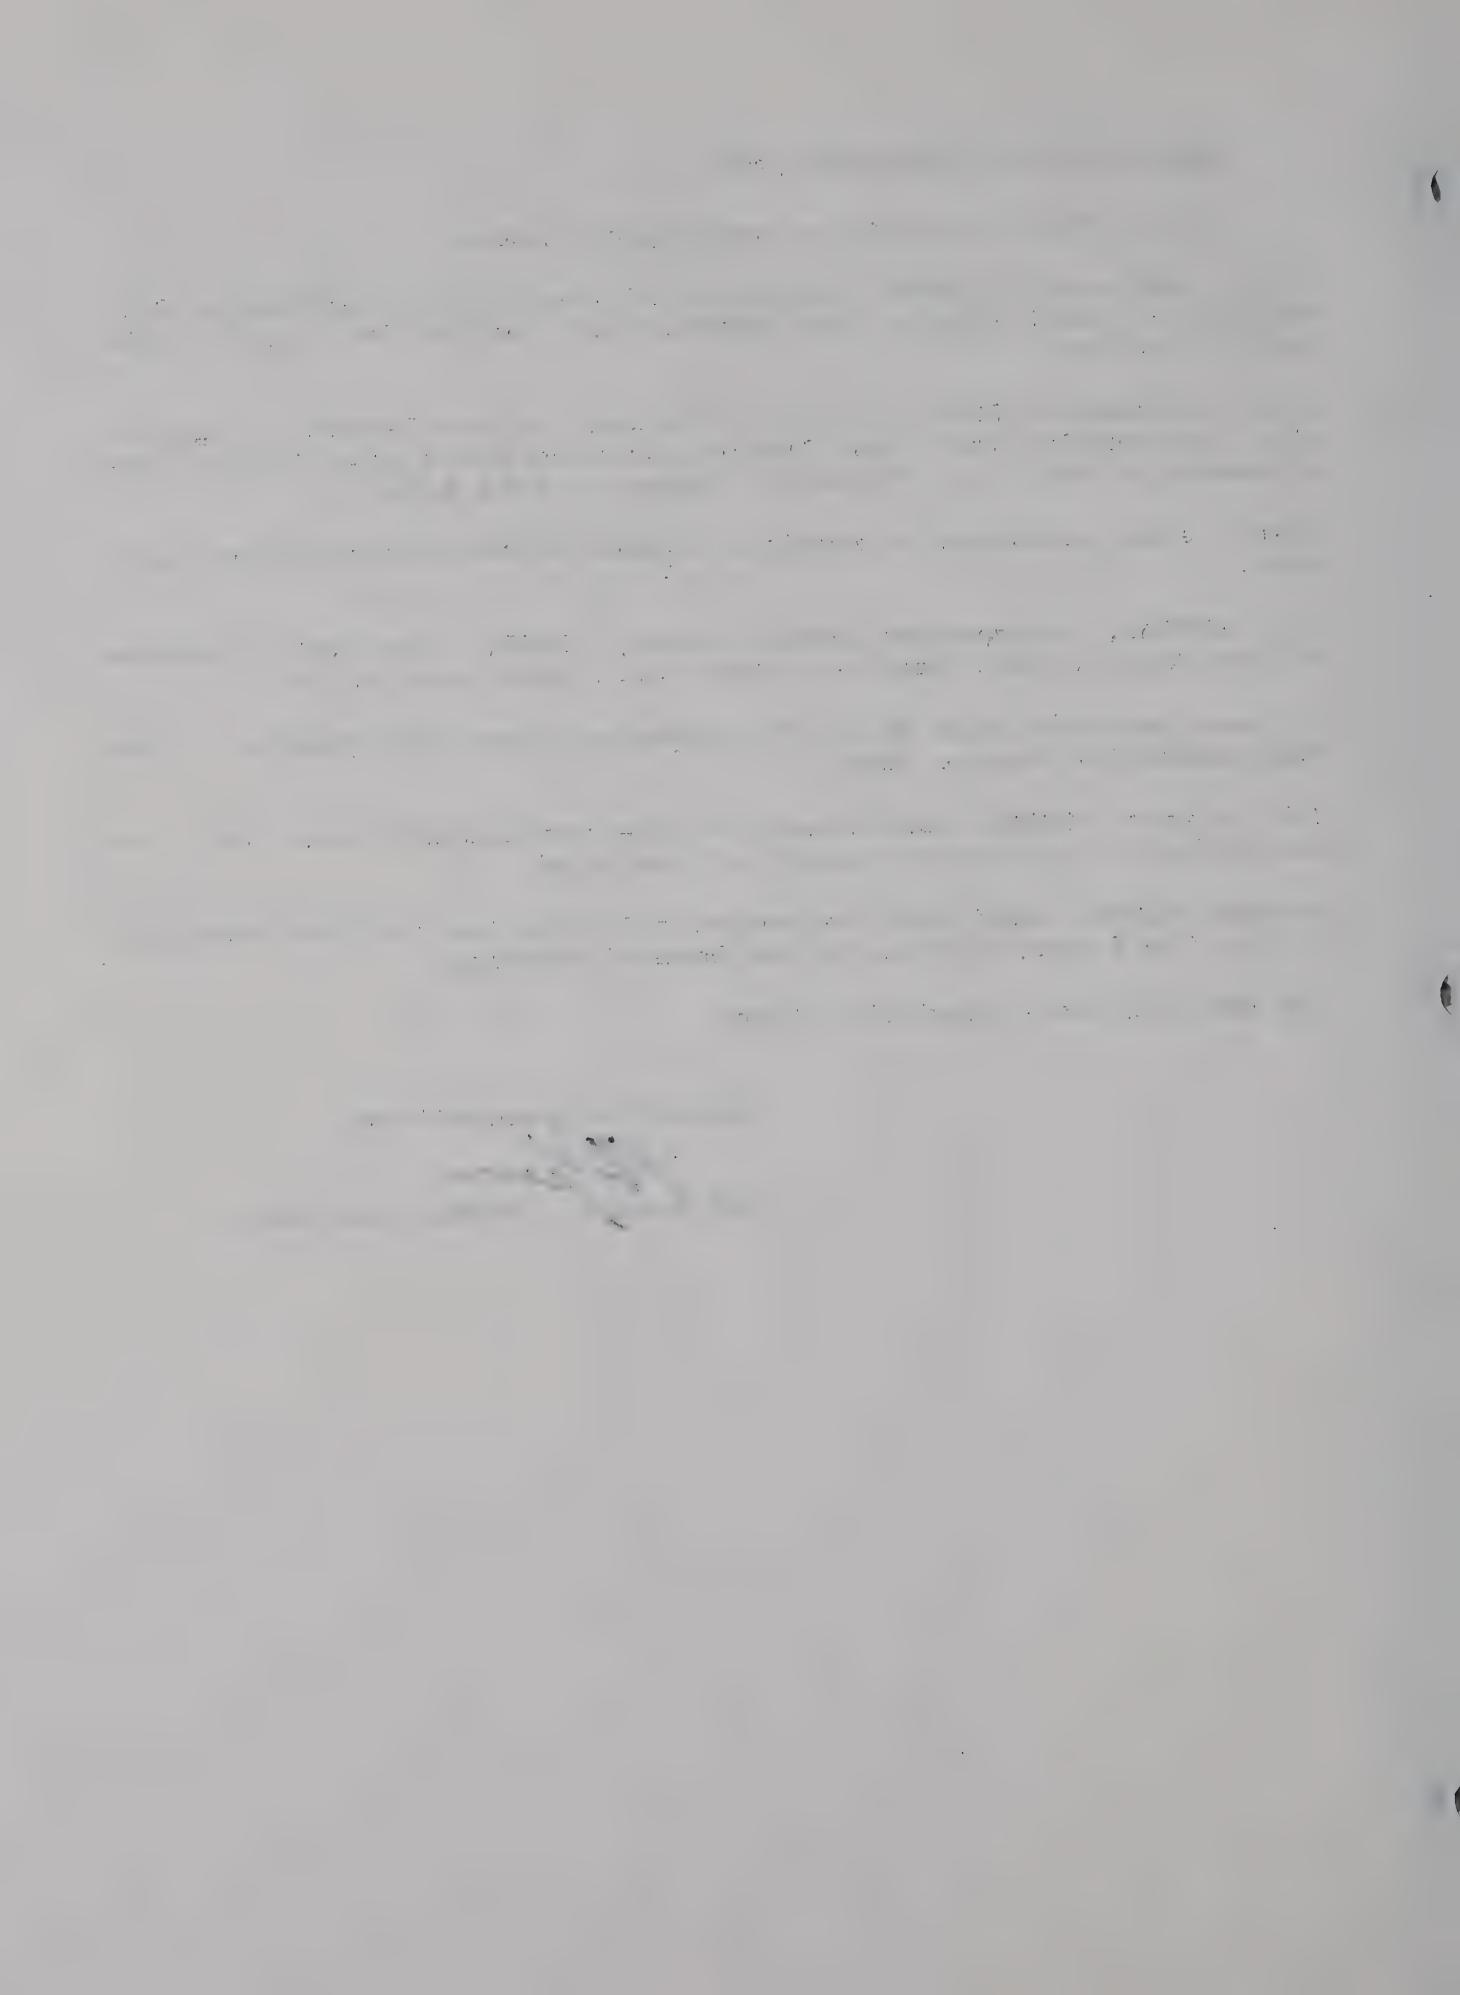

Jim Pliett, K9OMA, was present at the meeting and said that he was going to run for President of the club.

George, KC9OH, said that he needed all articles for the Hamsplatter on the Friday following the General meeting.

The meeting was closed at 9:15pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

GENERAL MEETING MINUTES

NOV. 17 1989

The meeting was brought to order by the President, Frank, K1FJ at 7:35pm. There were 53 members and guests present.

Customary introductions were given at his time.

Al, WD9FAQ, explained the Christmas Santa visit and sent around the sign up sheet for this years event.

The editor, George, KC9OH, sent around a sign up sheet for the CQWW CW contest which he is going to hold at his QTH using the club call.

Bill, KA9A, spoke on behalf of the FWDXA.

Bob, AB9U gave the treasurers report and stated that the club has \$4111.04 in its coffers.

The election of officers was next on the agenda. The floor was opened for nominations and there were several last minute nominations. The new nominees were:

President- Jim, K9OMA  
Vice President- Bill, WA9RAP  
Board members\_ Dean, WA9RRY  
Lester, KA9LAR  
Kathy, WD9DGA  
Jewel, W9TQA  
Laron, WC9T

All nominees accepted their nominations.

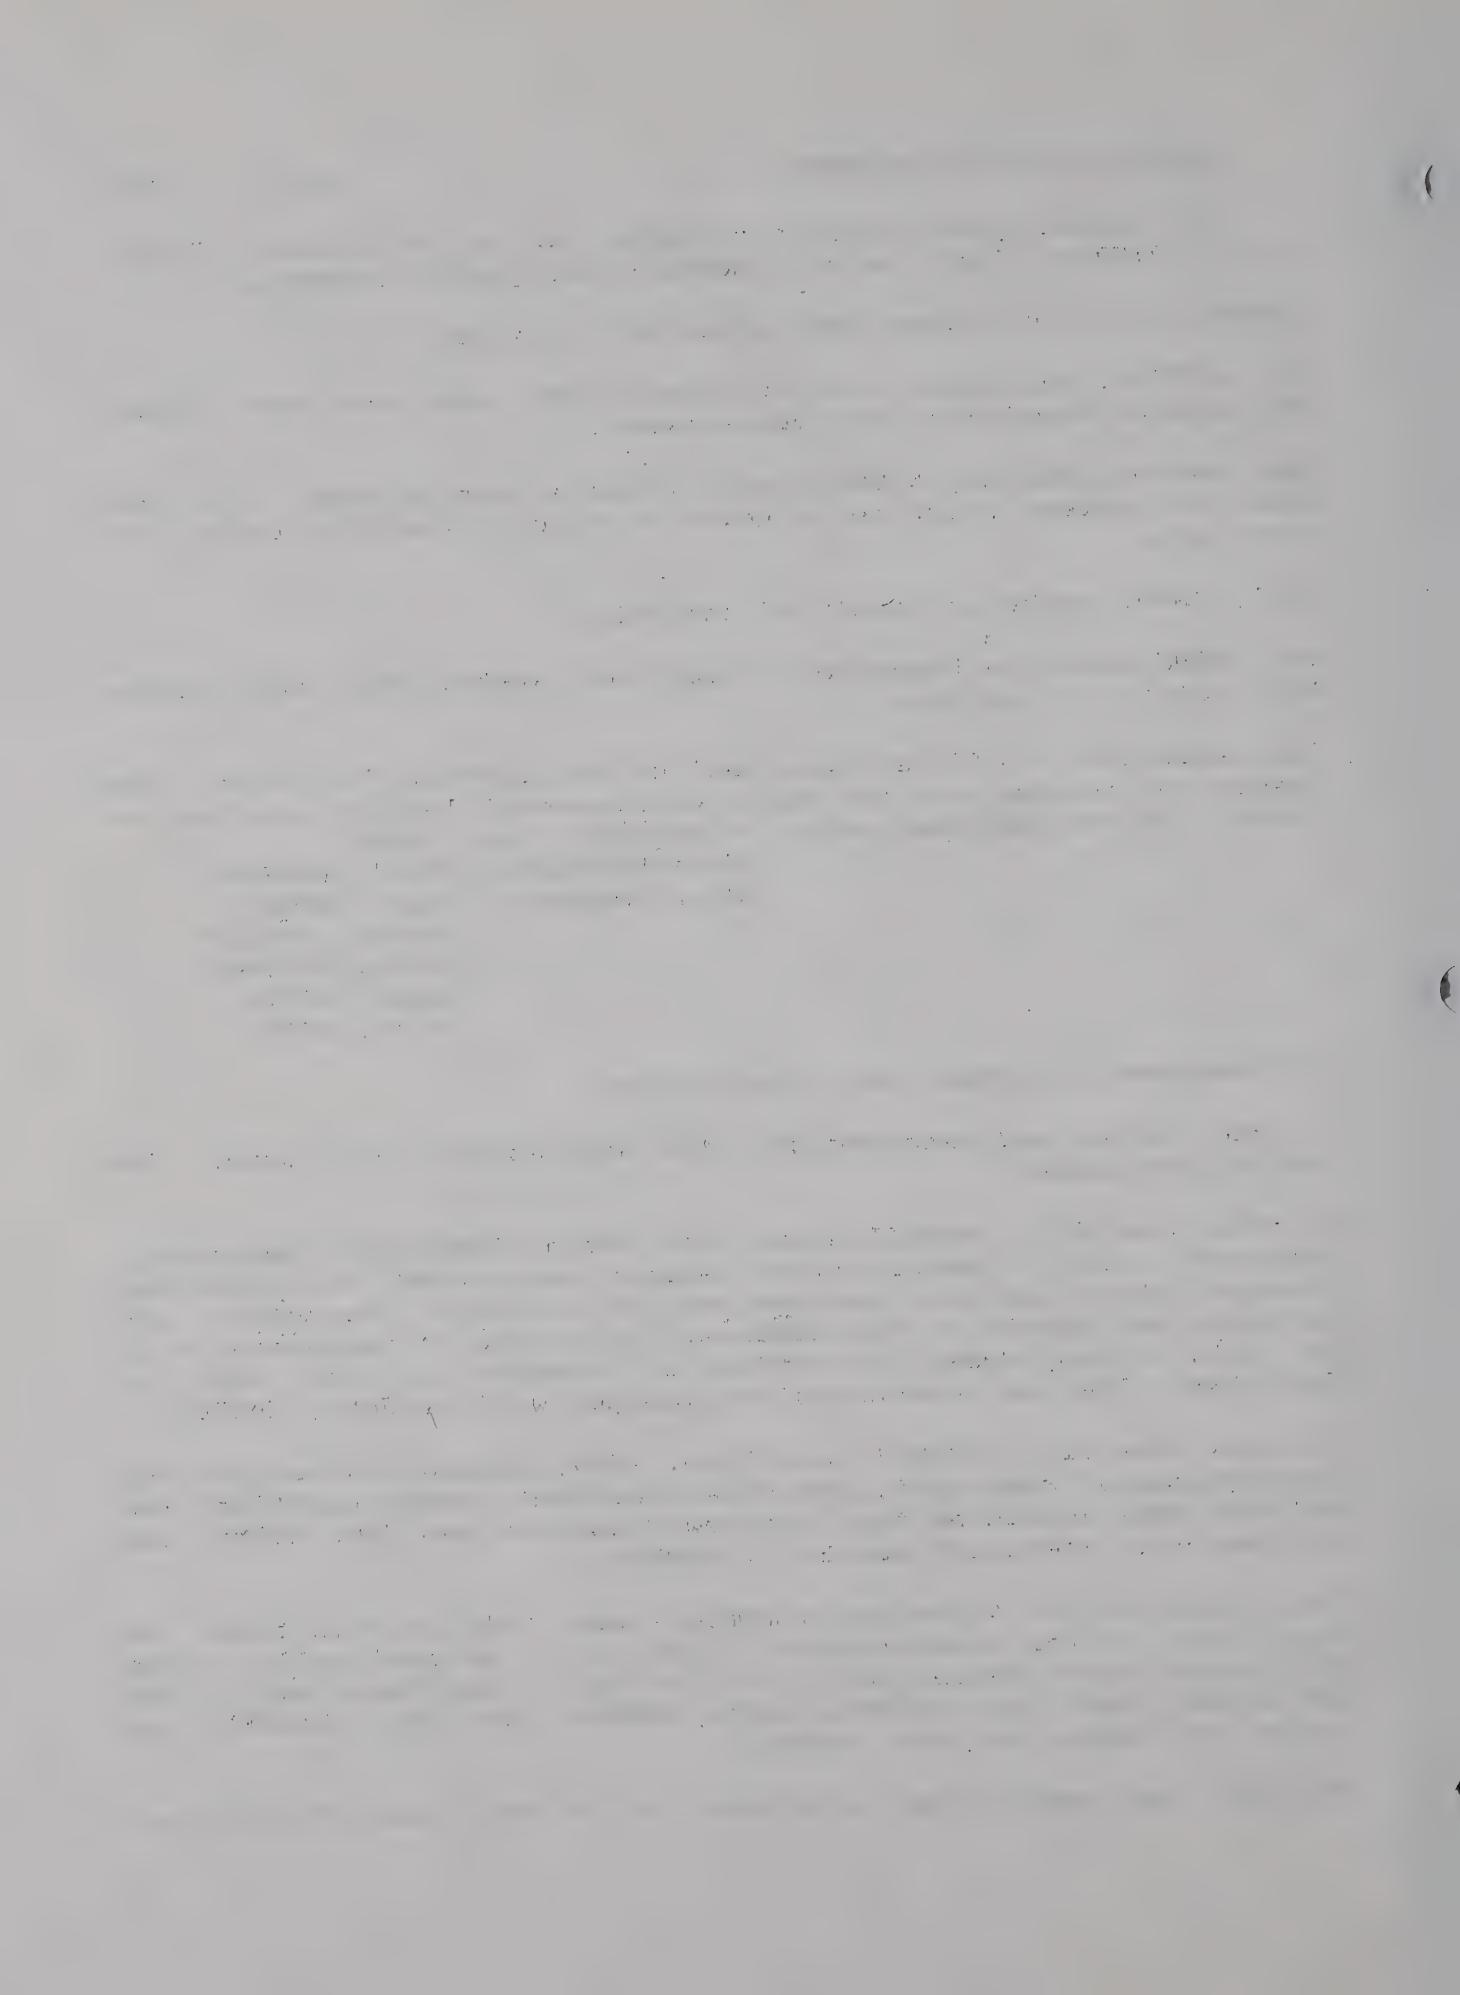

It was moved and seconded that the nominations be closed. The motion was passed.

At this time Bill, WD9HII moved that the nominees for secretary, treasurer, and communications manager be elected by consensus because there was only one nominee per position. The motion was seconded and passed by the members. The office of secretary will be held by Dan, N9GWB. The office of treasurer will be held by Bob, AB9U. The new communications manager will be John, KA9ZQK.

At this time Bill, WD9HII, and Dino, KR9V, passed out ballots for the offices of President, and Vice president. After counting the ballots they announced that the new President was Jim, K9OMA and the new Vice President was Bill, WA9RAP.

The elections for three board members were held at this time. As specified in the constitution, Frank, K1FJ automatically holds the fourth Board member position. The ballot was taken and it was announced that Dick, N9BNA, Kathy, WD9DGA, and Dean, WA9RRY are to be the remaining board members.

The IRCC representatives were asked for at this time. The follow-

ing members were elected for IRCC representatives: Bill, WD9HII; Mark, NB9F; Dick, N9BNA; Jim, KR9U; Dino, KR9V; Dave, N9ICF; Al, WD9FAQ; Mike, KE9AG; Lynn, W9FC.

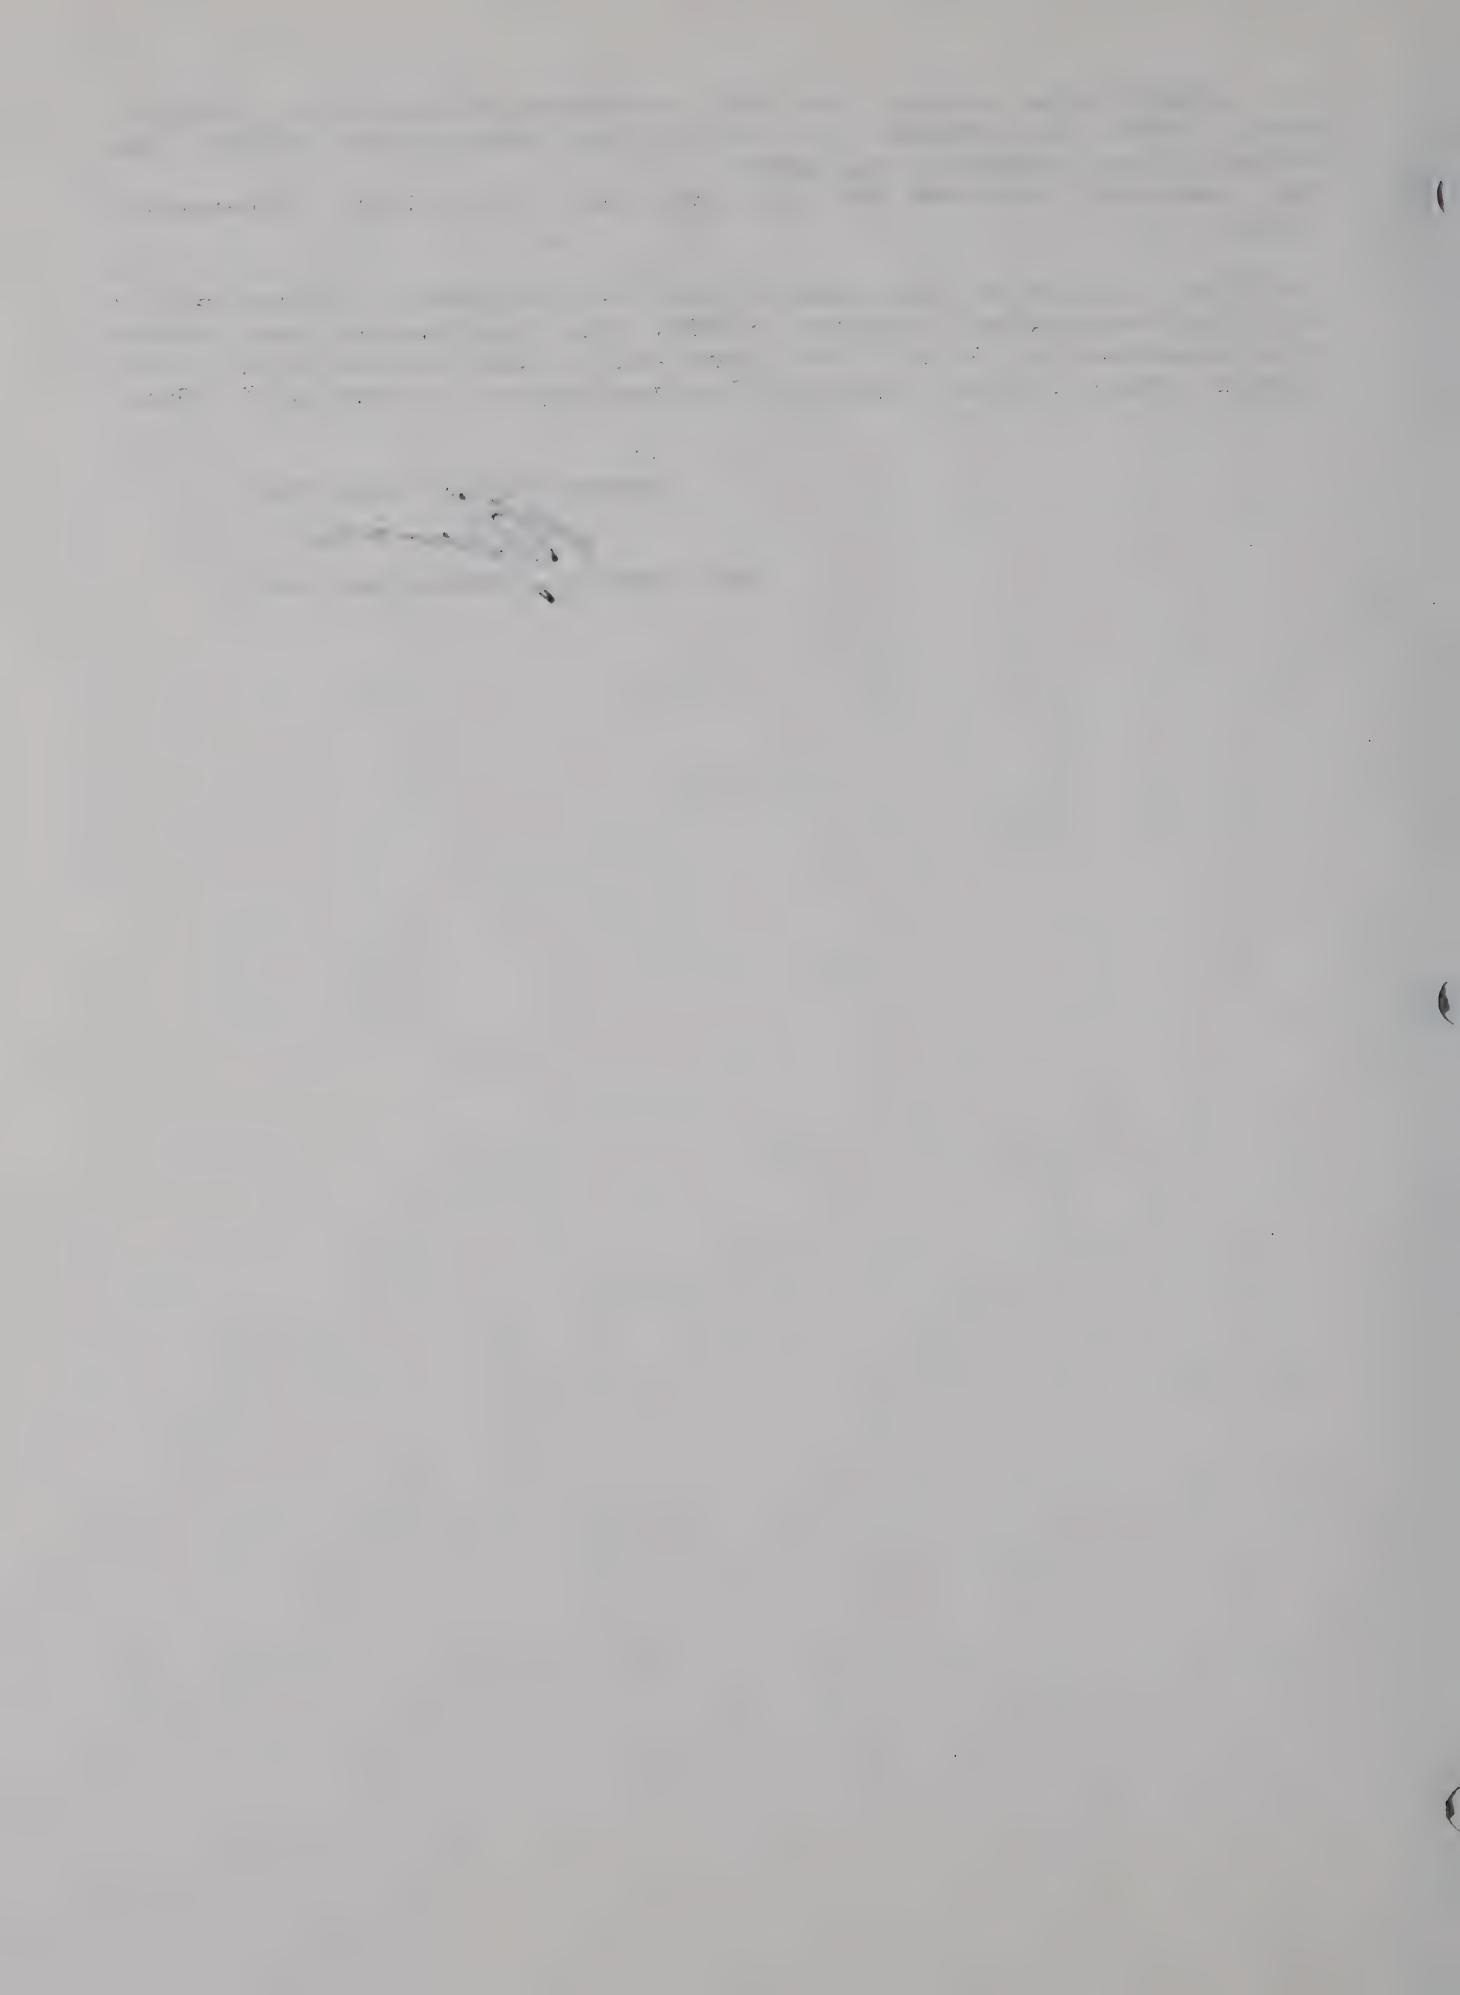

The members approved the appointments of the IRCC representatives.

The final action of the evening was the resignation of the editor of the Hamsplatter - George, KC9OH. This resignation was effective immediately. A call for a new editor was announced by Frank however there was no response. The meeting was closed at 9:45pm.

respectfully submitted,

Dan Spencer, N9GWG, secretary

DECEMBER 1989 BOARD MEETING MINUTES

The meeting was called to order at 8:07 pm.

Jim, K9OMA, proposed to tag all the clubs equipment for tracking and inventory purposes

Jim proposed two sights for Field Day this year. There would a sight for contesters and another one for casual operation. A discussion ensued and no motions were made. Dick would look into the possibility of the sight for the casual Field Day.

Next a discussion was started on choosing a printer for the Hamsplatter. The printers in contention are Bob Witte, W9PMT, and Tri-County Publishing. They will both be given the opportunity to be chosen commensurate on best value.

Jim mentioned that the repeater room needs straightened and cleaned up. He proposed doling out chores to revamp equipment to various willing members. The technical committee will meet in January to decide what needs to be done.

Bob, AB9U, gave the treasurers report. The club has \$4182.96 in the treasury.

Al, WD9FAQ, mentioned that he needs an appropriation for Santa buttons. The amount was okayed for under fifty dollars.

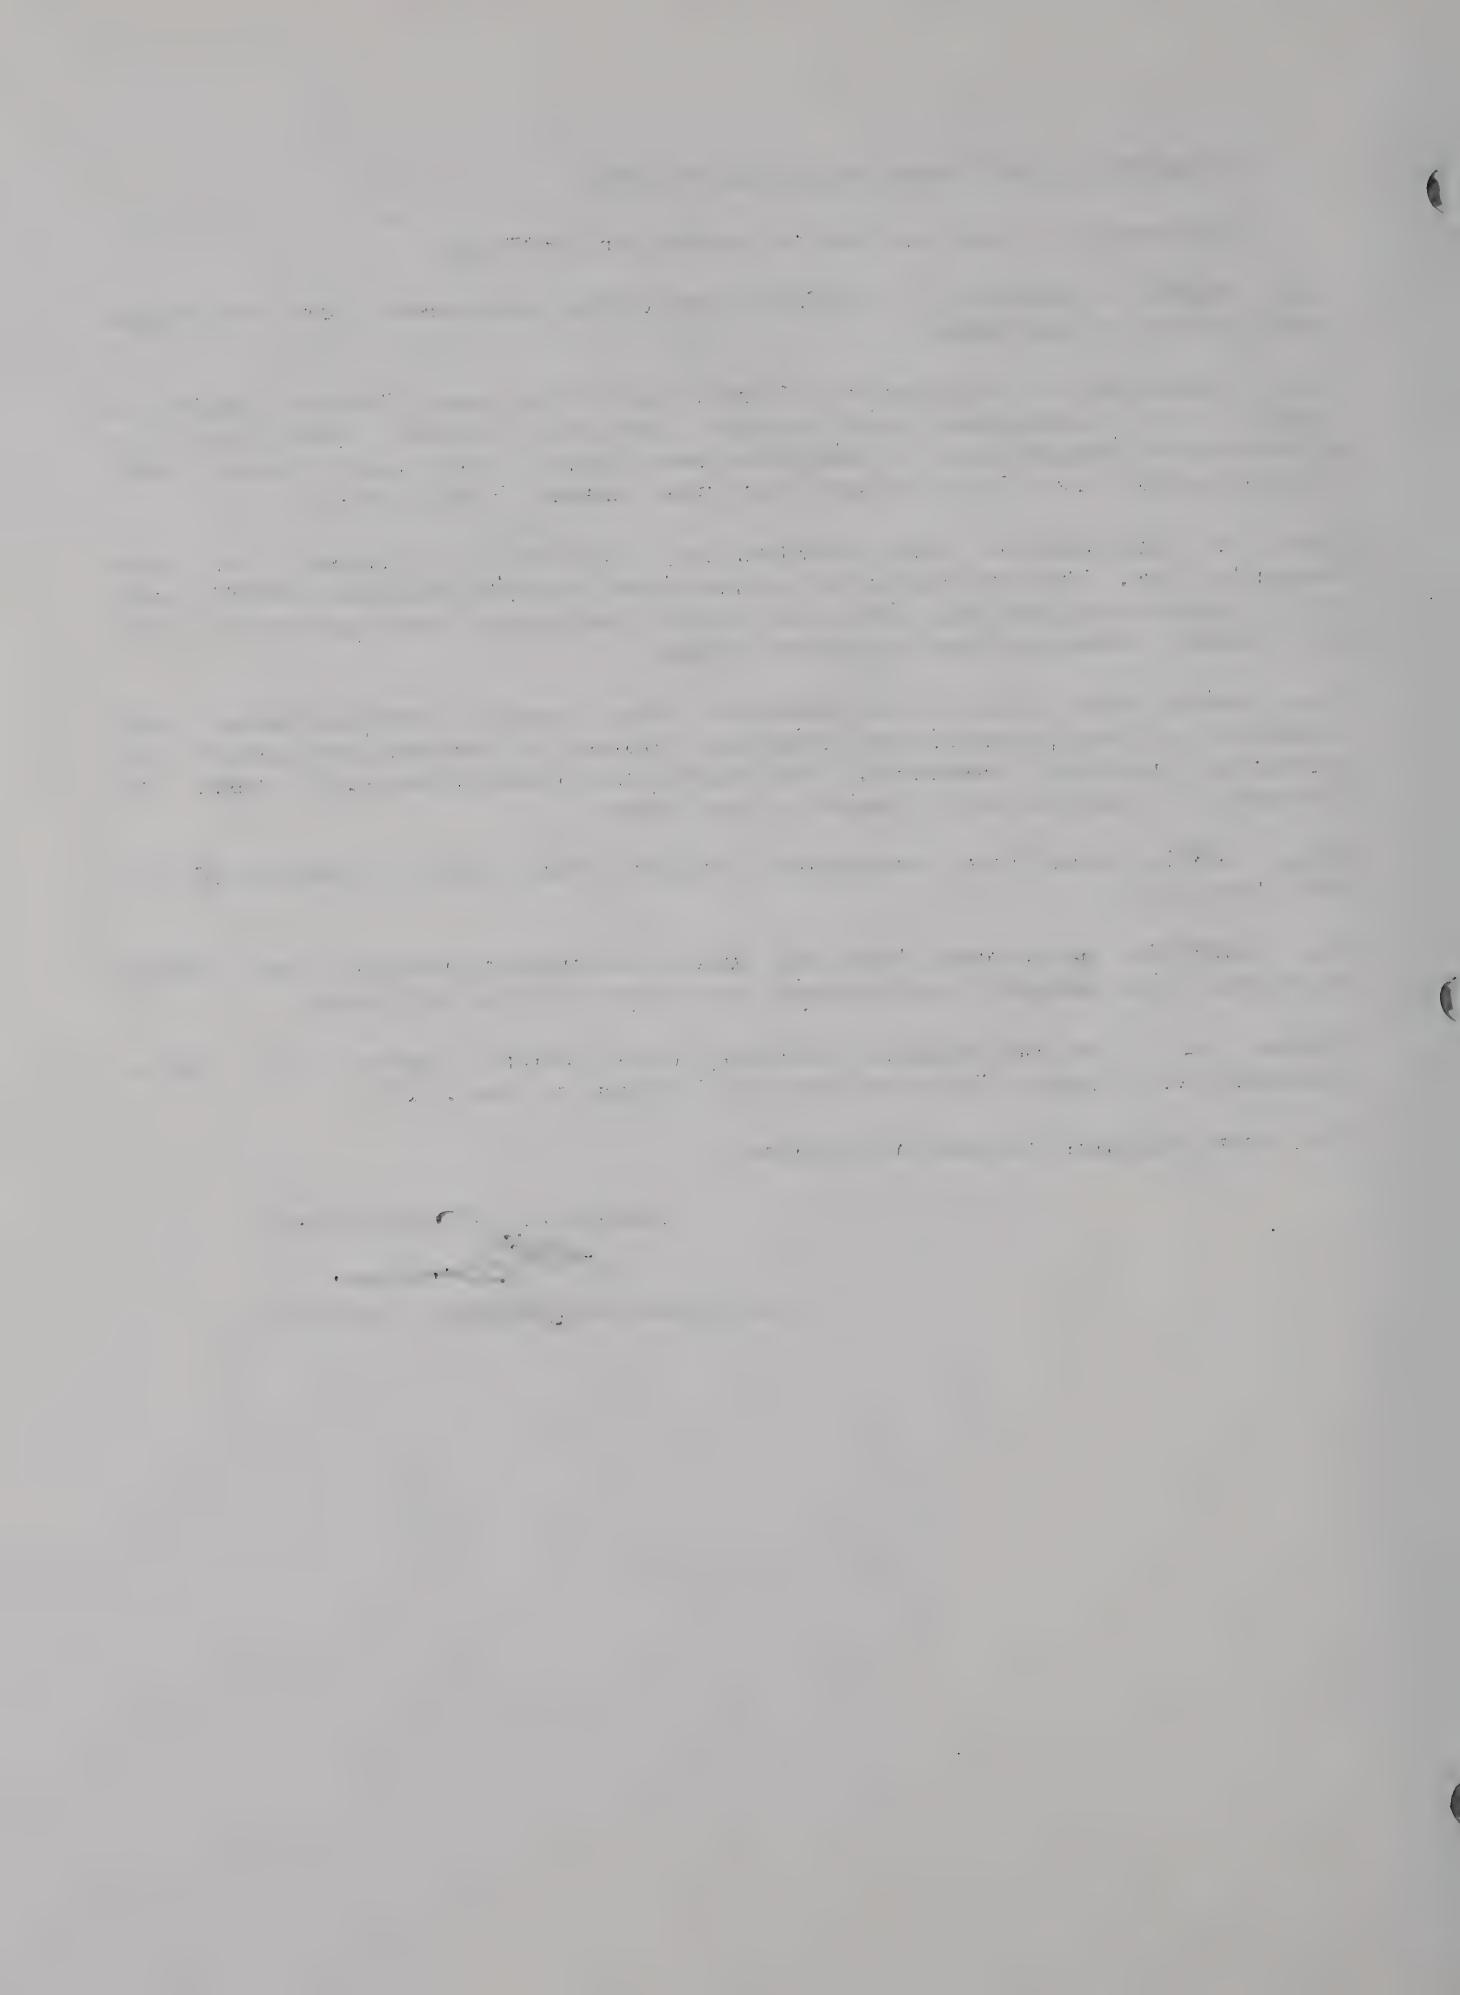

There will be no regular meeting this month. There will be a banquet at Hilgers Farm Market at 7:30pm on Dec. 15.

The meeting was closed at 9:50pm.

respectfully submitted

Dan Spencer, N9GWG, secretary

BOARD MEETING JANUARY 1990

The meeting was called to order by Jim, K9OMA at 7:55pm.

It was noted that articles for the Hamsplatter will be due on the last Monday of each month.

It was also noted that a better method of mail pickup is needed now that we have new officers in the club.

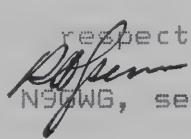

Jim noted that a tentative date of Sat. Jan. 20 is scheduled for the club equipment inventory. The volunteers should meet at Azars next to Fortmeyers at 9:00am.

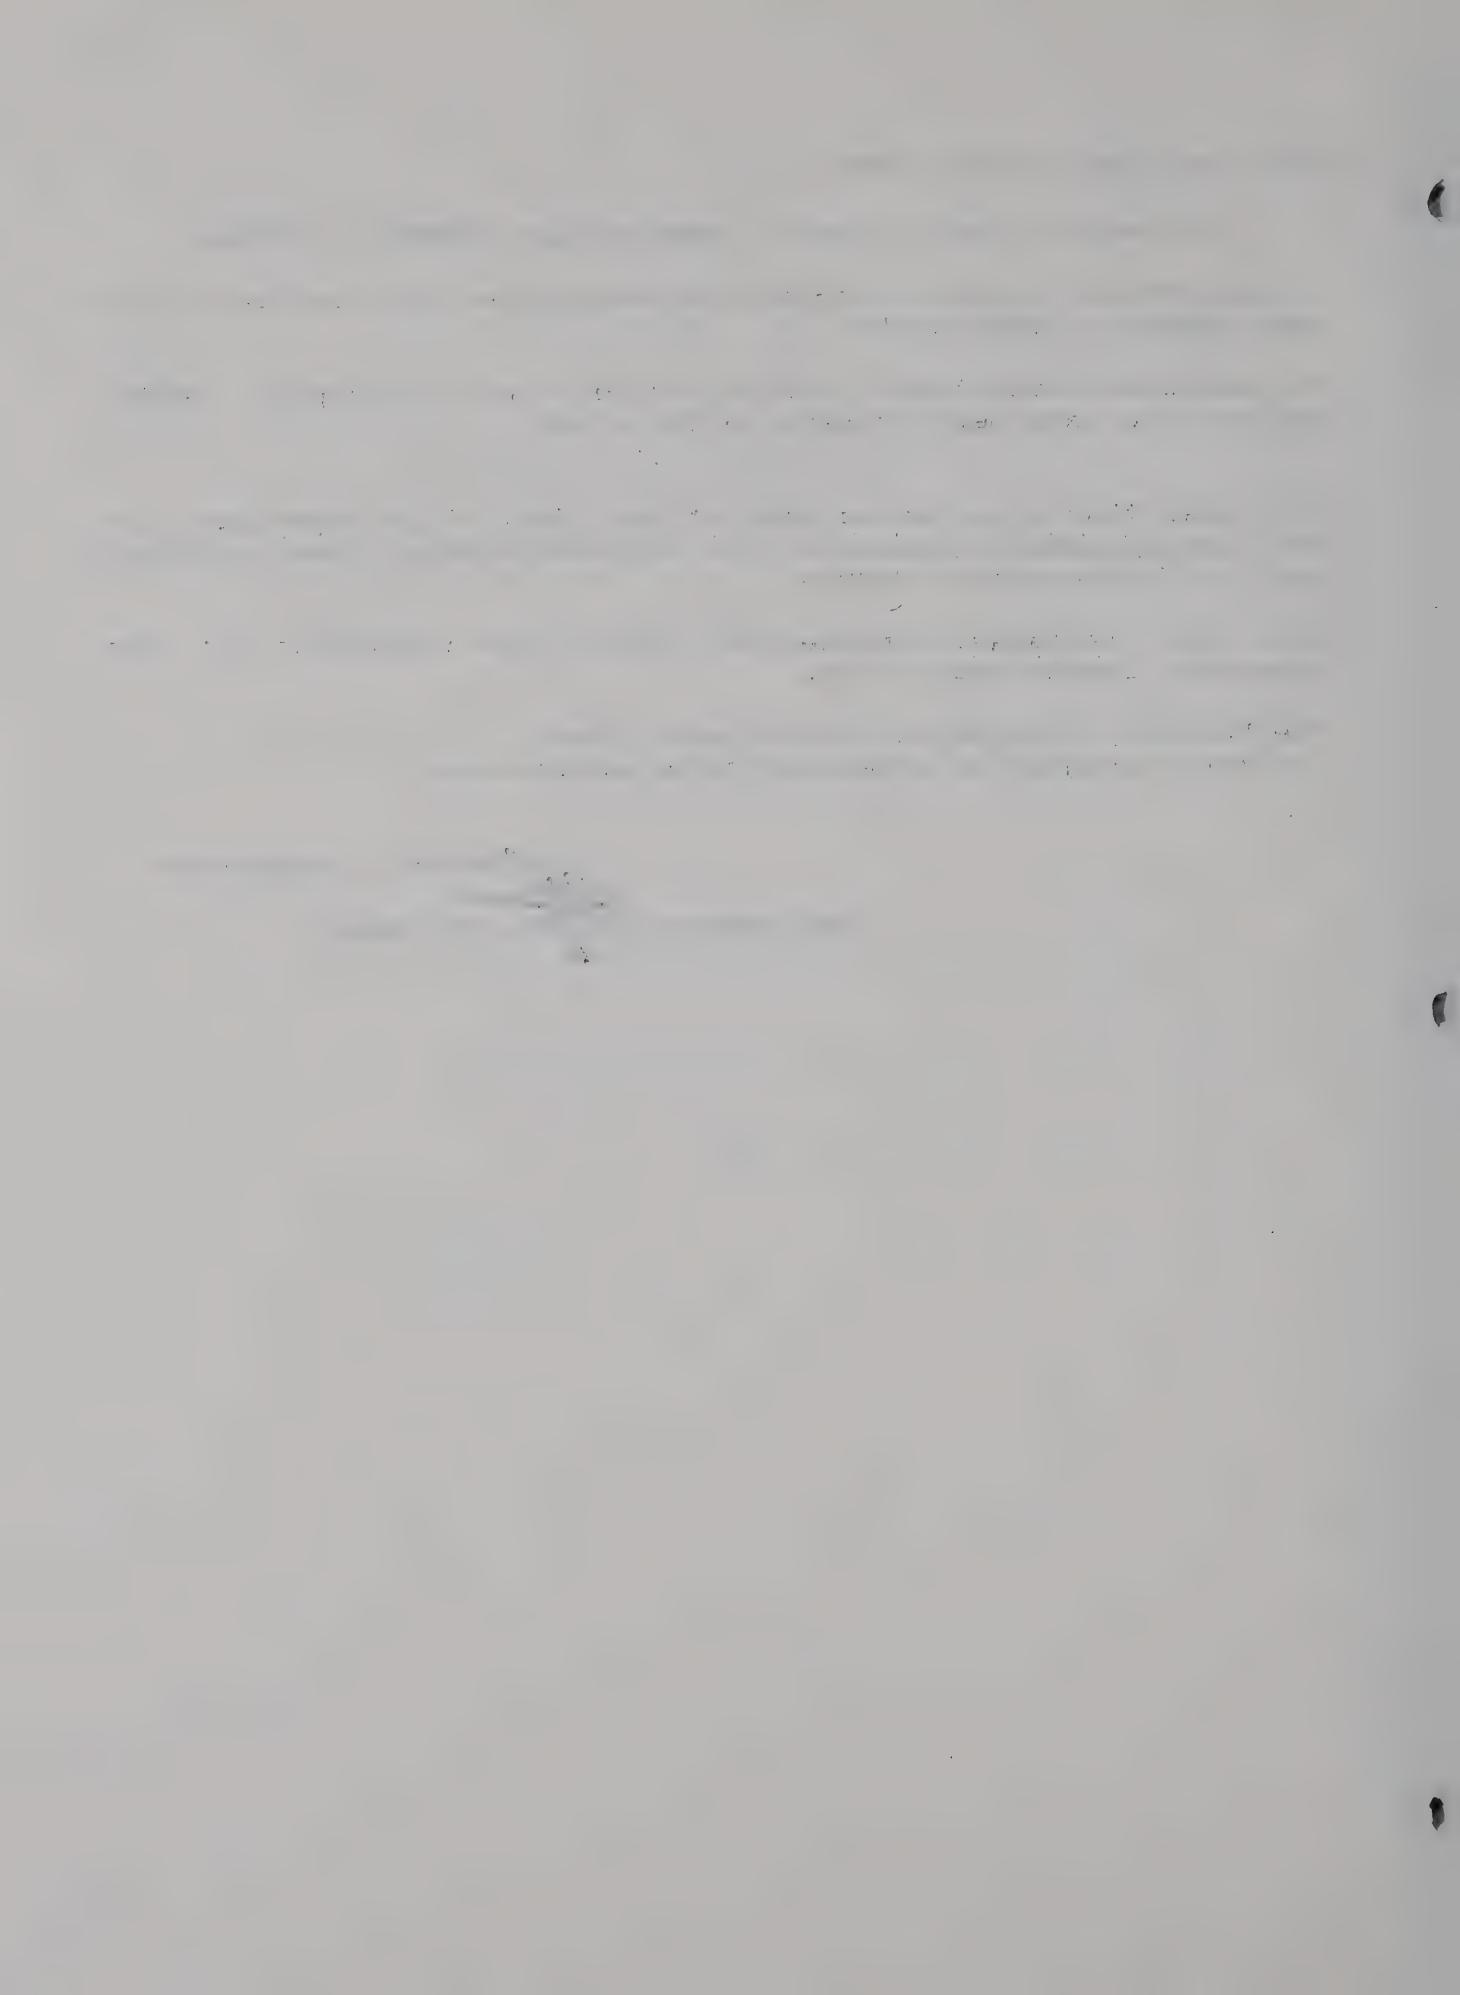

Jim also tentativley picked Jan. 27 for the initiation of the repeater cleanup and refurb.

The February program will be on satelites.

The March program is scheduled to be an auction.

respectfully submitted

  
Dan Spencer, N9QWG, secretary

GENERAL MEETING MINUTES

JANUARY 1990

The meeting was opened by Jim, K9OMA, at 7:43pm. There were 55 members present.

Kathy, WD9DGA, greeted members and guests at the door with hello stickers.

There were no minutes for the December meeting since a dinner banquet was held instead.

Bob, AB9U, gave the treasurers report saying that the club had \$4827.17 in the treasury.

The volunteers for the repeater cleanup will meet at the I&M sight at 9:00am saturday the 27th according to Dean, WA9RRY.

Jim, K9OMA, suggested a ride to the meeting program for those members who cannot attend due to transportation problems. Drivers or those without transport are invited to contact Jim to discuss this suggestion.

There was no Novice Roundup report this year.

Dick, N9BNA, has volunteered to chair the committee for the casual Field Day sight this year. To date there is no chairman for the conteste sight.

Jim noted that there is a Century 21 CW HF rig available for anyone to use who does not have gear of their own at present.

The program for February is scheduled to be on Satelite Communications to be given by Al Brothers.

The program for March is scheduled to be an auction with 10% of the proceeds to go to the club.

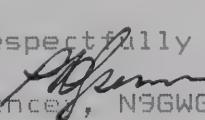

Tentatively scheduled for the Saturday after the March meeting is a Fox Hunt. Dean, WA9RRY, is checking with Walt, N9ADR, for the rules.

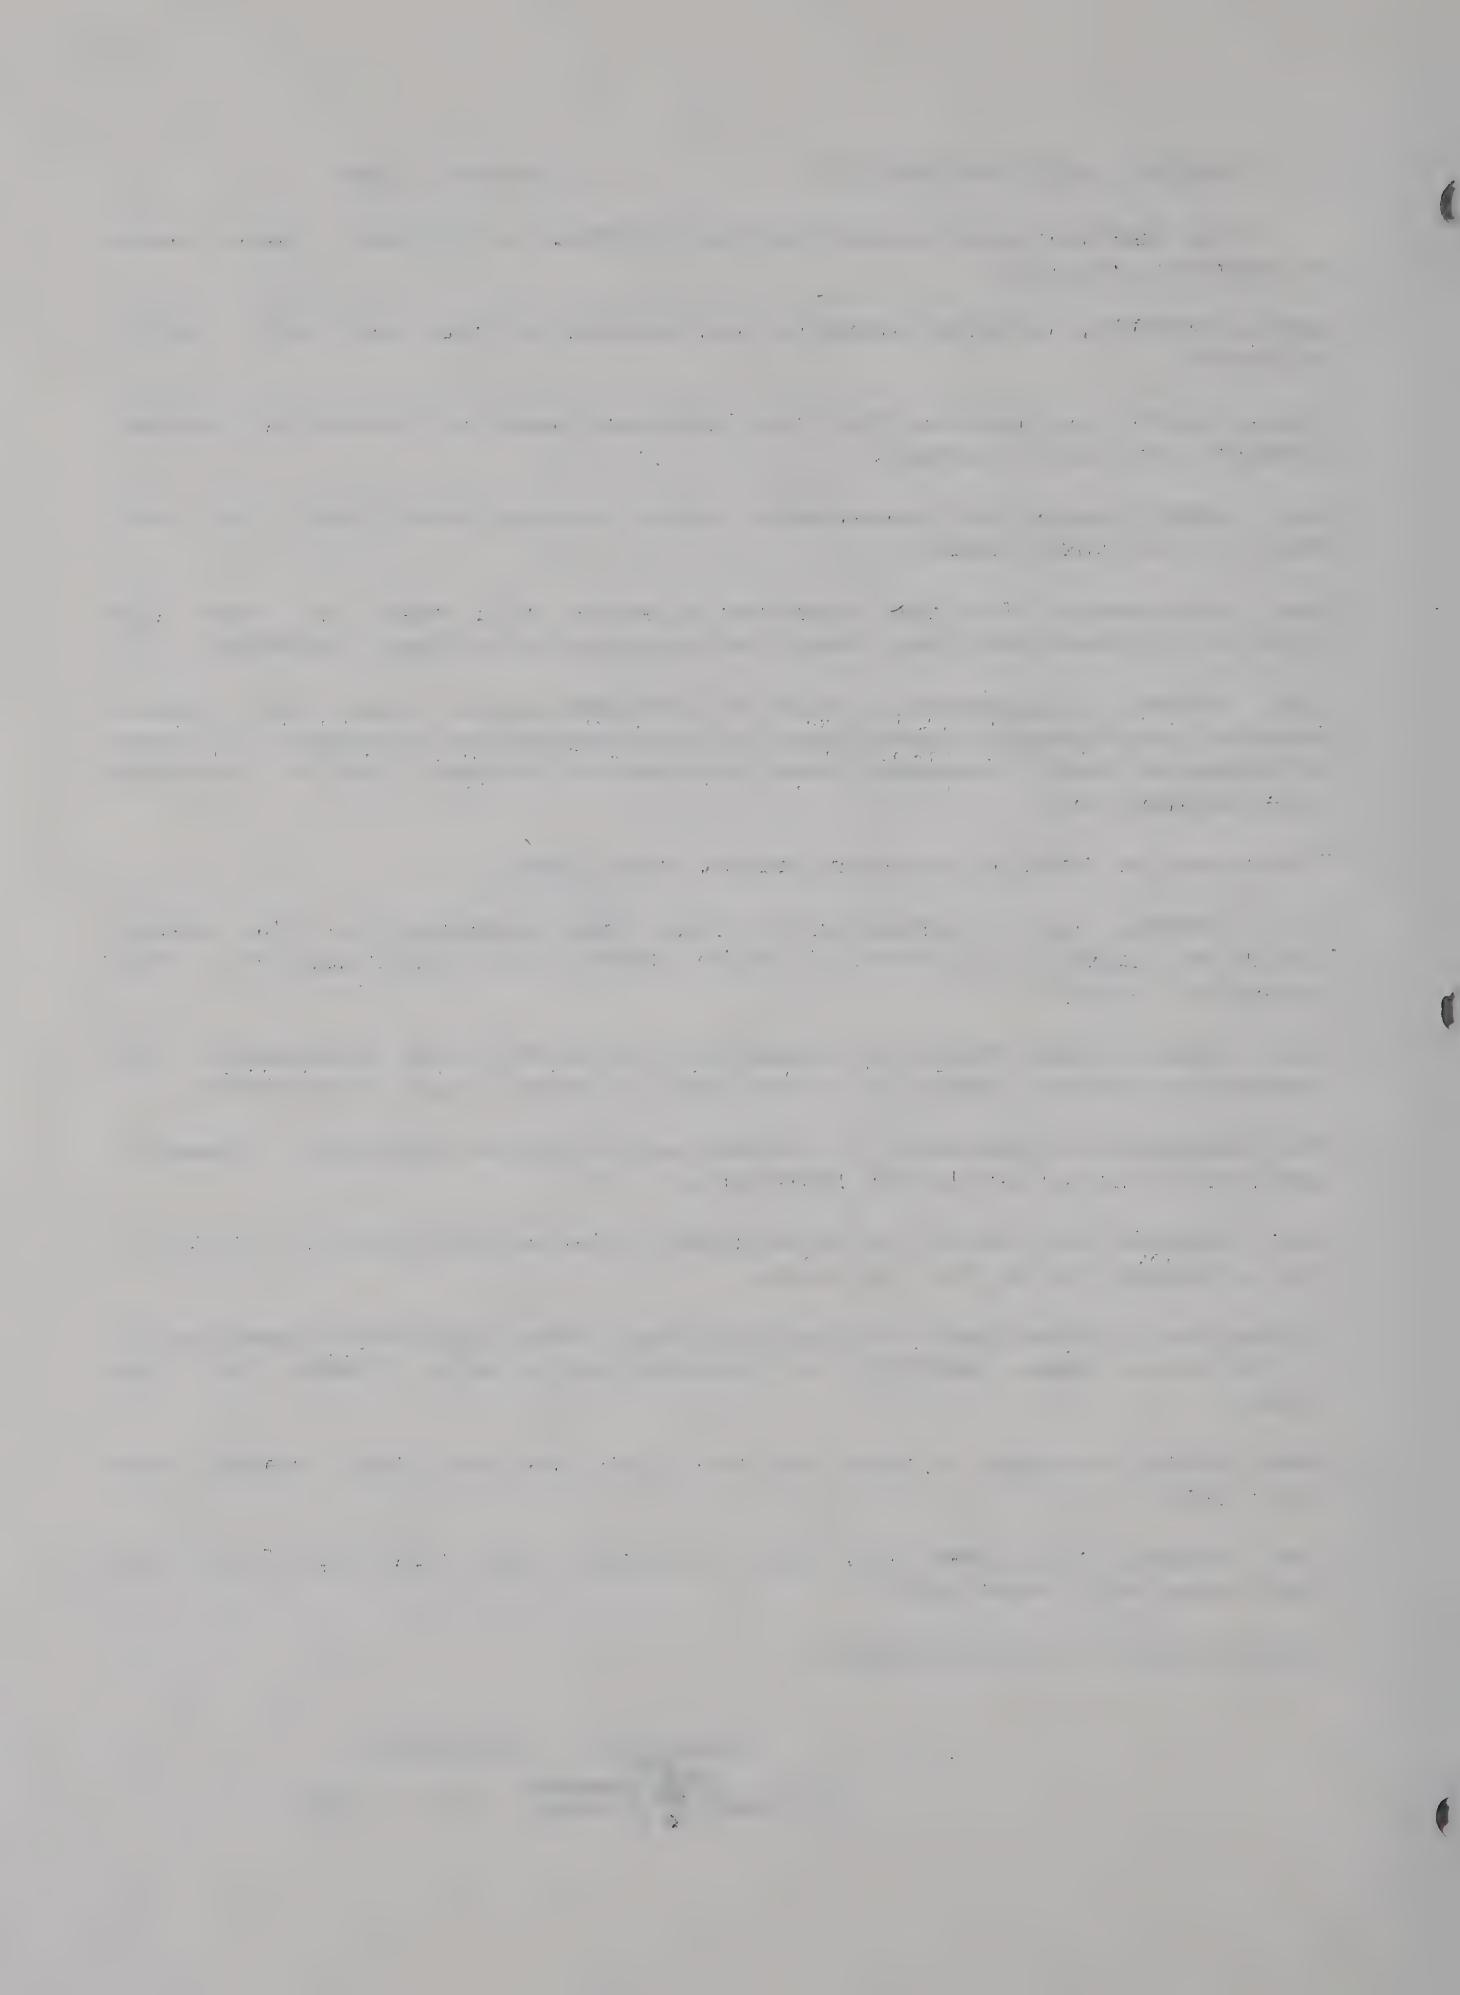

Fred, W9DW, donated a tarp for the club trailer. Many thanks from the club.

The Program this week was Home Insulation and heating. The program waqs well received.

The meeting was closed 9:30.

respectfully submitted,

  
Dan Spence, N9GWG, /Bob, AB9U

FEBRUARY 1990 BOARD MEETING MINUTES

The meeting was brought to order at 7:45pm by Jim, K9OMA.

It was suggested that Bill Thomas be approached to be the auctioneer at the auction to be held at the March general meeting.

It was also suggested that small prizes be given for the Foxhunt scheduled for Saturday March the 17th. The Foxhunt will start at 6:30pm at the Ft. Wayne National Bank branch at Northcrest.

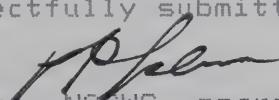

Bob, AB9U, made a motion to accept the 1990 budget as presented by him at the meeting. Kathy, WD9DGA, seconded the motion and it was passed unanimously. Bob also announced that there was \$5480.98 in the treasury.

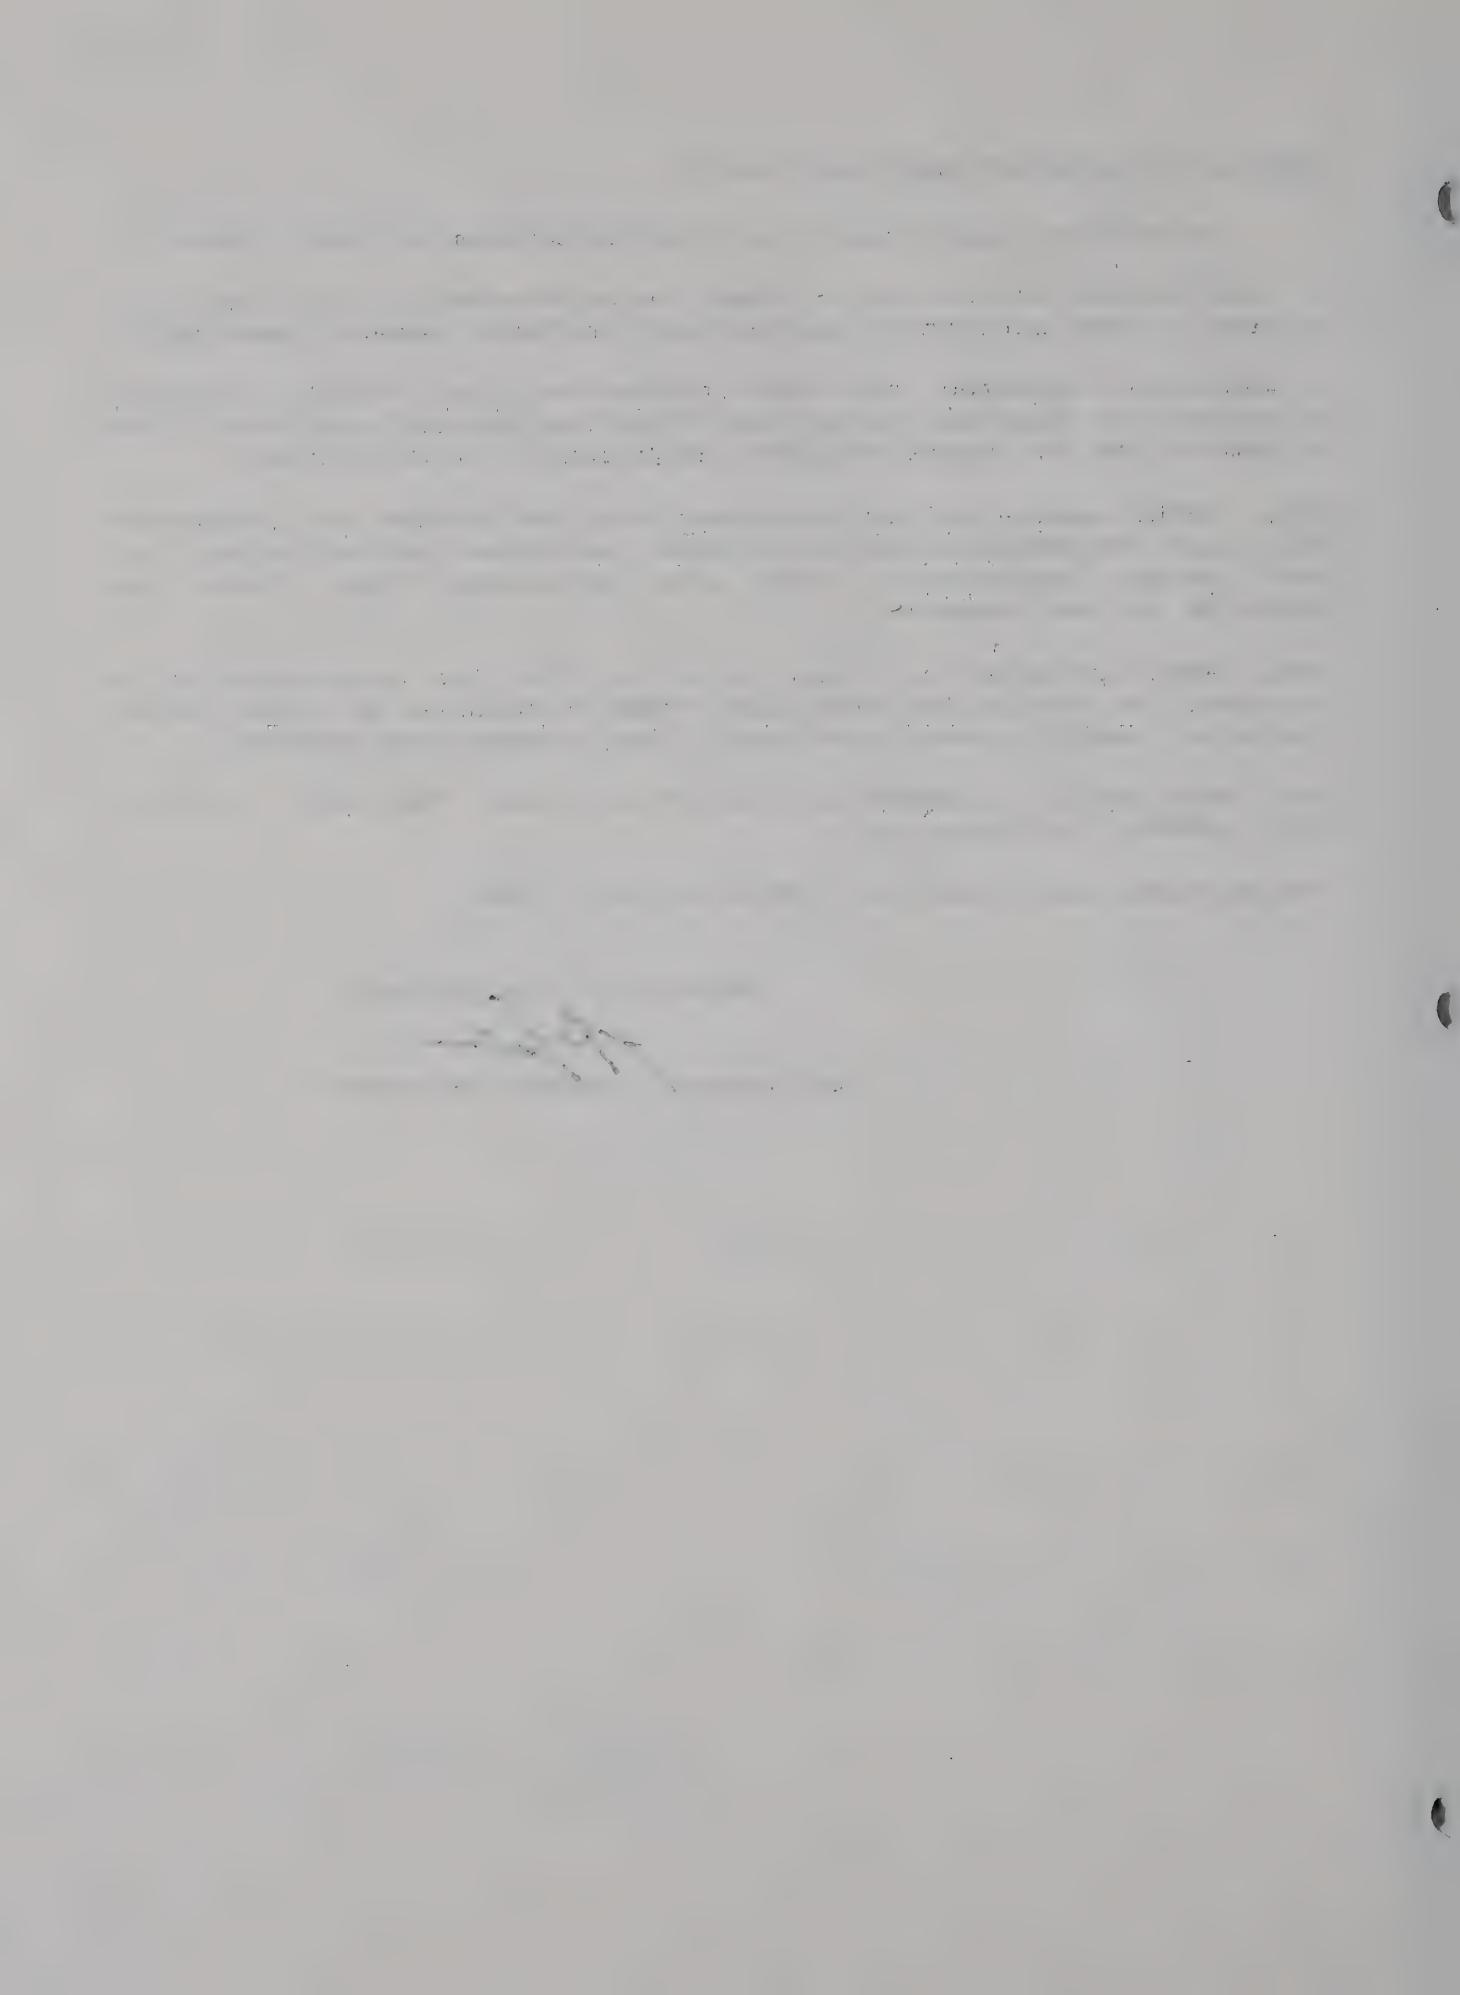

Bob, AB9U, proposed a 10 year plan for the club consisting of a proposal to not let the club treasury balance to drop below the prior years expenditure level. The proposal was tabled.

The next Novice classes will start in late February. Contact Dick, N9BNA, for details.

The meeting was closed at 9:45pm by Jim, K9OMA.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

FEBRUARY GENERAL MEETING MINUTES 1990

The meeting was brought to order by Bill, WA9RAP, due to the absence of the President. There were 29 members and guests present.

There was no old business.

Bob, AB9U, gave the treasurers report saying that the club had assets of \$5921.00.

Bill announced that the foxhunt would be held on Saturday, March 17th. Interested members should meet at the Fort Wayne National Bank at Northcrest. Starting time is 10:00 am.

Bill announced that the area needs VEC testers. Any Extra class hams should contact him.

Bill is also looking for any information on The Handy Hams program.

The question of whether one or two sights should be set up for Field Day was brought up. The issue was tabled for further discussion.

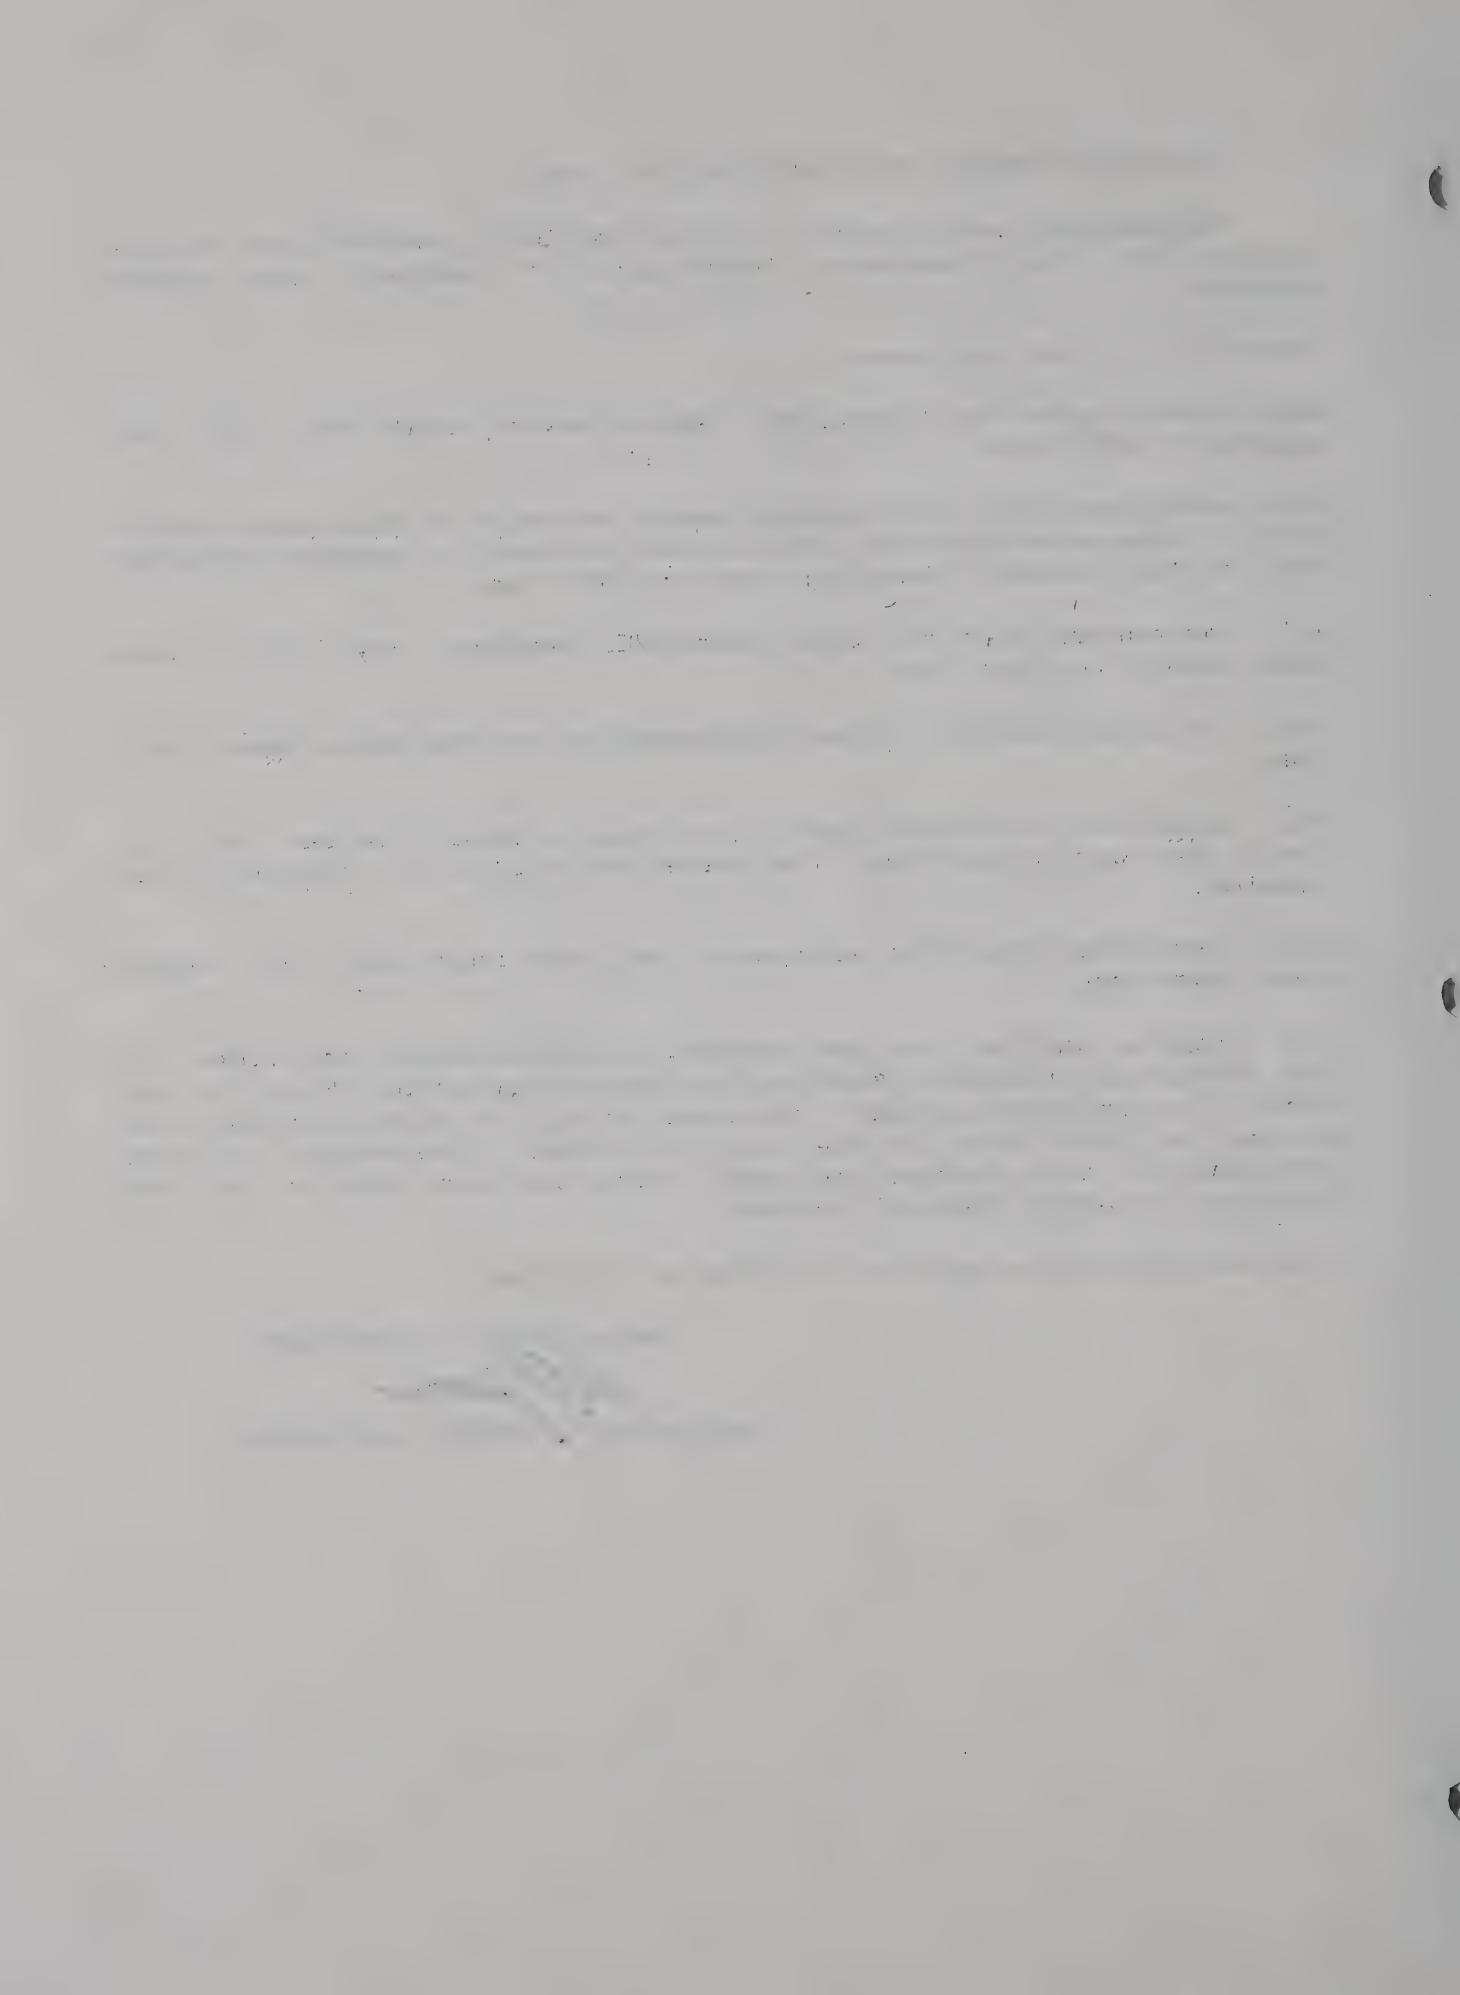

Bill announced that the autopatch has been improved for better area coverage.

The program was next on the agenda. A dissertation and video on the National Disaster Medical System was given by Brad Witte, N9EHK. The program was well received by all. A sign up sheet was placed at the back of the hall for those interested in more information on volunteering their communications skills for the National Disaster Medical System.

The meeting was brought to a close at 8:42 pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

BOARD MEETING MINUTES - MARCH 8 1990

The meeting was brought to order by Jim, K9OMA, at 7:45pm.

A board member; Dean, WA9RRY, and the communication manager: John, KA9ZQK, have turned in their resignations. The announcements and nominations for new officers will be held at the next general meeting.

The program for March's meeting will be an auction.

Bill, WA9RAP, said that Jim, KR9U, has volunteered for Field Day this year. There will be a single sight.

The April program will be ATV with K9OMA moderating.

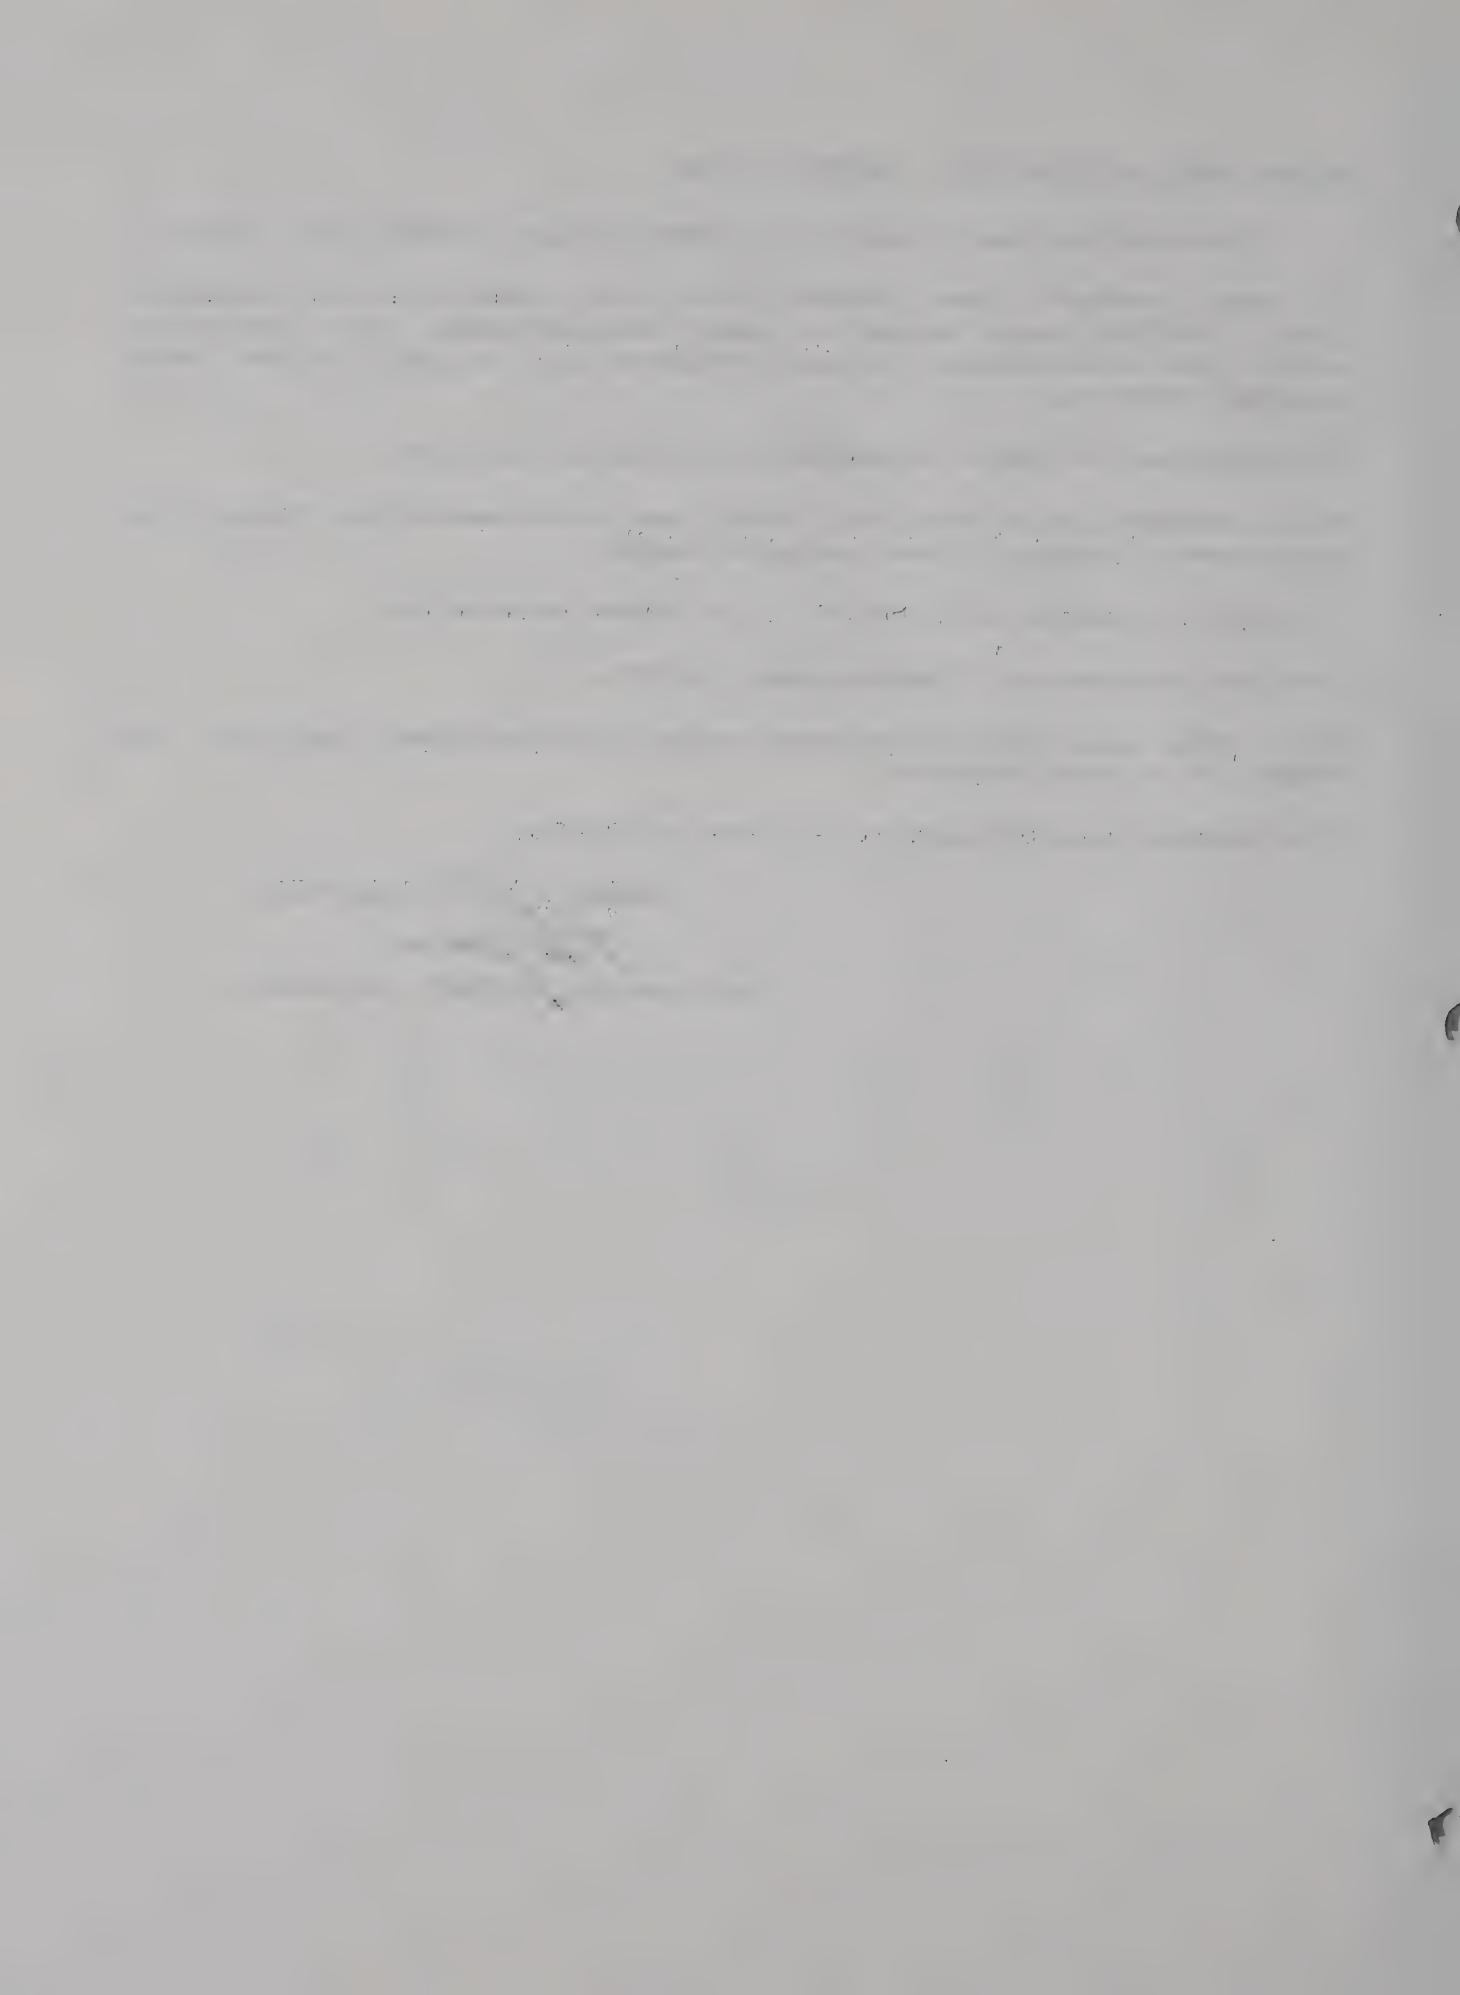

The May program will tentatively be EME.

Bob, AB9U, gave the treasurers report at this time. The club has \$5856.37 in the treasury.

The meeting was brought to a close at 8:45pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

GENERAL MEETING MINUTES

MARCH 16, 1990

The meeting was called to order by Jim, K9OMA. There were 89 members and guests present.

The traditional standing introductions were given and yielded many callsigns not normally heard at the monthly meetings.

By popular acclaim, the minutes were accepted as in the Hamsplat-ter and the treasurers report was not read.

The President announced that Jim, KR9U has volunteered as Field Day chairman for this year. Dick, N9BNA will co-chair and take care of Novice and casual operations.

It was announced that John, KA9ZQK, would not be able to take the office of Communications Manager. Ron, KA9LLF, volunteered to take over. Dean, WA9RRY, is vacating one of the board member positions and a replacement is needed there also.

There were three extra nominations for Board Member at the last election. These were: Bill - K3HZP, Julian - W9TQA, and Laron - WC9T. Of these, Julian - W9TQA, was present and accepted the nomination.

There will be further nominations and elections of these two offices at the April meeting.

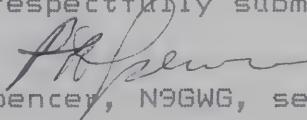

New Business:

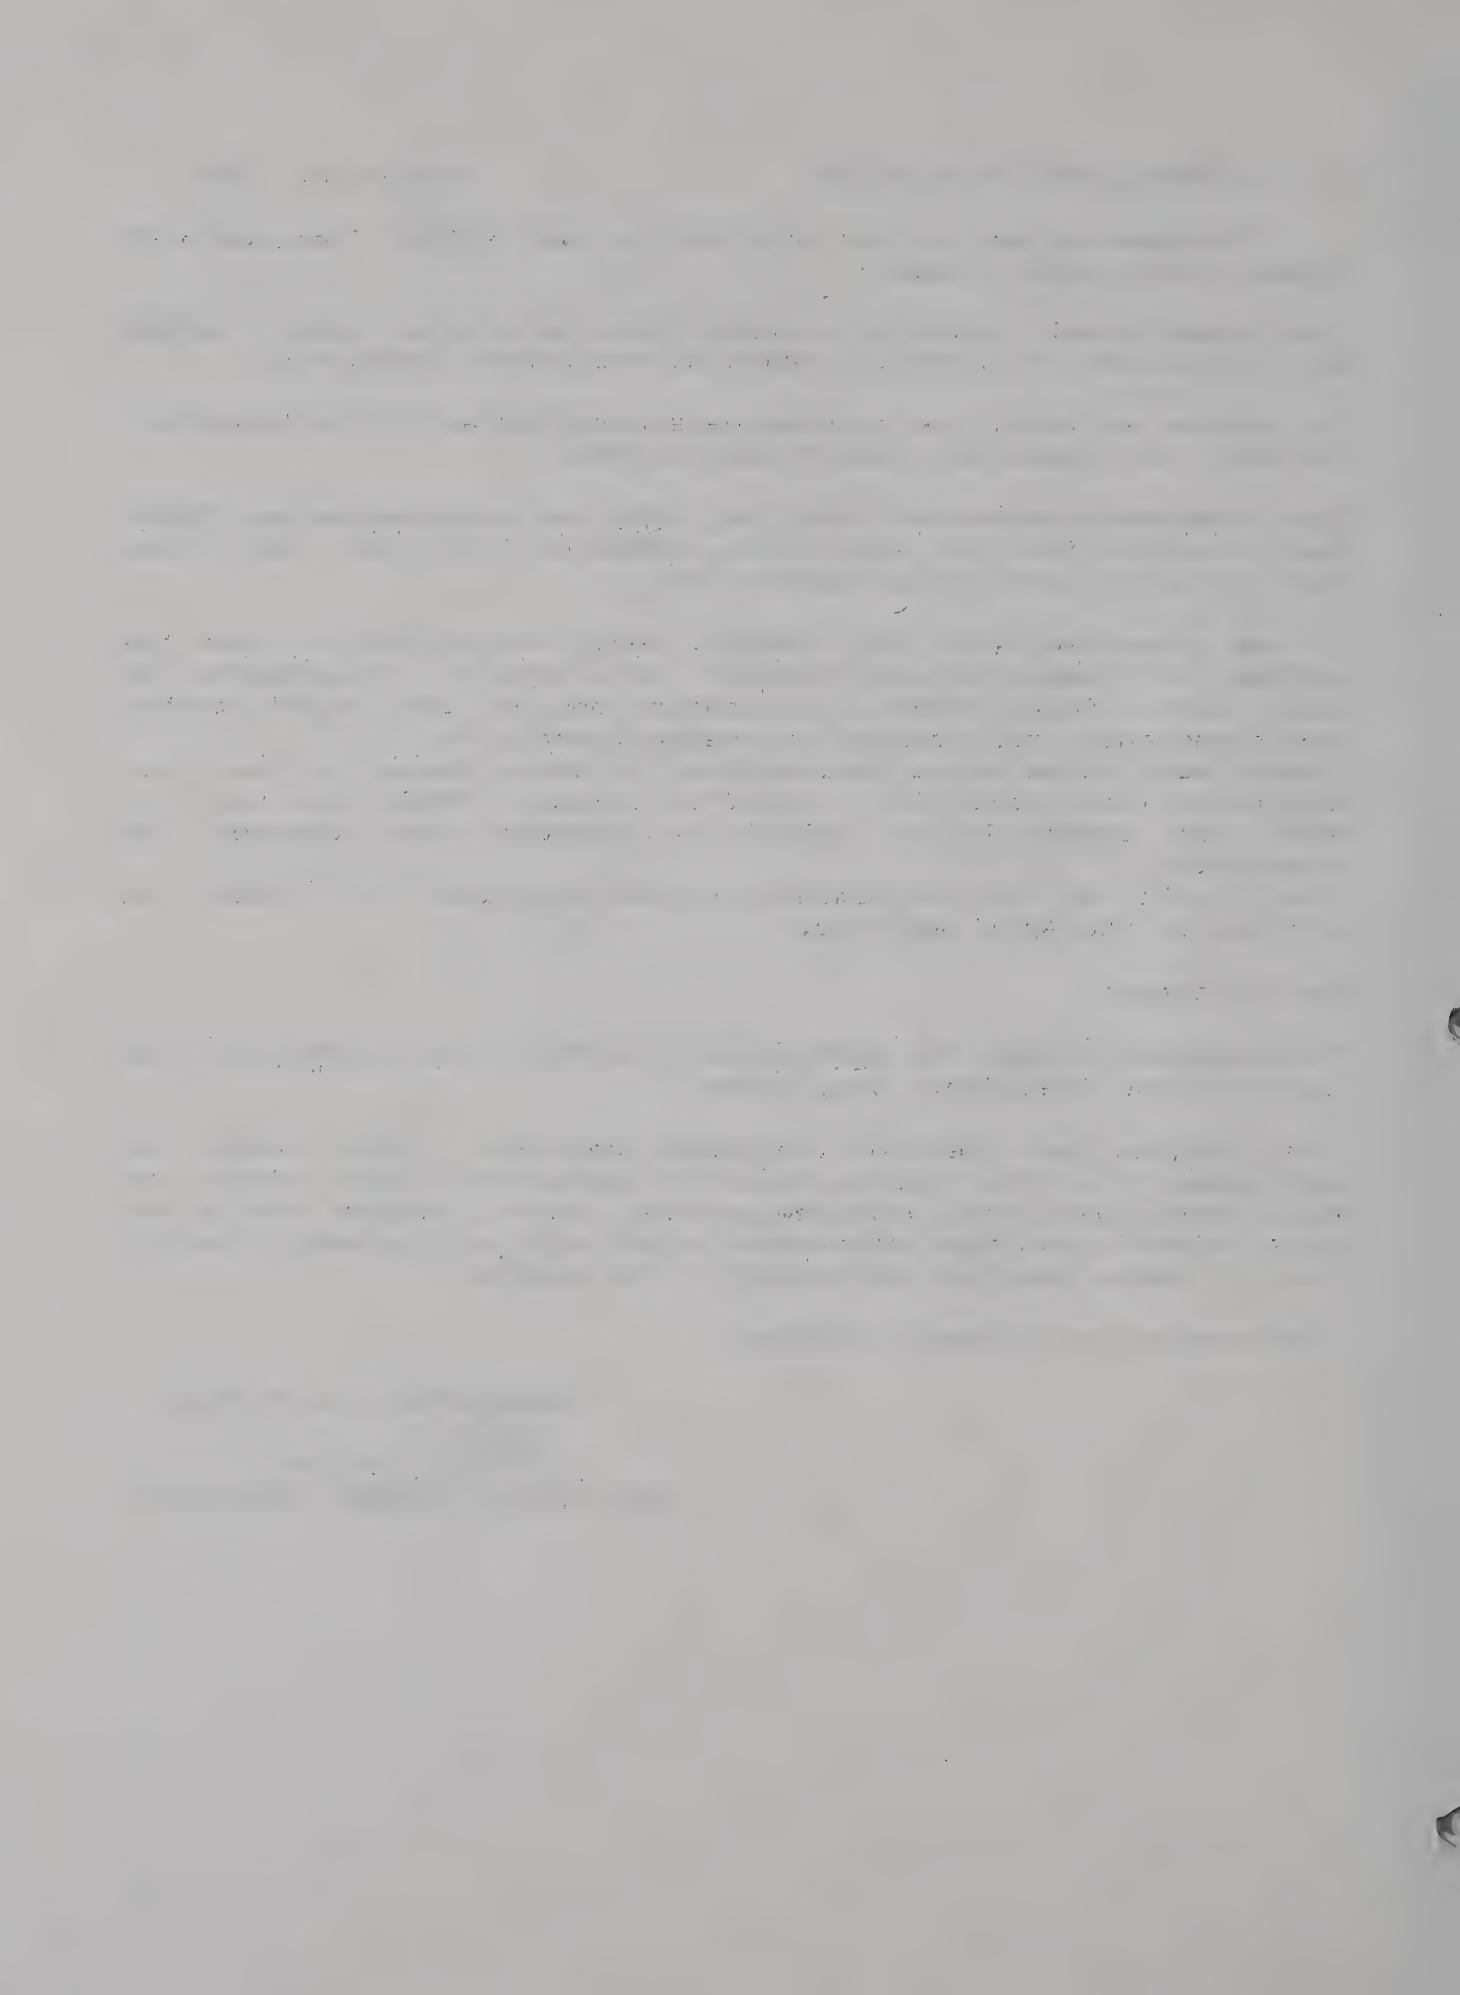

The program for April's meeting will be ATV. This program will be given by the President: Jim, K9OMA.

The program was next on the agenda and Bill, KE9T, acted as auctioneer for the club auction. It was a fun-filled event and many people went home with new goodies. Kathy, WD9DGA, and Muriel Anne, KA9YYI, ran the refreshment stand with an impressive selec-tion of taste-tempting delights for the palate.

The meeting was closed at 9:30pm.

respectfully submitted,

  
Dan Spencey, N9GWG, secretary

GENERAL MEETING MINUTES

APRIL 1990

Jim, K9OMA, opened the meeting at 7:30pm. There were 32 members and guests present.

The standing introductions were held next.

The secretaries report was next on the agenda. The report indicated that the current membership count is 154 with 4 honorary life members.

Nominations were taken for the offices that became vacant recently. Ron, KA9LLF, was the only nominee for the office of Communication Manager.

The nominees for the open Board Member slot were: Julian, W9TQA; Bill, K3HZP; Lester, KA9LAR; and Laron, WC9T.

There is a tentative roast scheduled for a few of our members in September. Details will be given later when known.

There is a study underway by Jim, K9OMA, to determine the feasibility of a F.W.R.C. Hamfest to be held at the new fairgrounds, now under construction.

The next item is the announcement of the Foxhunt to be started at Key Lanes on April the 24th at 7:30pm.

Bill, WA9RAP, stated that the special classes at Northside High are progressing well.

The program was next on the agenda. Our President gave the program this month. The subject was ATV. A video tape was played for the members and then a live ATV QSO with 2 hams was demonstrated. The program was well received by the members and ATV may well have found a few more advocates.

The elections were held next. Ron, KA9LLF, was elected by acclimation for the office of Communications Manager. The new Board Member is Bill, K3HZP.

The meeting was brought to a close at 9:00pm.

respectfully submitted,

Dan Spencer, N9GWG, secretary.

APRIL BOARD MEETING MINUTES

APRIL 1990

The meeting was called to order at 1930 by Jim, K9OMA. Jim said that he would call St. Francis College for a discussion on the possibilities of holding code and theory classes there.

Bob, AB9U, gave the treasurers report.

Jim said that he would contact John, K9UWA, to see if his QTH would still be available for Field Day.

There is a tentative roast scheduled in September for Bob, W9PMT, Charles, W9UC, Ted, W9TC and Fred Pembleton.

The meeting was brought to a close at 2155.

respectfully submitted

Dan Spencer, N9GWG, secretary

the first time in the history of the world, the people of the United States have been called upon to decide whether they will submit to the law of force, or the law of the Constitution.

It is now evident that they will submit to the law of force.

The Southern states are to be left to their own devices. They are to be allowed to do as they please. The Southern states are to be left to their own devices.

The Southern states are to be left to their own devices. The Southern states are to be left to their own devices.

The Southern states are to be left to their own devices.

The Southern states are to be left to their own devices.

BOARD MEETING MINUTES MAY 1990

The meeting was called to order by Jim, K9OMA, at 7:50pm. The main topic of discussion for the evening was Field Day. Jim, KR9U, announced that Payton Park, North of Ft. Wayne, has been reserved for Field Day this year. Plans for food and other details were discussed. Kathy, WD9DGA, is taking care of the Chicken dinner to be served up Saturday at 5:00pm. Tickets will be sold ahead of time to offset the cost of the dinner. Cost: \$3.00. At this writing the club will operate 2A. There will be a 3rd station set up for Novices and general operating.

The discussion turned to the possibility of a FWRC Hamfest to be held at the new Allen County Fair Grounds. Tentative dates tossed around were Aug. 26 and Sept. 15. This topic will be brought up at the next General Meeting.

Bob, AB9U, gave the treasurers report. The club has \$5,768.00 in the coffers.

The meeting was brought to a close at 9:30pm.

respectfully submitted,

Dan Spencer, N9GWG, secretary.

GENERAL MEETING MINUTES    MAY 1990

The meeting was opened at 1940 by the President, Jim, K9OMA. There were 24 members and guests present.

The first topic of discussion was the possibility of the Ft. Wayne Radio Club having a Hamfest in the fall. The president suggested three possible dates: Aug. 26, Sept. 8, or Sept. 15. Discussions ensued and ended with Sept. 8 being the most popular date. The sight would be the new 4H fairgrounds, now under construction.

A motion was made by Jim, KR9U, to go ahead with the plans for the hamfest. The motion was seconded and passed by the members present.

Frank, K1FJ, volunteered to be the hamfest chairman and asked for volunteers for the committee. The following people said they would help: Dick, N9BNA; Mark, N9IWF; Jim, K9OMA; Al, WD9FAQ; Ann, KA9YYI; Kathy, WD9DGY; and Dan, N9GWG.

A brief report on the Club Funds was given by Dan, N9GWG. The club assets are \$5,768.00.

Jim, KR9U, explained this years Field Day. It will be held at Payton Park, North of Ft.Wayne. We will run 3 stations; 1 Novice/casual and 2 contest. There will be a BBQ chicken dinner at the Field Day sight on Sat. night June 23.

Mike Westrick of Magnavox gave a talk on Phase Interferometry, a method of radio direction finding. The members were very interested and asked many questions.

respectfully submitted,

Dan Spencer, N9GWG, secretary.

and the same time, the RGA was able to make a significant contribution to the development of the economy. This was due to the fact that the RGA had a large number of skilled workers who were able to work effectively in the new industries that were being developed. The RGA also played a key role in the development of the agricultural sector, which was a major source of employment and income for the people of India.

The RGA's role in the development of India's economy cannot be overstated. It provided the much-needed skills and expertise that were required to build a modern industrial base. The RGA's contributions to the Indian economy have been acknowledged by many economists and historians. The RGA's impact on the Indian economy has been significant and long-lasting. The RGA's role in the development of India's economy cannot be overstated.

That's all for now, thanks for reading!

JUNE GENERAL MEETING MINUTES

JUNE 15 1990

The meeting was brought to order by Jim, K9OMA, at 7:45pm. The may minutes were accepted as presented in the Hamsplatter.

Jim, KR9U, gave a dissertation on this years Field Day and answered last minute questions. A long discussion ensued about the particulars and details.

Jim, K9OMA, suggested ordering lapel pins for the 70th Anniversary. They would sell for about \$5.00 each.

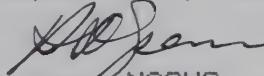

Frank, K1FJ, talked about the upcoming Hamfest. Many questions were asked and answered. A motion was made to allocate \$1000.00 of club funds for hamfest expenses. The motion was seconded and passed by the members. The cost of purchasing the lapel pins is to be included in this allocation.

Annie, KA9YYI, was he winner of the raffle this evening which was a wet/dry dustbuster.

There was no program this evening due to the discussions of the Hamfest and Field Day.

The meeting was adjourned at 8:45pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary.

BOARD MEETING JULY 1990

The meeting began at Tower Tavern as usual, however due to low business volume, it was closed at 8:00pm. The meeting was moved to Fish of Stroh on Goshen Rd. Jim, K9OMA, opened the meeting at 8:15pm. He stated that 100 lapel pins to commemorate the 70th anniversary were being ordered. A discussion on the not for profit status of the club was discussed with no motions made.

The rest of the meeting was devoted to discussion about the upcoming Hamfest. No motions were made at this time. The meeting was closed at 9:30pm.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary

the first time, the author has been able to find a solution to the problem of the  
construction of a theory of the interaction of the gravitational field with matter in  
which the equations of motion of the matter particles are not violated.

$$\begin{aligned} & \rho = \rho_0 e^{-\frac{1}{2} \alpha t^2}, \quad u^0 = -\alpha t^2, \quad u^1 = u^2 = 0, \\ & u^3 = \sqrt{\frac{1}{2} + \frac{1}{2} \alpha t^2}, \quad g_{00} = \frac{1}{2} \alpha t^2, \quad g_{11} = g_{22} = 1, \end{aligned}$$

$$g_{33} = \frac{1}{2} \alpha t^2 + \frac{1}{2} \alpha t^2 e^{-\frac{1}{2} \alpha t^2}.$$

GENERAL MEETING MINUTES

JULY 20 1990

The meeting began with a viewing of a videotape of this years Field Day. The tape was made on the three days of Field Day by Jim and Anne Pliett.

The meeting was called to order by Jim, K9OMA at 7:45pm. There were 26 members and guests present.

The minutes were accepted as presented in the Hamsplatter. The treasurers report was not read due to the absence of our treasurer.

Frank, K1FJ, gave a report on the upcoming Summit City Hamfest. The main points included sanctioning by the ARRL and that tickets were available for members to sell if they desired to do so.

Jim, K9OMA, announced that he ordered 100 special club emblem lapel pins to commemorate the 70th Anniversary of the club. More pins can be ordered if these run out, however they will not have special insignia indicating the 70th anniversary.

The program tonight was given by Frank, K1FJ. His presentation was on AMSAT and satellite communications. Frank is an Amsat member and has had years of experience with Amateur satellite communications. The Instatrack satellite tracking program by AMSAT was displayed on a computer and demonstrated at the end of the meeting. The program was well received by all.

Jim, K9OMA, announced that next months program will be Science Central by Bill Black.

The meeting was closed at 9:10pm

respectfully submitted,

Dan, N9GWG, secretary

## Section 1. Introduction

This section contains an introduction to the project.

### 1.1. Project Overview

The project aims to develop a system for monitoring and managing environmental data. The system will collect data from various sensors and store it in a database. It will also provide a user interface for viewing and analyzing the data.

### 1.2. System Components

The system consists of several components: a sensor network, a central processing unit, a database, and a user interface. The sensor network collects data from various sources, such as temperature and humidity sensors. The central processing unit processes the data and stores it in the database. The user interface allows users to view and analyze the data.

### 1.3. Project Objectives

The main objective of the project is to develop a reliable and efficient system for monitoring and managing environmental data. The system should be able to handle large amounts of data and provide accurate results. It should also be easy to use and maintain.

### 1.4. Project Scope

The project scope includes the development of the sensor network, the central processing unit, the database, and the user interface. It also includes the implementation of security measures to protect the data. The project will be completed within a specified timeline and budget.

### 1.5. Project Deliverables

The project deliverables include the developed system, documentation, and training materials. The system will be delivered in a functional form, ready for deployment. Documentation will be provided to explain the system's architecture and how to use it. Training materials will be provided to help users get started with the system.

## Section 2. System Architecture

GENERAL MEETING MINUTES

AUGUST 1990

The meeting was called to order by Jim, K9OMA, at 7:49pm. The attendance was 41 members and guests. The minutes for July were accepted by the membership as written in the Hamsplatter.

It was announced that the Fall Code and Theory classes are scheduled to start September 17 1990 and would be held at ITT Technical Institute on Coldwater Road.

Frank, K1FJ, gave a report on the upcoming Hamfest. The final mailers were sent out and were coming back already. The sheets for volunteers to work at the Hamfest were put on the front table and workers were asked to sign up.

The evening program was next on the agenda and our guest was Bill Black, past CEO of I&M Power. He is chairman of Science Central which is a continuing Science exhibition to be started in Fort Wayne to interest kids of all ages in the world of Science. He also asked if the club would be interested in designing an exhibition for Science Central. The members enjoyed and applauded the efforts of this project.

A brief treasurers report was given. Bob, AB9U, said that we have \$4368.45 in the treasury as of July 31 1990.

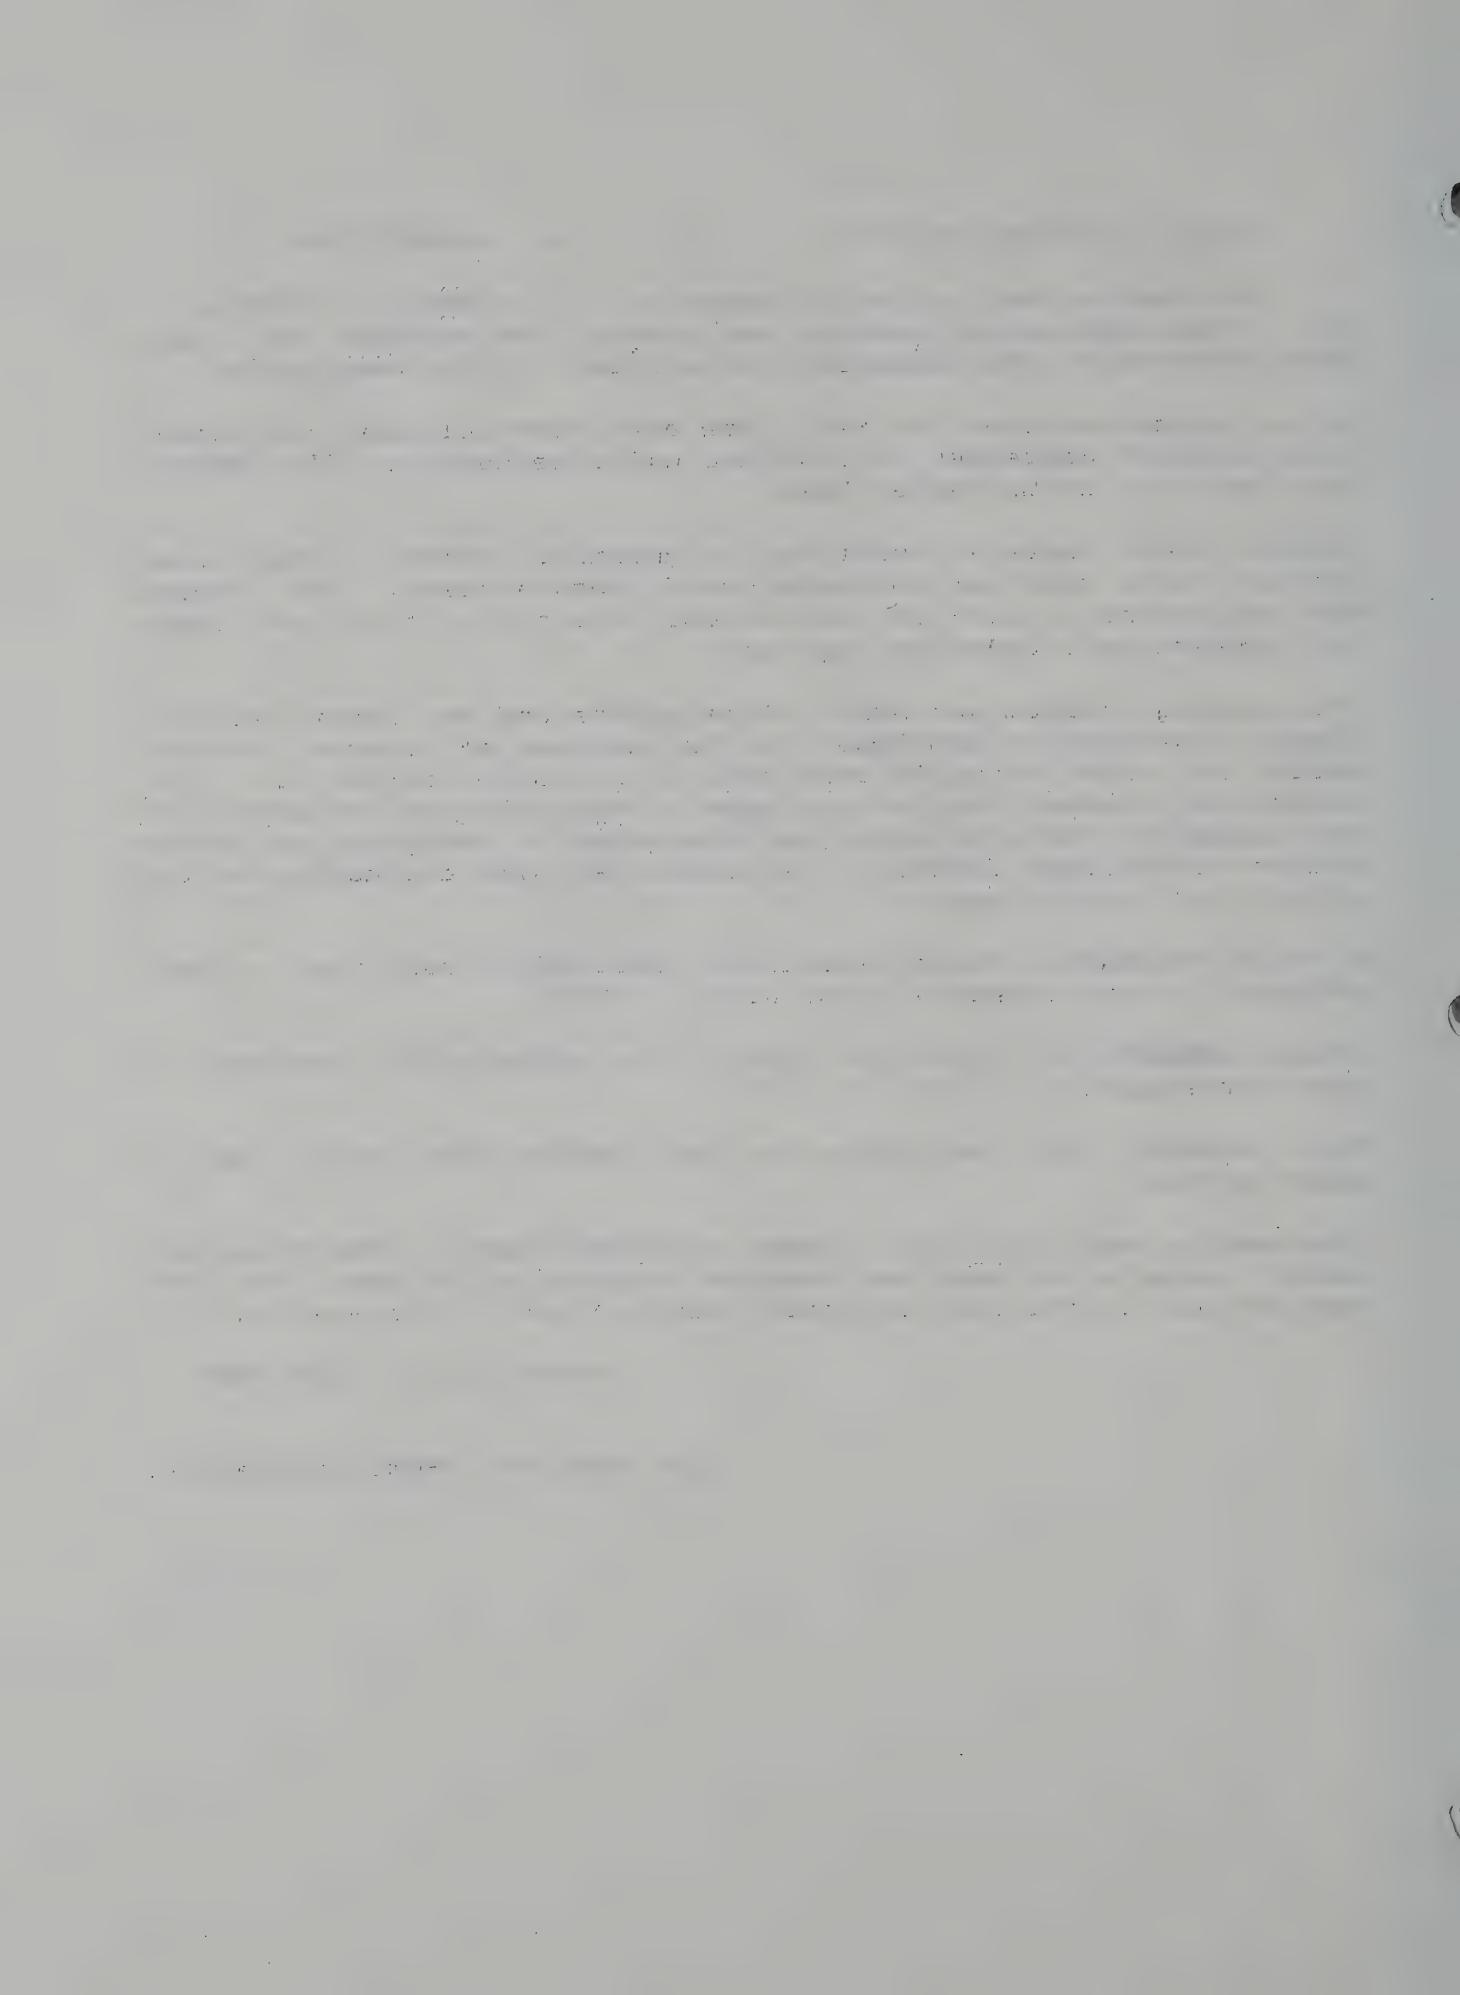

Bruce, WB8UGB, informed the club of the upcoming ATV contest to start on August 19.

Tom, WB8RNL, won the raffle for the evening. The prize was a power strip.

The meeting was officially closed at 9:28, however, The President asked members to stay and consider signing up to work for the Hamfest due to the low volunteer rate earlier in the evening.

respectfully submitted,

Dan Spencer, N9GWB, secretary.

GENERAL MEETING MINUTES      SEPTEMBER 1990

The meeting was brought to order by Jim, K9OMA, AT 7:50 pm. There were 31 members and guests present. Traditional intros were made. The new meeting time will be at 7:50pm following an eyeball QSO period starting at 7:30pm according to Jim.

The minutes were approved as presented in the Hamsplatter. Bob, AB9U, gave the treasurers report next, and said that the club has \$5118.34 in its account.

Bill, WA9RAP, reported that the fall class has 6 students and they are doing well.

Frank, K1FJ, reported on the Hamfest and declared it a success. The Hamfest account has a preliminary \$2239.59. He said that people were happy with the first Fest and that the club should go ahead with plans to make it an annual event.

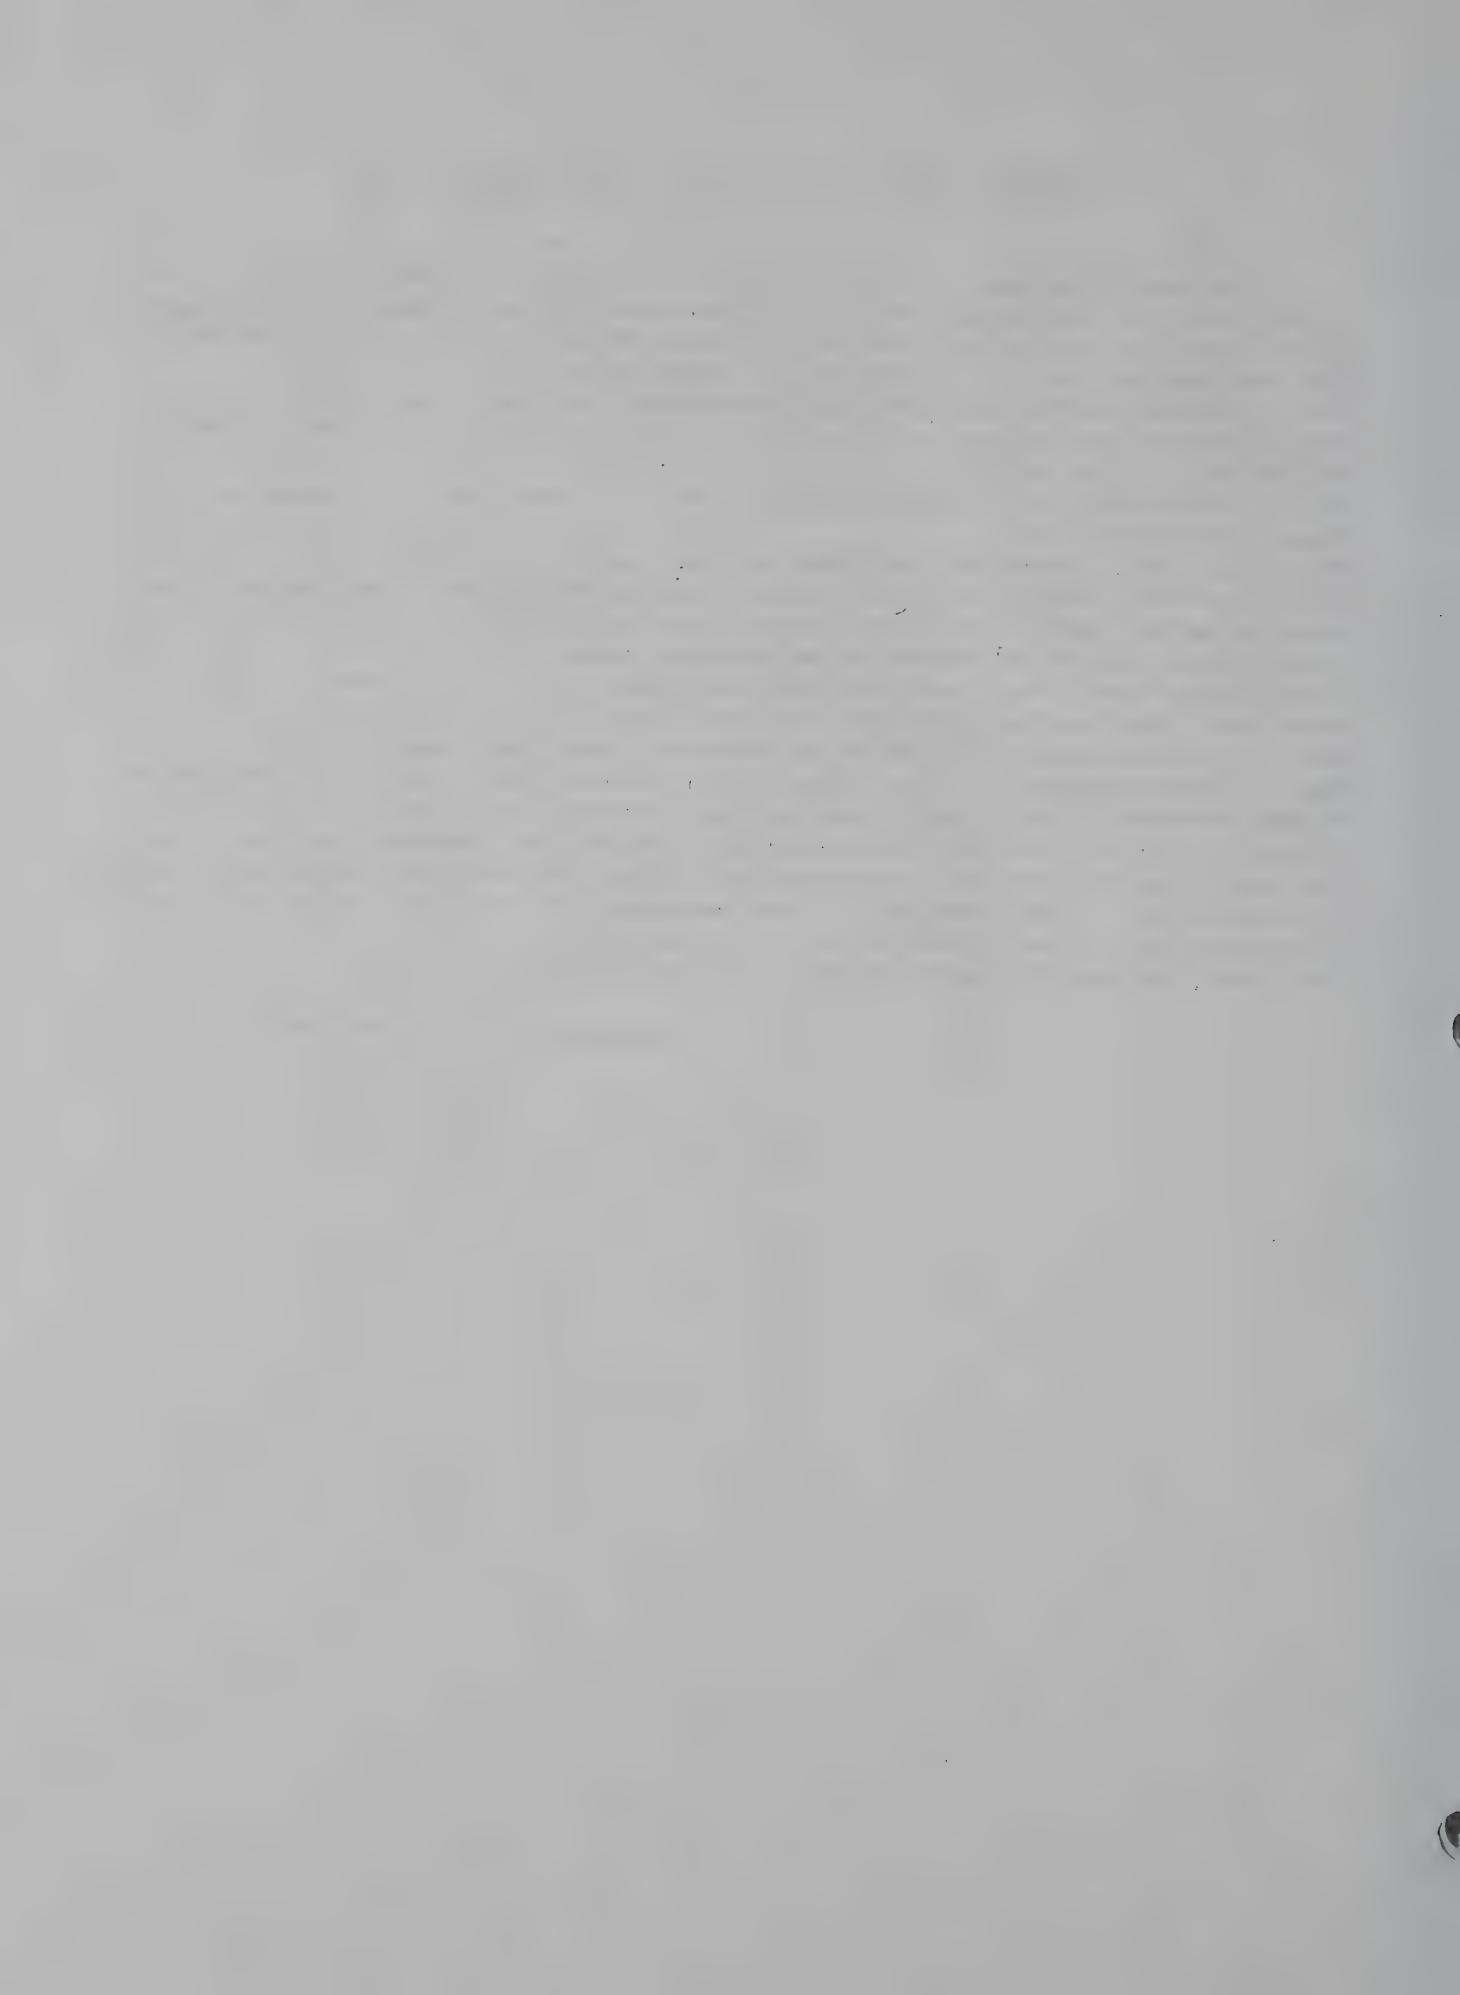

Jim announced that next months meeting will be a small banquet honoring the senior members of the club.

The program was next on the agenda. Tonights speaker was Rose Marie Moehlencamp from the Allen County office of Emergency Preparedness. Her talk was on Earthquake preparedness and the possibility of the Midwest having a major earthquake in the near future. She showed an interesting videotape and had many maps and displays on the subject. The members considered this a very interesting subject and were very attentive.

The meeting was brought to a close at 9:40pm.

respectfully submitted,

Dan Spencer, N9GWG, secretary

OCTOBER BOARD MEETING

The meeting was opened by Jim, K9OMA at 8:00pm  
It was announced that Paul Mike Burns would speak at the Banquet  
next week.

Al, WD9FAQ, announced that the club needed badges for the annual  
Santa Ham event at Christmas. It was brought up that perhaps  
ACARTs should be approached to share the expense since this event  
is a joint effort.

Bob, AB9U, proposed that Bob Witte be nominated as Ham of the  
year. This issue has been tabled till this months meeting.

respectfully submitted,

Dan Spencer, N9GWG, secretary

## GENERAL MEETING MINUTES

SEPT. 1990

Tonights meeting was a banquet honoring some of the senior members of the club. The special honors of the evening went to Bob Witte, W9PMT.

Jim, K9OMA, opened the festivities by announcing the names of the honorees. Owen Barton, W9IW, Ted Clifton, W9TC, Fred Fischer, W9DW, Fred Pembleton, and Bob Rose, W9BRW.

At this point awards were given to members for their efforts this year in the club. Kathy, WD9DGA, and Anne, KA9YYI, received a plaque for their extra services during Field Day and the Hamfest. Frank, K1FJ, was given a plaque for his contribution as Hamfest Chairman. Jim, KR9U, received a plaque for his efforts as Field Day Chairman.

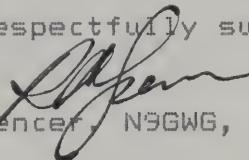

Next on the agenda was the introduction on the speaker of the evening. City Councilman Paul Mike Burns spoke on the early days of Ham radio and Ft. Wayne broadcasting. He then introduced each of the honored guests of the evening and they in turn spoke on their favorite subject of their earlier Ham days.

Jim then opened the floor for nominations for officers for 1991. He announced that the offices of President, Vice President, and secretary were not actively being sought by the incumbents and needed nominations. There were no nominations this evening.

Al, WD9FAQ, announced that the annual Santa Ham event at the local hospitals was in need of buttons to give to the kids. He proposed that the club allocate \$185.00 for this effort saying that he would approach ACARTs to share in the cost of this joint effort. The motion was seconded and approved by the majority of the attendees.

The final event of the evening was a duet of Frank on the piano and Jim on vocals in their unique interpretation of what was thought to be "Home On The Range". The meeting was brought to a close at 9:05pm.

respectfully submitted,

  
Dan Spencer, N9GNG, secretary.

NOVEMBER BOARD MEETING

1990

Jim, K9OMA, opened the meeting at 7:30pm.

The evening was devoted to general discussions pertaining to elections and next years programs, There were no motions made this evening.

respectfully submitted,

  
Dan Spencer, N9GWG, secretary.

## GENERAL MEETING MINUTES

NOVEMBER 1990

Bob, AB9U opened the meeting at 7:50pm. The President and Vice President could not attend this evening.

The first item on the agenda this evening was the election of officers for 1991. The following members had been nominated before this meeting or volunteered for nomination.

|                     |                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------|
| President:          | Jim, K9OMA                                                                                                           |
| Vice President:     | Bill, WA9RAP                                                                                                         |
| Secretary:          | Kris, N9JLE                                                                                                          |
| Treasurer:          | Bob, AB9U                                                                                                            |
| Communication Mgr.: | Al, WD9FAQ                                                                                                           |
| Board Members:      | Dan, N9GWG<br>Kathy, WD9DGA<br>Frank, K1FJ<br>Dave, N9ICF<br>Dino, KR9V<br>Dave, N9ICF<br>Larry, K9VFE<br>Lynn, W9FC |
| IRCC Reps:          |                                                                                                                      |

The floor was opened for further nominations at this time. There were no further nominations for any office and it was moved and seconded that nominations be closed. The motion was approved by a majority of the members present. A motion was then made to elect all nominees by acclamation since there were no contests for any office. The motion was seconded and approved by a majority of the members present.

At this time, it was announced that Jim, KR9U, had volunteered for Technical Committee Chairman for 1991.

Kathy, WD9DGA gave a report on the tentative schedule for programs and/or major events for each month of 1991.

|            |                                    |
|------------|------------------------------------|
| January:   | Auction, Bill, KE9T as auctioneer. |
| February:  | Earthquake program                 |
| March:     | Spring Banquet                     |
| April:     | Packet Program                     |
| May:       | Superstations on video program     |
| June:      | Field Day                          |
| July:      | Fox Hunt and picnic                |
| August:    | Hamfest                            |
| September: | Program by N9GWG                   |
| October:   | Fall Banquet                       |
| November:  | Elections                          |
| December:  | Christmas Surprise                 |

It was noted that some of these events are subject to change.

Al, WD9FAQ, announced the upcoming Santa Visit at the local hospitals and said that he will call members to ask for volun-

teers for this effort.

At this time Bob, AB9U, gave the treasurers report. The club has a total of \$6579.80 in three accounts. \$1906.09 of this amount is allocated to the repeater fund.

Bob suggested that the two savings accounts that the club use be consolidated into one. The membership suggested he confer with the Vice President who may have further information on the subject.

The meeting was brought to a close at 8:57pm.

DECEMBER BOARD MEETING

1990

The meeting was called to order around 7:40pm

Larry Smith, K9VFE, proposed the purchase of a type-setting program which could produce news-paper quality lay-outs for the Hamsplatter.

The tentative schedule for code and theory classes was set for mid-March. Kris, N9JLE to check on possibility for a session for IPFW's EET course.

There was a general discussion on the January club auction and preparations needed to advertise for it.

Bob Streeter, AB9U proposed that the repeater account be moved from the Dana credit union into the North American Phillips CU, to localize access for all accounts. The motion was seconded and unanimously approved. It was agreed to open a separate account from the main club account.

Al Waters, WD9FAQ, proposed holding a tech committee meeting to discuss repeater upgrade/enhancements. The meeting date was set for January 24, 1991.

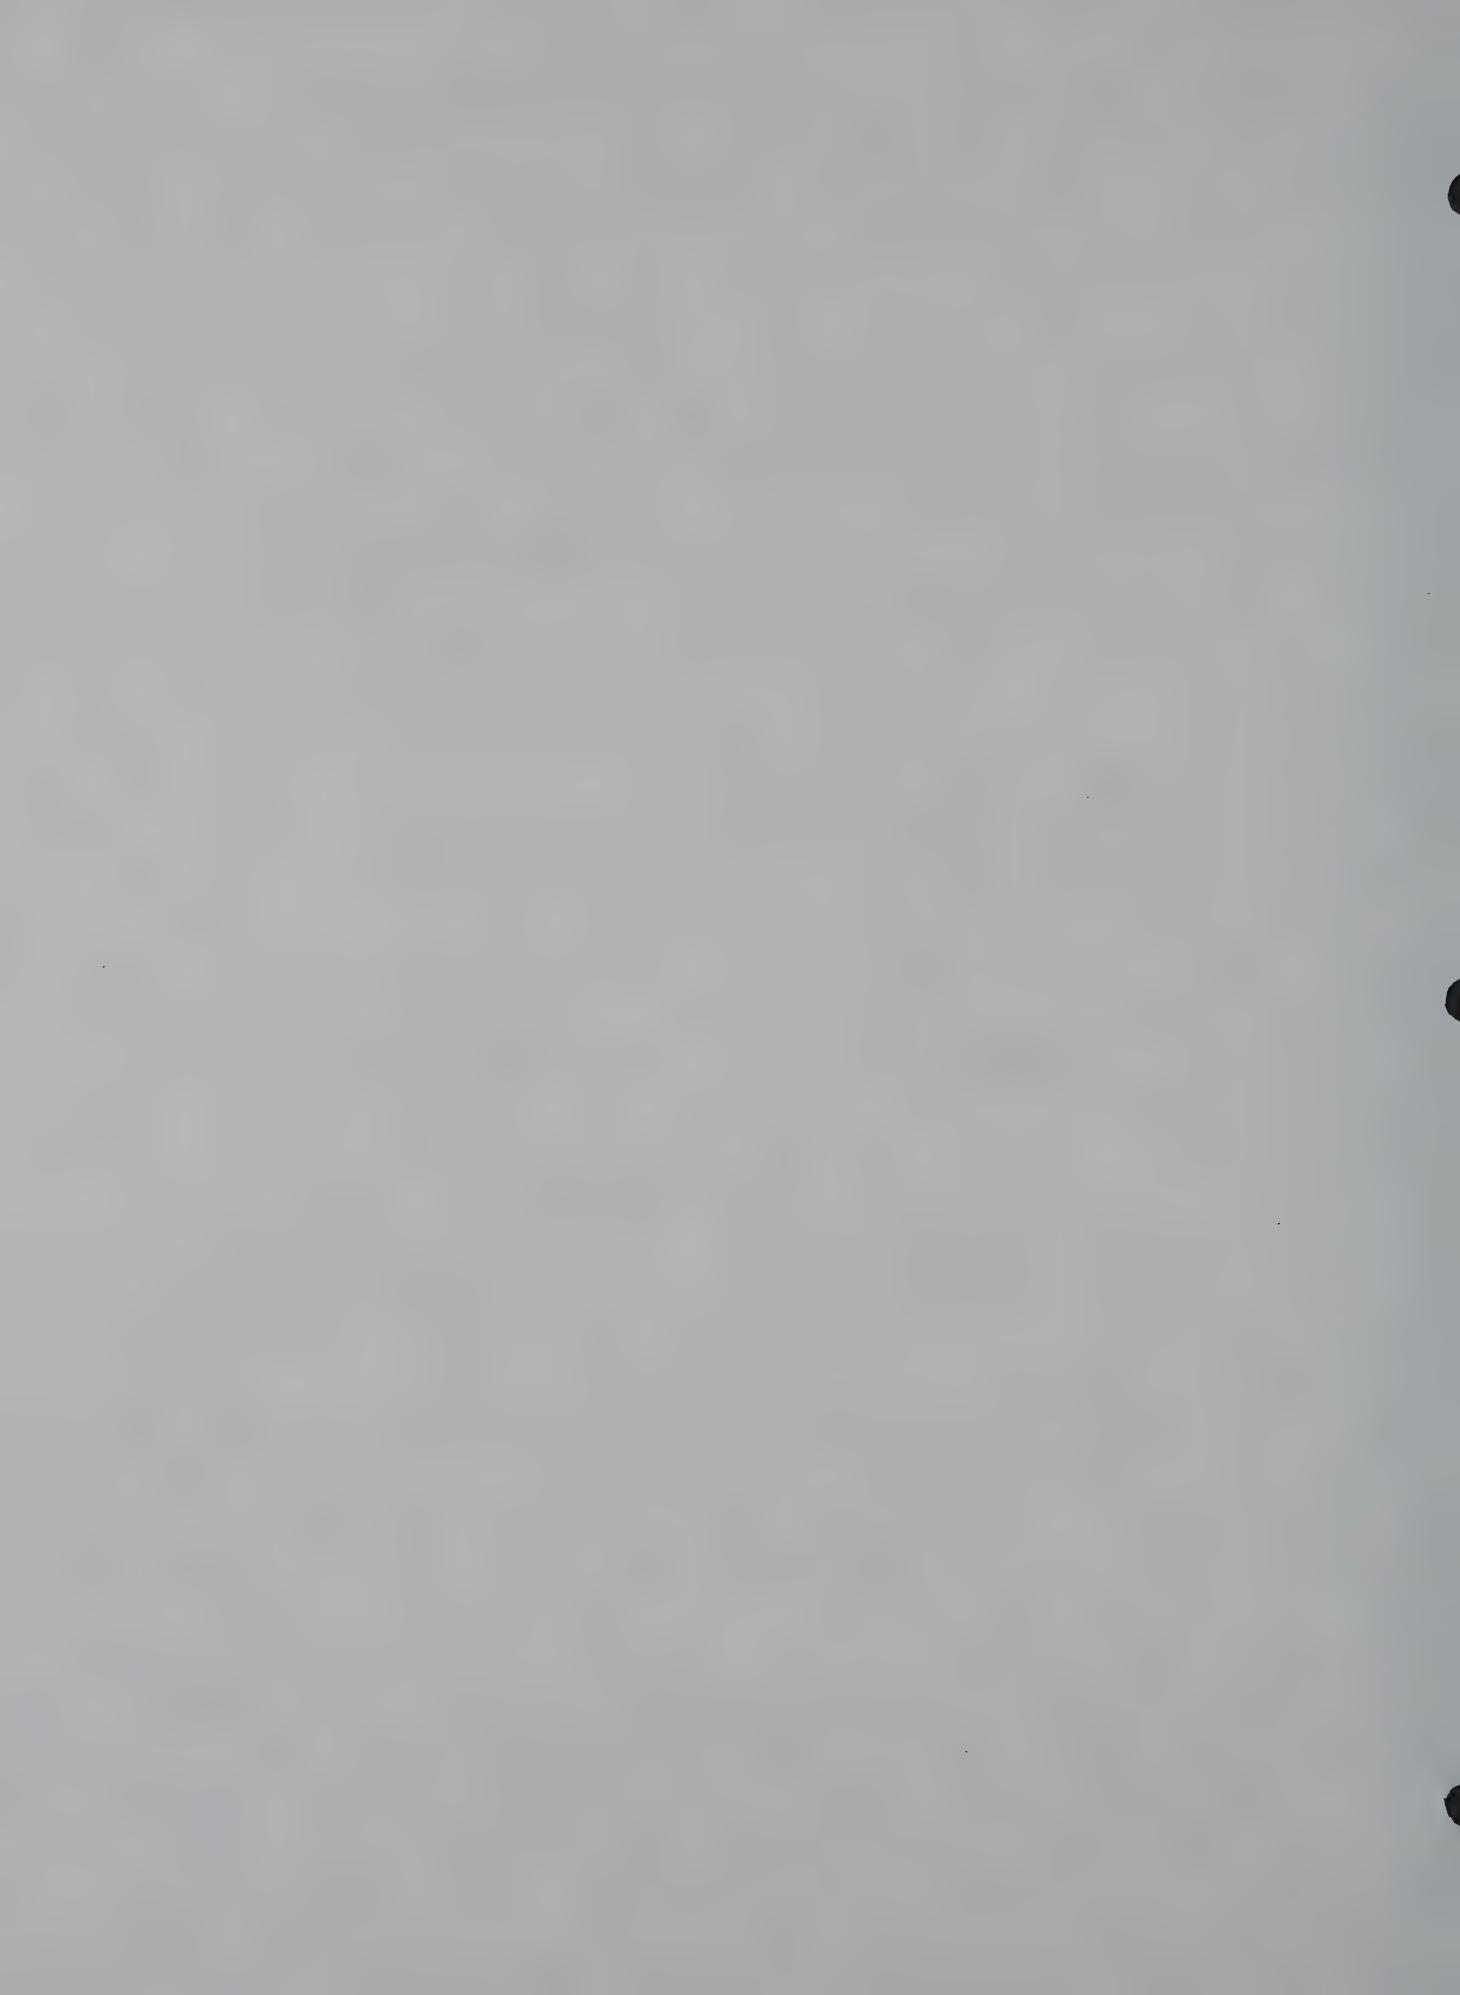

A motion was made to purchase a set of call books for availability during the club meetings.

The meeting was adjourned at 9:22pm.

Respectfully submitted,

*Kristopher D. Staller*

Kristopher D. Staller, N9JLE

GENERAL MEETING MINUTES  
January 1991

Jim, K9OMA, opened the meeting at 8:01 pm. All officers were present. There were approximately 60 persons in attendance. The meeting was abbreviated in order to get the auction underway.

Bob, AB9U, reported that the club had \$9291.05 in income for 1990, with \$6267.31 in expenses, posting a gain of \$3023.74. A large portion of which was the result of the Hamfest. Currently, the club treasury stands at \$7111.57, with \$1750 in QSL card stock. In order to liquidate the stock, all QSL orders will be sold at cost + printing.

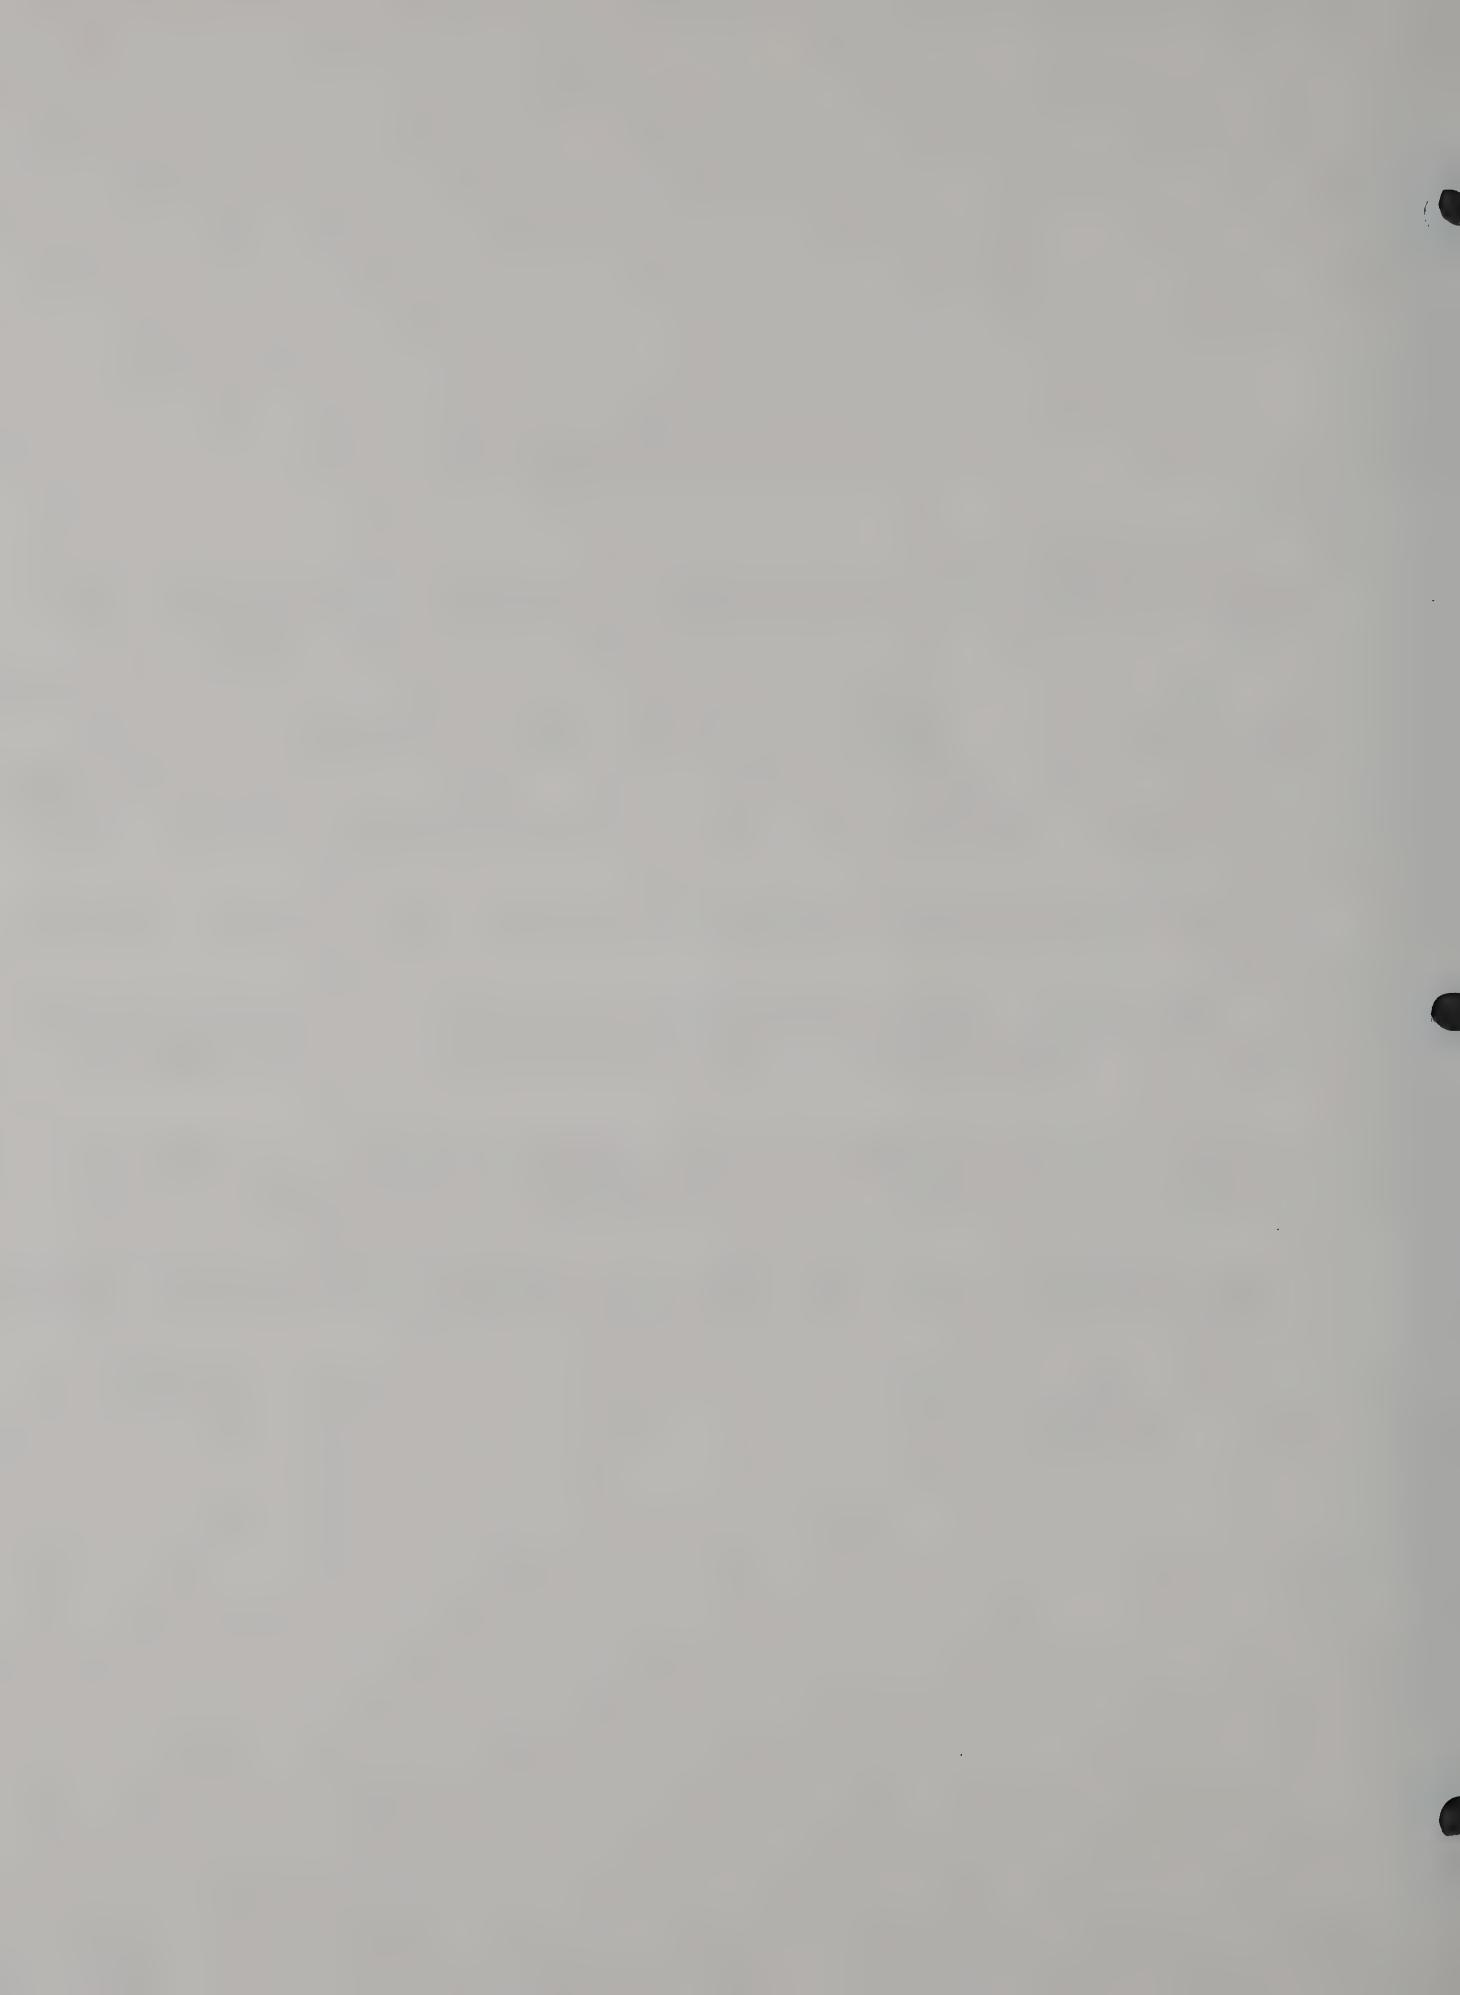

Next month's meeting may have Jill Long (Rep 4th Dist.) as guest speaker.

Technical committee will hold a meeting on Jan 24, 1991 to discuss repeater upgrades/repairs, as well as the possibility of some new ones.

A1, WD9FAQ, accepted tentative responsibility for the QSL card bureau, which was previously handled by Mark Pries, and reminded everyone of the upcoming Novice Roundup contest on Jan 26.

Bill, WA9RAP, announced that there would be VE testing at the main library on Feb 2, 1991, and that novice classes would start on March 18, 1991 at the ITT school on Coldwater Rd.

Meeting was adjourned at 8:15 pm and the auction then commenced until 10:13 pm..

Technical Committee Meeting Minutes  
Fort Wayne Amateur Radio Club  
Jan 24, 1991

The meeting was opened at 7:45 by Jim, K9OMA. Jim Wolfe, KR9U was the committee chairman.

First order of business was to deal with current repeater problems:

1. 400 MHz control.
2. Low phone patch audio and correct procedures.
3. '76 repeater needs an audio amp replaced between the interface.
4. 10 second voice message addition needed.

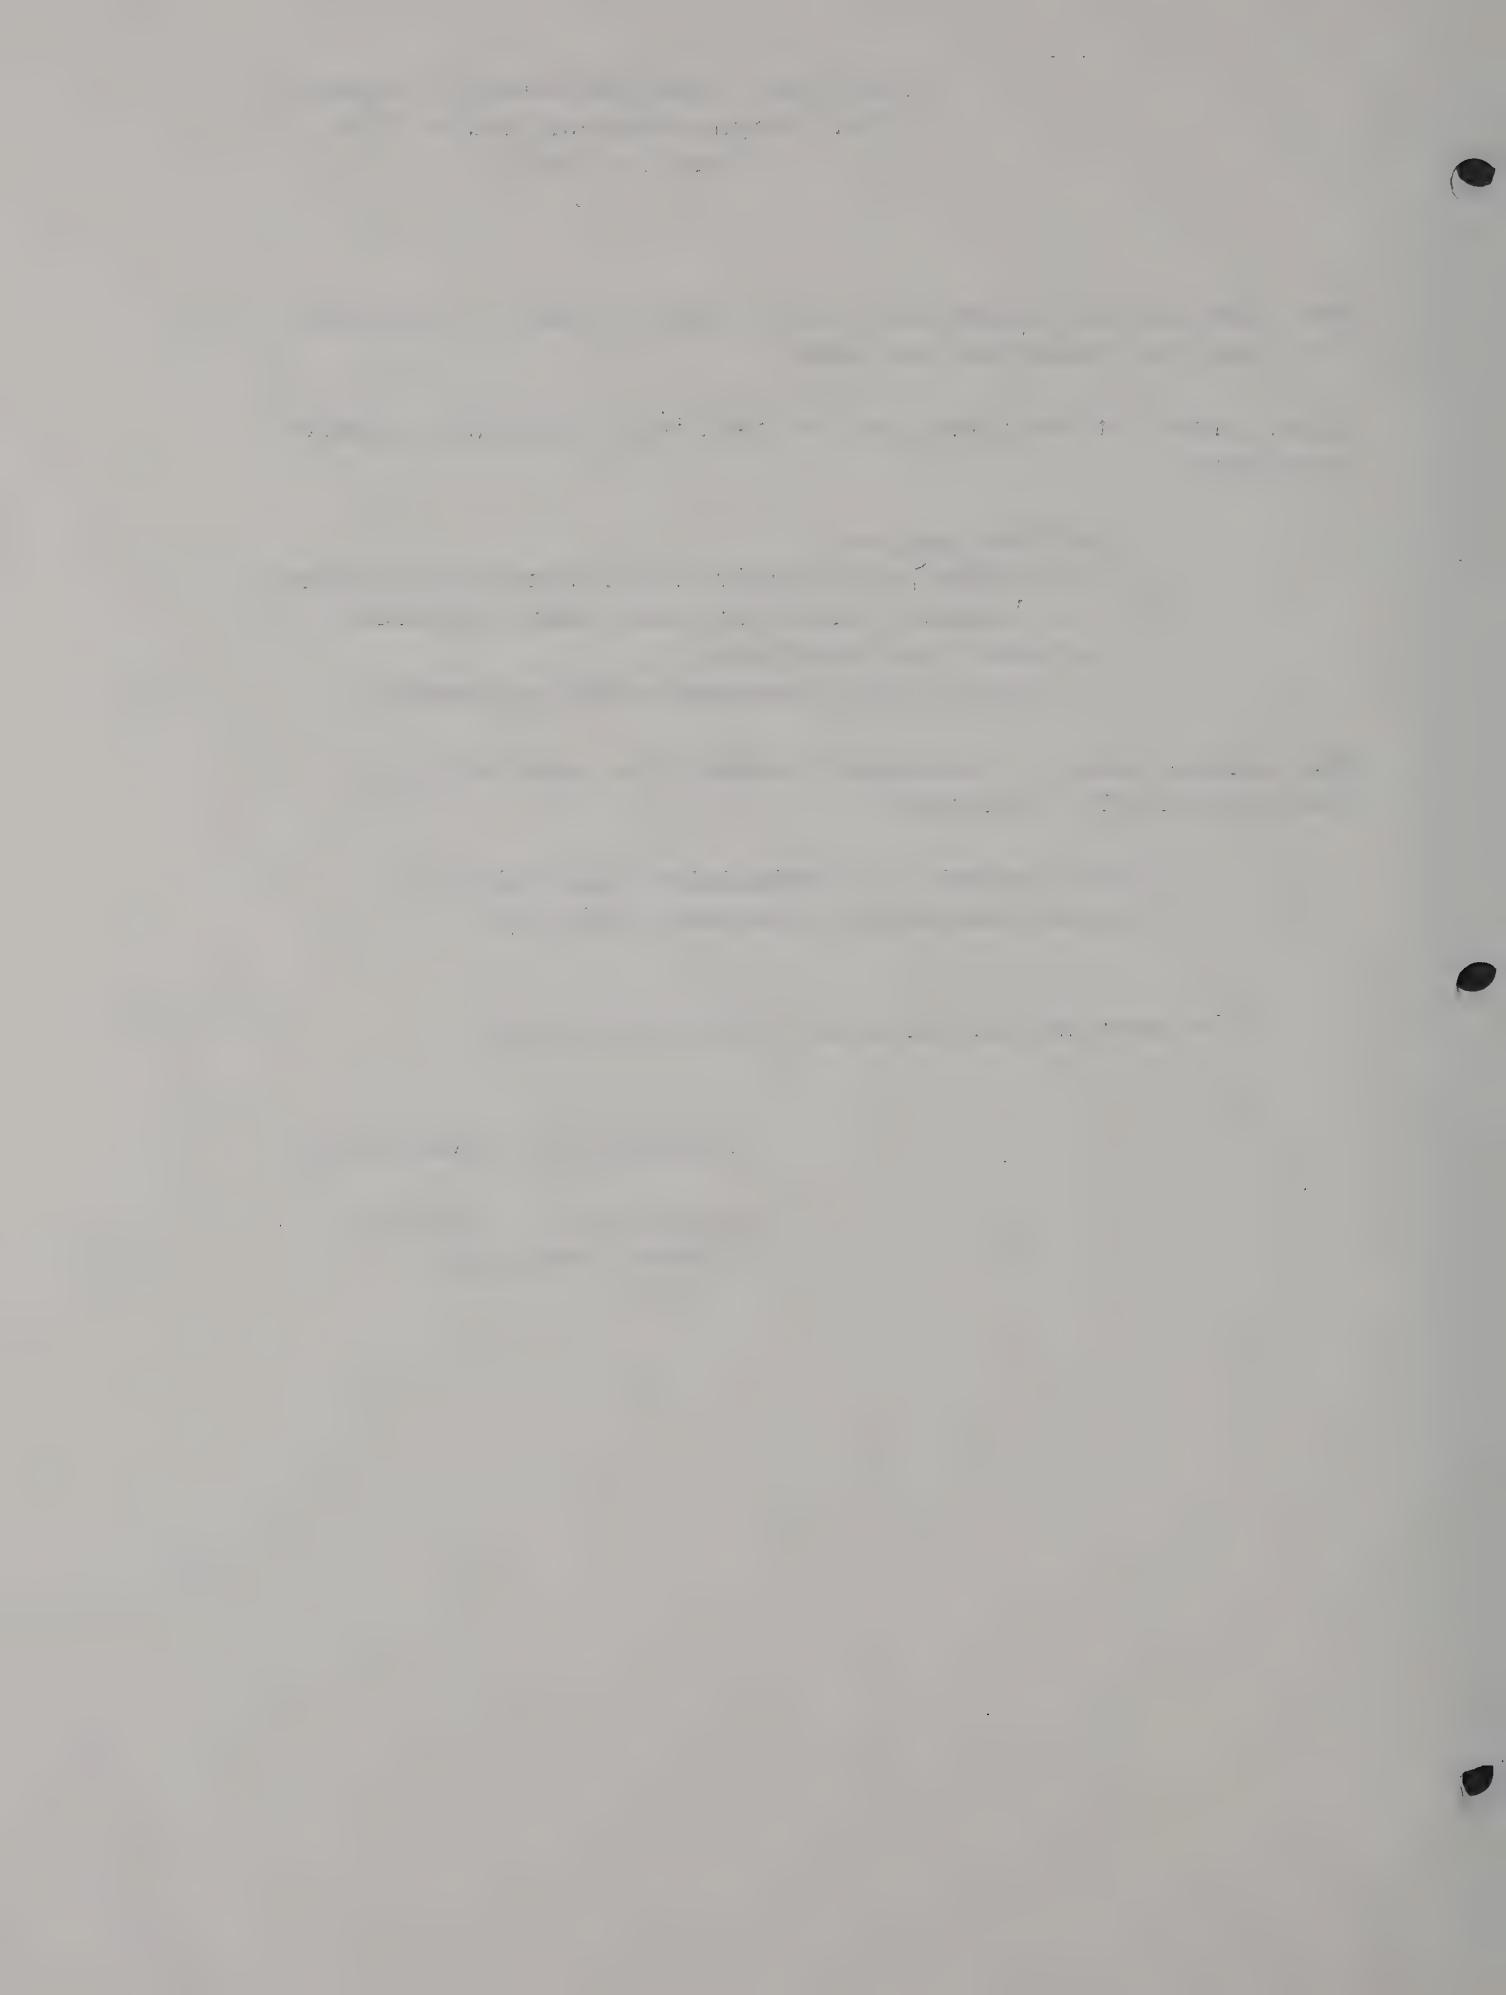

The second order of business probed the possibility of starting an ATV repeater:

- \* Site survey    \* Frequency Coordination
- \* Input and output frequency options

The meeting was then called at 10:10 pm.

Respectfully submitted,

Kristopher D. Staller,  
KF9AW, Secretary

## GENERAL MEETING MINUTES

February 1991

Jim, K9OMA, opened the meeting at 7:56 pm. There was a good turn-out considering that a travelers advisory was in effect this evening. Larry Smith presented a speech in an introduction to our guest speaker 5th district Congresswoman Jill Long. Larry spoke about recent double standards in the nation regarding Freedom of Speech, Freedom of Worship, Freedom of Justice, and My Fair Share.

Congresswoman Jill Long then held a "town meeting" discussion session, which covered topics ranging from the Persian Gulf war, to the economy, and banking reforms. She announced that she will support the radio spectrum bill.

The business portion of the meeting was then held. Bob, AB9U, reported that the club had \$8,401.62 in liquid assets and a total of \$8,740.74. Paid memberships for 1991 stood at 103, as compared to 132 at the same time last year.

**Old Business:** There was \$14 left after all auction monies were accounted for. This is exactly enough for one QSL order. If you placed a QSL order with the club at the January meeting, you should contact Bob Streeter to make sure that your order has been placed.

Conversion of the club field day generator to propane was discussed. This will allow for safer, uninterrupted service during refuelings. Al Waters made a motion that it be done. It was seconded and unanimously approved.

**New Business:** Per the Technical Committee, the phone patch has been modified such that voice IDs can now be heard at the start of the sequence. A site survey will be conducted to see if the current repeater site could host an ATV repeater. The input and output frequencies will be determined once the site survey information has been collected. The Executive Committee reviewed the club Constitution and Bylaws and came up with some modifications which bring it up to date with 1991. Copies of the proposed changes were distributed at the meeting, and will be distributed over the next two meetings. Voting to accept the changes will take place at the May 1991 meeting. The Hamfest will be held on August 25, 1991 (Sunday) at the Allen County fairgrounds. The Hamfest Committee will be formed and volunteer tasks will be assessed. The Boy Scout Jamboree-On-The-Air is coming up. Charlie Hall will discuss details at the March meeting. Meeting was adjourned at 9:25 pm.

Respectfully submitted, Kristopher D. Staller, KF9AW, Secretary

Fort Wayne Amateur Radio Club  
March 7, 1991

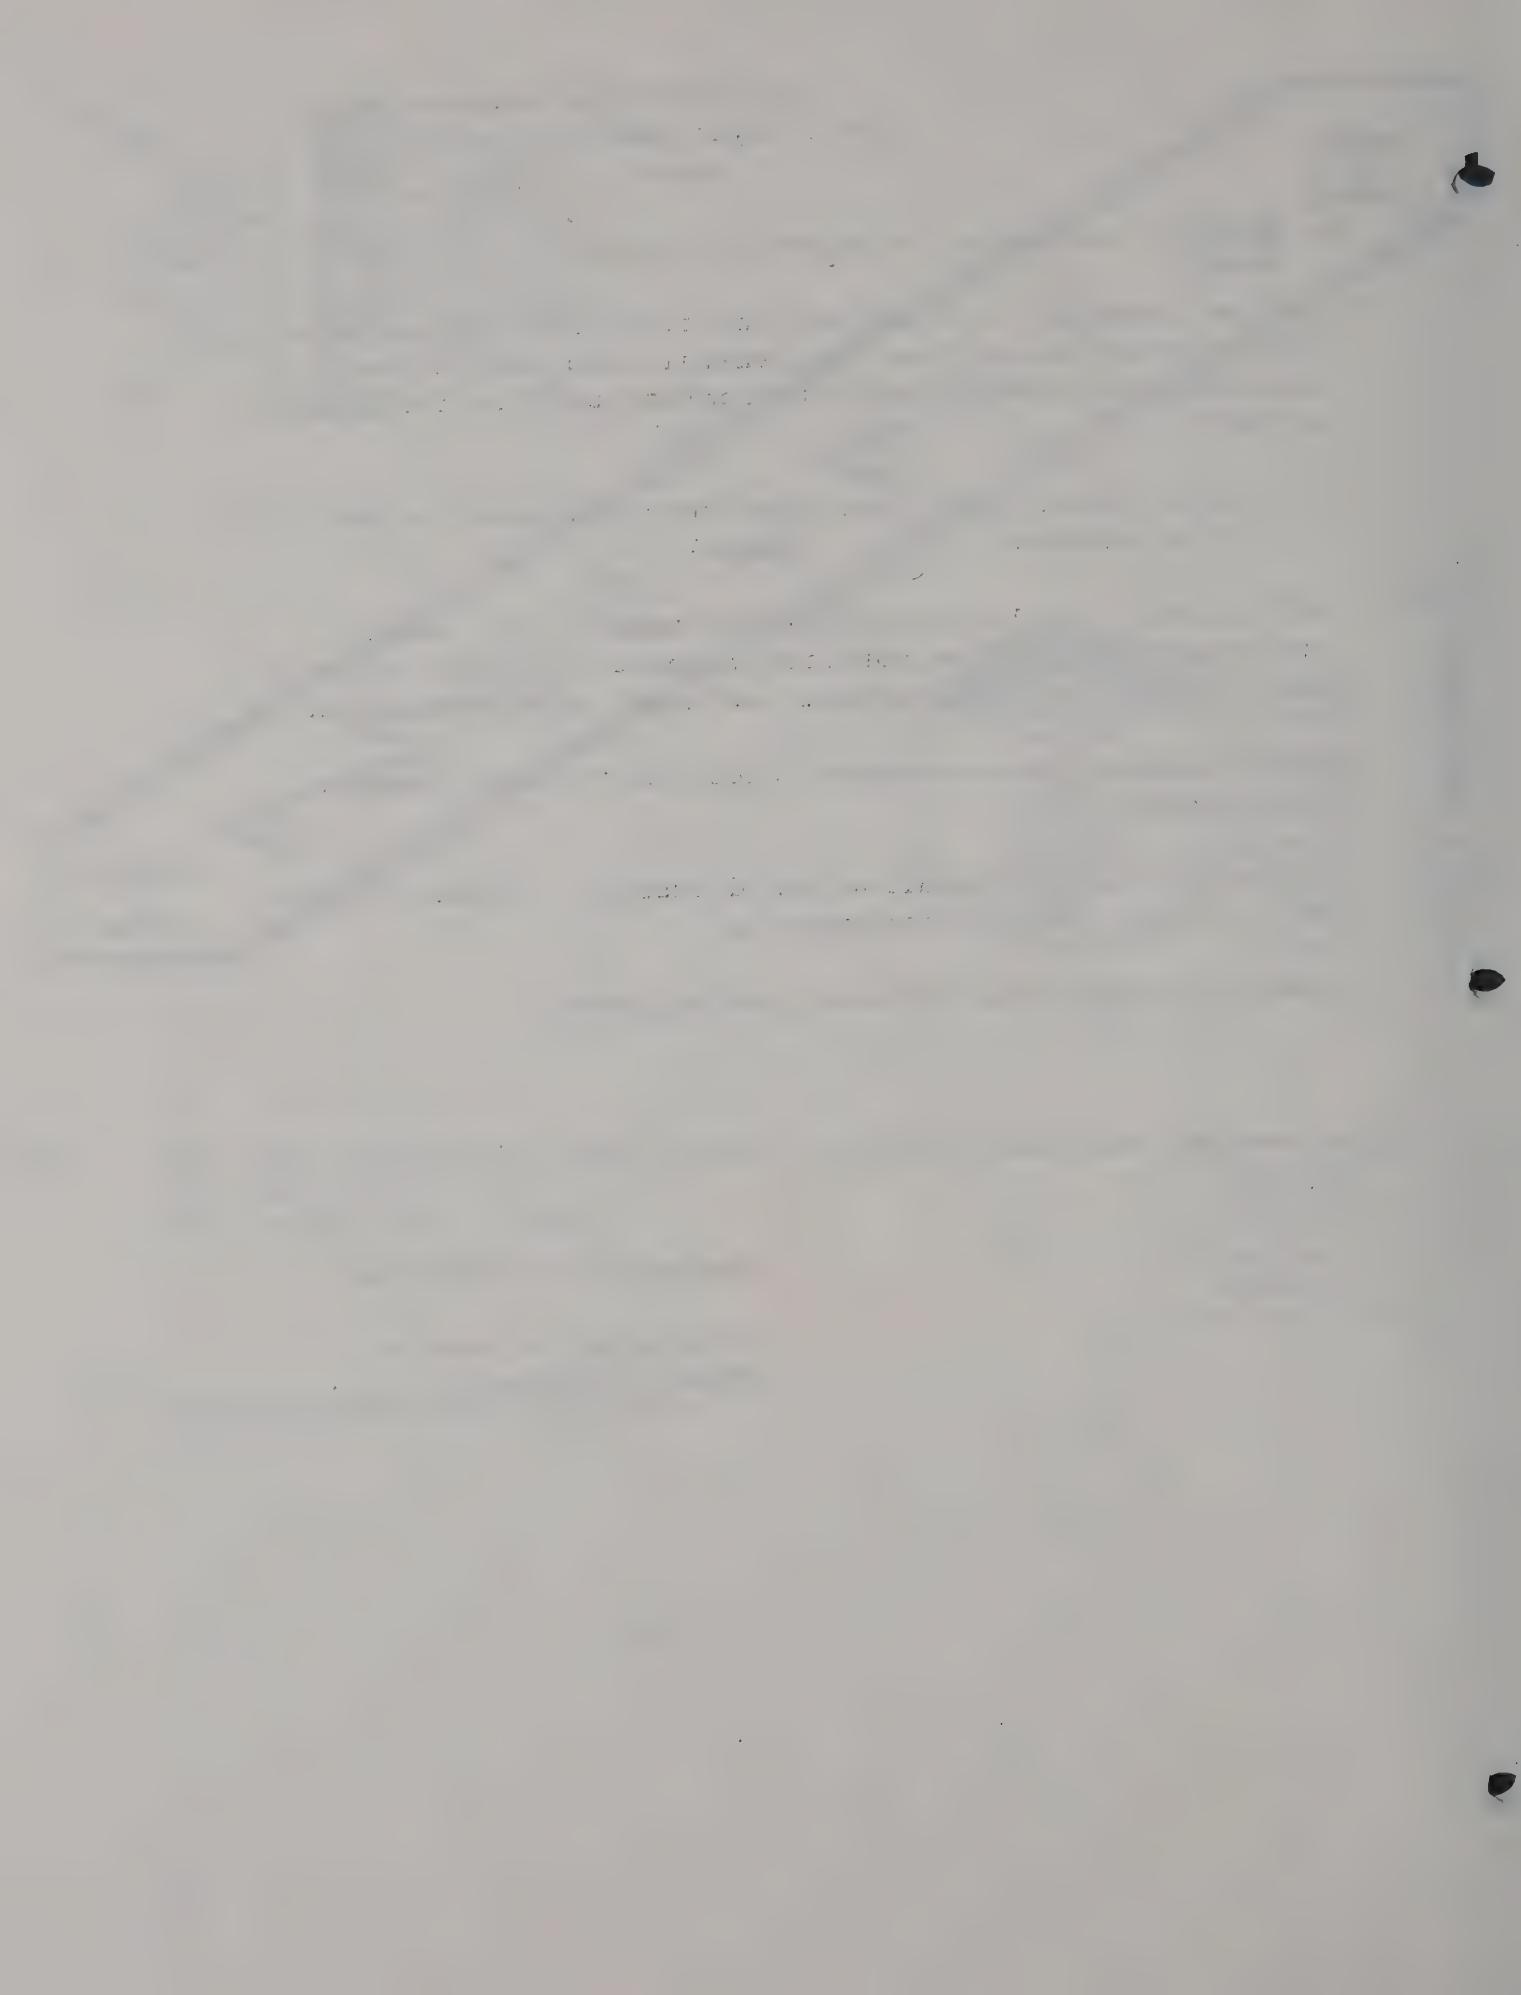

The meeting was called to order at 8:08pm

- \* Ladies auxillary account was the first item of business \$500 was allocated from the general fund into the new auxillary account, along with hamfest profits for a total of \$831.
- \* The phone patch audio level had been addressed, along with new ID procedures.
- \* ATV survey - was inconclusive and very noisy, due to interference from the portside repeater. A vestigal side band filter and slot antenna was under experimentation.
- \* Bylaw changes were accepted, once the Streeter changes were added.
- \* Fairground rental deadline was dicussed. It was decided not to rent the full fairgrounds.
- \* The 1991 budget was reviewed and approved.

The meeting was then called at 9:54 pm.

Respectfully submitted,

Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
FWRC March 1991

This month's meeting was held at the Old Country Buffet at the Coldwater Crossing Shopping Center. 96 members and guests were in attendance. The meeting was called to order at 7:45 by President Jim Pliett, K9OMA, following a smorgasbord dinner hour. Thanks to Kathy Raptis for a well organized evening.

Bob Sievers was the guest speaker, and started out the program with one of his famous travel-loge presentations - the Middle East. He talked about his travels to Egypt, Jordan, Israel, Greece, and other east Mediterranean countries, and showed his homestead in Angola. Despite the cramped conditions and the numerous "birthday announcements" it was an excellent and well received program. He was presented with a club anniversary pin and a photo from a previous club banquet at which he had spoken (40th anniversary).

The business portion of the meeting was then conducted. The treasury stands at \$8836.25, with \$8497.13 in liquid assets. 12,000 QSL cards are still in stock. The club is selling them off at cost plus printing - this is a good time to replenish your supply!

The executive committee has issued some changes to the club constitution and bylaws. A copy of these changes will be issued in the April Hamsplatter, and will be voted on at the May general meeting.

\$500 was transferred to the Ladies Auxiliary account from the general fund.

Hamfest day will be held at the same site this year (Payton park).

Boy Scout Jamboree on-the-air details will be discussed in the Hamsplatter.

The hamfest update was postponed this month; and the code and theory classes were started on March 18 at the ITT Tech school on Coldwater Rd, and meets mondays and thursdays at 6:30.

The meeting was called at 9:15 pm

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
April 18, 1991

The meeting was called to order at 7:30 pm by Bill Kindred, WA9RAP, Vice President.

Old Business: The proposed changes to the Club Constitution and Bylaws will be voted on in the May, 1991 meeting. Copies of the changes were distributed in the April issue of the "Hamsplatter" and will appear in the May issue as well. These changes are basically housekeeping in nature, to bring the Constitution more up to date.

New Business: No issues addressed.

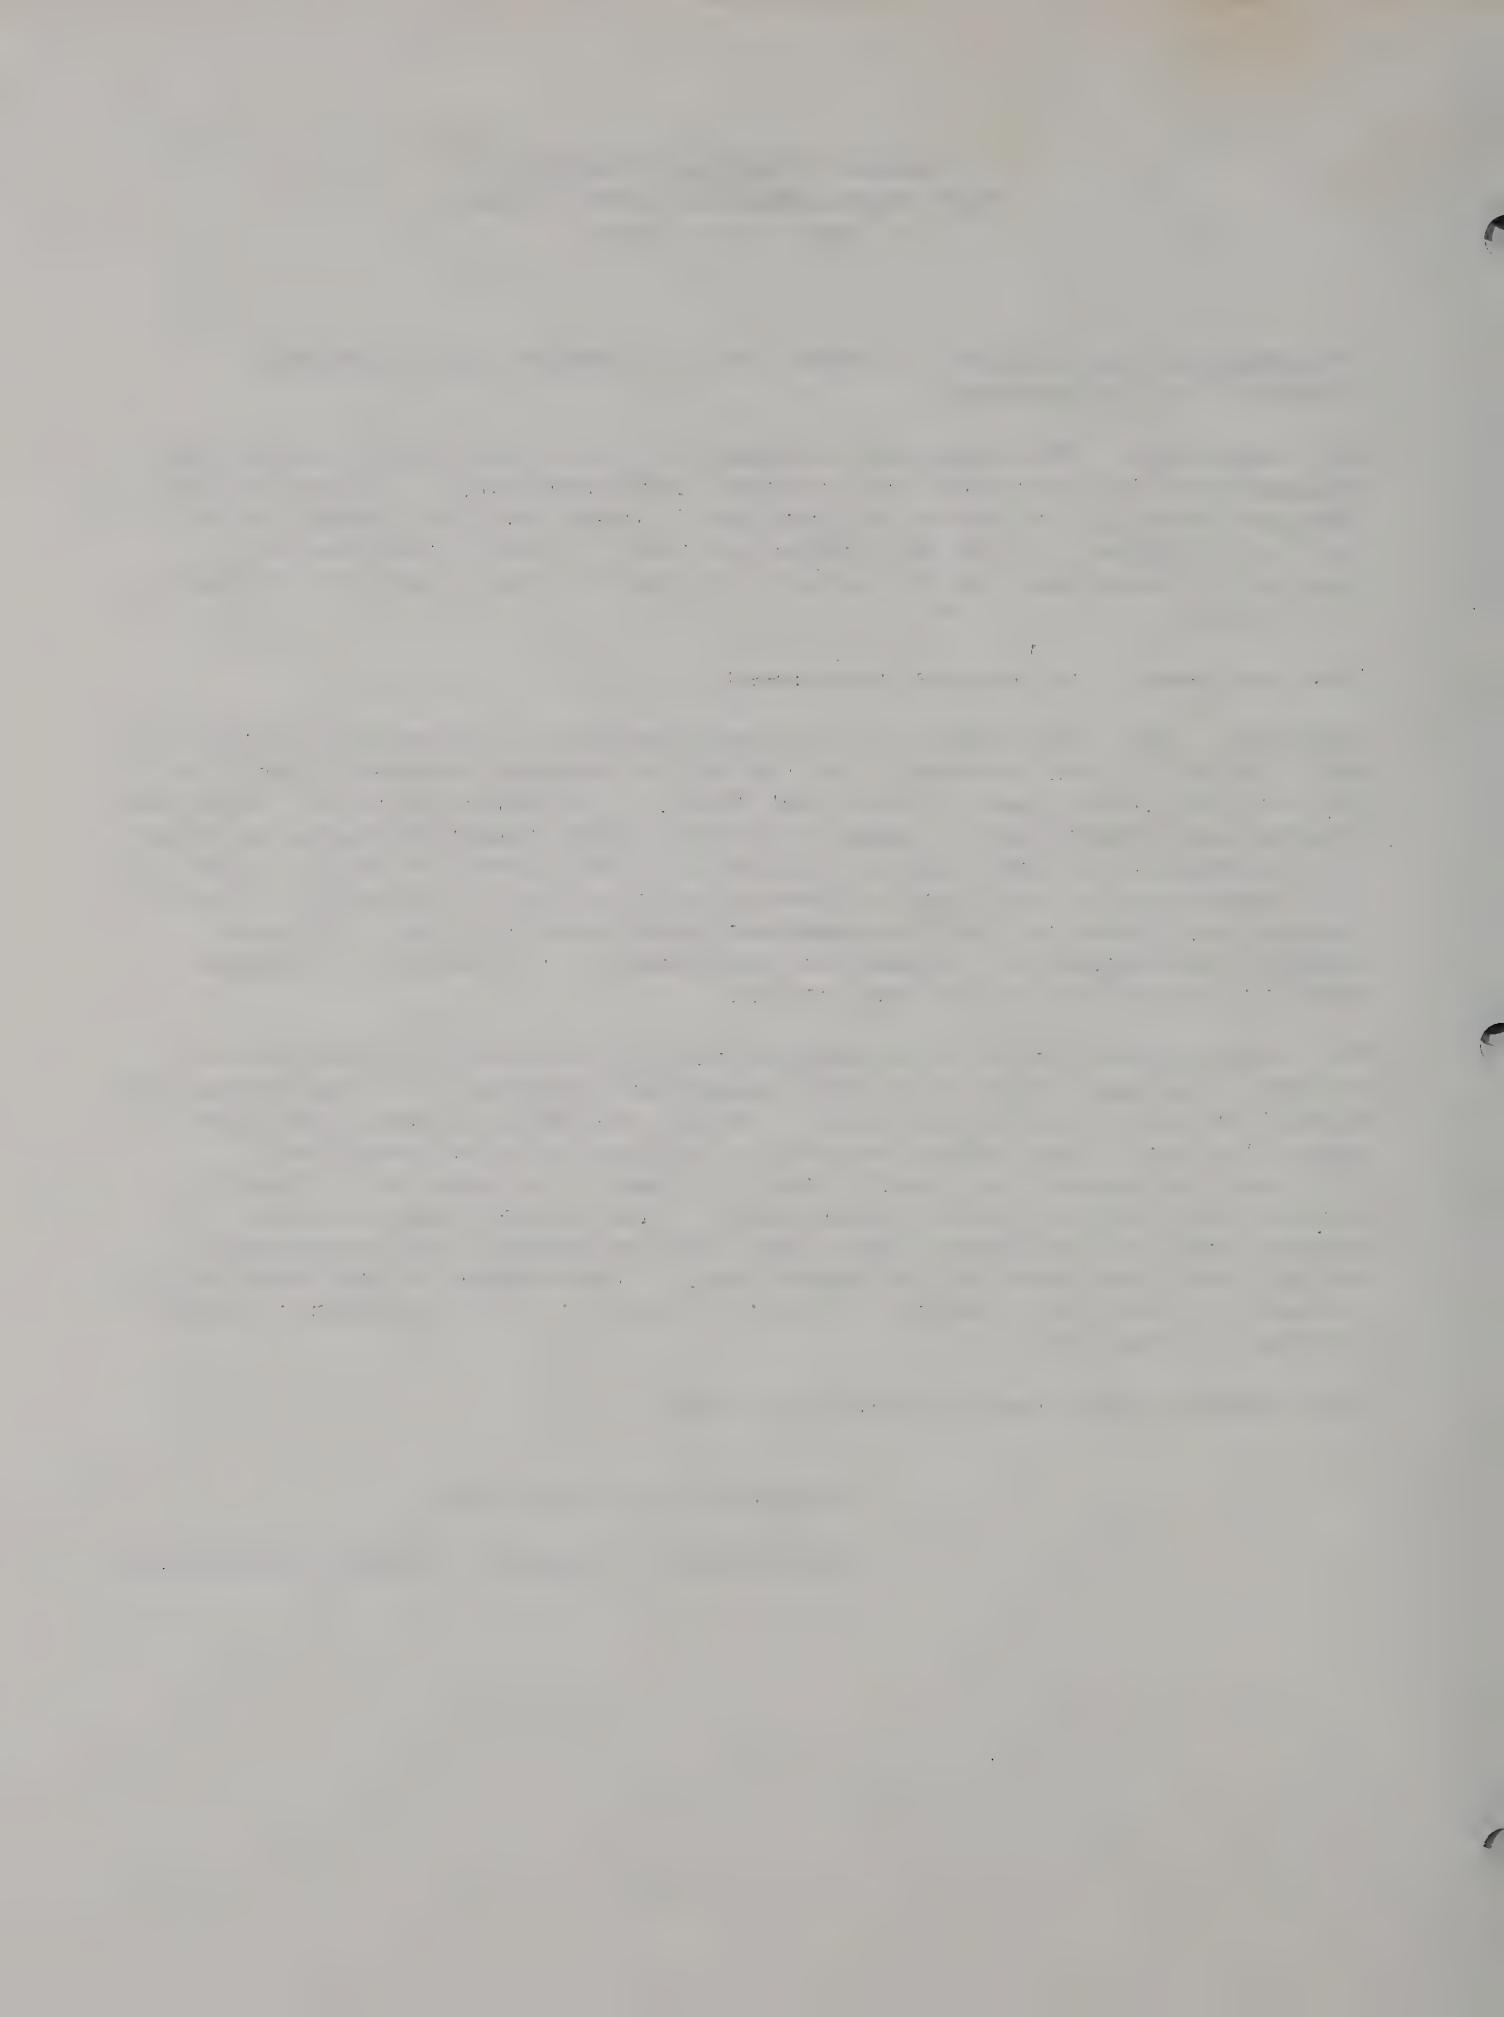

Program: The first part of the program was a presentation by Bill Hall, WD9HII, and covered the ice storm damage wrecked upon the central Indiana power lines last March. An AEP/I&M video tape was played and showed what happens to the large tower structures when they accumulate more than 8 inches of ice! Over 39 structures had collapsed on the eastern north-south line, and substantial line damage was incurred to the western north-south line. If such damage can happen to commercial equipment, I'd hate to imagine what it could do to our ham stuff!

The second portion of the program was presented by Frank Moore, WA1URA. He was "the source of smuggled information" coming out of Kuwait during the Gulf crisis. Using the AMTOR communications mode, he and three other amateur stations relayed pertinent information about the conditions in Kuwait as sent by a Kuwaiti ham to the United States government. He shared many of the transcripts in unedited form, and then replayed CBS broadcasts which used portions of the same text. The whole volume was very compelling and will make a powerful book, if the persons involved decide to compile one.

The meeting was then called at 9:55pm.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

Board Meeting Minutes  
Fort Wayne Amateur Radio Club  
May 9, 1991

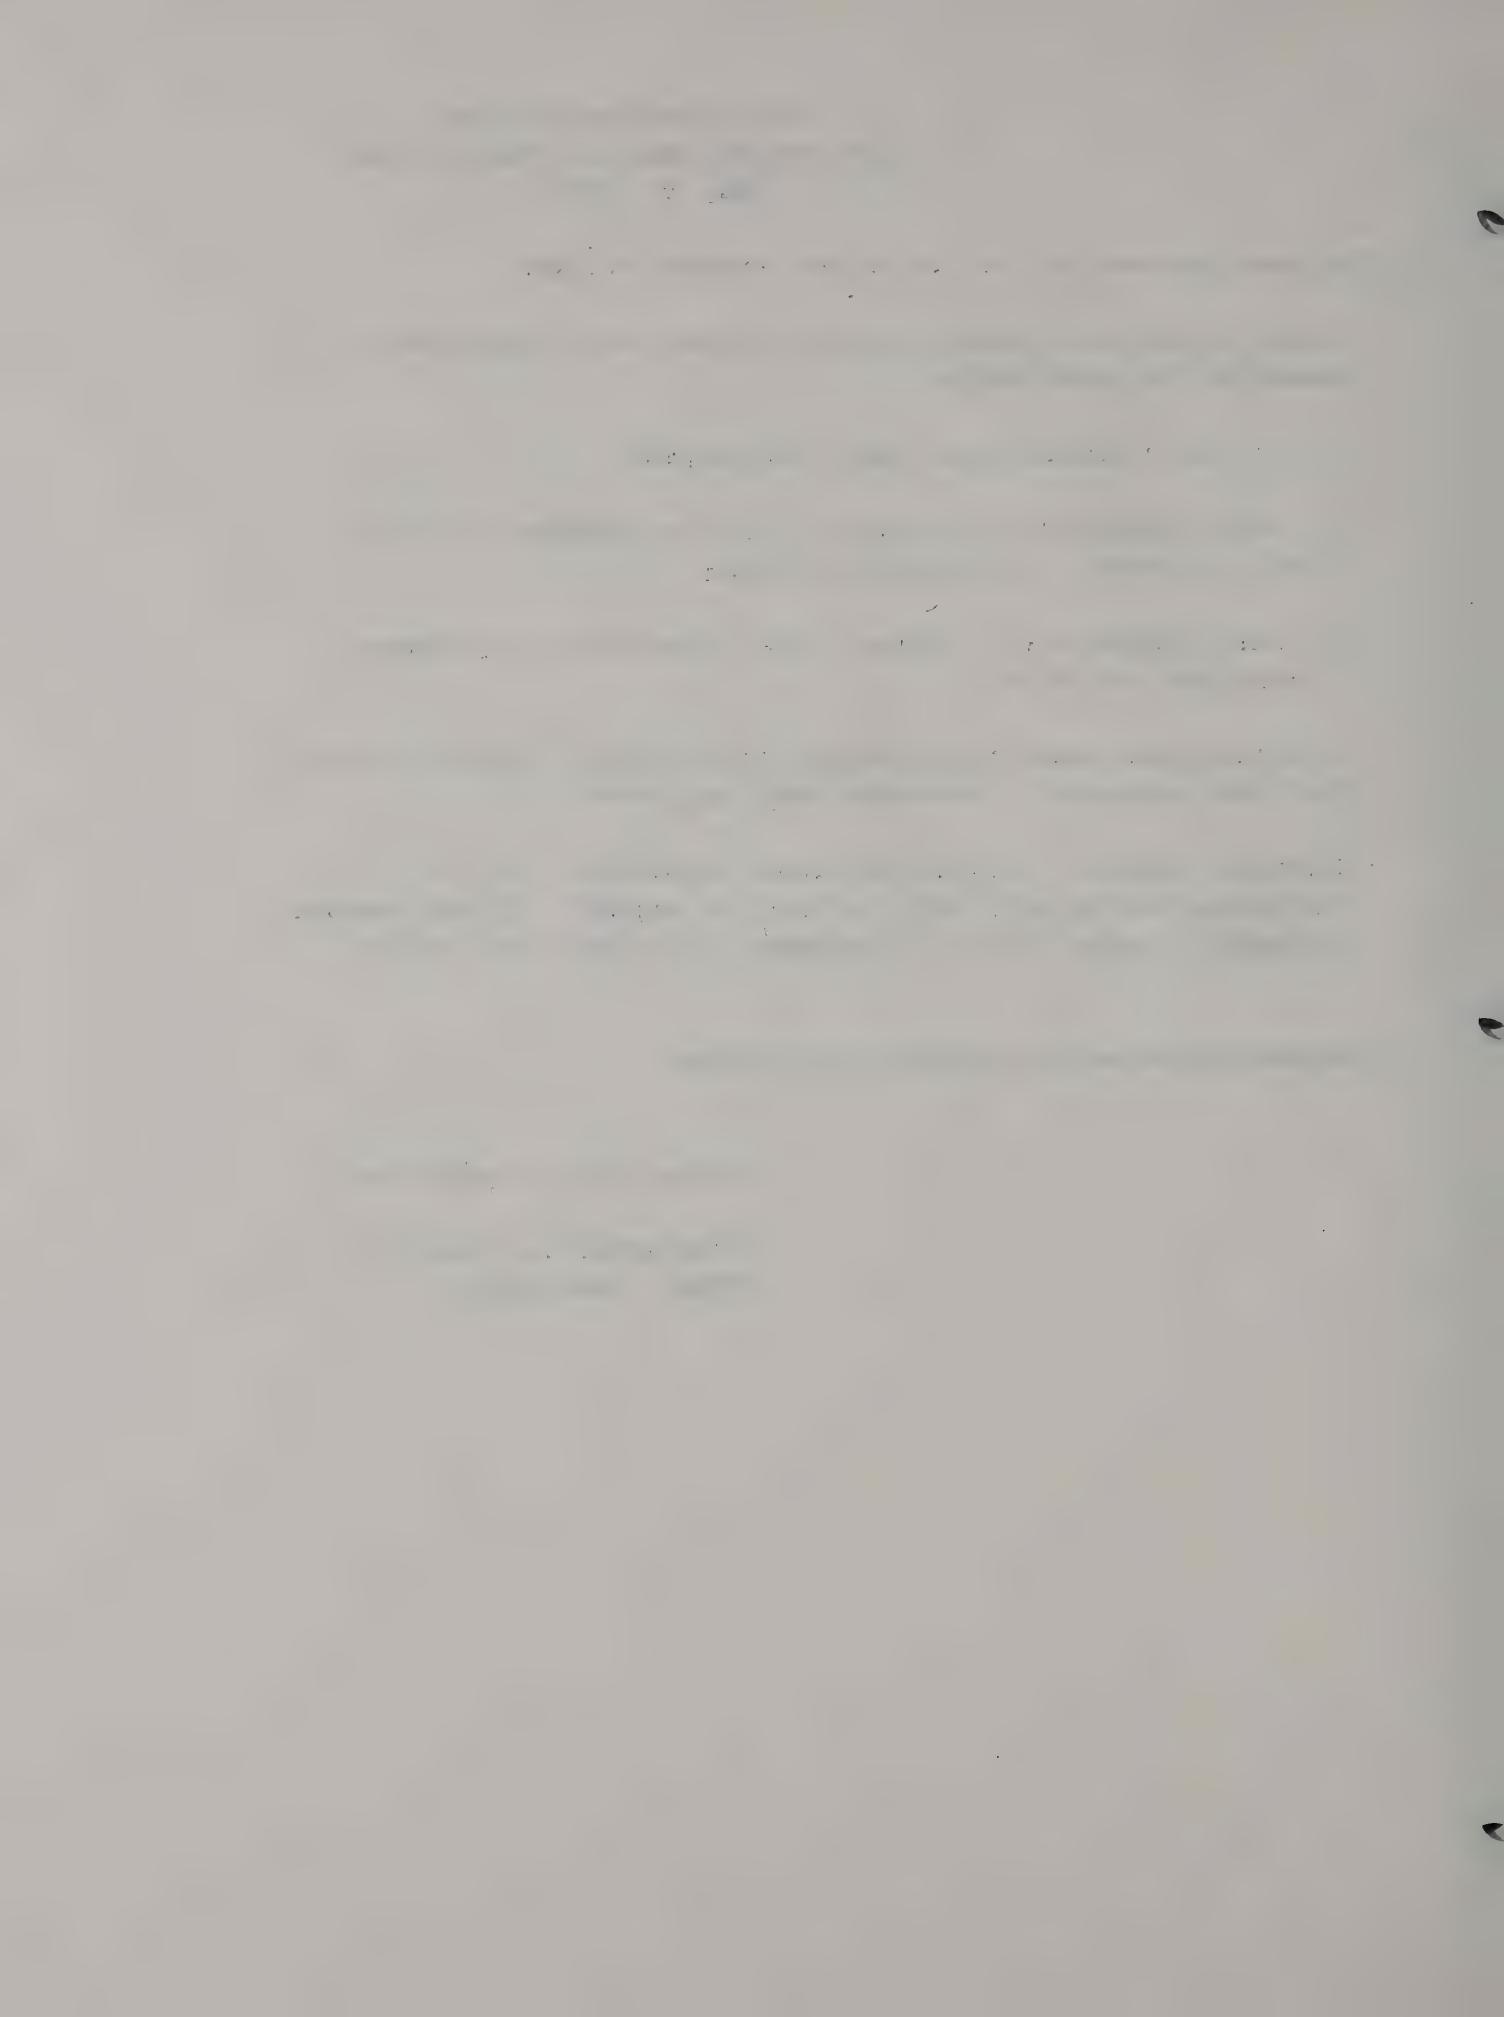

The meeting was called to order around 8:00pm

- \* Final bylaw and constitution changes were approved for Hamsplatter publishing.
- \* Field day preparations were discussed.
- \* It was suggested to procure a trailer/camper to store club equipment - assigned to K9OMA
- \* It was suggested to convert the generator to propane - assigned to WD9HII
- \* A motion was made to purchase the digital voice recorder for the repeater. Seconded and approved.
- \* Hamfest update - flyers printed, contract for two buildings obtained, with option to expand. Signs needed. A Heath 2 meter HT was purchased for the grand prize.

The meeting was then called at 9:10pm.

Respectfully submitted,

Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
May 17, 1991

The meeting was called to order at 7:50 pm by Jim Pliett, K9OMA, President. 40 members and guests were in attendance.

Per Bob Streeter, AB9U, the treasury stood at \$8533.32

Old Business: Frank Jaworski, K1FJ, gave a briefing on the Hamfest preparations. Flyers are now available for distribution. The changes to the club constitution and bylaws was unanimously approved by the membership.

New Business: The Field Day organization meeting was announced to take place on the second week of June. It will be held at the same site as last year (Payton Park), and will consist of two operating stations and one novice station. The generator was in the process of being converted to LP gas and should be ready for use at FD. Dinner tickets are available. Please see Kathy Raptis to purchase yours in advance. There will be a club meeting on June 21st, which is the friday before FD starts. It will probably cover FD operating practices.

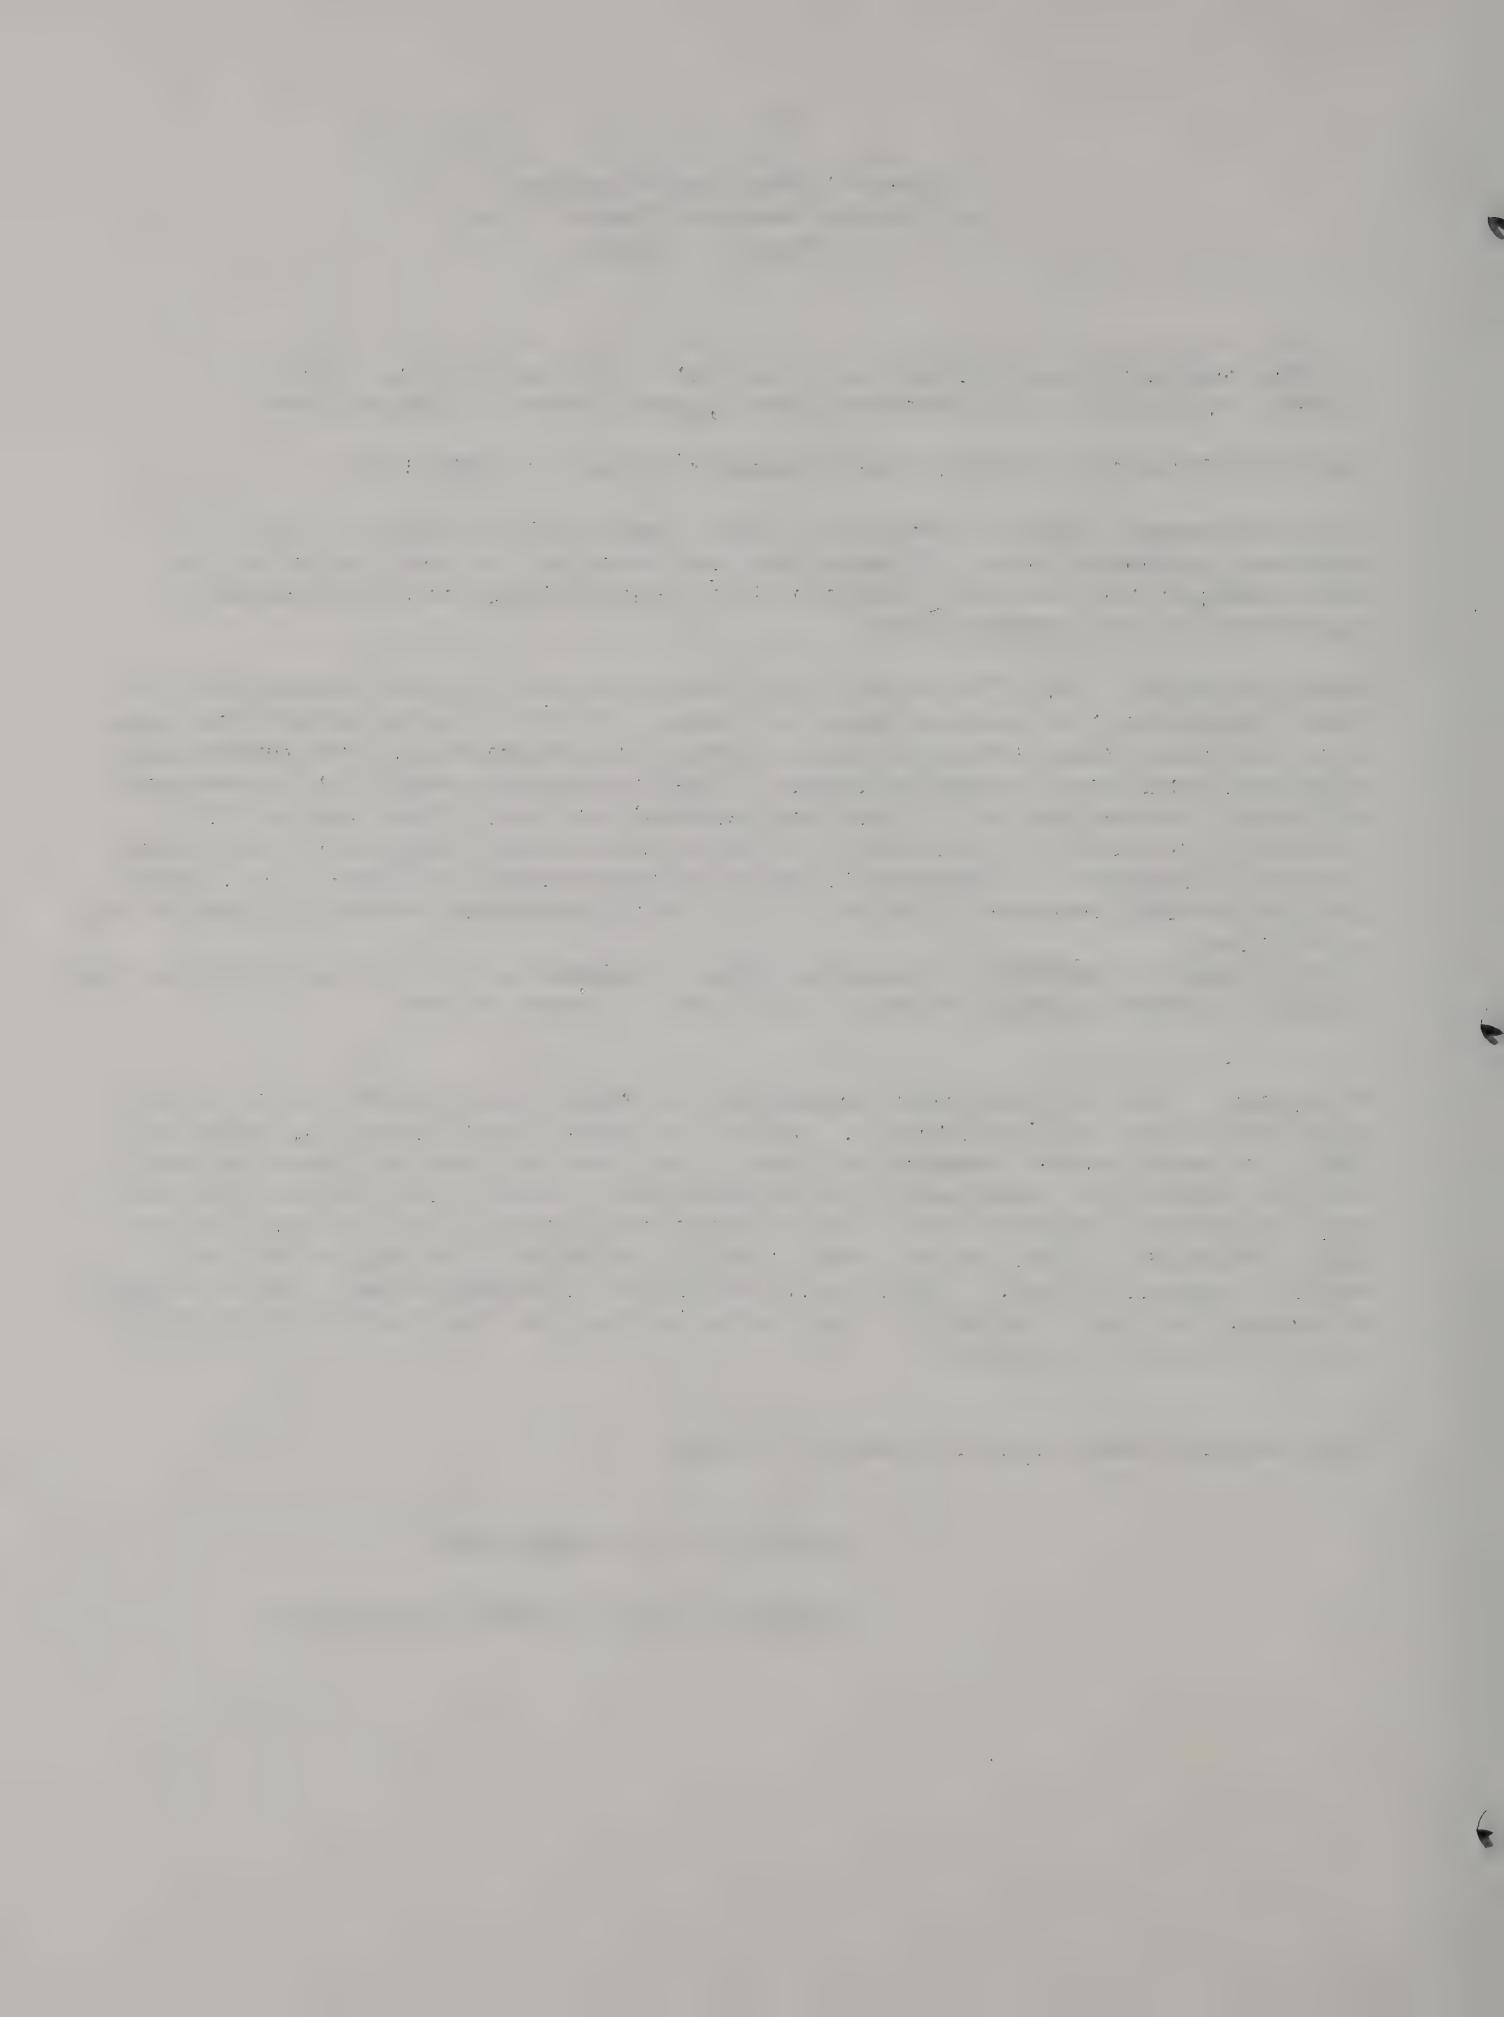

Bill Kindred, WA9RAP, announced that 8 members of the spring code and theory classes passed their Tech+code license exams.

Program: The program was conducted by Mike Cook, AF9Y, with visual aids provided by Jim Pliett. Mike is one of the area big guns in EME, or moonbounce communications. He gave a thorough demonstration on the practice, equipment, and expected results for given systems and operating conditions. It takes a very good trained ear to copy the reflected CW signals, and it truly sounds like out-of-this world communications. EME, unlike HF DX transmissions, has a higher attenuation (on 2 meters), but gets better as the distance between the stations increases!

The meeting was then called at 9:21pm.

Respectfully submitted,

*Kristopher D. Stoller, KF9AW, Secretary*

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
June 21, 1991

The meeting was called to order at 7:47pm by Bill Kindred, WA9RAP VP. Twenty members were in attendance.

Field Day preparations were completed and it was announced that the generator conversion to propane was accomplished.

Bill announced that the next round of Code & Theory classes would start up in September. The last class graduated 12 new license holders.

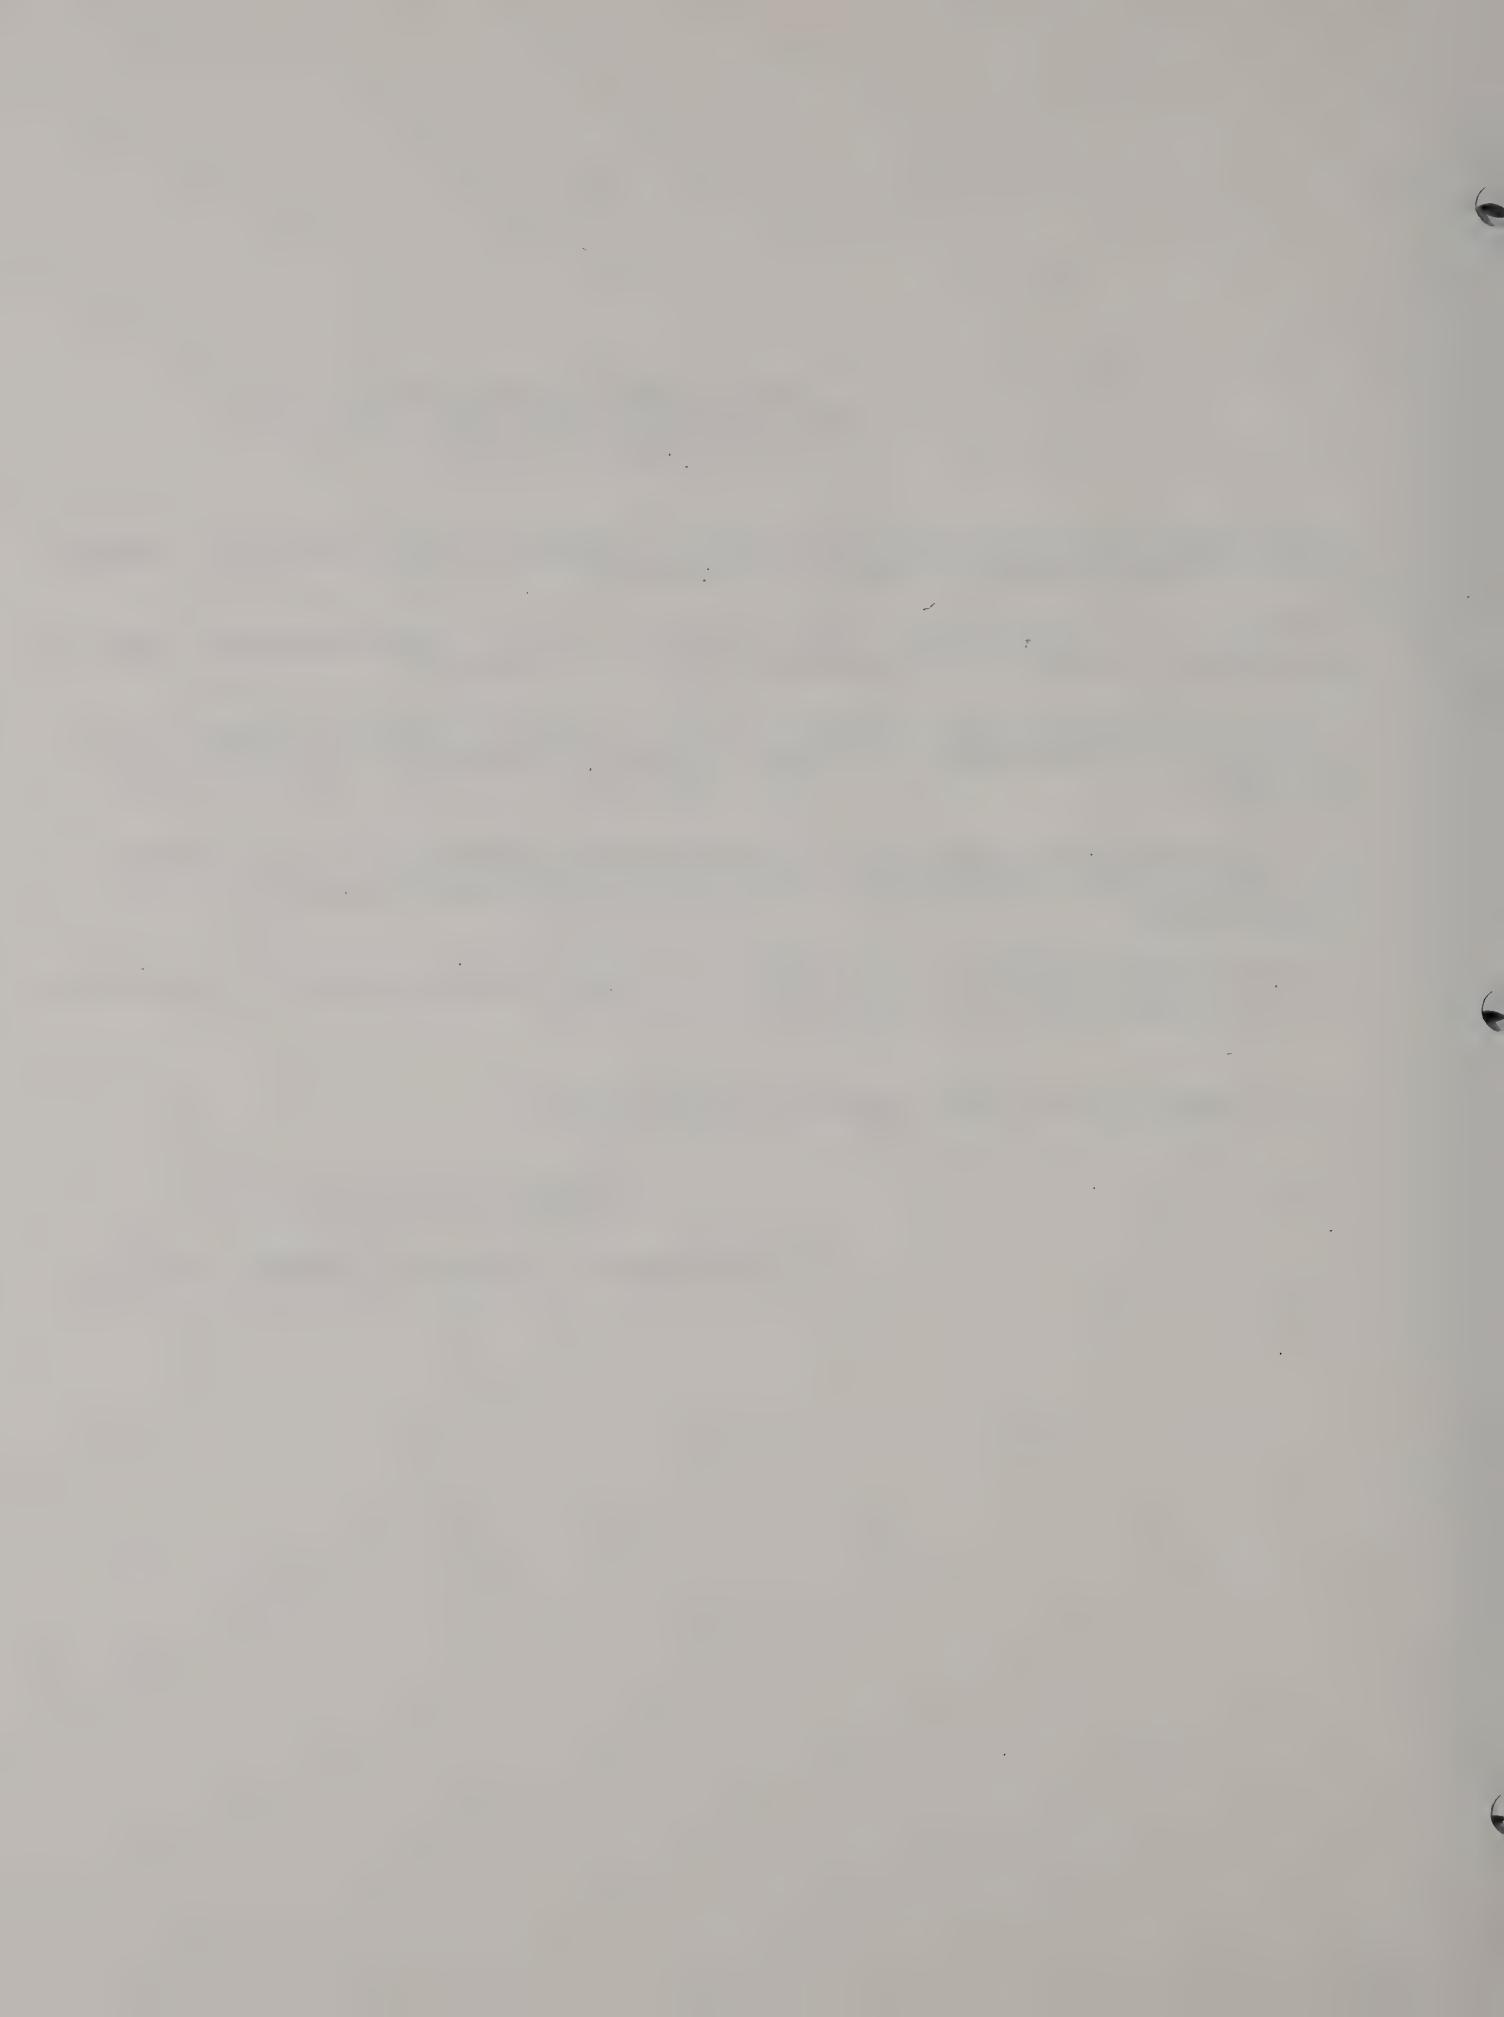

The treasurers report, as given by Bob Streeter, stood at \$7,417.20. \$1,100 had just been spent toward the hamfest and generator conversion.

No major program was presented, so the evening generally covered telling field day war stories.

The meeting was then called at 8:39 pm.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

Board Meeting Minutes  
Fort Wayne Amateur Radio Club  
July 11, 1991

The meeting was called to order at 7:50pm by Jim, K9OMA

- \* Hamfest update - only \$118 in so far... 8 tables sold and 6 tickets. A hamfest coordination meeting was then scheduled for July 23, 1991

The meeting was then called at 8:47pm.

Respectfully submitted,

Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
July 19, 1991

The meeting was called to order at 7:53 pm by Jim Pliett,  
K9OMA, President.

Old Business: Hamfest preparations are underway. Two enclosed buildings will utilized this year and the tables will be catered in. The Ladies Auxiliary will handle the munchies again. Dave, KF9DE (formerly N9ICF) announced that volunteers will be needed for talk-in duties, as well as for ticket management and security.

Don't wait for the draft, please volunteer your services early.

New Business: The President's position will be open in the October elections.

VE testing will be held at the Allen County Public Library on August 3. No pre-registration required.

Program: The program was given by Jim Pliett and covered the theory and operation of spectrum analyzers. Jim brought in several pieces of equipment in which he had built his own analyzers from kits for under \$500. This is a very versatile piece of gear to have, and is becoming relatively inexpensive to obtain (some of the commercial ones can cost tens of thousands of dollars). With an analyzer, you can observe the carrier and sidebands of your own transmission and those around you on the band. It can help to avoid QRM and to determine if you have mismatch problems.

The meeting was then called at 8:47pm.

Respectfully submitted,

*Kristopher D. Stalter, KF9AW, Secretary*

Board Meeting Minutes  
Fort Wayne Amateur Radio Club  
August 8, 1991

The meeting was called to order at 7:10 pm

Hamfest details were discussed:

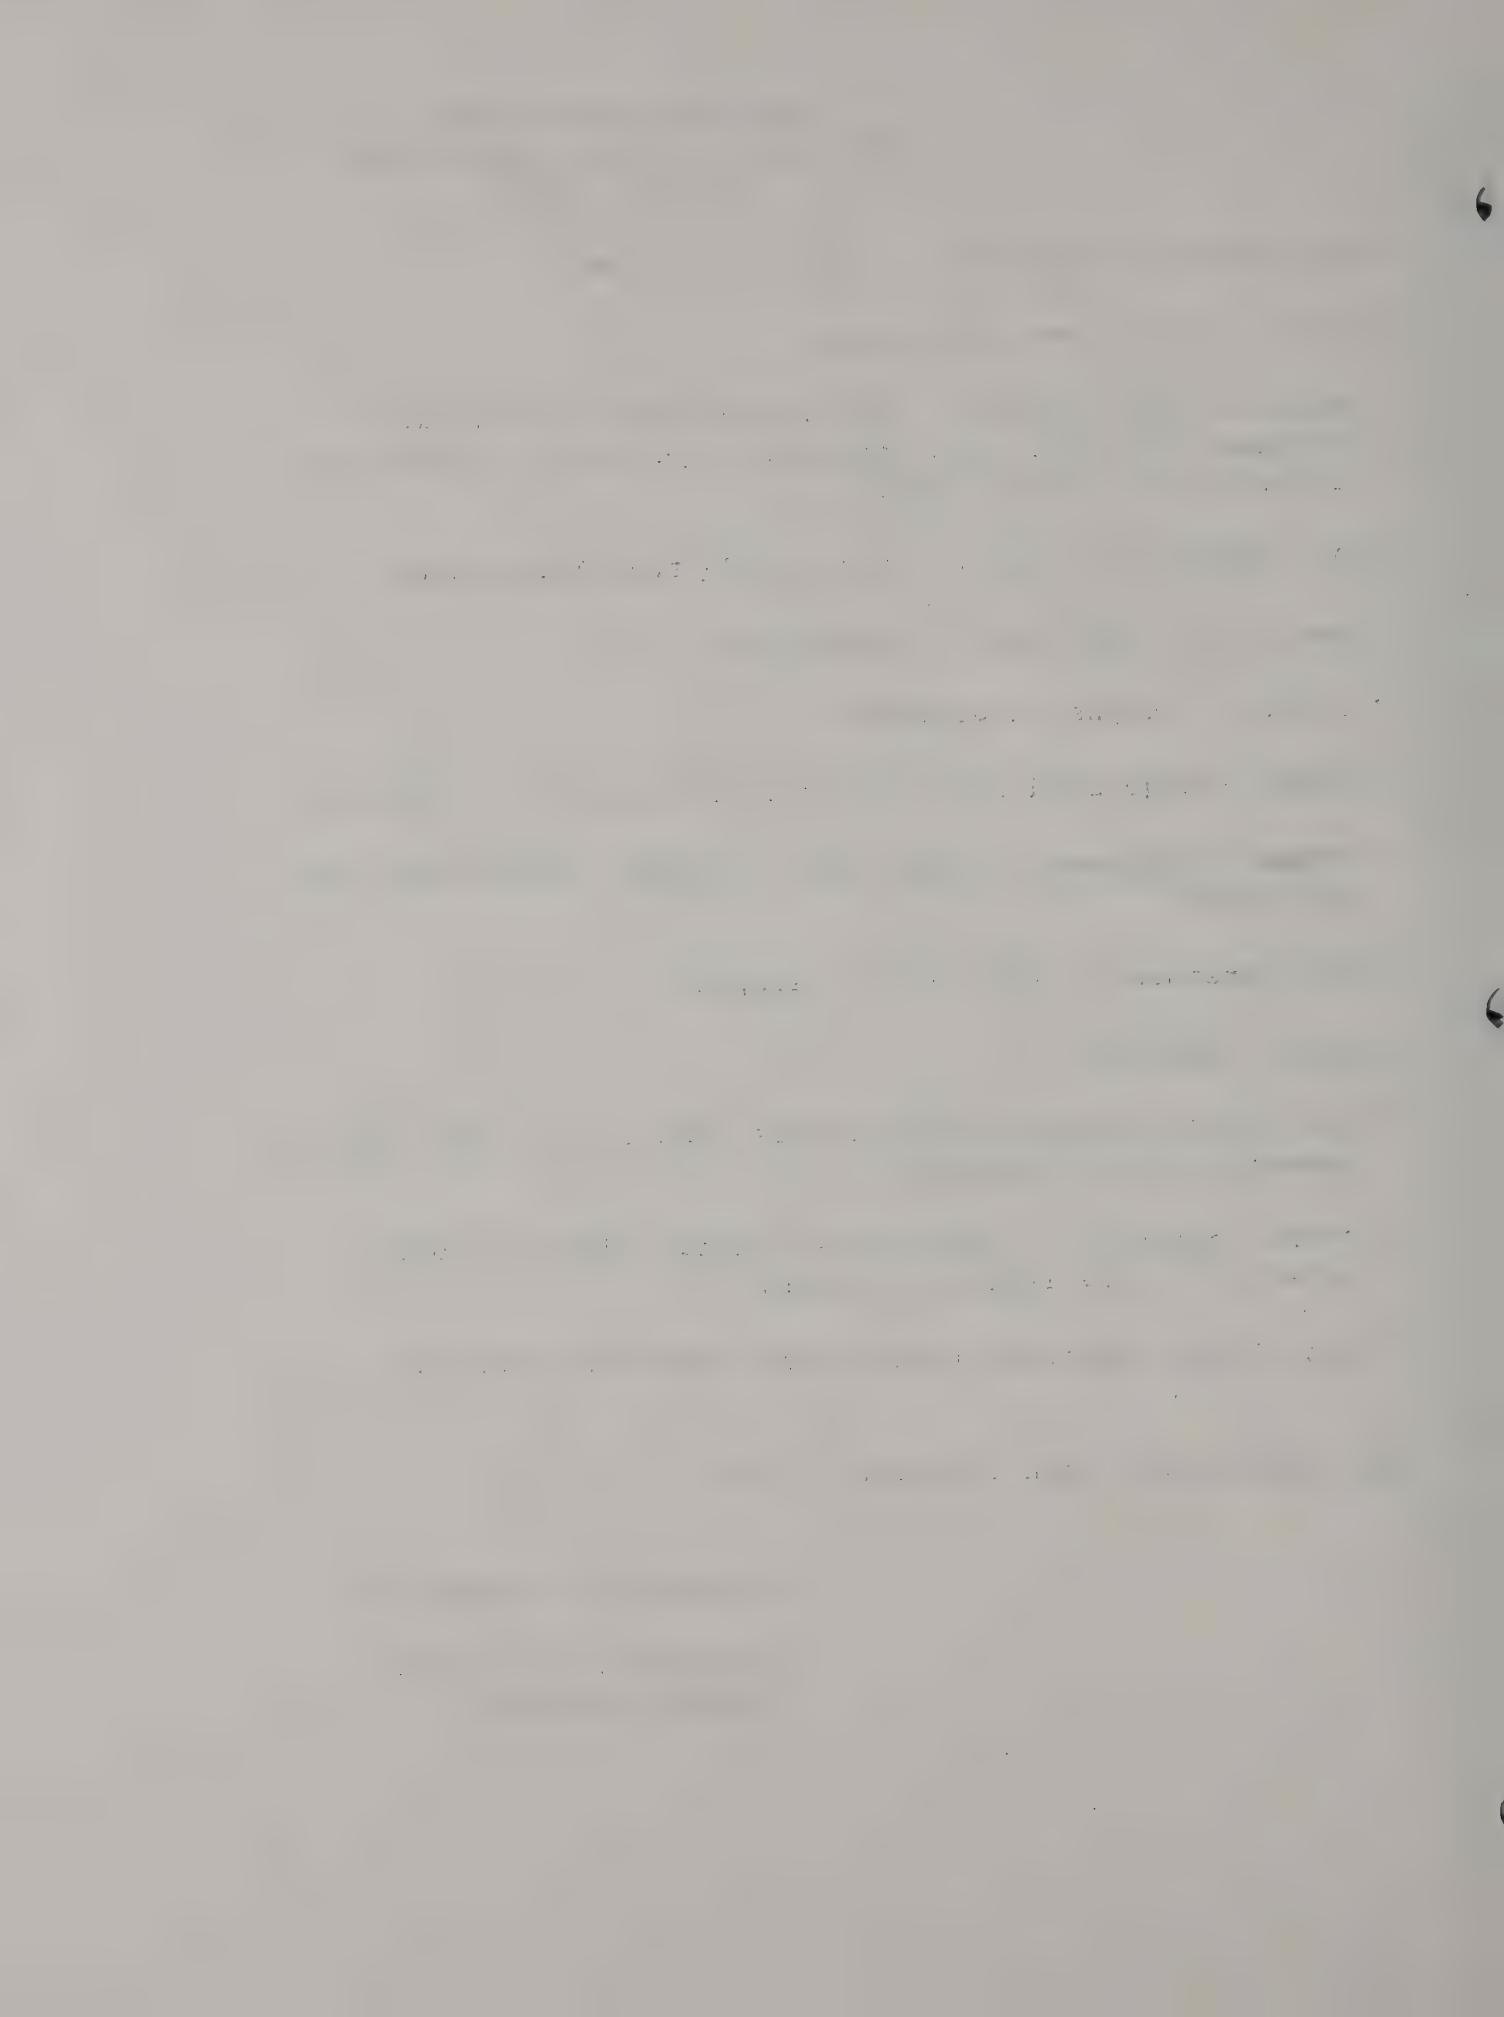

- \* \$550 in sales so far. Fairground rent paid in full.  
Fireman waterball event possible. VE test to be held at 12 pm w/ walk ins allowed.
- \* Al, WD9FAQ assigned to pick up ATV from Ehlerdings.
- \* Red Cross committed to appearance.
- \* K9VFE - 3 signs in progress
- \* KF9DE - Requested radio check of site prior to call-in.
- \* KF9AW - Assigned to handle gate tickets, cash flow, and ATV usage.
- \* Main frequency to be 146.535 simplex.

General business:

- \* Bob, AB9U reminded of the excess cash in the bank and that spending should commence.
- \* K9VFE assigned to investigate adding a digital voice injector to the repeater system.
- \* Dan, N9GWG appointed nominations committee chairman.

The meeting was then called at 9:10pm.

Respectfully submitted,  
Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
August 16, 1991

The meeting was called to order at 7:54 pm by Frank Jaworski, K1FJ, Acting President.

Old Business: Final Hamfest preparations and details were discussed. Volunteer sign ups were conducted and phone campaign established to staff the event.

New Business: Dan Spencer has been named nominating committee chairman. Bob Streeter, AB9U, will run again for Treasurer, Al Waters, WD9FAQ, will run again for Communications Officer. The President and Editor positions are open for nominations. Kris Staller, KF9AW, will take the Editor position if someone is nominated for Secretary.

Program: The program was presented by John Goller, K9UWA, on contesting. He updated us on the new changes to his station, with video footage of the raising of his massive 160 ft microwave tower, the various antenna arrays, and the new shack layout. He explained the new "rice box" radios which can be digitally linked to packet DX clusters. This set up allows a contest operator to automatically tune to the reported DX station without having to turn the dial. John competes in 4-6 contests per year.

The meeting was then called at 9:08 pm.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
September 20, 1991

\*Note\* These minutes were compiled by Larry Smith, K9VFE. I was absent from this meeting due to post-surgery complications.

The September meeting of the FWRC was started at 1950L on Friday 9/20/91. The treasurer's report was given by Bob Streeter who reported that the first ever review of the Club's books would be done by 9/25/91.

Charlie Hall, KC9LA, announced the Boy Scout Jamboree on the Air activities that would be taking place at the 4-H fairgrounds and solicited volunteers for the October 19th activity.

Frank Jaworski presented a check to the club for \$1813 as proceeds from the 1991 Summit City Hamfest.

Brad Davidson, KA9LCF, was the featured speaker and presented an extremely interesting program on lightening protection. Al, N9BAC, assisted with examples of what can happen when you don't have enough protection. Many club members took notes nad there was an extensive question and answer period.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
October 18, 1991

The meeting was called to order at 7:50 pm by Jim Pliett. 30 members and guests were in attendance.

The treasurers report stated that current liquid assets stood at \$9,464.29, with total assets at \$14,089.82. A discussion was then given regarding the liability of excess profits in a non-profit organization, and the pros and cons of profit reports.

Election nominations were taken. The officers candidates were as follows:

Charlie Hall reported a sucessful Boy Scout Jamboree on the air. Several European contacts were made by the scouts, but the two-way ATV stations stole the show.

Al Waters explained that a printing error resulting in a few "fat" Hamsplatters which caused the post office to hold the mailing until corrected.

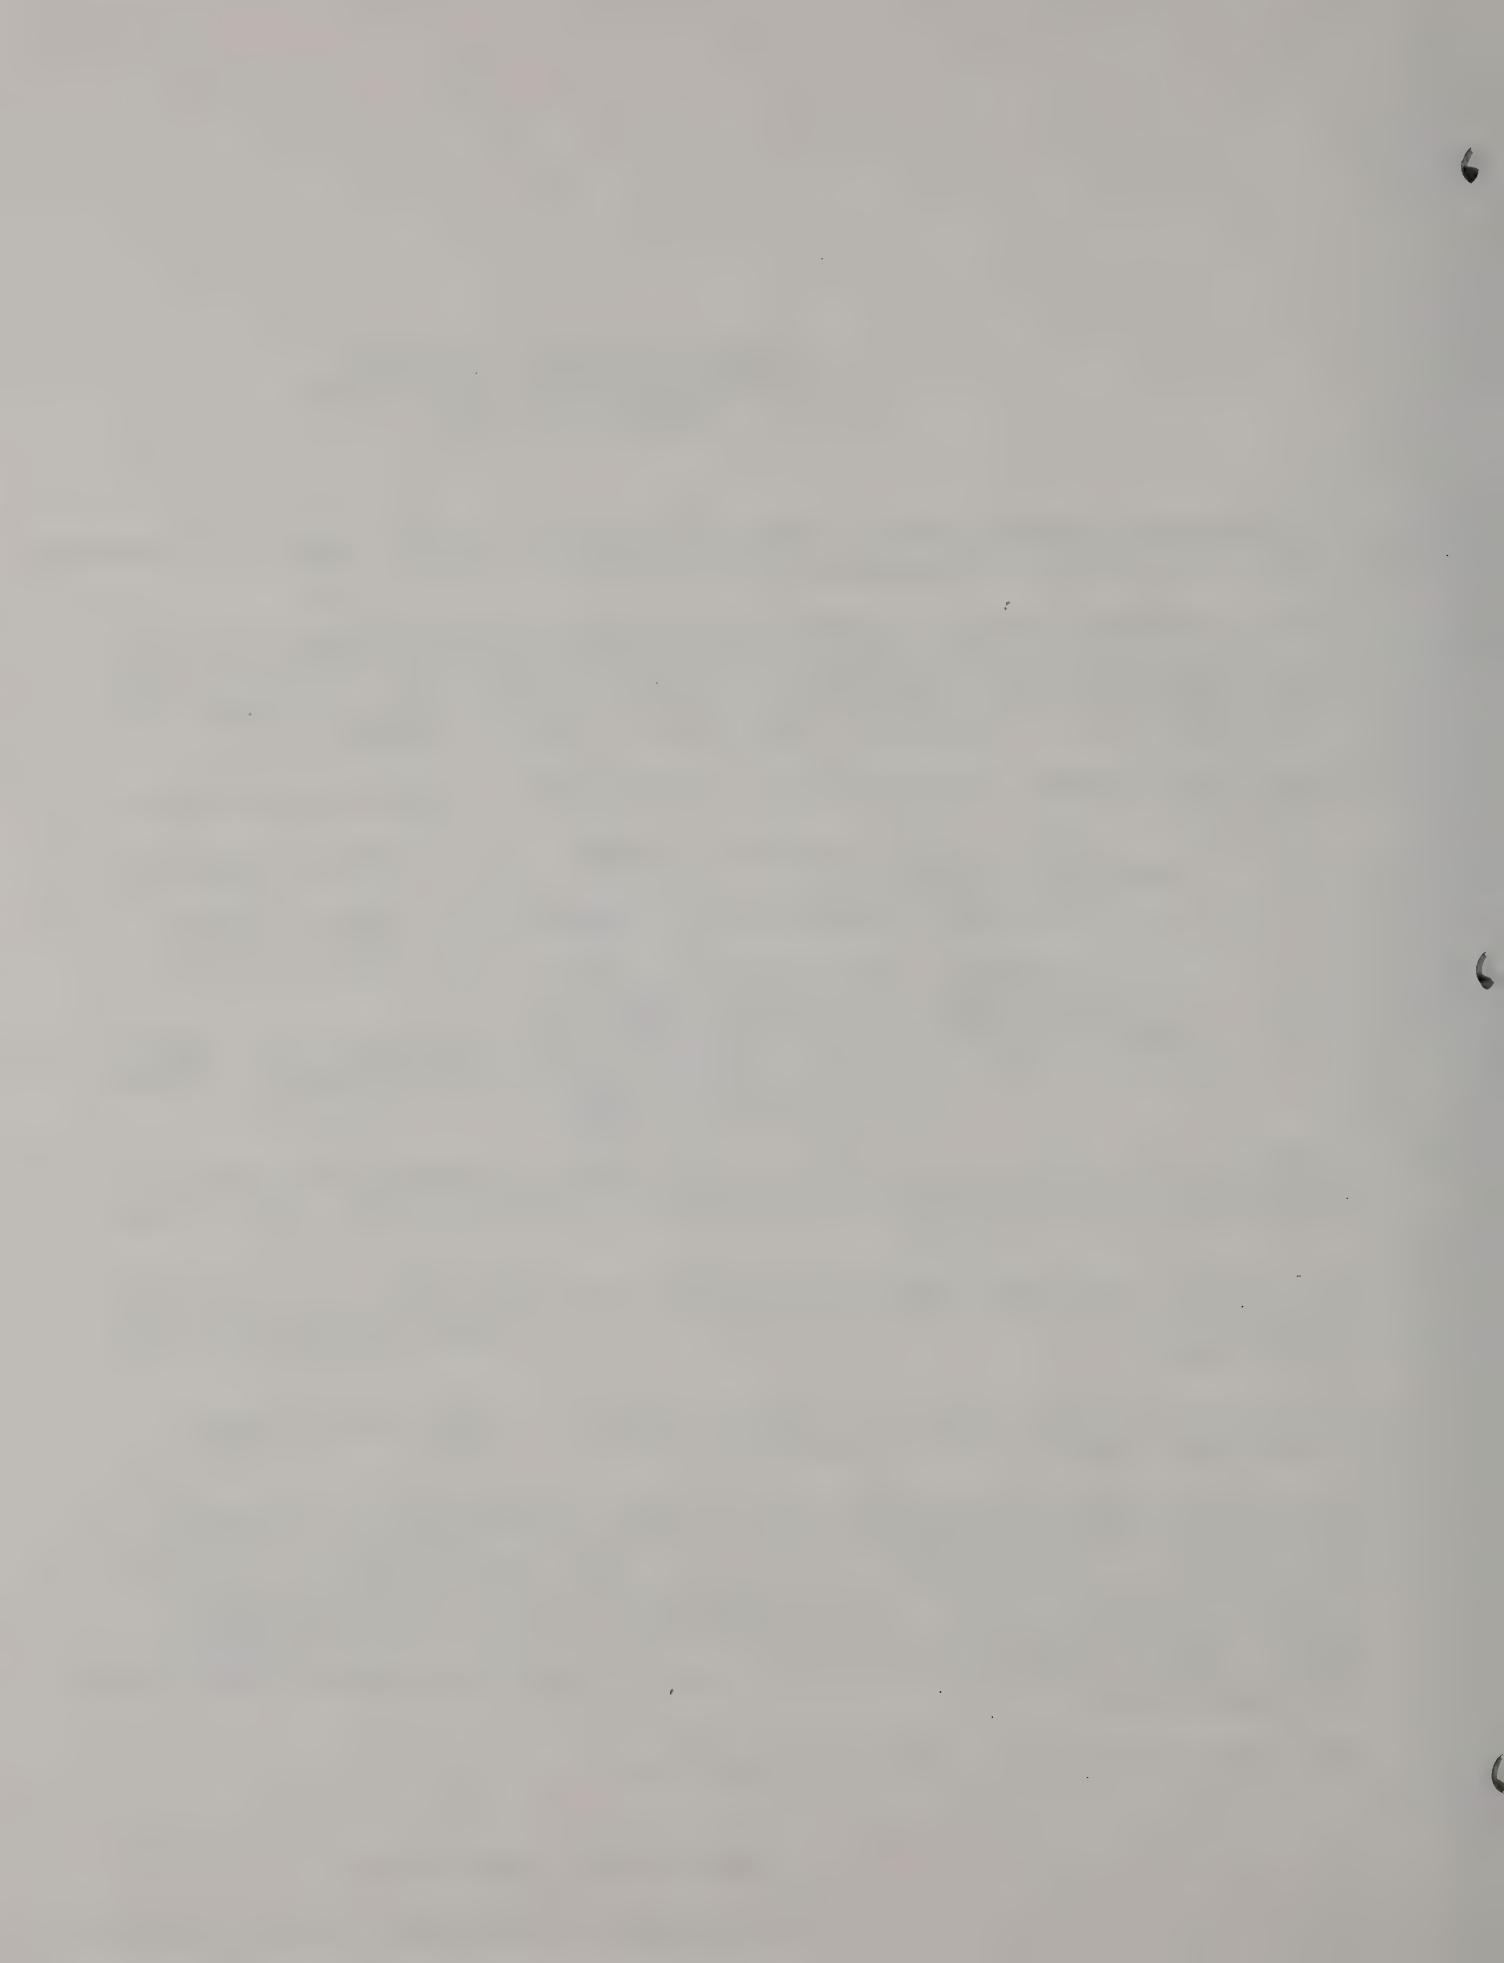

Jim announced that the new digital voice recorder was up and operational on the '76 repeater.

The program was presented by Jim, K9OMA, regarding the proposal of assembling and starting up an ATV repeater - the first of its kind in NE Indiana. The potential uses were discussed and the hardware necessary was listed. Al, WD9FAQ made a motion that \$2000.00 be allocated for the construction and installation of the repeater. Charlie Hall seconded the motion, and it was unanimously approved by the membership.

The meeting was then called at 9:20 pm.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

Board Meeting Minutes  
Fort Wayne Amateur Radio Club  
November 7, 1991

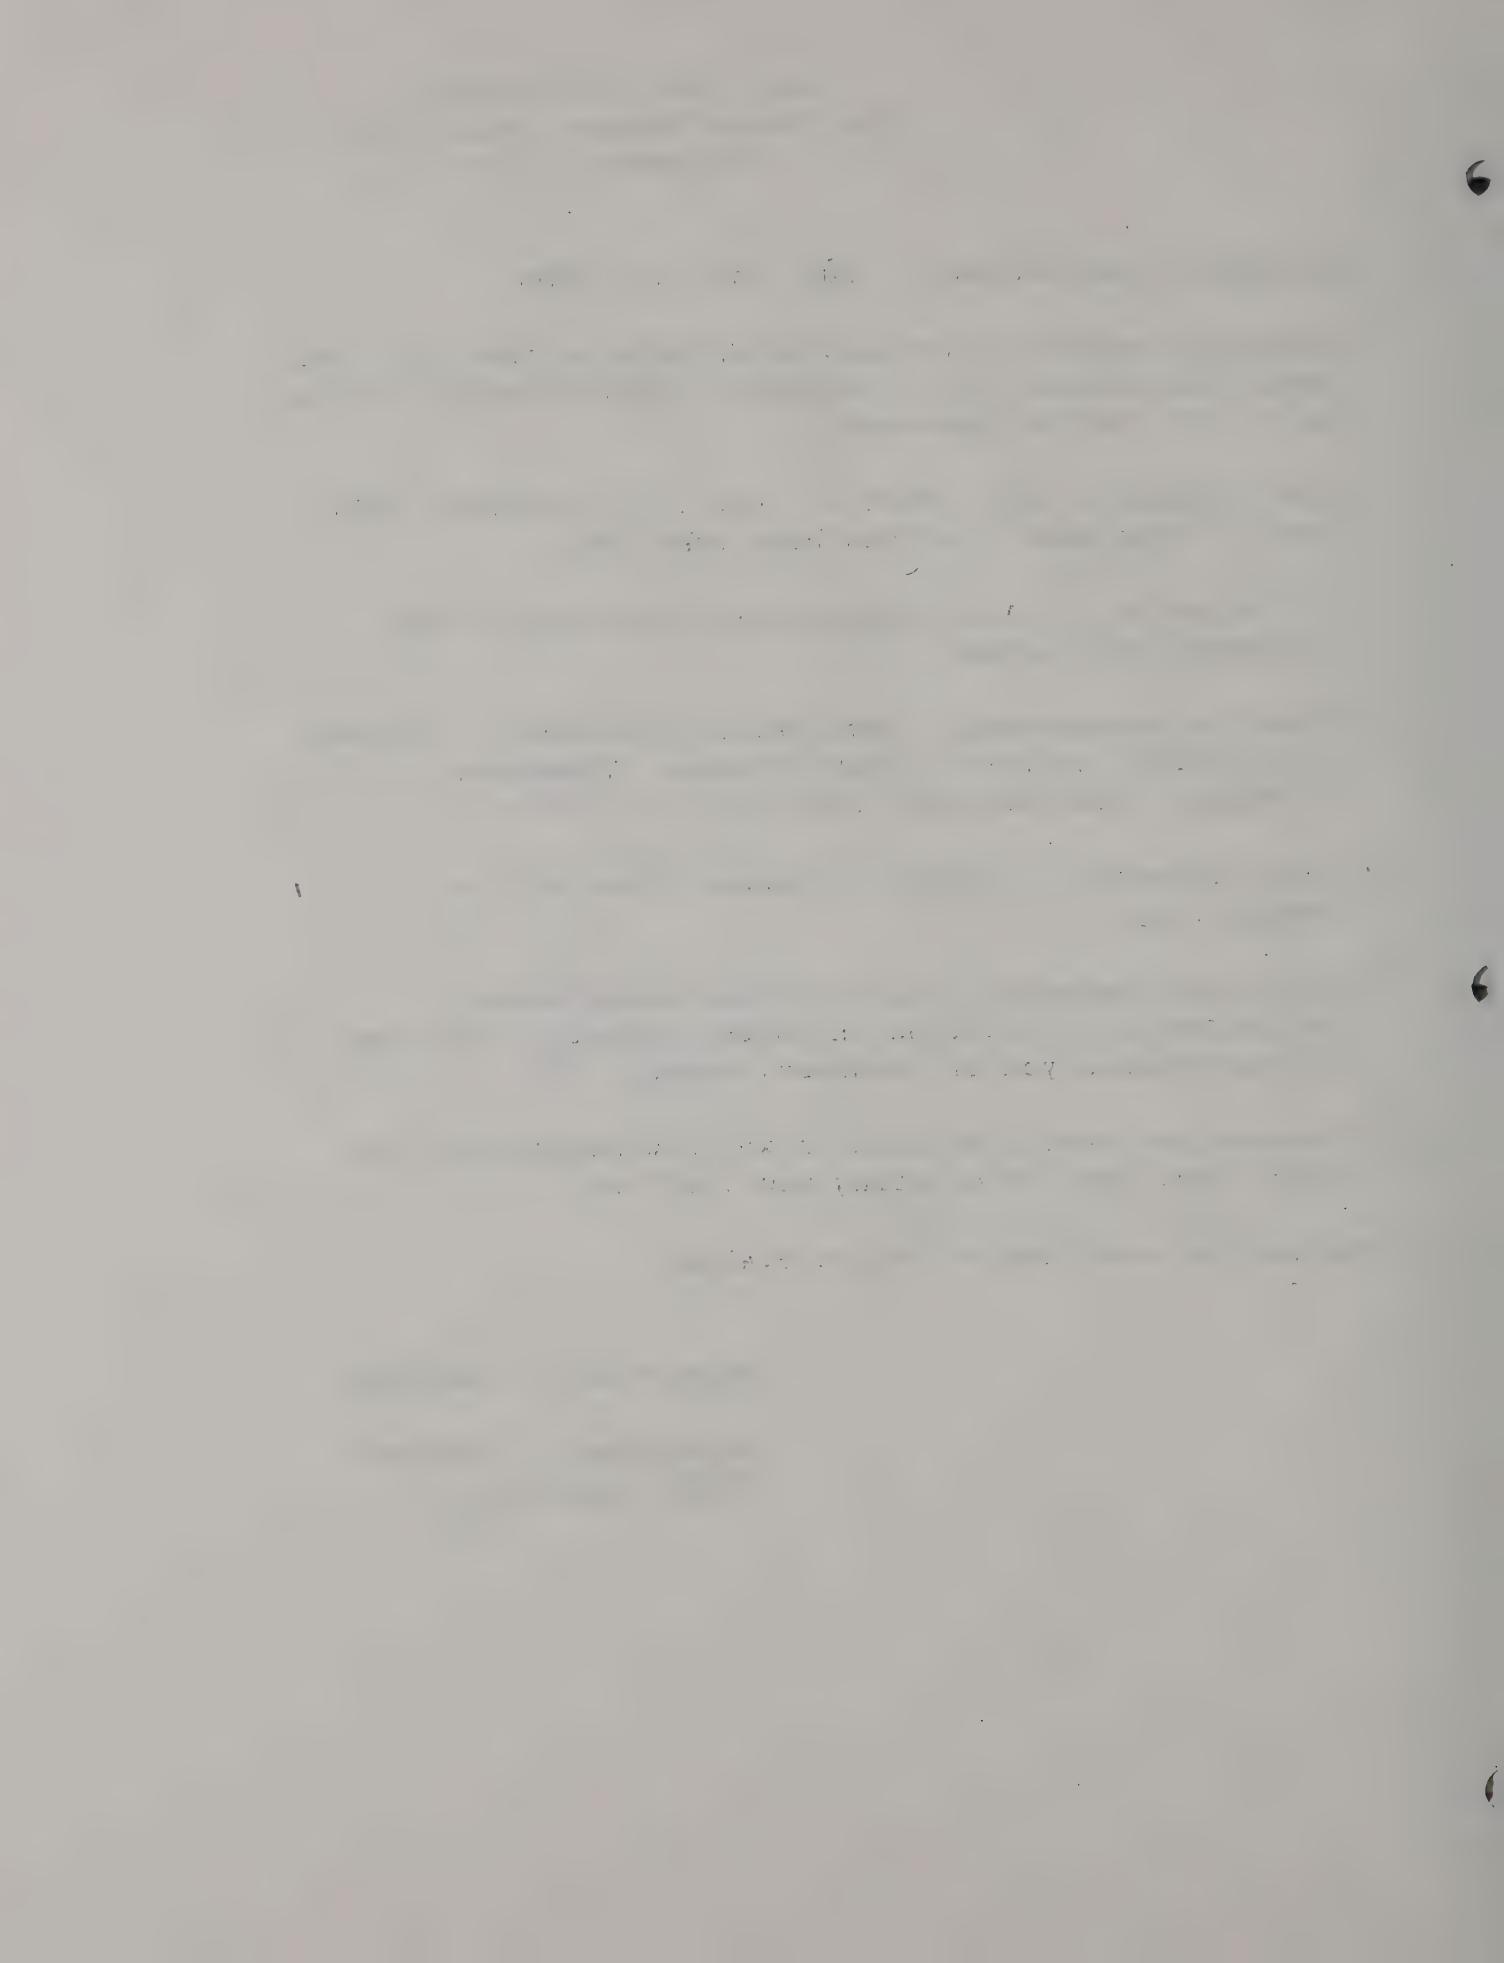

The meeting was called to order by Jim, K9OMA

- \* December meeting to be held at Hilgers on the 7th. Price would run around \$11.80 per meal, but club would chip in up to \$5. Motion approved.
- \* ATV repeater - Bill, KE9T to look into accessing IPFW tower. Equipment list had been compiled.
- \* A discussion on land ownership for storage of club equipment took place.
- \* Election nominations: Dave Beltz, President; VP open Carol Burke, Secretary; Bob Streeter, Treasurer Al Waters, Comm Manager; Kris Staller, Editor
- \* 1992 presentation topics discussed, facsimile a possibility.
- \* Bob, AB9U suggested a kitty to buy board member refreshments for 1992 as an incentive/perk. Approved (kinda reminds you of congress, doesn't it?)
- \* Discussions were then held on why new membership was dwindling, ways of greeting new visitors.

The meeting was then called at 9:45pm.

Respectfully submitted,

Kristopher D. Staller,  
KF9AW, Secretary

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
November 15, 1991

The meeting was called to order at 7:50pm by Jim Pliett, K9OMA.

The treasurer reported liquid club assets around \$10,000 and total assets around \$14,000.

It was announced that the December meeting would be a banquet to be held at Hilgers on HWY 30. Members were reminded to bring an exchange gift valued around \$5.

Elections were then held. Dave Beltz, KF9DE, had been nominated last month for President. Dan Spencer volunteered his own nomination for Vice President. Carol Burke, WB9RUS was nominated for Secretary. Bob Streeter, AB9U, had been nominated last month to continue as Treasurer, as well as Al Waters, WD9FAQ, for Communications Manager. With no contest for the offices, all were voted in by acclamation. Jim Pliett, K9OMA, per the constitution, was automatically placed on the Board of Directors. Frank Jaworski, K1FJ; Larry Smith, K9VFE; and Charlie Hall, KC9LA were voted in by ballot to the board positions.

IRCC and IRC volunteers were then solicited. No response was received.

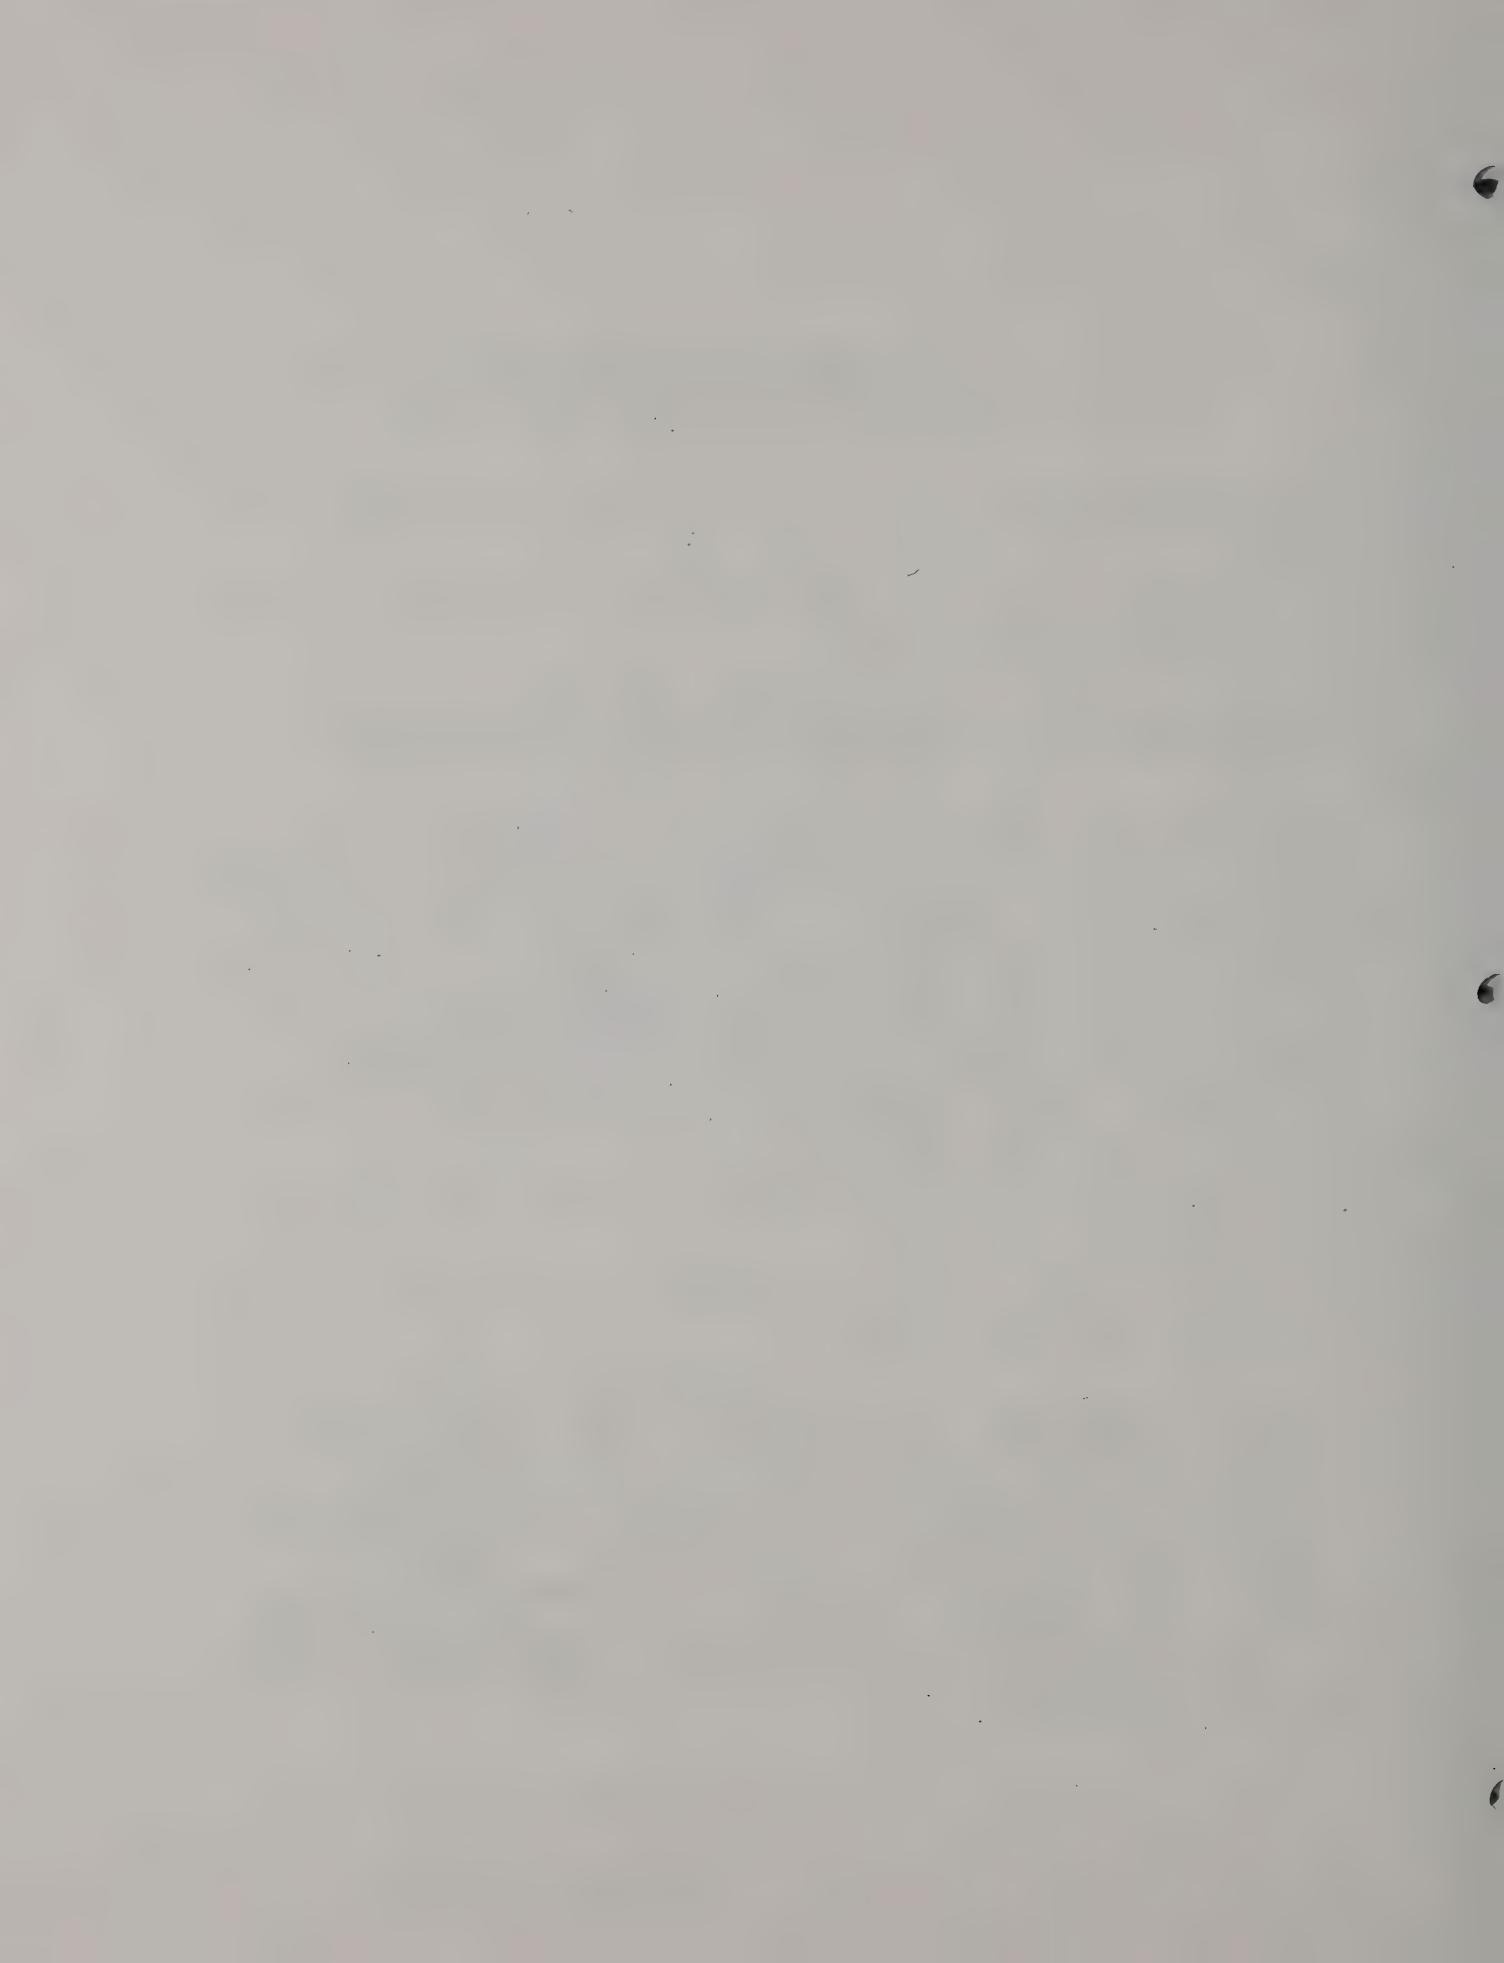

Al Waters announced that the Ham Santa visits were coming up and would need volunteers.

The program was given by Rodger Parkinson, K9OET on modern repeater technology. He covered two new systems which involve **trunking**, which involves the multiplexing of channels by radio users. This is basically one way of letting a large number of users access a limited number of frequencies by assigning unused channels on a basis of demand. The second method, **spread spectrum technology**, uses a tight frequency range in which all user groups use different frequency hopping patterns to communicate. This is very similar to the new SINCGARS military radios in method of operation.

Respectfully submitted,

*Kristopher D. Noller*

KF9AW, Secretary.

**General Meeting Minutes  
Fort Wayne Amateur Radio Club  
December 7, 1991**

The meeting was called to order at 7:57pm, by exiting president, Jim Pliett, following an excellent country buffet dinner. Around 49 members and guests were present.

Jim highlighted the year's events: field day, hamfest, banquets, and world-wide political changes and proclaimed it to be a good year for the club. He then reflected back on his two year tenure, with the repeater enhancements, growth in ATV interest, and lamented over the lack of interest in fox hunts - for which he was semi-roasted by those in attendance.

Bill Kindred, WA9RAP, was then honored with a club Special Service Recognition award, for his contributions in educating and licensing over 350 hams (including this secretary). Bill is well known over the tri-state area because of his efforts and is well deserving of the award.

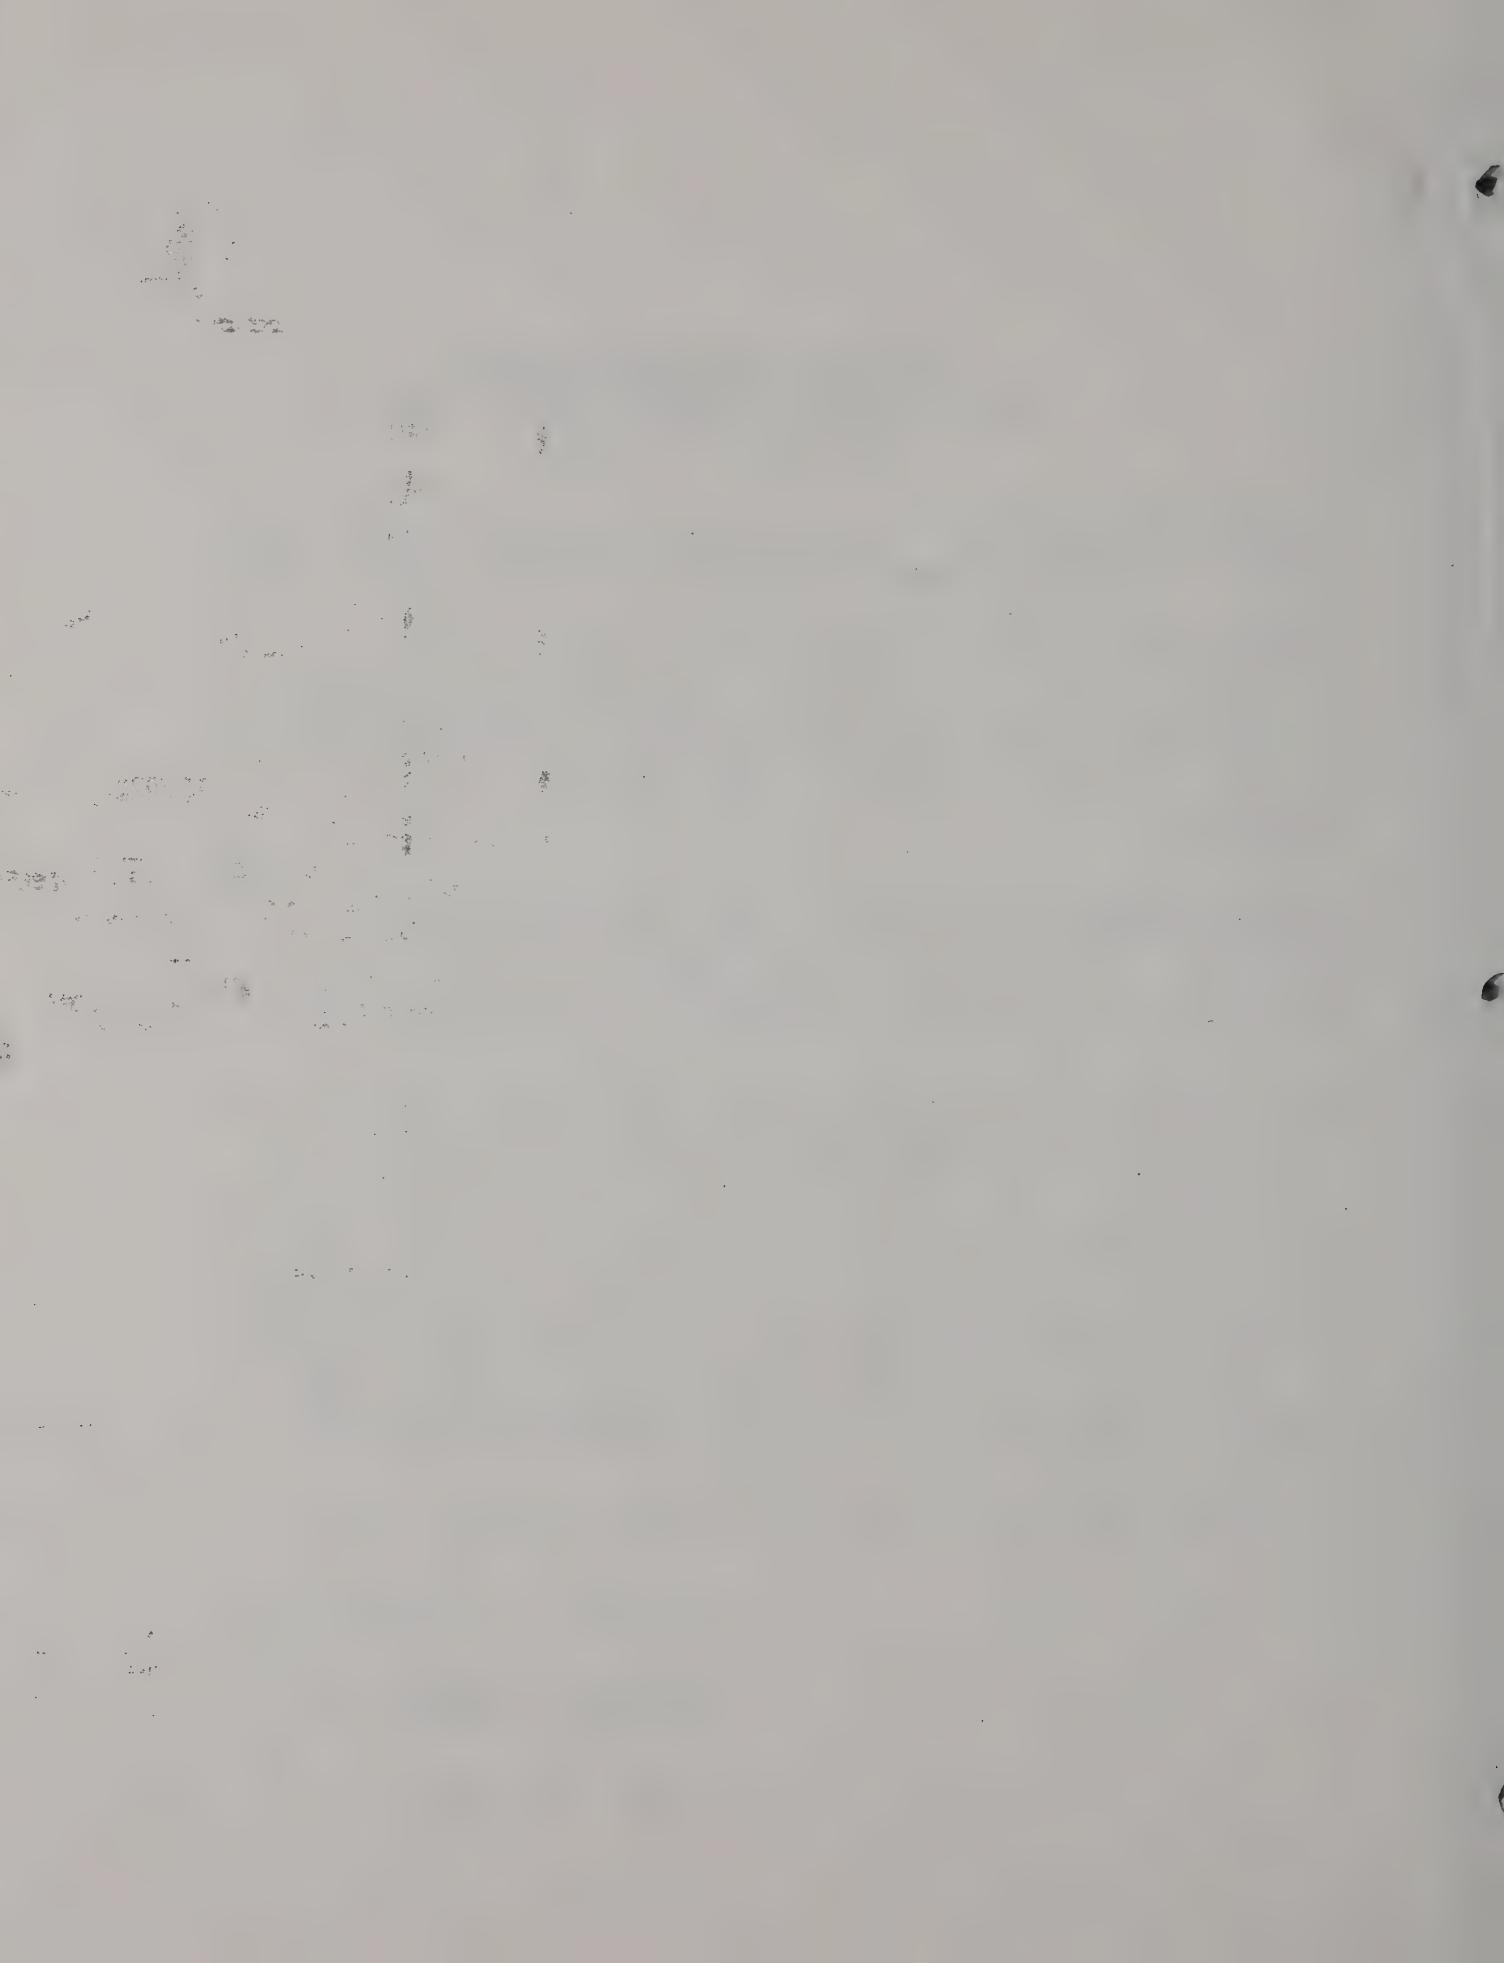

Dave Beltz, KF9DE, then gave his "inaugeration" speech. Dave thanked Jim for his contributions to the club and in finding program material and demonstrations over the past two years. He then thanked Larry Smith, K9VFE for his work on the Hamsplatter and mentioned that he would like to see more club involvement in providing articles to it. The new editor appointed was Kris Staller, KF9AW. He then outlined his goals for the club, including renewed interest in the "Worked all FWRC" award program, as well as a weekend-type of contest for working FWRC members, and possibly a QRP contest. He requested that someone come forward to work alongside Frank, K1FJ, in planning the hamfest, so that a back-up chairman could be trained.

The meeting was then followed by a gift exchange.

Respectfully submitted,

*Krisopher J. Staller,*

KF9AW, Secretary

MINUTES OF JANUARY FWRC MEETING

The January meeting of the Fort Wayne Radio Club was called to order by President, Dave Beltz at 7:50 P.M. January 17, 1992.

The minutes of the December meeting were read and approved. The treasurer gave his report of approximately \$10,000 liquid assets. Later it was broken down to:

|                      |
|----------------------|
| Cash - \$87.46       |
| Checking - \$3887.84 |
| Repeater - \$2048.49 |

Ladies Auxilliary - \$1197.49 - for a total of \$11,578.10

Jim Pliett reported on the ATV repeater. He talked to the Vice Chancellor of IPFW and feels we can co-ordinate with other users of the tower at N. Anthony and Coliseum. He said we would need \$2000 to buy equipment.

The Board of Directors is working on a handbook that would include information on the club, the constitution, and the club history. It is being assembled by Bob Streeter. It should be ready by the February meeting. We are also working on a tri-fold hand-out.

Dave asked if there was any interest in working Safety-Breaks. Six people felt this was a good idea.

The February program will be K8JP - Joe Palooka DX-pedition to the Gulf of St. Lawrence.

March - Sky Warn with Russ Marshall or a member of his staff. Anyone present at this meeting will be certified as an official weather observer.

VE testing will be held at the Fort Wayne Library at 9:30 A.M. to approximately noon for all classes on February 1.

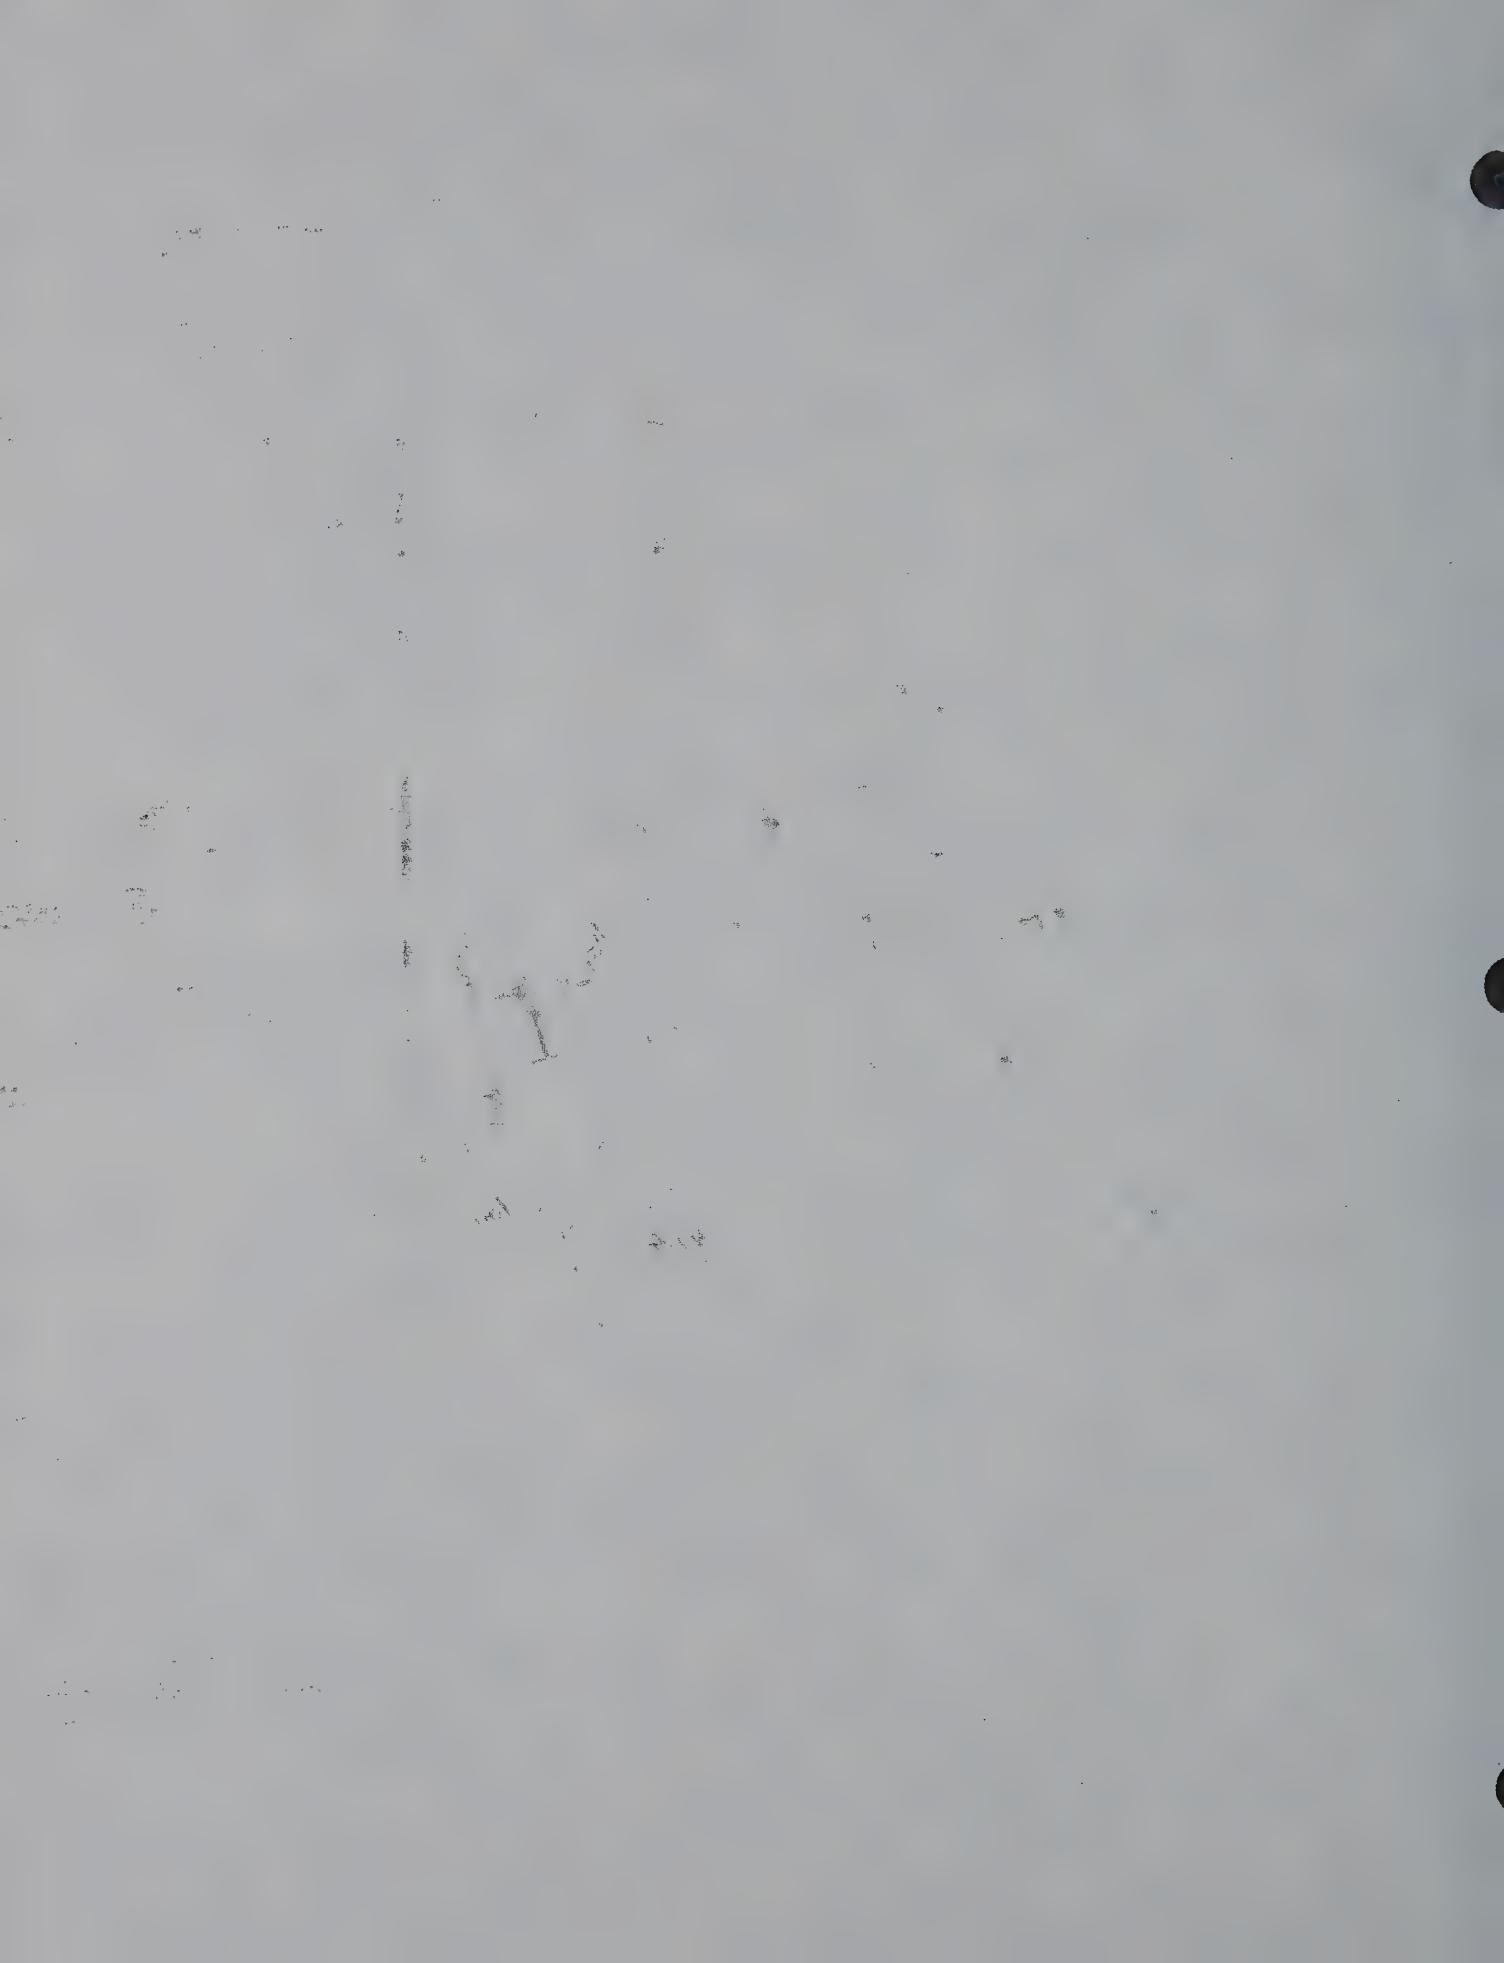

Jim Pliett was presented a plaque for his 2-year tenure as president.

Al Watters reminded us of Novice Round-Up.

Meeting was adjourned and the annual auction was held with auctioneers Dino - KR9W, Jim - K9OMA, and Dave - ~~N9ICF~~ presiding. *KF9DE*

Respectfully submitted,

Carole L. Burke WB9RUS

FEBRUARY, 1992 FORT WAYNE RADIO CLUB

The February meeting of the Fort Wayne Radio Club was called to order February 21, 1992 at 8:05 by President Dave Beltz.

Dave noted the handbooks are done and ready to be picked up by members who have paid 1992 dues. The tri-fold for hamfests is not available yet.

Jim, K9OMA reported that the repeater is repaired with the aid of Dave Hayhurst, WA9SUS and others. The antenna was also changed. The cost approximately \$560 plus climber.

Regarding the ATV, the antenna is being fabricated. It is suggested that letters be written in support of tower.

Lutheran Hospital has asked for volunteers for communications to help with the move to the new facility on April 25, needed is 32-34 people for 16 radio operator positions with HT's with extra bateries. It hsould take 10-15 hours hopefully 10½ only with 2 or 3 shifts. There is a practice February 29 at Lutheran at noon.

Kathy, WD9DGA has information regarding club jackets. Quilted for \$41.25 flannel \$37.75. Must be prepaid and would be ready in 4-6 weeks.

Fort Wayne Radio Code & Theory classes will start March 16 at ITT Education Center on Coldwater Road. Every Monday dn Thursday for 6 weeks. Cost \$5 plus material.

The budget would be reviewed next month when Bob Streeter is here.

Dottie Smith announced the XYL Club luncheon is at Flannigans this month at 11:30. The dates and places will be published in subsequent Hamsplatters.

The meeting was adjourned and an interest program was given by K9JP on his DX-pedition to the gulf of St. Lawrence.

Respectfully submitted,

*Carole Burke*

Carole Burke, WB9RUS

GENERAL MEETING MINUTES

MARCH 1992

The meeting was called to order by Dave, KF9DE, at 7:45 pm. February meeting minutes were not read due to the absence of the secretary.

Bob, AB9U, gave the Treasurer's report and stated that the liquid assets were \$10,540.68 with total assets of \$15,055.37. The report was approved as read.

Jim, K9OMA, gave a report on 76 repeater problems. The new antenna is ready to install. He also gave a report on the ATV repeater. The equipment has been ordered and should be here soon.

Bill, WA9RAP, reported that Lynn Hyndman, W9FC is home and improving and has been on the air for short periods of time.

Frank, K1FJ, reported that he is still looking for a volunteer to be assistant Hamfest chairman. He reported on the 3rd Annual Hamfest which will be held on Saturday, September 12th this year. There is a tentative meeting on April 10th for prospective volunteers.

Dave, KF9DE, stated that the May meeting will be a banquet. Proposed was a hog roast at Goeglein's Barn. For the hog roast a minimum of 75 people are needed. There were 45 people at the meeting and a show of hands for the hog roast was called for as an indicator of interest. Eleven of 45 people showed their interest. Due to the lack of response, the board will determine the meal for the banquet.

Jim, KR9U, reported on the upcoming June Field Day. It will again be held at Payton Park and will be the same format as last year. Jim will give more details at a later date.

Dave, KF9DE, reminded all paid members to ask for a handbook if they have not received one yet.

Bill, WA9RAP, said that the Code and Theory classes are in progress with 15 students. The classes are said to be going well.

1. *Chlorophytum comosum* (L.) Willd. (Asparagaceae) -  
This plant is a common species throughout the world, particularly in tropical and subtropical regions. It has a thick, bulbous root system and several long, slender, grass-like leaves. The flowers are small and numerous, arranged in a terminal spike inflorescence.

2. *Clivia miniata* (L.) Ker Gawler (Amaryllidaceae) -  
This is a popular houseplant from South Africa. It features large, showy, orange-red flowers in a branched cyme inflorescence. The leaves are thick and strap-shaped.

3. *Crinum asiaticum* L. (Amaryllidaceae) -  
This is a large, clump-forming plant with long, sword-shaped leaves. It produces clusters of bell-shaped flowers, often in shades of white, yellow, or red, hanging from the leaf axils.

4. *Cyperus alternifolius* L. (Cyperaceae) -  
The umbrella plant is a distinctive sedge with a central stem topped by a cluster of long, thin, awl-shaped leaves. It bears small, three-sided flowers in a terminal spike inflorescence.

5. *Eucharis grandiflora* (L.) Ker Gawler (Amaryllidaceae) -  
This is a large, tropical plant with a bulbous base and long, arching leaves. It is known for its extremely fragrant, funnel-shaped flowers, which are typically white or cream-colored.

6. *Gloriosa superba* (L.) Don (Colchicaceae) -  
The flame lily is a climbing plant with large, showy flowers in shades of orange, yellow, and red. The flowers have a distinct "flame" shape, with a long, curved corona.

7. *Hedychium coronarium* L. (Zingiberaceae) -  
The shell ginger is a tropical plant with a fibrous root system and long, narrow leaves. It produces clusters of tubular flowers in shades of yellow, orange, or red, often with a distinct fragrance.

8. *Hyacinthus orientalis* L. (Hyacinthaceae) -  
The common hyacinth is a bulbous plant with a strong, sweet fragrance. It has clusters of bell-shaped flowers in shades of blue, purple, or white.

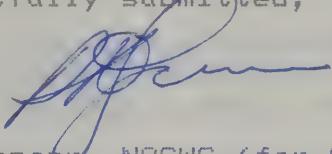

9. *Lilium candidum* L. (Liliaceae) -  
The Madonna lily is a classic garden flower with large, white, trumpet-shaped flowers. It is often used in religious contexts.

10. *Nerine bowdenii* (L.) Ker Gawler (Amaryllidaceae) -  
This is a bulbous plant from South Africa with long, narrow leaves and clusters of bell-shaped flowers in shades of pink, red, or white.

The evening program was presented next. The topic for the evening was Skywarn. The presenters were: John Dumeyer, from the National Weather Service and Howard Pletcher, N9ADS. The program was in effect, a training session for emergency weather spotters. Videos were shown along with question and answer periods. The program was very well presented and well received by the members.

Dave, KF9DE, officially closed the meeting at 10:35 pm.

respectfully submitted,

Dan Spencer, N9GWG (for Carole, WB9RUS)

RDS/bjd

100  
The following is a list of the species of birds observed at the  
various stations during the period of the survey. The names  
of the stations are given in parentheses.  
The first figure in each entry indicates the number of  
specimens taken; the second figure indicates the number  
of species taken.  
The numbers in parentheses indicate the number of  
specimens taken at the station.

APRIL, 1992 FORT WAYNE RADIO CLUB

Meeting was called to order at 7:50 by president Dave Beltz. Introductions were made and the minutes were read and approved.

Treasurer's report of assets of \$13,529.21.

The program for the evening is a panel of Elmers. Cards were passed around for questions to be asked.

WA9RAP said Code and Theory is progressing. Half-way through there is the usual number of drop-outs.

Lynn W9FC is doing well and is on the air regularly. He is in therapy 3 times a week after severe burns in a fire.

There was a problem on the repeater last weekend. Jim Wolf and Charlie Hall fixed it temporarily.

Jim KR9U reported on Field Day. Same as last year - Payton Park - 1 novice station, and 2 others and food. Grilled chicken dinner at \$3.50 at 5 - 6 P.M. 1/4 chicken, potato salad, baked beans, roll and dessert. Kathy has tickets.

Hamfest - Frank has flyers courtesy of Charlie Hall to spread at Dayton. We need people to sell the hamfest.

Bill Hall reported on the IRCC meeting. Accepting nominations for Ham of the Year for 1992, deadline end of May.

The May meeting is the regular night, but it is a hog roast at Goegleins Reserve. We need 75 people for a \$10 per person charge.

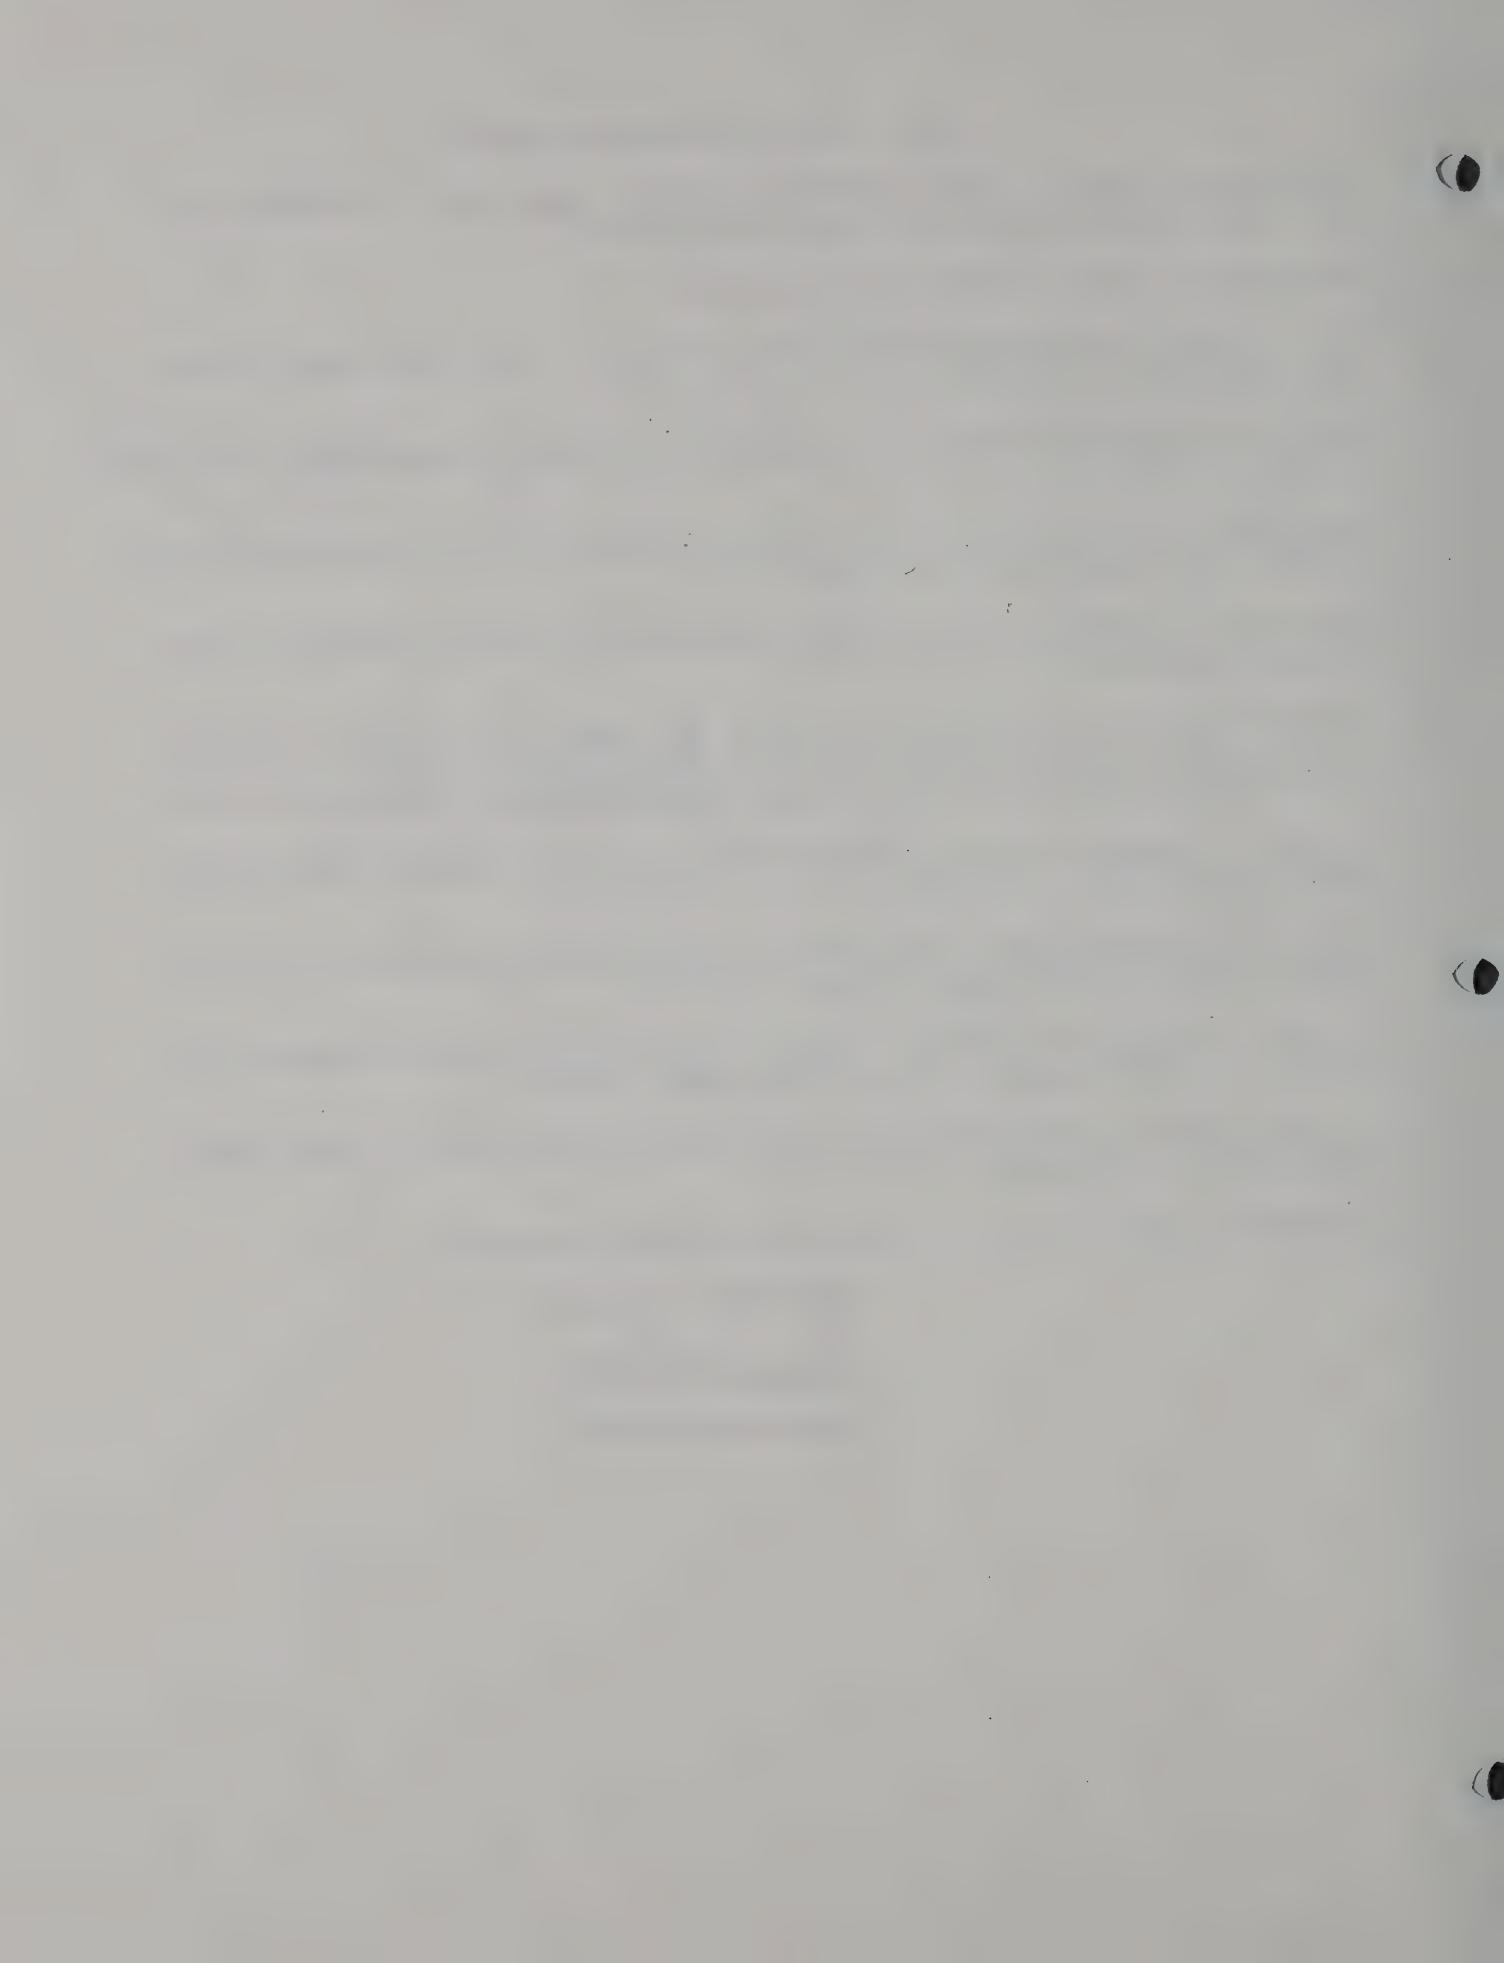

A rough draft of the tri-fold flyer was shown by Charlie Hall. Kathy has information on club jackets.

The meeting adjourned at 8:30 with the "Ask Elmer" program.

Respectfully submitted,

*Carole Burke*

Carole Burke WB9RUS

MAY, 1992 FORT WAYNE RADIO CLUB MEETING

The May meeting of the Fort Wayne Radio Club was held May 15, 1992 at Goegleins Reserve. In place of the usual meeting we had a Hot Roast. Any who missed it missed a good meal. President Dave Beltz, KF9DE held a short meeting after dinner. The high-light of the meeting was awarding Life Memberships to four members, they are: Bob Rose, W9BRW, Fred Fischer, W9DW, George Hatch, W9VMG, and Bill Kindred, WA9RAP. Congratulations! No minutes or treasurer's report were read. Meeting was adjourned around 9:00.

Respectfully submitted,

Carole Burke, WB9RUS

FORT WAYNE RADIO CLUB GENERAL MEETING

The June meeting of the Fort Wayne Radio Club was called to order at 7:50 P.M. June 19, 1992 by Vice President, Dan Spencer N9GWG.

The membership introduced themselves then the minutes were read and approved. The treasurer's report was read and approved.

Al Waters WD9FAQ gave a report on Field Day. Kathy WD9DGA reported on the field day food and the bingo - all prizes were made by Jean Anderson and Carole Burke.

Charlie Hall brought us up to date on the repeater. IPFW does have a repeater site. He also said Field Day needs novices and technicians to work cw. We could also use some Elmers. It's a time to have fun and get on the air.

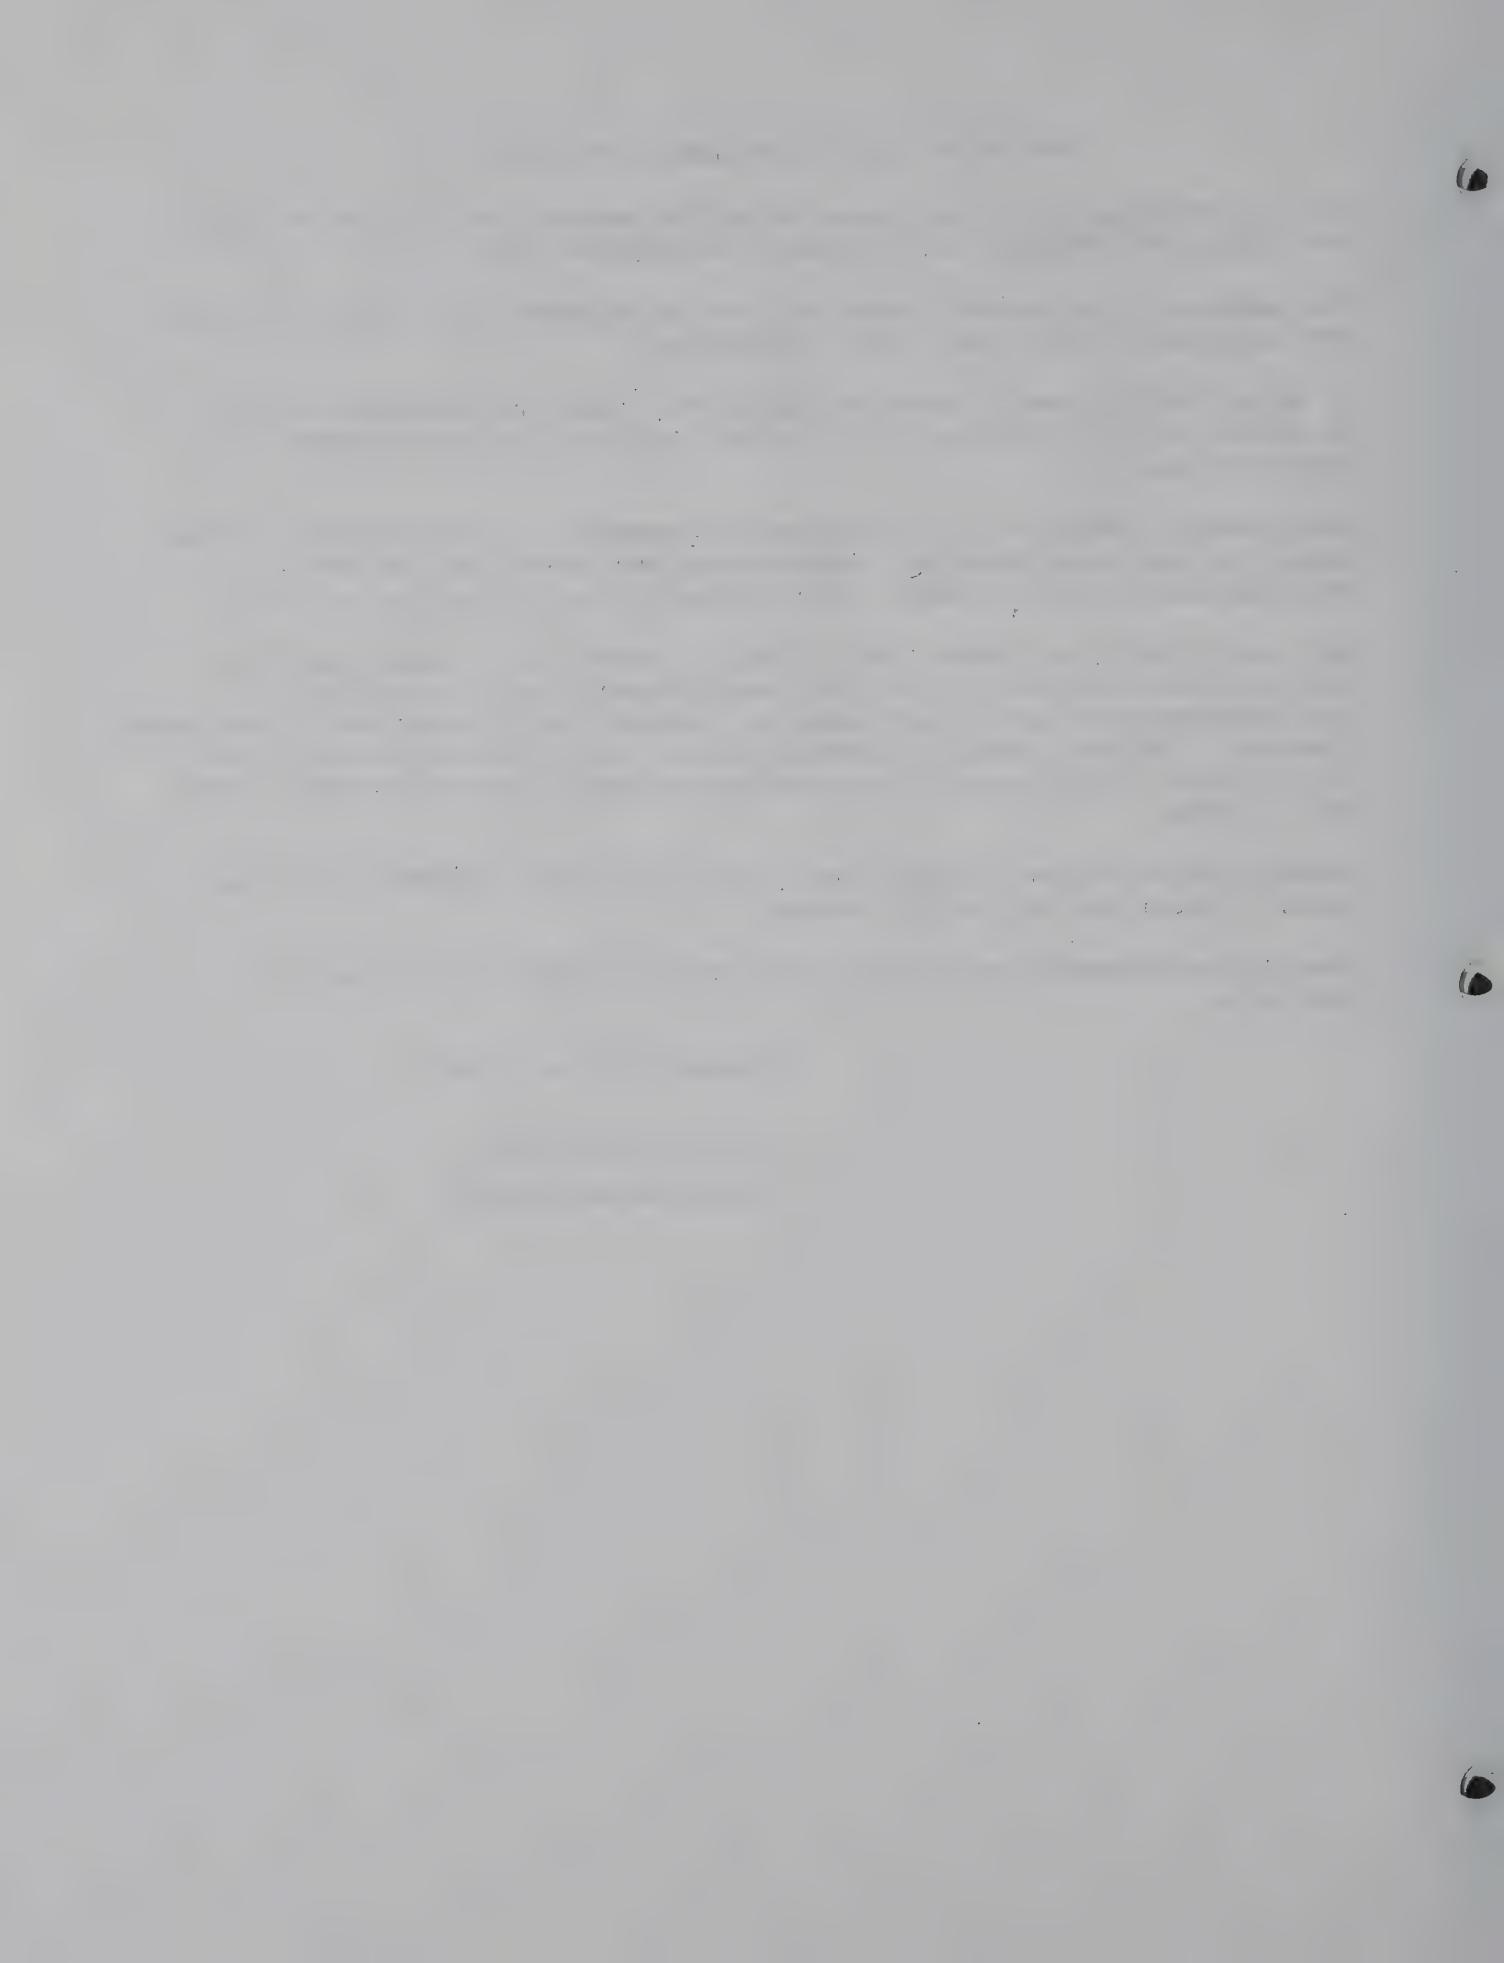

Bill Hall WB9HII said Sarah Gumz, KB9HYC, 7 years old has made 8 QSO's in her first week on the air. He also passed around a petition for the FCC for enforcement of part 97 of rules for language and international interference (jamming). He also mentioned Adopt-a-Siren, that is check a weather siren once a month to make sure it is operating properly. He has one and so does Bill Kindred.

Various pieces of ham equipment belonging to the late Owen Barton are for sale. Contact Bob Peck NR9H 493-4064.

The meeting adjourned and Kris Staller gave an interesting program on HF facsimile.

Respectfully submitted,

*Carole Burke*  
Carole Burke, WB9RUS

JULY, 1992 FORT WAYNE RADIO CLUB

The July meeting of the Fort Wayne Radio Club met July 17, 1992 at Salem United Church of Christ.

The June minutes were read and approved as was the treasurer's report.

K9OMA gave the ATV report. Almost all ready to go - has controller and isprogrammed, just waiting to complete antenna.

Jim Wolf thanked everyone for a great field day. We had approximately 4600 points as opposed to 4800 last year. It was a good time with good food. The Bingo was received well, and most stayed around for the campfire. 80 dinners were served. The Ladies made \$198.95 after paying for 2 tables and expenses.

Frank Jawarski gave Hamfest report. There are 1000 tickets to sell. A flier campaign has been started and advertisements will be in all publications. Volunteers are needed.

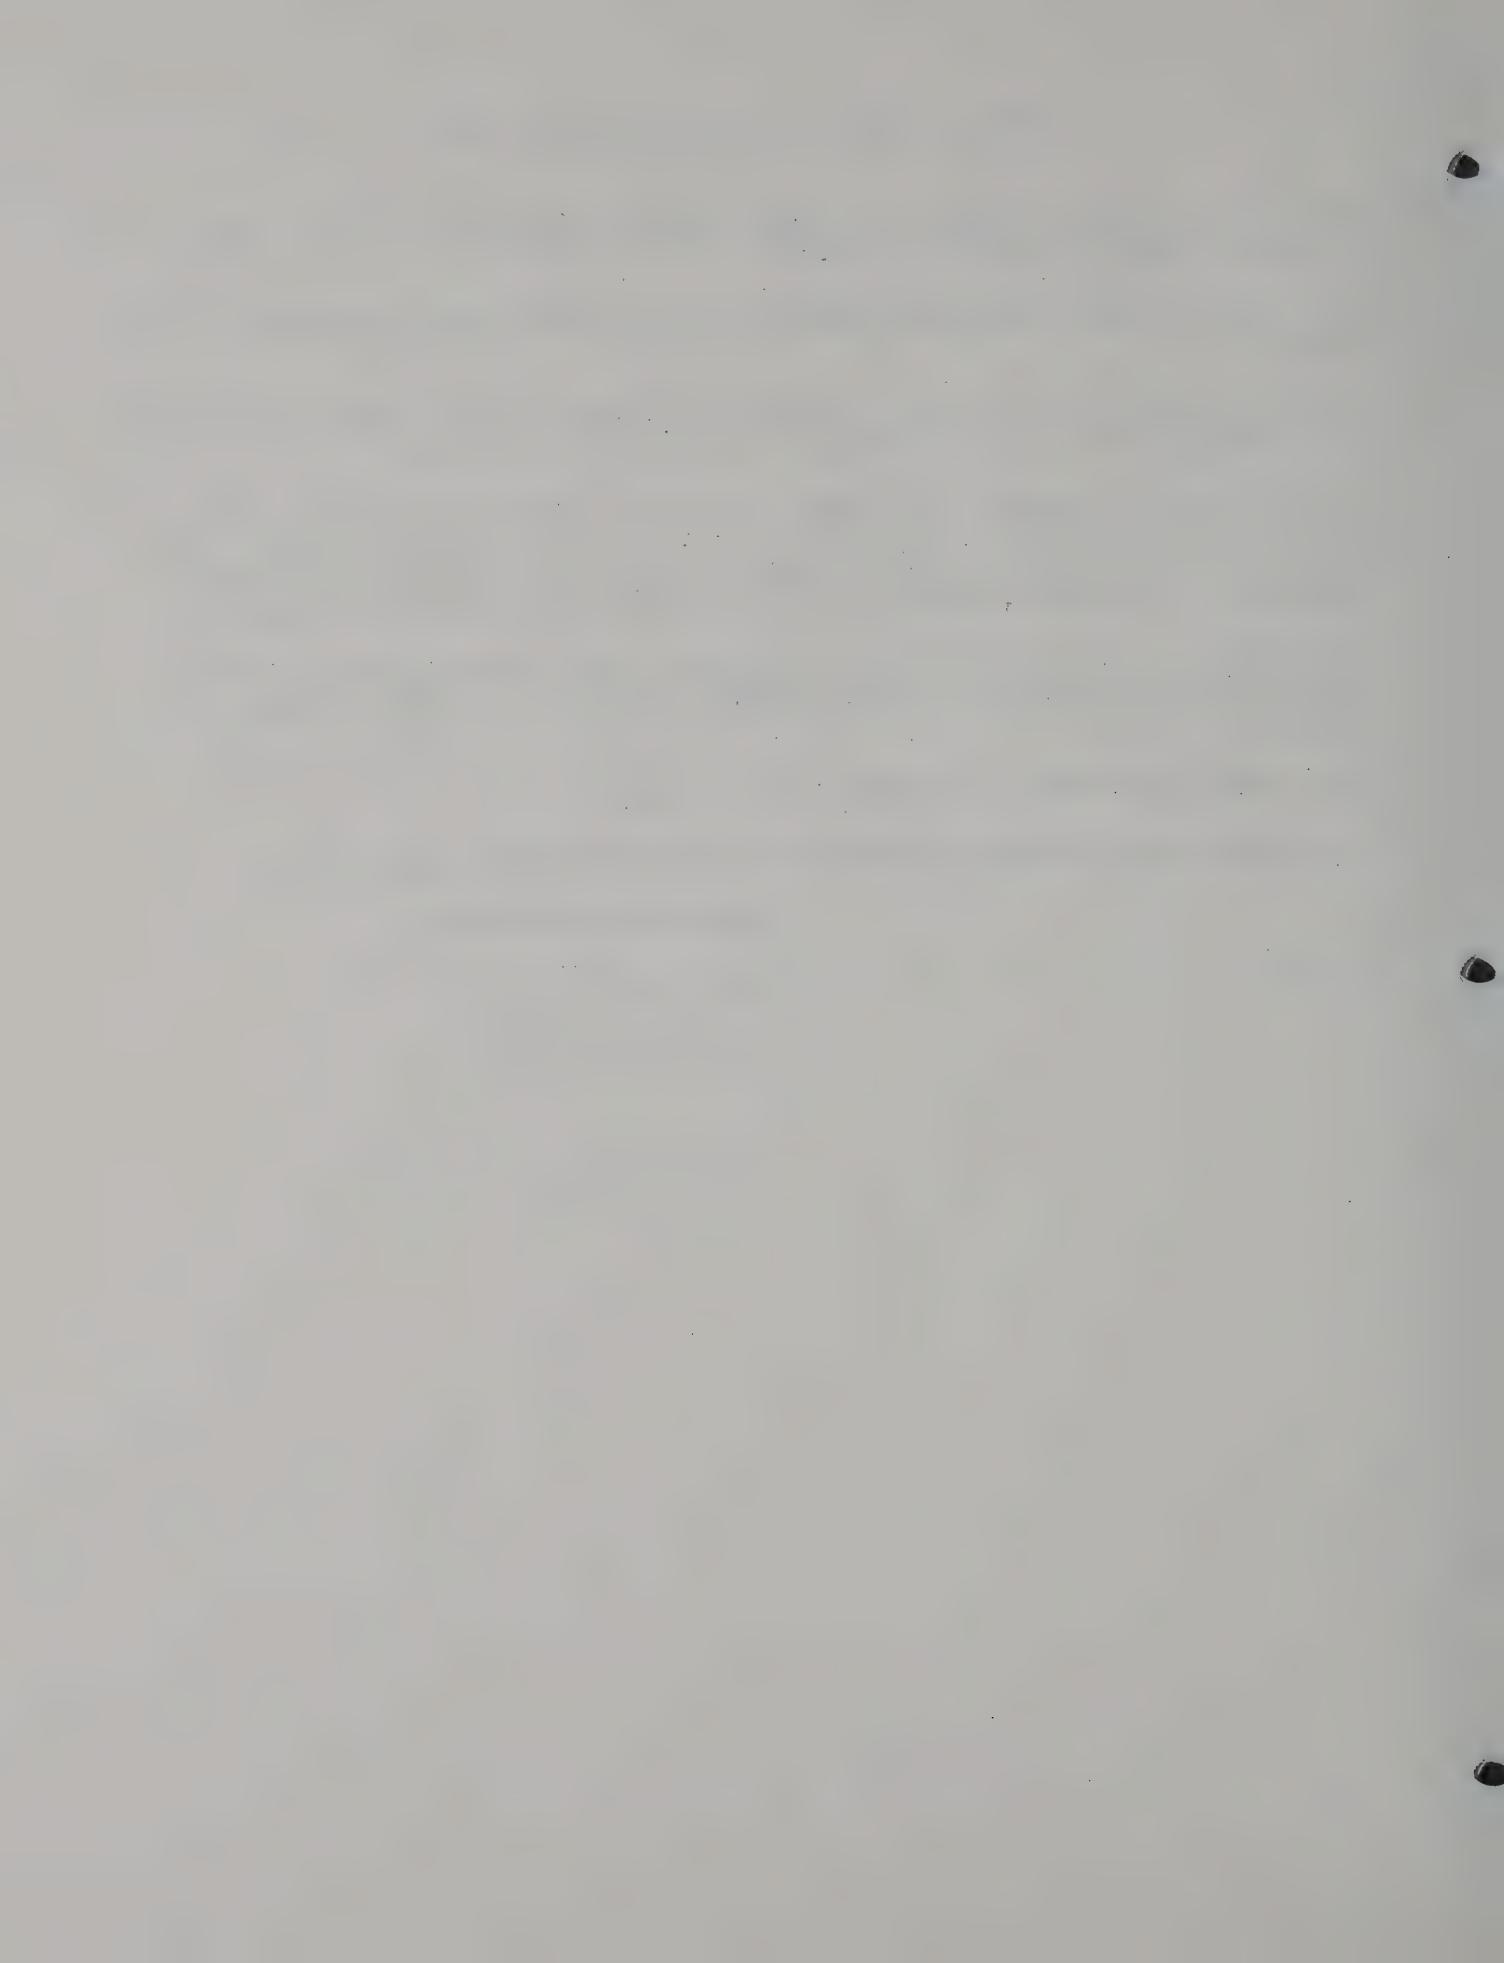

Kathy WD9DGA reminded us of proper 2 meter usage.

The meeting was adjourned at 8:30 and a round-table discussion followed.

Respectfully submitted,

Carole Burke, WB9RUS

AUGUST, 1992 FORT WAYNE RADIO CLUB

The August meeting of the Fort Wayne Radio Club met August 21, 1992 at the Salem United Church of Christ. President Dave Beltz convened the meeting at 7:50 with introductions.

The minutes were read and approved. There was no treasurer's report during the absence of the treasurer.

The Communication Chairman reported he had stickers for QSL cards with information for the FWFC award.

Dave BELtz said he advertised in QST, and CQ magazines for the Fort Wayne Radio Club on-the-air weekend, Saturday October 3 1400Z - Sunday 2300 Z. We need at least 10 stations on the air. One will sing W9TE. We intend to make it an annual event.

Code and Therory Classes will start September 14 for novice, technician and Tech Plus at ITT on Coldwater Road. The cost is \$50 plus materials. Contact Bill Kindred WA9RAP.

People are still needed for parking, talk-in and ticket sales for the hamfest.

Elections are in October. Jim Wolf is chairman of the nominating committee. Nominations will be taken from the floor in September and October.

The Technical Committee attended the September board meeting to discuss up-grad-ing the repeater. The board decided to give the technical committee 30 days to see what we can get for \$X. We are now asking the membership permission to spend \$2000 to get as much as we can for the money. Bill Hall moved to spend up to \$2000. Jake Burke seconded it. A discussion followed and the vote, motion was carried.

Jim Pliett, K9OMA gave a report on the ATV repeater. It will be on the IPFW tower at 160' and have a 25-30 mile range. There is also a possibility of a remore camera on the tower. There will be a demo at the hamfest and on the air shortly thereafter.

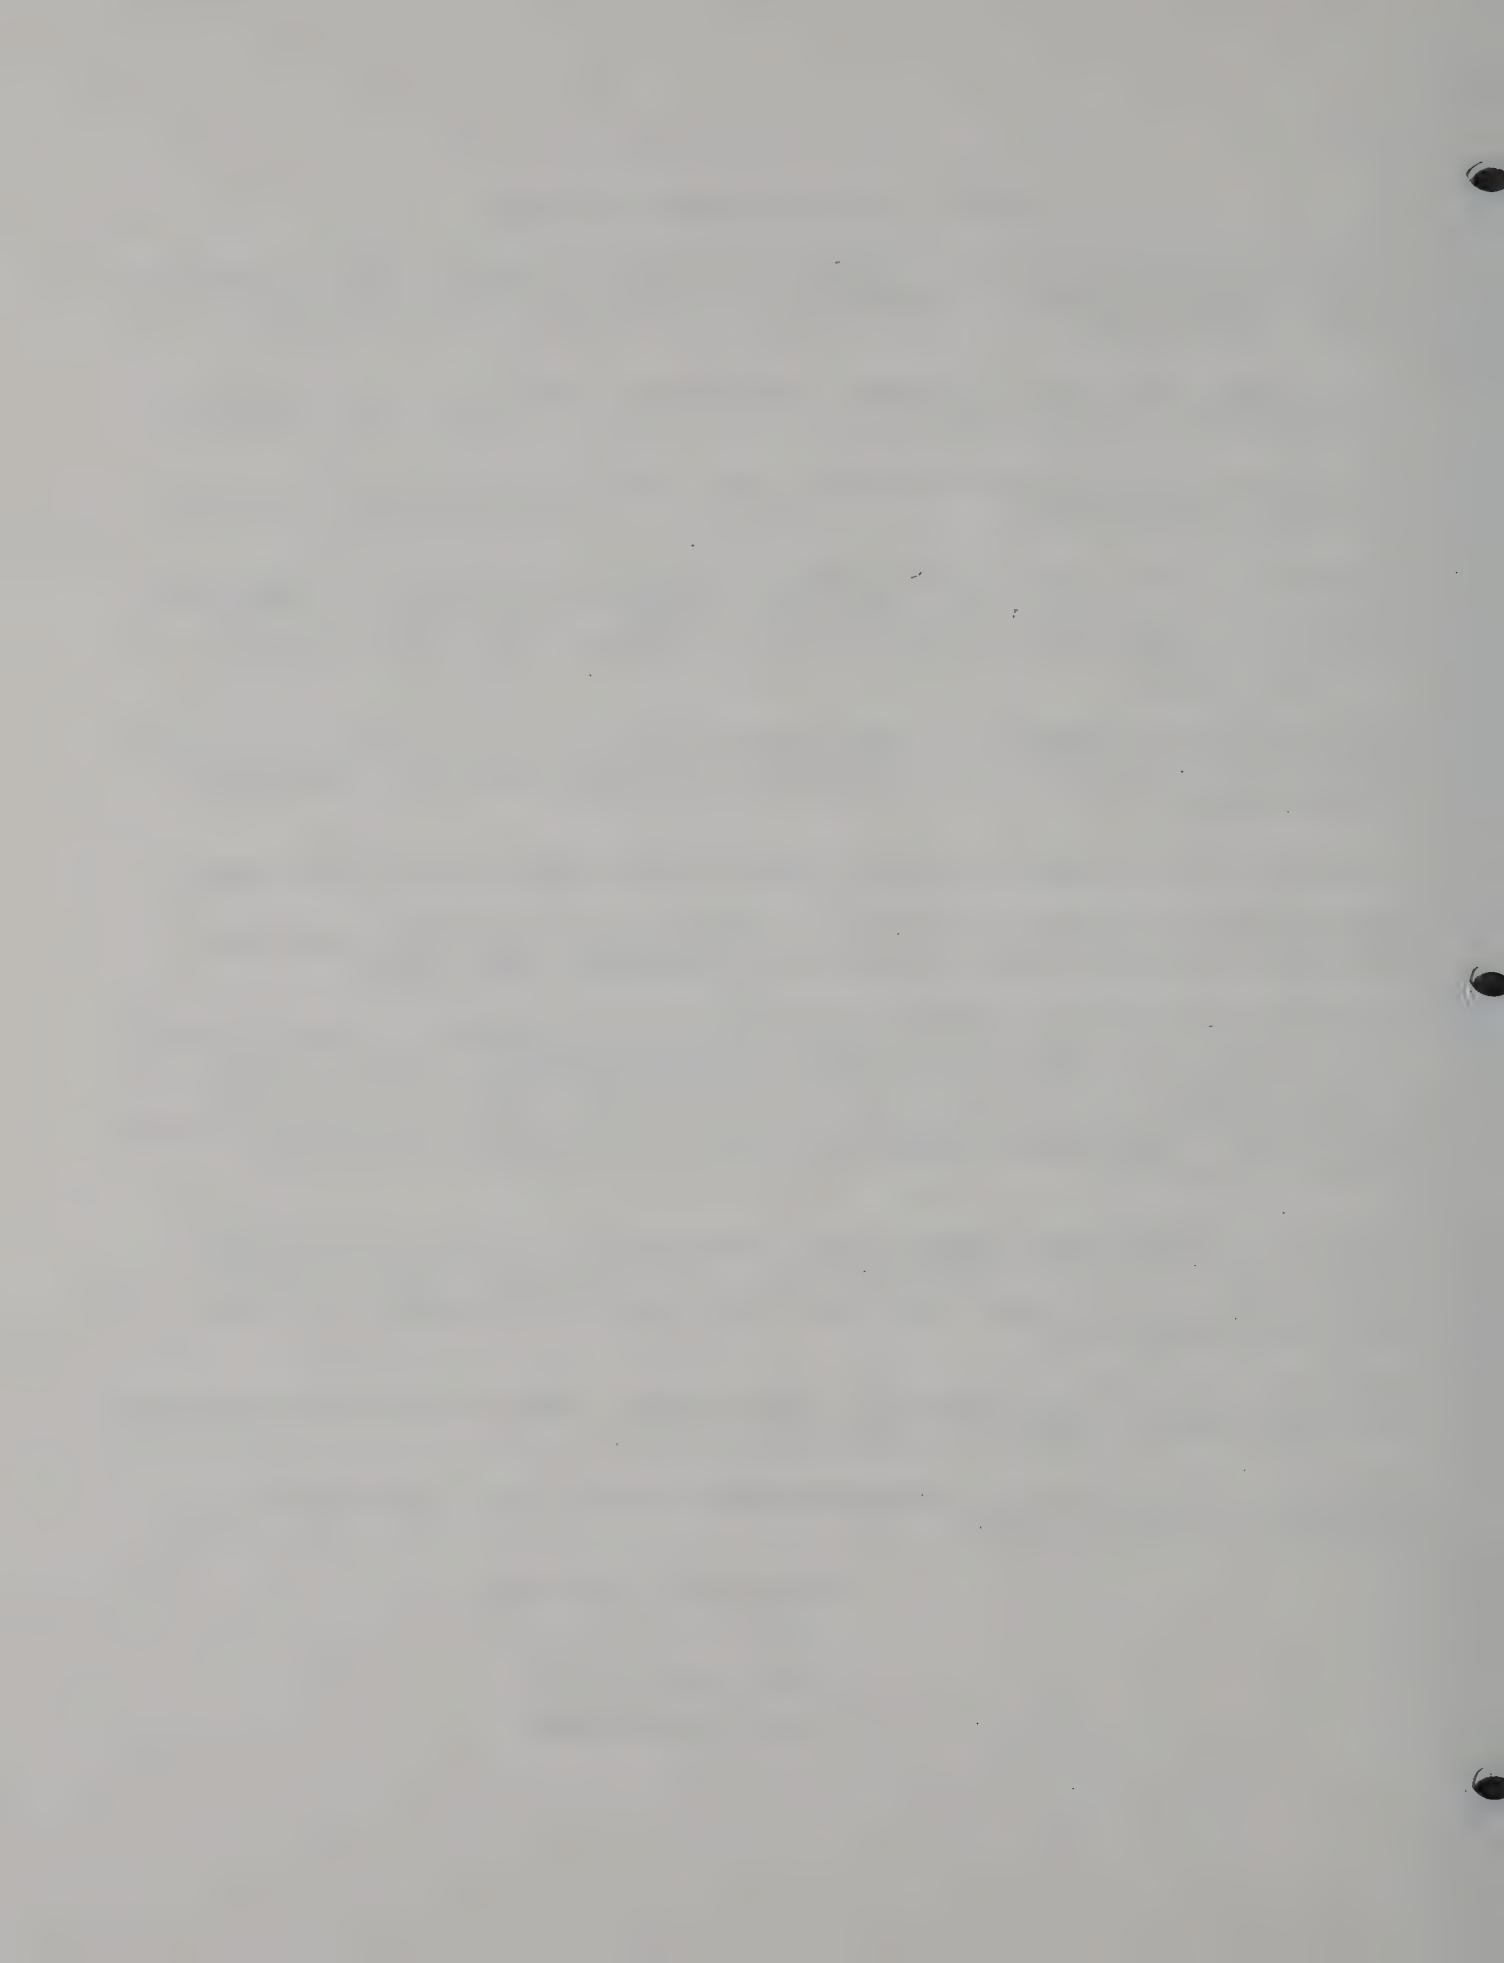

Handbooks are available at the end of the meeting. Charlie Hall needs volunteers for Scout Jamboree October 17. Details to follow.

There was no new business. Meeting adjourned at 8:30. Bill Hall WD9HII gave a program on message handling.

Respectfully submitted,

*Carole Burke*

Carole Burke, WB9RUS

## **Minutes of the Fort Wayne Radio Club September 18, 1992 - General Meeting**

The meeting was called to order by Vice President Dan Spencer, N9GWG, at 7:45 pm. The minutes of the August meeting were read and approved.

The treasury report by Bob Streeter, AB9U, showed that the club was operating at a net loss of \$1,408.73 for the year. Liquid assets were at \$7607.13 and total assets were at \$12,142.79. Income for the Club came from the auction, bringing in \$53, Ladies Auxiliary \$108, Hamfest (to date) \$197, ARRL renewals \$38, and QSL cards \$51.

Charlie Hall, KC9LA, reported that Jamboree on the Air would take place on October 17-18 at Wabash (or Bluffton) State Park. The Science Central exhibit would be used, and volunteers were solicited to help the Scouts make radio contacts over the weekend.

Frank Jaworski, K1FJ, gave a report on the Hamfest. 506 paid attendance was recorded. There was a large turnout in vendors with 150 tables sold out prior to the event. For the first year, Pembleton's reported making a profit. Howard Ginsberg, NW1N, helped bring Michigan Radio and Ramsey Electronics in as the anchor vendors. The FT415 2 meter handheld (first prize) was won by a non-ham. Final disposition would be determined at the board meeting. Tentative profit for the Hamfest was reported at \$1,300. The Ladies Auxiliary brought in \$300.

Bill Kindred, WA9RAP, reported that Code and Theory classes were up and running with a total attendance of 20 people. He then recounted the incident involving one our local hams who was detained for having mobile scanning equipment in his car. The scanner law was discussed and was shown to exempt licensed Amateur Radio operators from the ban.

Jim Pliett, K9OMA, reported that further funding would be needed to complete the ATV repeater, due to rising costs of antenna part fabrication. A motion to allocate an additional \$500 for construction was made by Larry, N9HVP. Seconded by Al, WD9FAQ. The motion was carried and approved.

Jim Wolfe, KR9U, Election Committee Chairman, then presented the slate for the October elections. Additional nominations were then taken. Candidates and offices were as follows:

**President : Dave Beltz, KF9DE**

**Vice President: Dan Spencer, N9GWG**

**Secretary: Carole Burke, WB9RUS**

**Treasurer: Bob Streeter, AB9U and Jean Anderson N9PXF**

**Communications MGR: Al Waters, WD9FAQ and Jim Wolfe, KR9U**

**Board Members: Jim Pliett, K9OMA; Charlie Hall, KC9LA; Kris Staller, KF9AW;  
Frank Jaworski, K1FJ; and Kathy Raptis, WD9DGA**

Bob, AB9U, then discussed that the supply of stock QSL cards was running low and that more would need to be ordered shortly. Changing the reporting format to the new ARRL code (designated month and day) was brought up and accepted. Al, WD9FAQ made a motion that \$900 be allocated to procure 25,000 card blanks. Seconded by Bill Hall, WD9HII. Motion was carried and approved.

The program was then presented by Howard Pletcher, N9ADS on ARES, RACES, SKYWARN, Adopt-a-siren, and the National Emergency Medical Service. Applications were taken for the ARES/RACES cards before and after the meeting.

The meeting was then adjourned at 9:10 pm

Respectfully submitted,  
Kris Staller, KF9AW, Editor.

OCTOBER, 1992 FORT WAYNE RADIO CLUB

The October meeting of the Fort Wayne Radio Club was called to order by President Dave Beltz KF9DE October 23, 1992 at 7:50 PM. Dave gave a brief reminder of meeting etiquette, introductions followed.

The September minutes were read and approved.

The treasurer's report was given. From January through September we have a total of \$13,319.27.

Bill, WA9RAP gave a report on Code and Theory Classes. There are considerable drop-outs - only 6 or 7 left out of 20 enrolled. There will be testing in 2 weeks.

Jim, K9OMA, reported the ATV repeater done and ready to be put on the air. Should be up in 2 weeks.

76 repeater back on the air after a glitch.

Bob KR9U gave a repeater committee report:

- 1) replacement of 76 repeater entirely
- 2) improve operation of 91 autopatch
- 3) replace repeater on 91

Requested \$500 more for repeater for "just in case" for conversion etc. Motion made, seconded for \$500 additional replacement cost, voted on and motion carried.

KF9DE announced "FWRC On the Air" October 3 - 4. Need copies of anyone who operated. KF9DE reported he was the object of a pile-up on 10 meters.

Frank K1FJ gave the report of 3rd annual Hamfest. It was down in attendance but up in vendors. Sold 150 tables and had 506 attendees. Income was \$3434, expenses were \$2364.06 net \$1069.94. It was brought up we need a public relations person to go to hamfests and pass out our literature. Jim Pembleton offered to hand out flyers. KB9HII said members should have tickets available to sell.

Carole, WB9RUS gave a report on the income from the food. We took in \$528.81, spent \$217.91 for a profit of \$310.90 with the Pepsi bill yet to come.

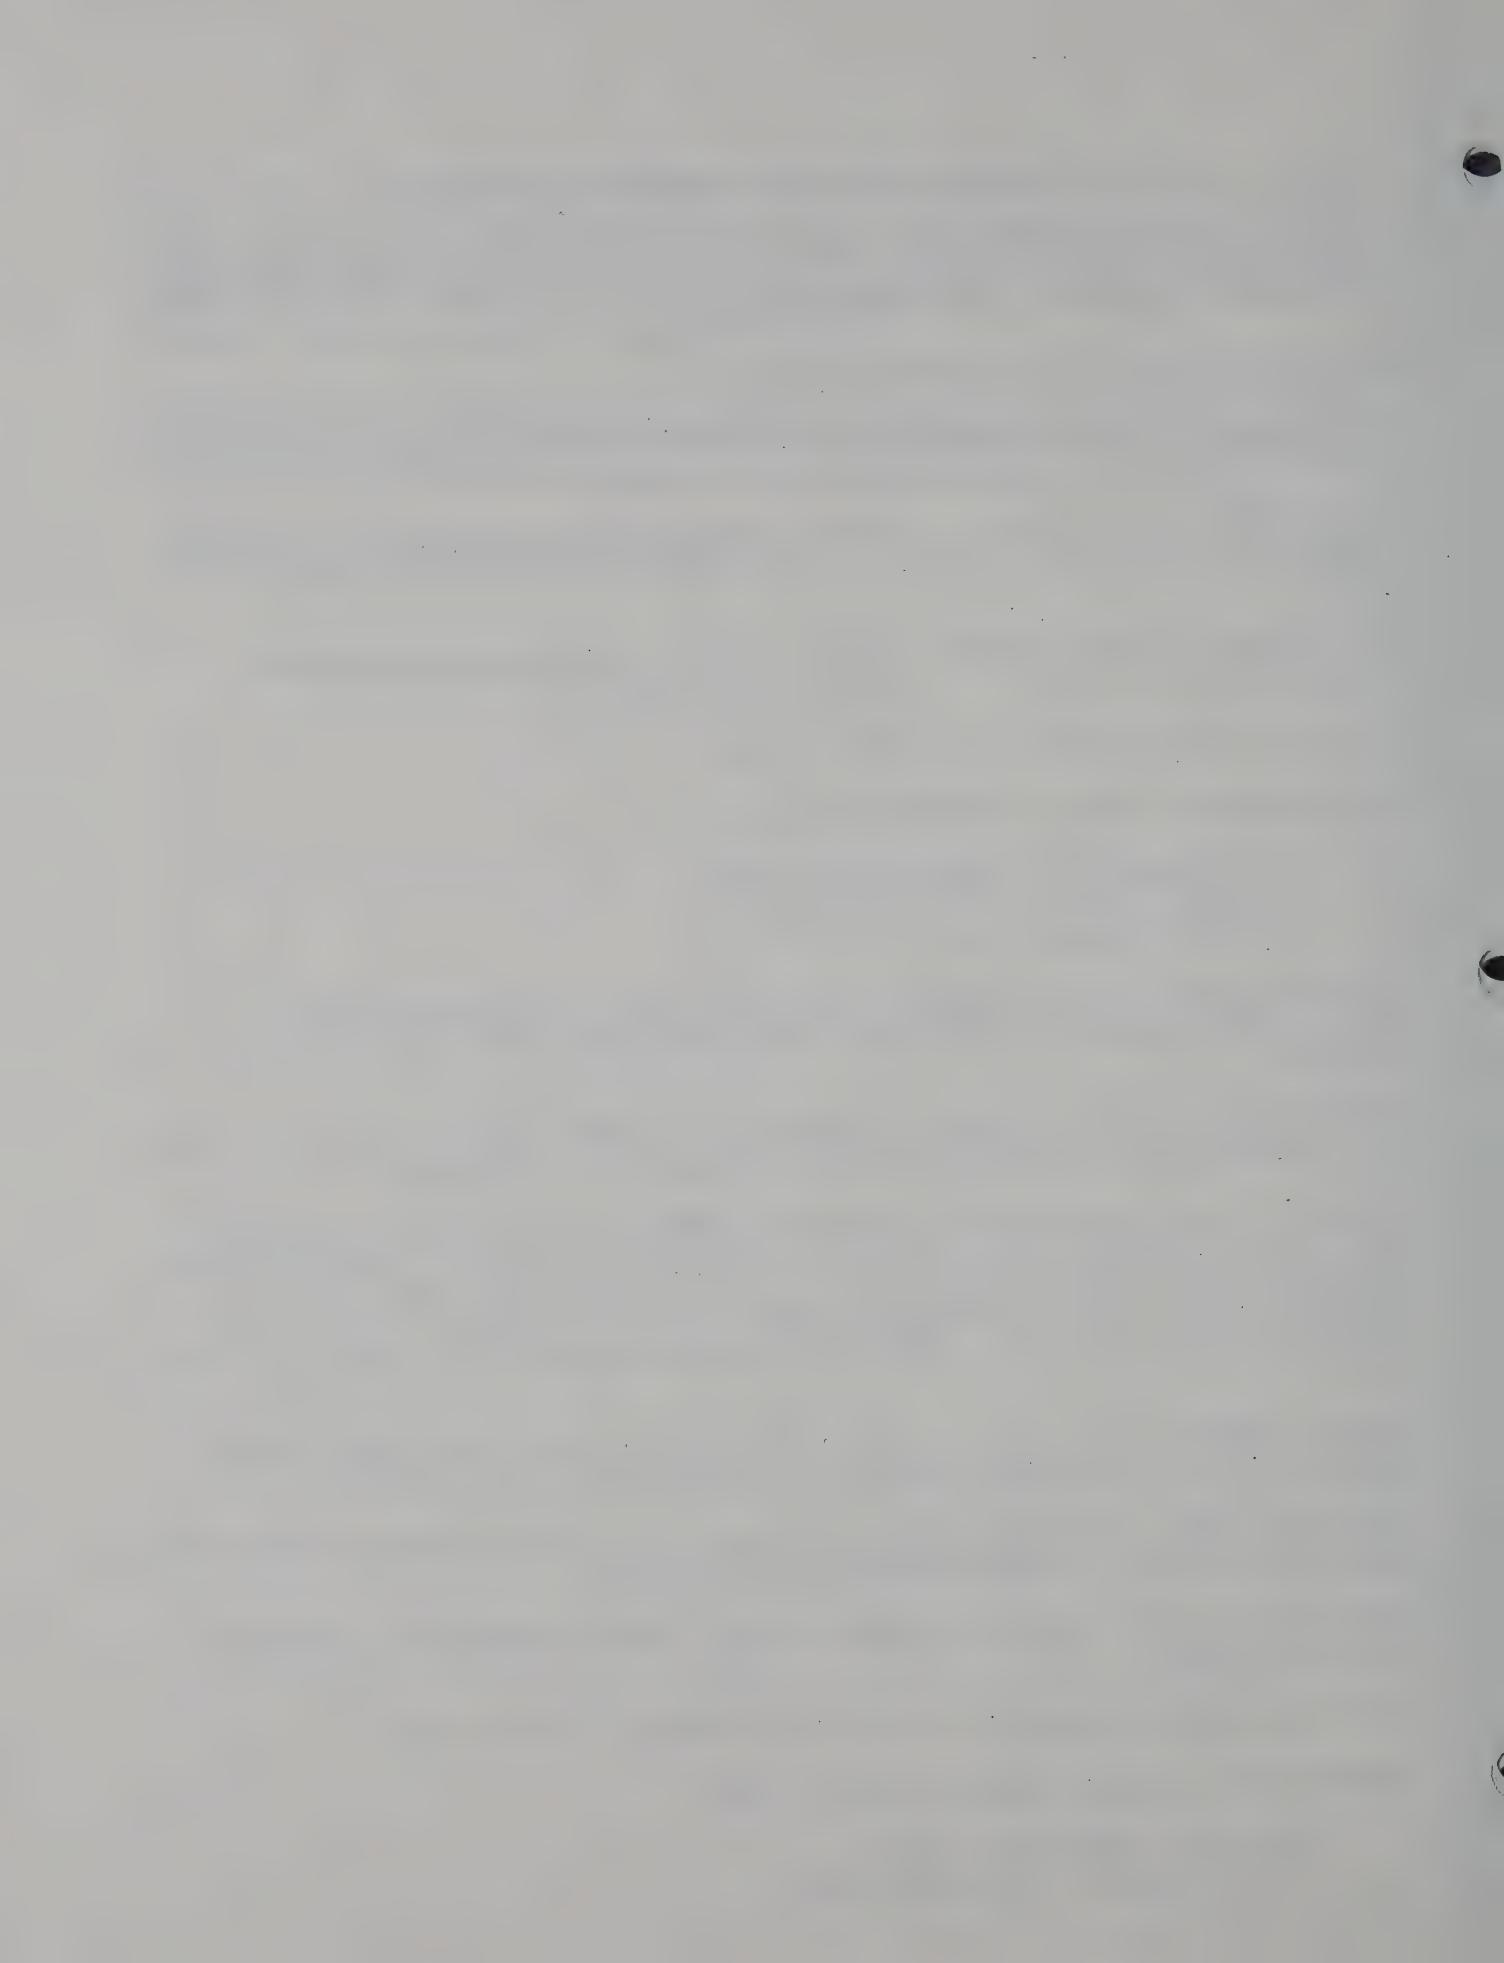

The grand prize, 2 meter HT went to a non-ham so it was auctioned off with \$289.50 as a minimum bid. It was purchased by Bruce WB8UGB.

Next year's Hamfest chairman is John Goller. Frank & Theresa were thanked for a job well done.

Christmas party is December 4 at 7:00 at the Lantern, \$12.00 each.

WA9RAP held elections, officers for 1993 are:

President - Dave Beltz KF9DE  
Vice-President - Dan Spencer KF9LZ

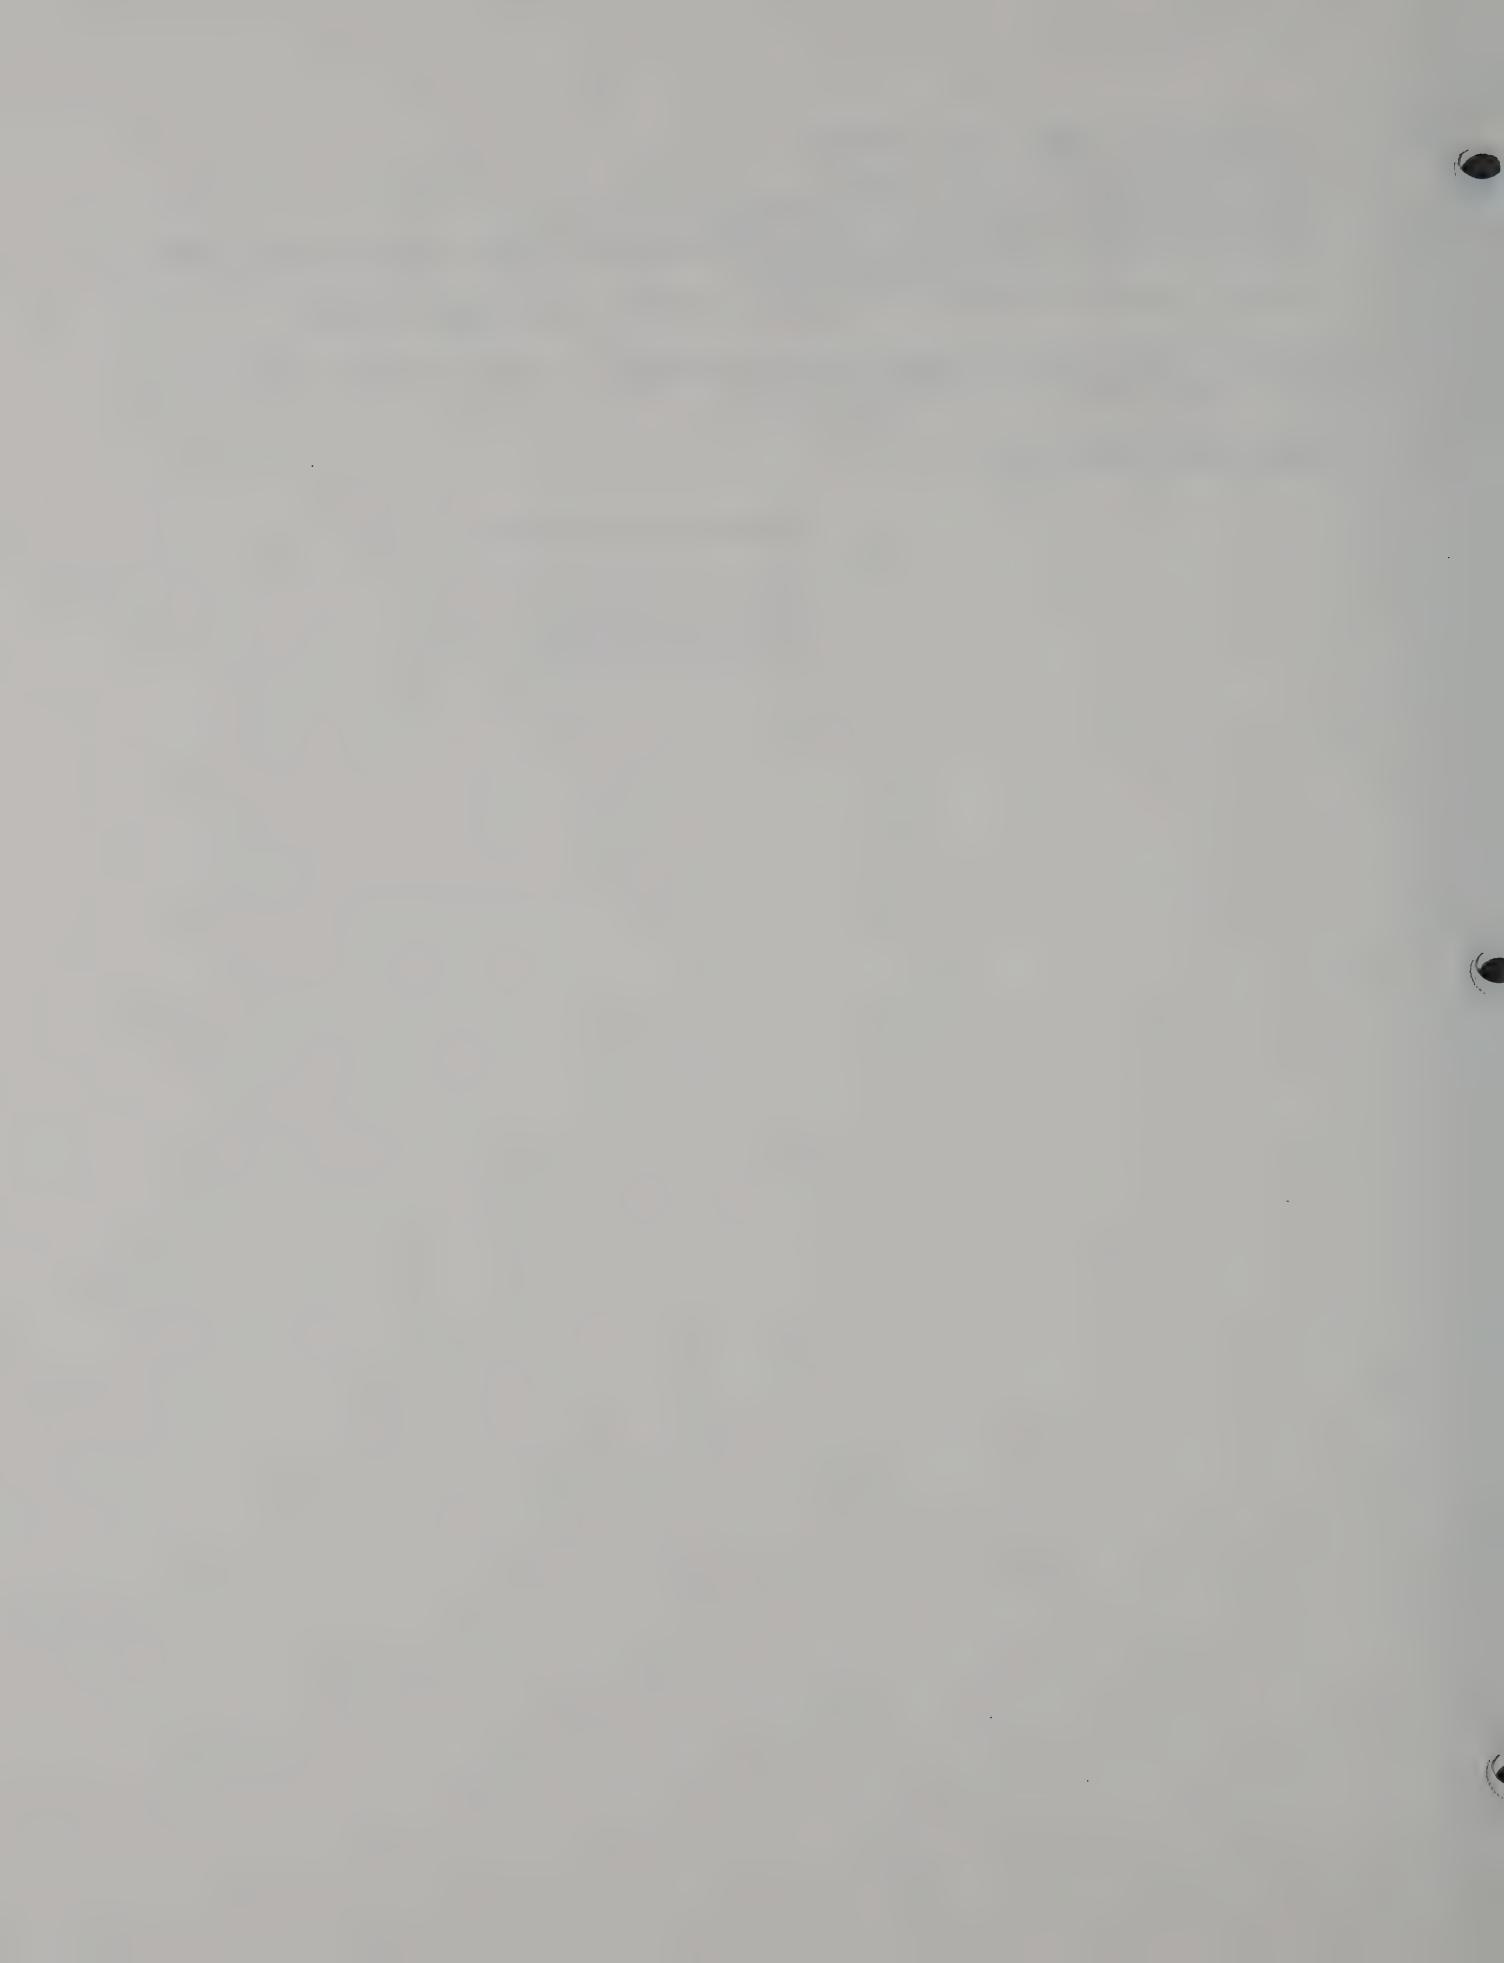

Secretary - Carole Burke WB9RUS  
Treasurer - Bob Streeter AB9U  
Communications Manager - Lynn Hyndman W9FC  
Board Members - Jim Pliett K9OMA, Charlie Hall KC9LA, Kris Staller, KF9AW  
Frank Jawarski K1FJ  
IRCC - Bill Hall WD9HII, Bill Kindred WA9RAP, Dave Beltz KF9DE

Motion was made by new officers and board members to come to next 2 board meetings for transition. Motion was carried.

Meeting adjourned at 9:20.

Respectfully submitted,

*Carole Burke*  
Carole Burke WB9RUS

NOVEMBER 1992 FORT WAYNE RADIO CLUB

The November 20 meeting of the Fort Wayne Radio Club was called to order at 7:45 by President Dave Beltz KF9DE. Everyone introduced themselves then minutes were read and approved.

Treasurer Bob Streeter gave his report and it was approved.

Dave announced that on November 12, Kay Evans, N9FGX became a silent key. There was a memorial service November 15.

Dave thanked all who helped at the hamfest the previous weekend. Bill, WA9RAP reported they had a "monster" test session giving 98 people 104 tests. They are considering pre-registration for next year.

Charler KC9LA and Jim Read N9ERM gave a report on Jamboree on the Air. Dave Beltz, Jim Wolf, Charile Hall, Ray Cronin, Kris Staller, Ron Bishop, and Steve Nardin were given certificates of appreciation.

Al Watters WD9FAQ has organized a Ham Santa for December 19.

The repeater committee reported the new 76 repeater up and operating with a few bugs. It has no "beep" or voice message at the moment. We thank the committee for all their hard work and KA0JQO, Devin, for his grateful help.

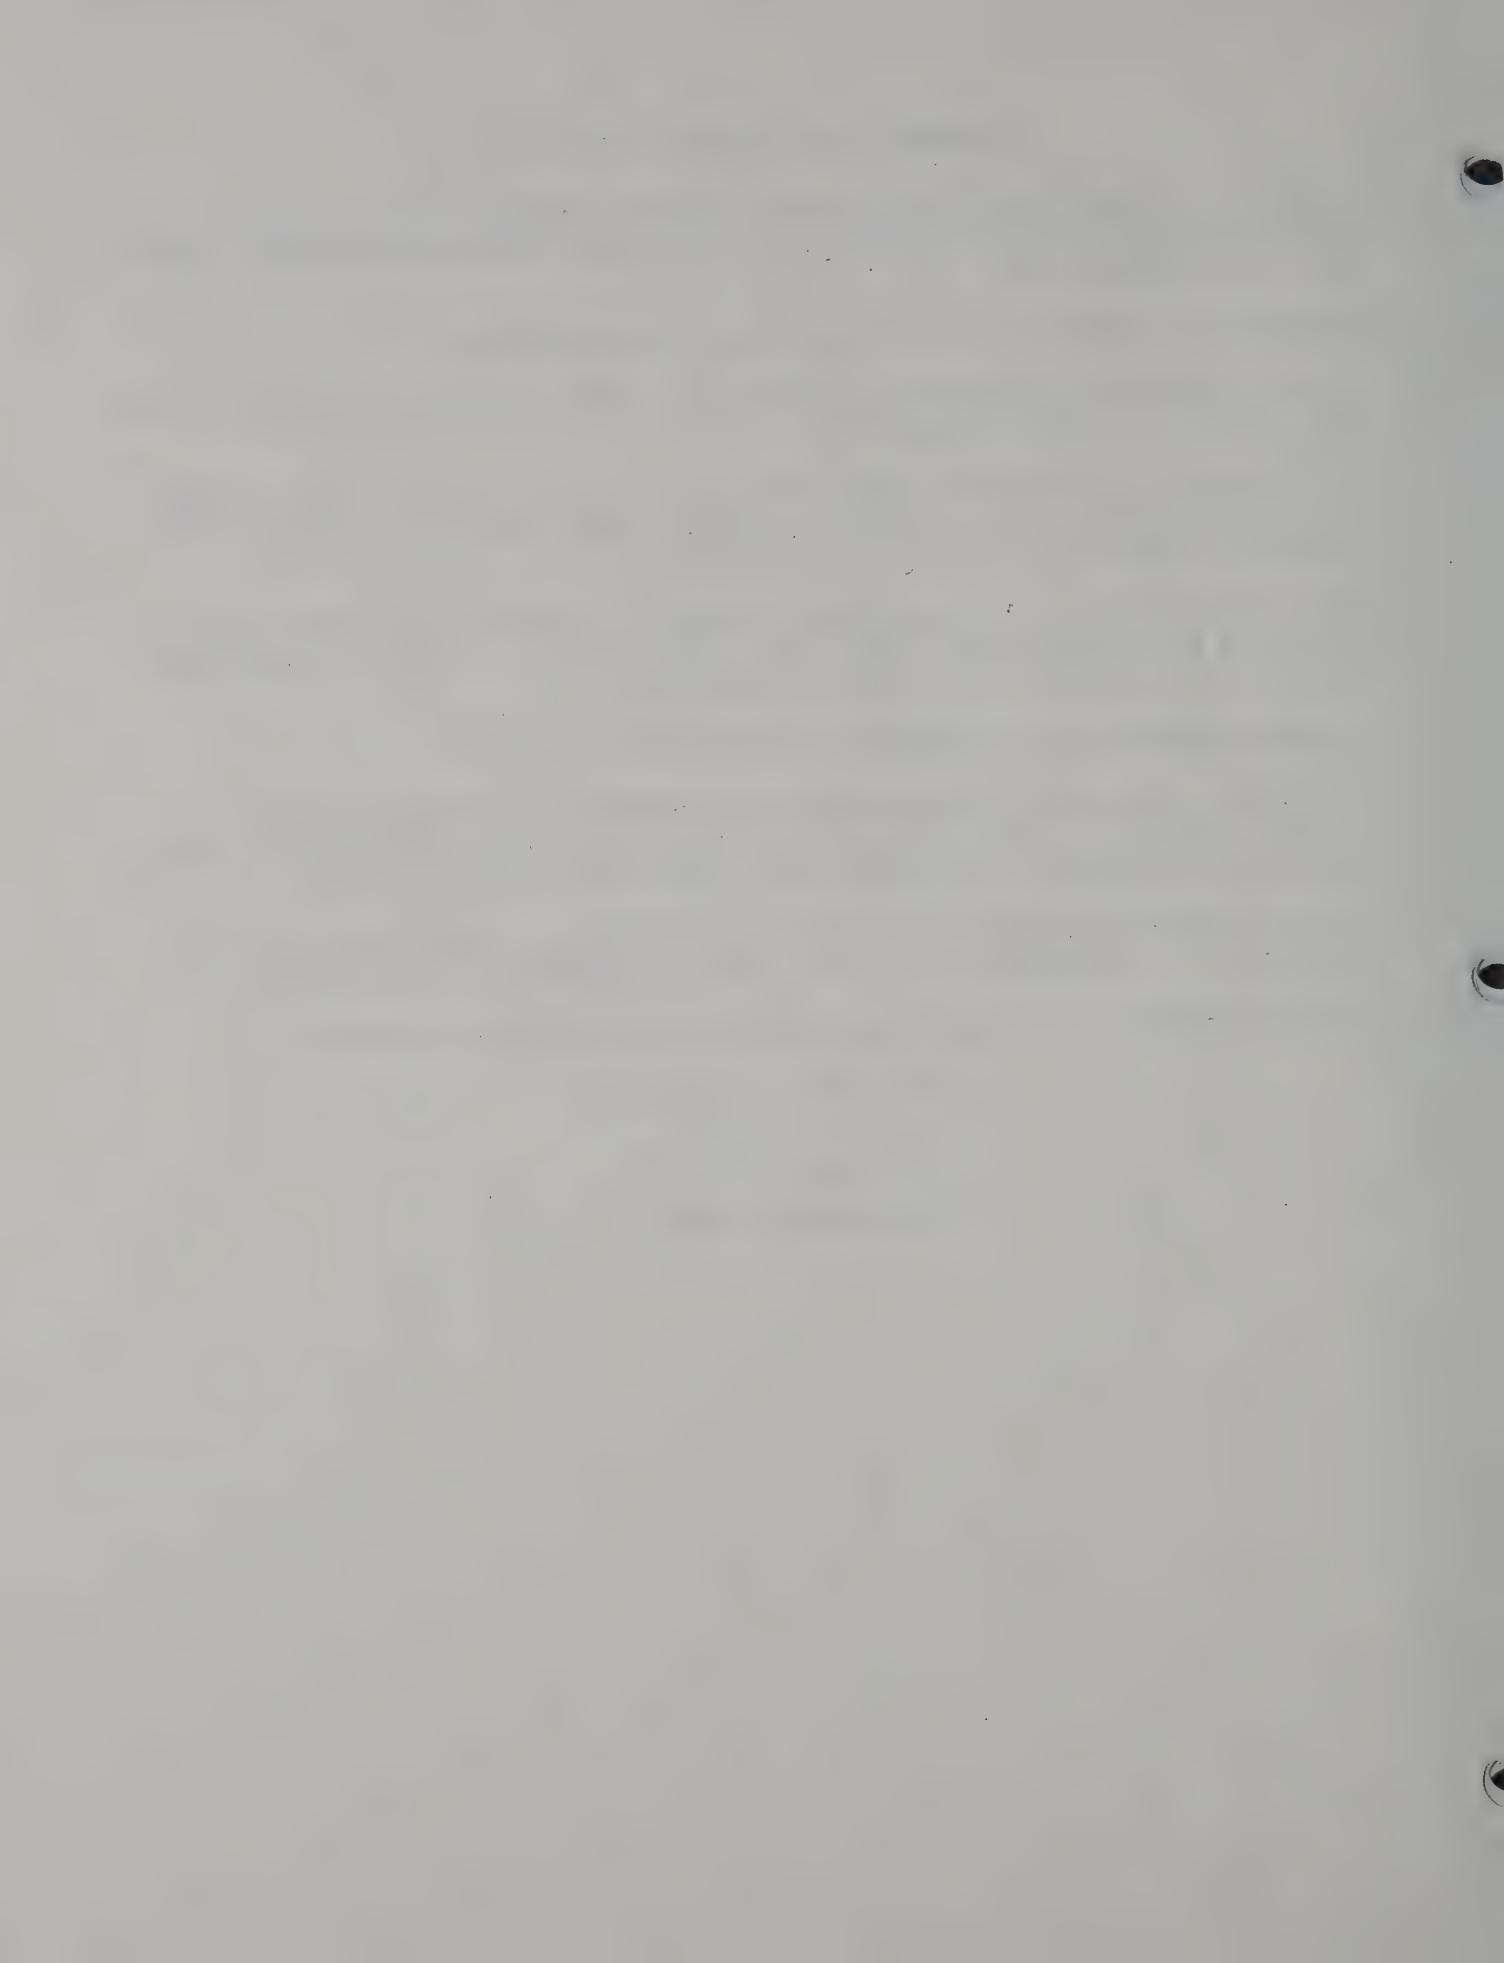

Bill Hall WD9HII presented Dave Beltz with a package of "donut seeds" for his dedicatioin to the club and ham radio. Now he can grow his own "vitamin O's"

Jim Pliett K9OMA gave a program and demonstration on the ATV repeater.

Respectfully submitted,

Carole Burke WB9RUS

DECEMBER 1992 FORT WAYNE RADIO CLUB

The December meeting of the Fort Wayne Radio Club was a wonderful Christmas banquet held at the Lantern December 4, 1992. There was just a brief business meeting. There was a gift exchange delicious food, and good fellowship, a good way to start the holiday season.

Respectfully submitted,

*Carole Burke*

Carole Burke WB9RUS

FORT WAYNE RADIO CLUB JANUARY, 1993 MEETING

Meeting was called to order by President Dave Beltz, KF9DE at 7:50 with introduction of officers and acknowledgement of 8 visitors.

Motion was made and seconded to suspend reading of minutes and treasurer's report.

A brief repeater report was given. The 440 repeater is next for repairs. The board decided to ask for \$400 to be allocated to improve the 440 system. A motion was made, seconded and approved. 2 opposed. Dave explained how the repeater committee have divided what needs to be done in 3 phases. Phase I - 76 machine, Phase II - 440 machine, Phase III 91 repeater.

Dave adjourned the business portion of the meeting at 8:00 and began a great auction with Jim Pliett K9OMA and Dave Beltz KF9DE auctioneers extraordinaire.

Respectfully submitted,

Carole L. Burke, WB9RUS

FORT WAYNE RADIO CLUB FEBRUARY, 1993 MEETING

President Dave Beltz KF9DE called the February meeting of the Fort Wayne Radio Club to order at 7:50 P.M.

The January minutes were read and approved. There was no treasurer's report.

Jim, K9QMA reported on the ATV repeater. Bob K9KFR has adapted a YAGI design for the 910 Mhz output, and an example of the antenna was shown off at the meeting. Jim, K9QMA has copies of the fabrication plans for this design - he reports it can be built for a material cost of about \$2.50!

Dave announced the Hogroast is May 21 at Goeglein's, 6:30 P.M. Cost is \$12 per person. Tickets will be sold in advance. There may also be a program.

Membership handbooks are available from Dave.

Charlie KC9LA said you can get maps of any particular area from the Department of Natural Resources at approximately \$2.50 - \$4.00.

Bill WD9HII reported Code & Theory classes will be Mondays and Thursdays starting March 15. They will be at ITT on Coldwater Road running 6 weeks. VE testing will be Saturday, May 1.

In old business the 440 repeater is being worked on. The repeater committee has purchased a GE Master II and is waiting for channel elements.

We are also working on getting estimates from printers for QSL cards. The front of the card will be the same, the back will contain certificate information and club history.

The meeting adjourned and Joe Knight WB9PXT gave a program on the Portside Repeater.

Respectfully submitted

Carole L. Burke, WB9RUS

FORT WAYNE RADIO CLUB MARCH, 1993 MINUTES

The March 19 meeting of the Fort Wayne Radio Club was called to order at 8:00 by President Dave Beltz, KF9DE. There were 5 visitors.

February minutes were read and approved.

The treasurer reported we had a balance of \$2038.38. He also has a mock-up of the new QSL card.

Bill, WA9RAP said the Code & Theory class is small but interested.

The hogroast is May 21. Carole WB9RUS has tickets. There will be a program.

Dave is organizing some "fox hunts". He hopes some people at home will participate by triangulation. Information will be on the repeater.

Bill ED9HII has I.D. cards for the E.O.C.

Dave proposed a new standing committee to be written into the by-laws. It would be a Welfare Committee and already has a chairman, Bill Kindrid. The purpose being to help family members dispose equitably of equipment of a silent key, or help elderly or ailing club members for grass mowing or whatever. The board approved the Committee. A motion was made to accept the Welfare Committee as a standing committee in the club by Al Watters and seconded by Dick Erwin. Motion carried.

Meeting adjourned at 8:30. The program was presented by Bob Bontempo, WB9SDP on MARS.

FORT WAYNE RADIO CLUB - APRIL 16, 1993

The April meeting of the Fort Wayne Radio Club was called to order April 16, 1993 at 8:00.

March minutes were read and approved. The treasurer reported total assets of \$12,317.82. Treasurer's report was approved.

Bill WA9RAP reported Coded and Theory class has promise. He also stated he has the new club call books. If you need an address, call Bill.

The Hogroast is May 21. Bob Sievers is giving a traveloge on Australia and the South Pacific. Reservations are needed by May 5.

The Fox Hunt April 10 was won by Jim & Anne Pliett. Anne will be the fox on April 17.

The Welfare Committee approved in March is now a standing committee. As long as it is entered in the meeting minutes it is approved.

On May 1 the Boy Scouts will have a bike ride from Fox Island to the Huntington Reservoir. Volunteers are needed for check points.

We have excess club pins, they are \$4.50 each.

Bob AB9U is waiting to hear from printer on QSL cards for the new formate. We have 2000 we can sell at cost. See Bob.

Jean N9PXF has tickets for Field Day chicken dinner. It will buffet style and a bingo will follow. She needs reservations by the first week in June.

Jim KR9U needs novices to operate the novice station at Field day.

Meeting adjourned at 8:25. Dave KF9DE gave a program on RC planes --now I understand why they are so difficult to fly.

Respectfully submitted,

Carole L. Burke, WB9RUS

## FORT WAYNE RADIO CLUB - MAY, 1993

The May meeting of the Fort Wayne Radio Club was a Hogroast at Goegleins Reserve. The guest of honor was delicious. Dave Beltz, KF9DE greeted visitors and had introductions at the start of the meeting.

Minutes of the April meeting were read and approved.

Treasurer's report by Dan, KF9LZ was \$11,463.31 was approved.

KF9DE gave the Field Day report for KR9U. If anyone can help, call Jim.

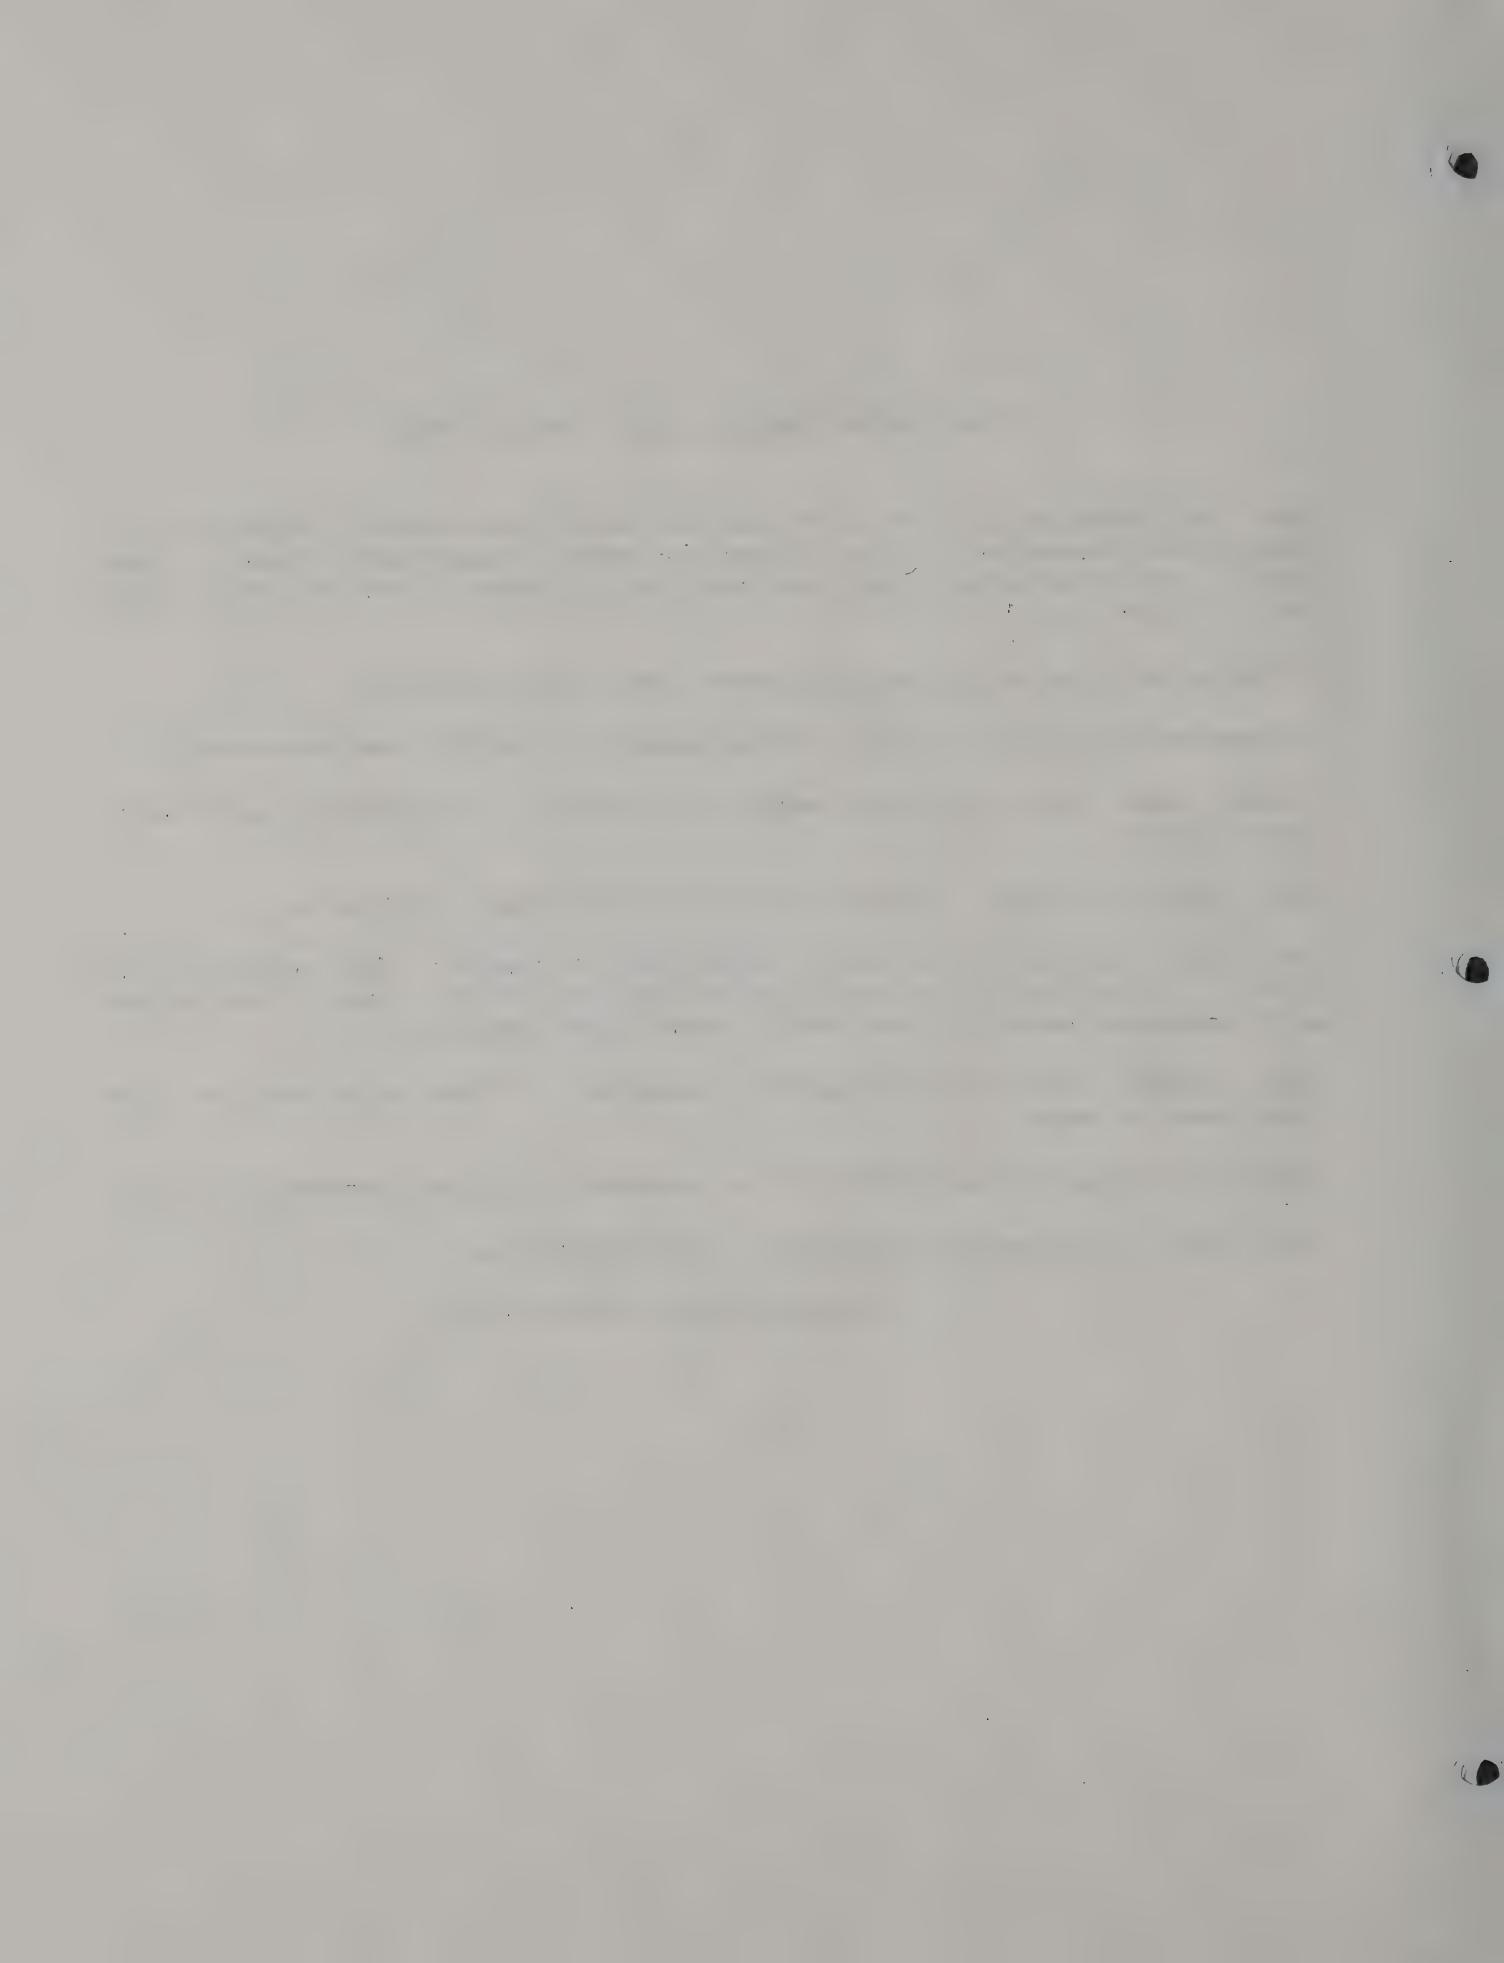

The chicken dinner is set for 5:30 with bingo following.

The next fox hunt is June 7 starting at the 4H Fairgrounds. at 6:45. Everyone is encouraged to join the fun - just ride along with someone even if you don't have a DF antenna.

Jim, K9OMA reported on the ATV repeater. There are one or two new users a week.

Meeting adjourned at 8:25 with a wonderful slide presentation by Bob, K9FJT on the South Pacific and Australia.

Respectfully submitted,

## FORT WAYNE RADIO CLUB - JULY, 1993

The Fort Wayne Radio Club was called to order by President Dave Beltz, KF9DE. He welcomed visitors and new members.

The June minutes were read and approved.

The Treasurer's report was income of \$4713.04 and expenses of \$4048.61. Liquid assets of \$6412.40. Total assets of \$10,871.95.

Jim K9OMA reported because of band openings there is a lot of DX on the ATV repeater. There is also a lot of computer graphics.

There are no final figures for Field Day yet. We had approximately 5500 points.

Regarding Field Day equipment, the board proposed a trailer be built to house towers, antennas, generator, electric panel, cables, and etc. Board recommend the club approve \$1,000 for building the trailer. K9UWA volunteered to build the trailer with other help. He will store it. He already has frame and axle. WD9HII moved to accept the boards proposal. Bill Kindred WA9RAP seconded. The motion carried.

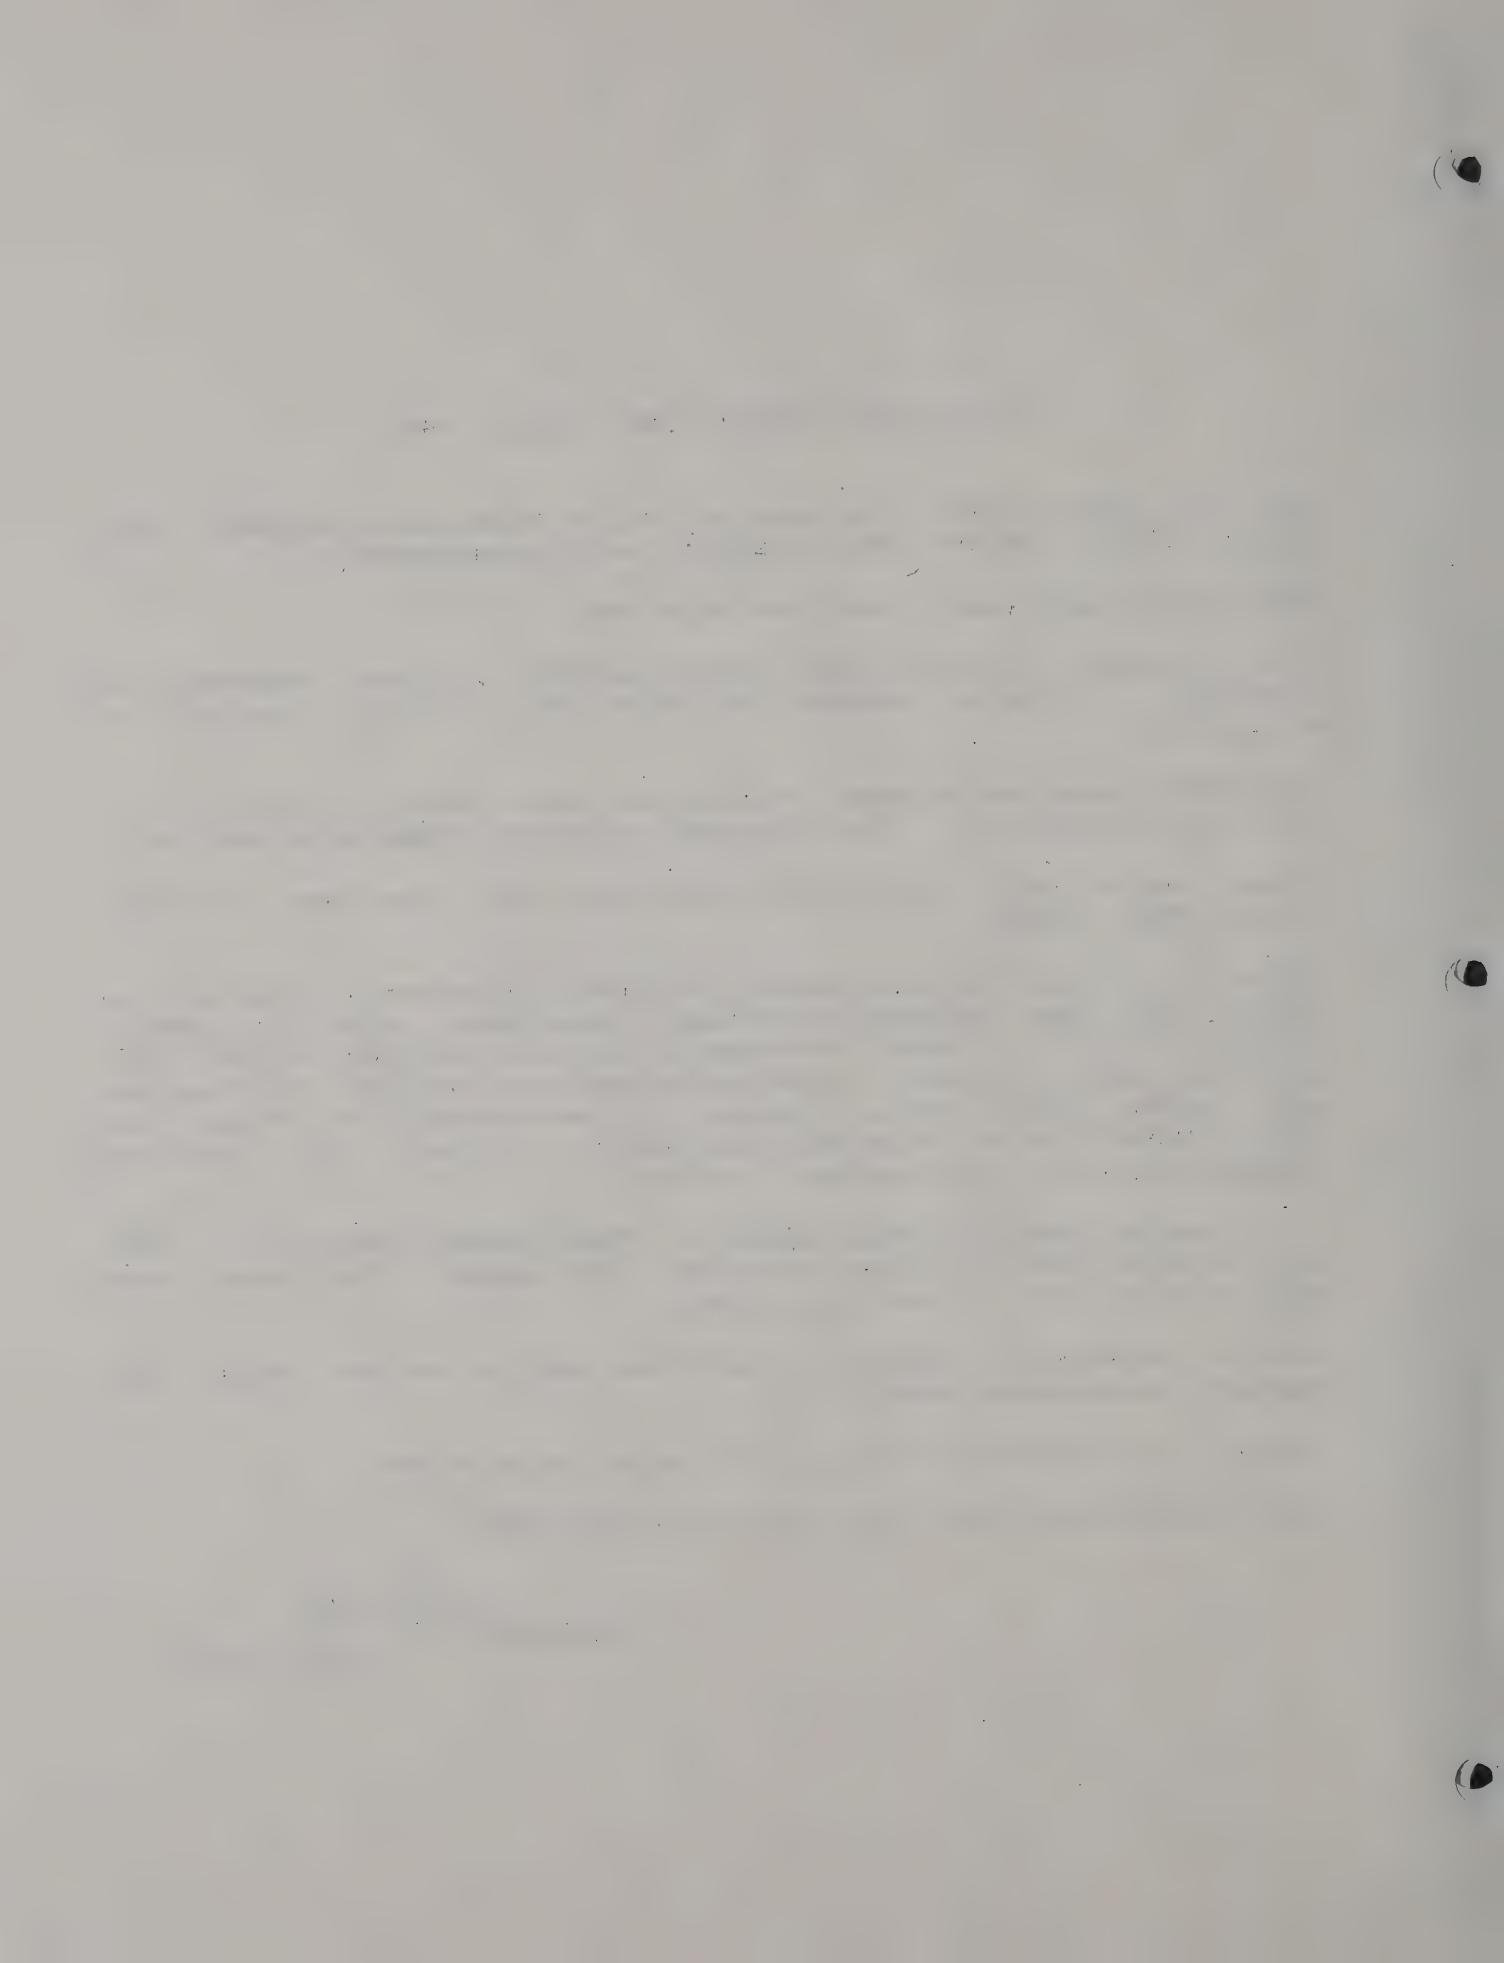

KF9DE has tickets for the Hamfest. K9UWA asked everyone to hand out fliers. We still need help for the hamfest. May also need help at 4:30 A.M. to set up tables.

Carole, WB9RUS is having a committee meeting at her house for Hamfest concession stand.

There is a repeater article in 73 magazine by K0OMA.

The program was about fox hunting by Bob Boher.

*Carole Burke  
WB9RUS*

## JUNE MINUTES FORT WAYNE RADIO CLUB

The June meeting of the Fort Wayne Radio Club was called to order June 18, 1993 at 7:45 by Vice President Dan Spencer, KF9LZ.

The May minutes were read and approved.

There was no treasurer's report. The budget was presented and it should be a break even this year. The board approved the new budget. Bill Hall, WD9HII, moved to accept the budget. It was seconded by John Goller, K9UWA.

Jim Wolf gave a report of Field Day plans progressing.

John K9UWA, Hamfest Chairman, said vendor packages were sent out. Hamfest is September 11.

Our QSL printer is increasing our cost by 228%. We are checking out other printers.

Bill, WD9HII said I & M tower took a direct lightning hit but our equipment is O.K.

We received the last part for the 440 repeater and it is ready to install.

ATV repeater is working fine. 439.25 input with 434 for secondary.

K9LA reported the Boy Scout Jamboree on the Air is the second weekend in October. They will need help.

The program for the evening was a video tape tour of Ten Tec in Sevierville, Tennessee.

(L)

August, 1993 Fort Wayne Radio Club

The August meeting of the Fort Wayne Radio Club was called to order at 7:45 August 20 by President Dave Beltz KF9DE. Introductions were made and visitors and new members were welcomed.

The July minutes were read and approved.

There was no Treasurer's report.

For the hamfest help for the gate and parking is still needed.

There is a meeting at Carole's WB9RUS August 25 at 7:30 to firm up details for the concession stand.

Code & Theory Classes will be starting September 20 at ITT on Coldwater Road. Bill WA9RAP and Gene W9AJD will be teaching. There will be no fee.

The Fox Hunt was won by a group from Van Wert. The next hunt is September 13. Van Wert would like a FWRC challenge.

Jim Read N9ERM reported the J.O.T.A. is October 15, 16,17 at the 4H Fairgrounds in Bluffton. Need volunteers to operate 2 meters and low bands, ATV and maybe packet.

Kris Staller would like a year off as Hamsplatter editor. Need a volunteer.

Meeting adjourned at 8:15. Program on Beginning Packet by Bruce Cadwell N9DGL.

## SEPTEMBER, 1993 FORT WAYNE RADIO CLUB MEETING

The Fort Wayne Radio Club meeting was called to order September , 1993 at 7:45 by Vice President, Dan Spencer, KF9LZ.

The minutes were read and amended to read - the code and theory class will have a normal fee, but anyone who gets a license will have fee refunded and the code and theory books up to \$25. Bill, WD9HII moved to allow an expenditure for up to 25 books at \$25 each to cover this session. It was seconded by Bill, K3HZP. A vote was taken, 18 for, 4 opposed. It was decided to table the issue till January to decide what we will do for the spring session.

Motion to amend the minutes by WB9SEE and seconded and approved.

Treasure's report Year-to-date \$1,357.39 gain. Total assets of \$12,000.

Elections are coming in October. Bill, WD9HII volunteered to be election steward.

President -

V.P. Jim Pliett, K9OMA

Secretary - Carole Burke WB9RUS

Treasurer - Bob Streeter AB9U

Teresa Deventer N9UKM

Board - Dave Beltz KF9DE, Charlie Hall KC9LA, Kris Staller KF9AW, Bob Johnson K(KFR, Dan Spencer KF9LZ

Communications Manager - Jean Anderson, N9PXF

IRCC - (1 for every 20 members)

Bill Hall WD9HII

Bill Kindred WA9RAP

Dee Kindred KB9HII

Nominations were closed for September.

Still investigating new QSL printers since our printer raised our costs by 300%.

Charlie, KC9LA asked for volunteers for J.O.T.A. Oct. 16-17. for the Adams, Allen, Wells Counties.

Christmas party is at the Lantern December 3. More details to follow.

Jean Anderson in John Goller's place thanked everyone who worked at the hamfest. Had approximately 900 attendees and sold over 1000 tickets. There was a profit of \$2489.60 on the hamfest proper and \$456.38 on the food. Jean also asked for help in locating a tail-gater who sold bad equipment. John will be hamfest chairman again next year, but he is looking for a trainee for the following year. There was a drawing for left-over door

We welcome our new president, Eddie Sawyer, and our new vice-president, Alice Sawyer, and Theresa as our new officers.

Dave thanked all for a fun evening and the meeting was adjourned at 7:00.

Carole Burke, WB9RUS

## THE POLITICAL PARTIES OF THE UNITED STATES

The following article is from the Encyclopedia Britannica, Ninth Edition, and has been selected by the Committee of Reference as being of interest to the public.

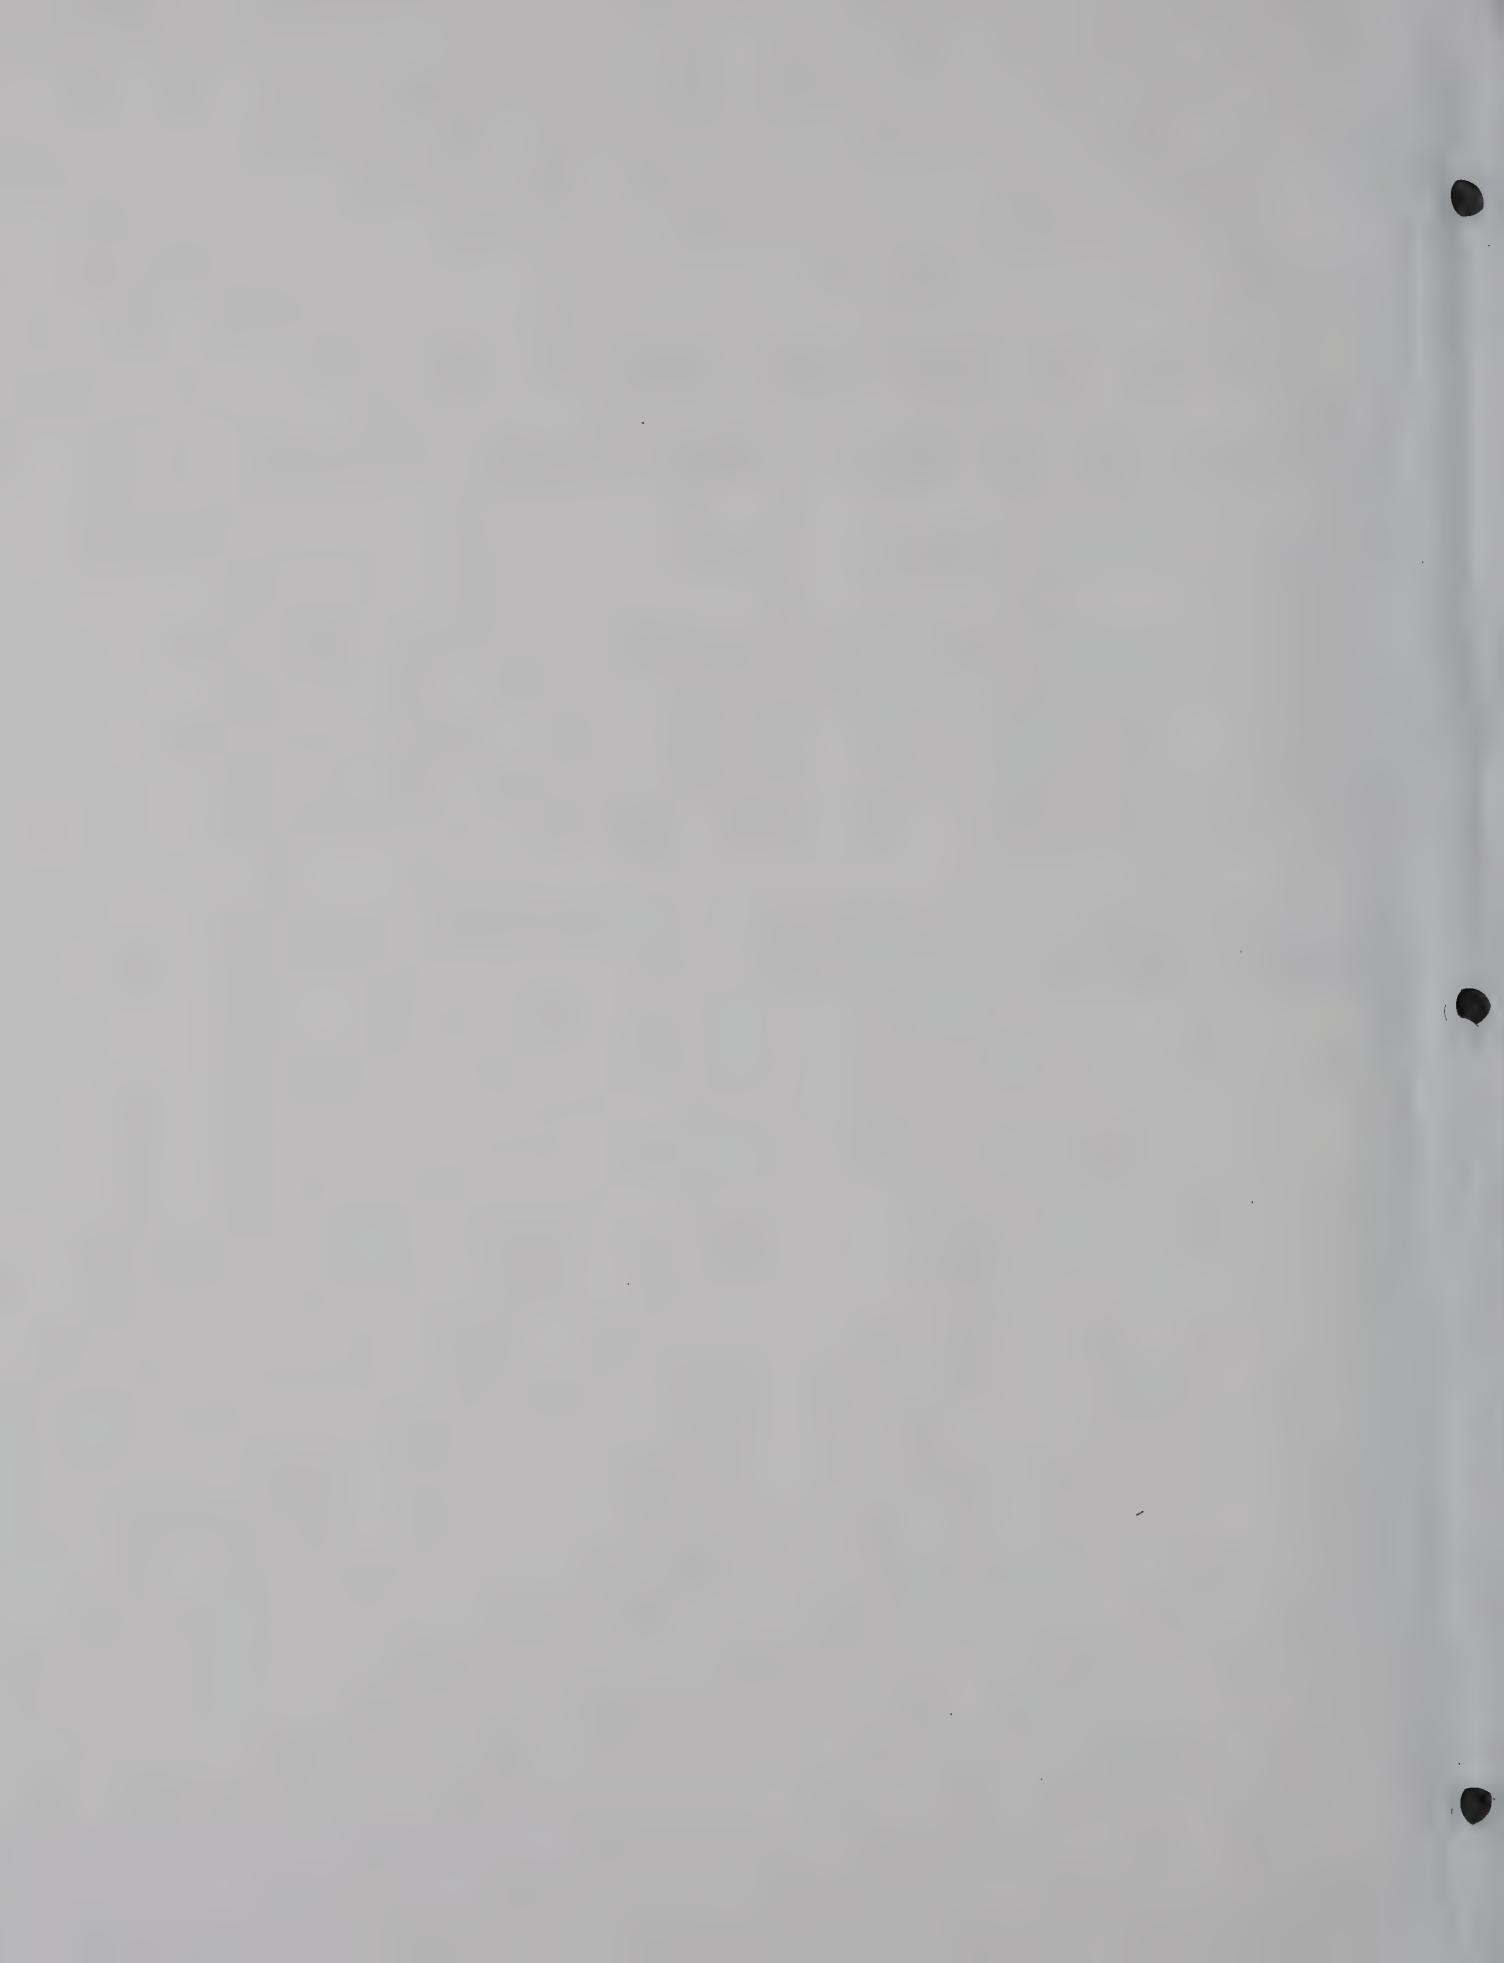

### THE POLITICAL PARTIES OF THE UNITED STATES

The political parties of the United States are the result of a long history of development, and have been influenced by many factors. The most important of these factors have been the economic conditions of the country, the social and political ideals of the people, and the influence of political leaders. The first political party in the United States was the Federalist Party, which was formed in 1789. It was led by Alexander Hamilton and John Jay, and supported a strong central government and a favorable policy towards Great Britain. The second major party was the Democratic-Republican Party, which was formed in 1791. It was led by Thomas Jefferson and James Madison, and supported a weak central government and a favorable policy towards France.

The third major party was the Whig Party, which was formed in 1834. It was led by Henry Clay and Daniel Webster, and supported a strong central government and a favorable policy towards Great Britain. The fourth major party was the Republican Party, which was formed in 1854. It was led by Abraham Lincoln and others, and supported a strong central government and a favorable policy towards the South.

These four major parties have been the dominant political parties of the United States for over 150 years.

Encyclopedia Britannica, Ninth Edition

General Meeting Minutes  
Fort Wayne Amateur Radio Club  
April 18, 1991

The meeting was called to order at 7:30 pm by Bill Kindred, WA9RAP, Vice President.

Old Business: The proposed changes to the Club Constitution and Bylaws will be voted on in the May, 1991 meeting. Copies of the changes were distributed in the April issue of the "Hamsplatter" and will appear in the May issue as well. These changes are basically housekeeping in nature, to bring the Constitution more up to date.

New Business: No issues addressed.

Program: The first part of the program was a presentation by Bill Hall, WD9HII, and covered the ice storm damage wrecked upon the central Indiana power lines last March. An AEP/I&M video tape was played and showed what happens to the large tower structures when they accumulate more than 8 inches of ice! Over 39 structures had collapsed on the eastern north-south line, and substantial line damage was incurred to the western north-south line. If such damage can happen to commercial equipment, I'd hate to imagine what it could do to our ham stuff!

The second portion of the program was presented by Frank Moore, WA1URA. He was "the source of smuggled information" coming out of Kuwait during the Gulf crisis. Using the AMTOR communications mode, he and three other amateur stations relayed pertinent information about the conditions in Kuwait as sent by a Kuwaiti ham to the United States government. He shared many of the transcripts in unedited form, and then replayed CBS broadcasts which used portions of the same text. The whole volume was very compelling and will make a powerful book, if the persons involved decide to compile one.

The meeting was then called at 9:55pm.

Respectfully submitted,

Kristopher D. Staller, KF9AW, Secretary

The following is a summary of the proposed changes to the Fort Wayne Radio Club Constitution and Bylaws, as presented February 7, 1991 by the Executive Committee:

Article V - Business Management, Section 8

From: All monies deposited by the Treasurer shall be deposited in an accredited local bank. The account will be in the name of the President and the Treasurer, and the signature of either must be required to withdraw monies.

To: All monies deposited by the Treasurer shall be deposited in an accredited financial institution. The account will be in the name of the incorporation and will have the IRS identification number, with signature access required to withdraw monies. An authorization for additional signature access may be granted by the President and Treasurer to cover special situations.

Section 9

From: All bills not exceeding fifty dollars (\$50.00) payable by the Treasurer may be decided by the Executive Committee. Bills over fifty dollars (\$50.00) shall be presented to the Club for approval.

To: All proposed expenses exceeding one hundred dollars (\$100.00) payable by the Treasurer shall be decided by the Executive Committee. Any expenditures above the set maximum, with the exception of usual and customary business expenses of the club, shall be presented for ratification by the club membership.

Section 11

From: The Treasurer's books shall be audited after each annual election or with a change of Treasurer. It shall be the responsibility of the Directors to see that this is done.

To: The Treasurer's books may be audited 60 days prior to the filing date of the Indiana Non-Profit Corporation form, at the discretion of the Directors.

Bylaws, No. 2

From: The annual dues of the Club shall be as follows: A) Full Member \$12.00, B) Associate Member \$12.00, C) Student Member \$6.00, Family Member \$6.00, with a maximum family membership fee of \$18.00.

To: The annual dues of the Club shall be determined by the Directors. Full and Associates members shall pay full rate. Student and Family members shall pay one-half of full rate. Maximum family membership shall not exceed one and one-half of full rate. Family membership is defined as all persons living at same address.

No. 5

From: The editor of the "Hamsplatter" newsletter and a Public Relations person shall be appointed by the President, with approval of the Executive Committee. These persons shall be invited to all Executive Committee Meetings as non-voting members.

To: The editor of the "Hamsplatter" newsletter, Public Relations person, and special committee chairpersons, such as Hamfest, Ladies Auxiliary, etc, shall be appointed by the President, with approval of the Executive Committee. These persons shall be invited to all Executive Committee Meetings as non-voting members.

No. 7

From: The Bylaws may be amended and/or revised at any regular meeting provided due notice of the proposed amendment or revision has been given to the members. Adoption shall require two-thirds (2/3) vote of a quorum.

To: The Bylaws may be amended and/or revised at any regular meeting provided due notice of revision or addition is made at least one (1) meeting prior to motion and approval. Adoption shall require two-thirds (2/3) vote of a quorum.

These revisions will be voted on at the May 1991 regular meeting.

GENERAL MEETING MINUTES  
DECEMBER 1990

Bill, WA9RAP opened the meeting at 7:56 pm. ~~The president could not attend this meeting.~~ 14 members and 2 guests were in attendance. The minutes were approved as presented in the Hampsipattee.

Bob, AB9U, reported that the club has a total of \$6,917.24 in it's account, with \$1,926.09 in the repeater fund. The repeater account was moved into the same credit union as the general club account. The 1991 budget was finalized and available for review.

Since the club has little property that could be held liable, it was decided to turn down a recommendation from our insurance company to purchase an earthquake policy.

General announcements were as follows: The new codeless technician license would become effective in February. VE testing will take place in Fort Wayne in 1991 on 2/2, 5/4, 8/3, and 11/2. January's meeting will be the annual club auction.

Bill, WD9HII, requested \$300 from the budget committee to upgrade the generator before Field Day. The motion was seconded and approved.

Al, WD9FAQ, explained the procedures and duties for the upcoming Santa Claus visits and recruited volunteers. Al is the new communications manager and outlined some goals for the club for 1991, including revamping the Fort Wayne Award and improved QSL handling for W9TE.

Kathy, WD9DGA, announced that the Technical Committee would hold a meeting on January 24, 1991 at the Tower Tavern at 7:30. All persons interested in discussing possible upgrades to the repeaters should plan to attend.

The program was conducted by Neil Ainsley and Laura Parker of the Fort Wayne Astronomical Society. They told of an upcoming event where the asteroid Vesta would occult (eclipse) the star SA093228. Several observation locations were planned to be set up and operating on the evening of January 3, 1991. The FWAS needed communication links to help coordinate the effort and to share observation data. Several members participated in the discussion, and a 2-meter net was planned to help link the sites together and to provide WWV timing signals.

Al, WD9FAQ volunteered to help coordinate volunteers from both radio clubs.

The meeting was adjourned at 9:06 pm

respectfully submitted,

*Kristopher D. Staller*

Kristopher D. Staller, N9JLE, secretary

**General Meeting Minutes  
Fort Wayne Amateur Radio Club  
April 18, 1991**

The meeting was called to order at 7:30 pm by Bill Kindred, WA9RAP, Vice President.

**Old Business:** The proposed changes to the Club Constitution and Bylaws will be voted on in the May, 1991 meeting. Copies of the changes were distributed in the April issue of the "Hamsplatter" and will appear in the May issue as well. These changes are basically housekeeping in nature, to bring the Constitution more up to date.

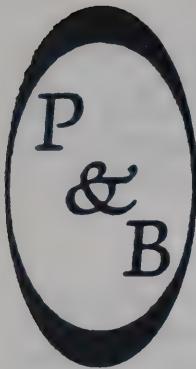

**New Business:** No issues addressed.

**Program:** The first part of the program was a presentation by Bill Hall, WD9HII, and covered the ice storm damage wrecked upon the central Indiana power lines last March. An AEP/I&M video tape was played and showed what happens to the large tower structures when they accumulate more than 8 inches of ice! Over 39 structures had collapsed on the eastern north-south line, and substantial line damage was incurred to the western north-south line. If such damage can be induced to commercial equipment, I'd hate to imagine what it could do to our ham stuff!

The second portion of the program was presented by Frank Moore, WA1URA. He was "the source of smuggled information" coming out of Kuwait during the Gulf crisis. Using the AMTOR communications mode, he and three other amateur stations relayed pertinent information about the conditions in Kuwait as sent by a Kuwaiti ham to the United States government. He shared many of the transcripts in unedited form, and then replayed CBS broadcasts which used portions of the same text. The whole volume was very compelling and will make a powerful book, if the persons involved decide to compile one.

The meeting was then called at 9:55pm.

Fort Wayne Radio Club, Inc.  
PO Box 15127  
Fort Wayne, IN 46885

To The Officers and Members:

According to the information and paperwork submitted to me,  
I find the books for the Fort Wayne Radio Club, Inc., for the  
calendar year 1990, to be in order.

As a personal note, in comparison to other not-for-profit  
organizations that I do business with, I believe you are using  
an excellent system to account for your funds and expenses.  
There is no way to be absolutely certain where cash is involved,  
except through trust in all those club members who are charged  
with the responsibility of handling said funds. However, your  
bank accounts all balance with their respective statements,  
all checks are accounted for in numerical sequence, and I believe  
everything is in proper order.

*Nancy Beltz*  
Nancy Beltz, Ptr.  
P & B Business Services

of the Fort Wayne Radio Club. The card is buff in color, and has a standard format and picture printed in black. The personalized information can be printed in a choice of 3 colors. Club members may select, at no additional cost, several additional imprinting items, including emblems and awards.

Members are encouraged to compare the club prices to those of the traditional commercial QSL printers. Please remember that we are offering 2 colors and optional personalized information in a special, club oriented card format. Naturally, there are lower cost "generic" cards available. The club price is nearly at a break-even point when shipping charges are considered in the overall card cost.

| Quantity   | price   |
|------------|---------|
| 100 cards  | \$11.00 |
| 200 cards  | \$14.00 |
| 500 cards  | \$20.00 |
| 1000 cards | \$34.00 |

You may obtain order blanks from the treasurer (Bob, AB9U). Orders must be pre-paid at the time of the order, and are processed by the treasurer. Payment by personal check is recommended.

## A BIG THANK YOU

A big FWRC "THANKS" to those members that have renewed their ARRL memberships through the FRWC/ARRL renewal program. Enough of this radio club stuff. Here's an interesting tale from the 9/91 issue of Ham News Outlet.

## A TRUE STORY from NEBBS by WA2PVV

Last week the daughter of a friend of mine called her dad with the following scary story....

She owns a 1 to 2 foot tall cactus house plant - a bulbous type, smooth skinned with a few warts but no needles. She feeds it about 1/2 cup of water once a week and has for 2 or 3 years.

Last week, after watering the plant, she was startled to notice it wiggling a bit and "humming!!" She called her local florist to ask what could be the meaning of that strange behavior by her placid plant.

"GIVE ME YOUR NAME AND ADDRESS AND GET OUT OF YOUR HOUSE AT ONCE -- DONT EVEN WAIT TO GET AN OVERCOAT -- LEAVE AT ONCE. CLOSE THE DOOR AND CALL ME FROM A NEIGHBOR'S!!"

Thoroughly frightened she did as instructed and called when she arrived at her neighbors home. "The exterminator is on the way to your home," she was informed. "What you have is a cactus that is ready to literally explode at any moment. It is jammed full of thousands of baby tarantula poisonous spiders! Should the plant explode, your home will be unlivable from that point on - you would never find them all. They are extremely poisonous and that is how they breed - in that variety of cactus plant!"

When the exterminator arrived, he first sprayed the plant with poison and then quickly put it in a large plastic bag and filled the bag with poison gas. The cactus exploded and the bag filled to capacity and then slowly deflated. None of the tarantulas escaped. Had the plant exploded at night when she was home asleep, there is no telling of the ensuing havoc.

How many of us would have shrugged off? Do you have any friends who have smooth skinned cactus plants in their homes??

I wonder how many cactus plants are going in the trash basket after reading this story..

6 February 1991

To the Fort Wayne Radio Club Board of Directors:

Jim Pliett -President  
Bill Kindred - Vice-President  
Kris Staller - Secretary  
Dave Beltz  
Frank Jaworski  
Kathy Raptis  
Dan Spencer

Kathy Raptis requested additional information on the 1990 club financial position during the January Board meeting. Several selected accounts were identified as being of interest, and the requested information was supplied to Kathy at the January FWRC club meeting (the auction meeting).

Rather than discussing any topics of concern with me, Kathy elected to send a letter to all club officers and members of the Board of Directors. I request that, as a minimum, you give my reply to Kathy's letter the same attention that you gave Kathy's letter.

This response is organized into general considerations and specific comments relative to Kathy's letter. The 1991 budget will be discussed, then the specific accounts will be considered. Kathy's letter will be discussed, and additional topics will be presented.

#### GENERAL CONSIDERATIONS:

- 1) The club officers and board members must recognize that the club is a bona-fide corporation in the state of Indiana. As such, the club must provide annual financial reports to the state as part of the state filing requirements (Indiana Form 2423 (R8/8-87), Corporation Form 121). This removes (or should remove) the club from the casual accounting practices that would be appropriate for a less formal organization. The accounting system in use now, and the accounting system used by the prior treasurer (Mark Reese, NB9F), provide the required information in a convenient manner. The accounting system will be discussed later in this response.

2) Indiana requires the reporting of ALL income and ALL expenses involved in the operation of a corporation, big or small. In the past, the treasurer has been provided with at least records for funds spent, and the proceeds. Occasionally the full income was also identified. In any event, it was possible to reconstruct the correct total expense and total income that resulted in the proceeds given to the treasurer. Often the full expenses were deducted from the full income prior to submission to the treasurer. This is equal to submitting the net proceeds, making any repayment for expenses by the club unnecessary. Thus, the records show totals, not net proceeds. Net proceeds for individual activities will be discussed later in this response.

It is important that the Board of Directors maintain a policy that complies with state requirements. The Board should encourage all participants in club activities to supply information that permits a correct recording of income and expenses. To that point, the treasurer has not received total income and expense information for the September HAMFEST. Please encourage F Jarwoski to provide the correct totals so that the club records will be accurate.

Maintaining an accurate record of income and expense also provides future club officers with information to use in determining club activities and providing the funding to support them. There are 68 account numbers currently available in the computerized accounting system to provide tracking of FWRC assets, liabilities, income, and expenses.

#### RESPONSE TO THE BUDGET PROVIDED BY KATHY:

Kathy's budget is similar to the budget approved by the Board of Directors in the January board meeting, with exceptions as noted below:

The accounting system is organized into four groups. Income and expense are the two groups involved in a budget. The purpose of the budget is to assist the club officers in guiding the corporation in the desired financial direction. A profit is not required. The income and expense accounts are used to provide a FINANCIAL REPORT called a "PROFIT AND LOSS STATEMENT".

The asset accounts and the liability accounts are not involved in the budget, but are used to provide a FINANCIAL REPORT called the "BALANCE SHEET STATEMENT".

Other accounting reports do exist, but are not required by the state, and would be of limited use to the club.

The computerized accounting system now in use identifies accounts as :

|            |                               |
|------------|-------------------------------|
| 0 to 99    | ASSET ACCOUNTS                |
| 100 to 199 | LIABILITY and EQUITY ACCOUNTS |
| 200 to 299 | INCOME ACCOUNTS               |
| 300 to 399 | EXPENSE ACCOUNTS              |

The income and expense accounts that have matching activities have similar numbers: i.e. "210 ARRL DUES RECEIVED" income matches "310 ARRL MEMBERSHIPS PAID". The difference between accounts 210 and 310 reveals the club benefit for providing this service. This identifies the net proceeds from the club program, in this case the ARRL dues program.

With regard to income budgets,

- Kathy reduced the ASSOCIATE MEMBER income from the \$30 established by the Board to \$12.
- The Board directed a HAM CLASS income of \$100 be included in the budget, which was ommitted from Kathy's budget.
- The Board directed that the FUND RAISING INCOME be set to \$500, and a new HAMFEST INCOME account be established at a \$2200 budget level. Kathy re-titled FUND RAISING into FUND RAISING LADIES AUX.

Is the intention of this action to combine all fund raising income into this account (as was done in the past), or to allow only LADIES AUX activities to raise funds? Is this intended to inhibit any other fund raising activity? Is a separate LADIES AUX income account advisable in view of the current circumstances?

With regard to expense budgets,

- Kathy reduced the MEETING COSTS from the Board agreed level of \$540 to \$360 (this provides for only the church fee, based on current charges).
- Kathy deleted the ACTIVITY COST account and established a BANQUET COST account, funded at \$180 instead of the \$300 allocated by the Board to club activities.
- Kathy deleted the CLUB PROMOTION COST account, and replaced it with a FIELD DAY COST, ETC account. Kathy budgeted the new account at \$300. The prior account was budgeted at \$50.
- Kathy established the above account with an ETC in the title. This is ambiguous, and should be avoided. Perhaps there should be some other activity account like the deleted ACTIVITY COST, or ETC expenses should be placed in the MISC COSTS account.
- Kathy eliminated BANK FEES, which I believe should remain in the system. Hopefully, it will have no charges. An example of bank fees is a charge for new checks.
- The HAMFEST COST was added at \$1700, as agreed to.

General comments on income and expense accounts:

- We should be cautious in adding new accounts, since more accounts may not resolve the real (or imaginary) problems at hand.
- When adding new accounts, matching income and expense accounts should be carefully considered.
- Deleting accounts should be done carefully, since that may reduce consistency with prior years.
- As treasurer, I have no particular position to enforce other than encouraging consistency and reducing confusion. The budget is strictly a Board of Directors matter.

RESPONSES TO THE MARKED-UP ACCOUNT STATEMENTS:

a) Account 222 - DONATIONS INCOME

1) ACARTS payment of CHRISTMAS SANTA BUTTON costs.

This is an item that is easily confused between the principle of cost sharing and the correct recording of the cost and income processes.

THE FWRC PAID FOR THE FULL COST OF THE SANTA BUTTONS BY CHECK. THERE IS NO ACTION THAT CAN MAKE THAT CHECK VANISH FROM HISTORY. Thus, the recording of the button cost is a correct and accurate FWRC club cost. That cost is recorded in account 323.

On 20 Nov 1990, ACARTS provided the FWRC with a check in the amount of half the cost of the SANTA BUTTONS. I will be happy to place the income from that check in any reasonable income account, as directed by the Board. Since we do not have a "refunded cost" income account, the current choice seems as good as any other.

The net effect on these two transactions on the club assets is the same as if the club had written a check for half the cost of the buttons.

2) MYSTERY INCOME

This is a problem that has plagued both Mark Reese and myself. The detail in double-entry accounting causes this event to stand out and force recognition. When we accept funds from other club members, we must accept THEIR WORD as to the actual income, expense, and net proceeds. Occasionally, there is additional money present that was not indicated by the other club member. THE TREASURER CANNOT READ MINDS, and has no idea where the members get the extra money. Interestingly, neither Mark nor myself have experienced a shortfall of submitted funds.

The \$2 entry is the result of extra cash appearing in the cash fund (account 1). The \$5 entry is from combined receipts of lapel pin sales and hamfest cost reductions, where income and expense were reported.

I assume the Board would prefer that the club get the extra income, and not me!

3) VARIATION IN REPORT LEVELS

During the Board meeting, several interesting items were noted in the preliminary financial statements provided by the treasurer. Examination did disclose several keyboard entry errors, which were corrected in the material provided to Kathy.

The club financial reports should be finalized by the time the state report is due. Initial summaries should be considered "trial balances". Generally speaking, it is acceptable to reclassify and shift account entries providing that amounts always remain in agreement with external facts, such as bank statements, checks, and invoices from others.

3A) The comment about banquet fund, meeting cost, and banquet donations appears to be a suggestion supporting Kathy's budget for a FUND RAISING LADIES AUX income account. Whatever the Board wants is fine with me, subject to the comments in 2) above.

b) Account 230 - FUND RAISING INCOME

- 1) There was a lump sum deposit into the "KATHY'S REFRESHMENTS account of \$66.50 when the account was established on 4-16-90. The \$75 income was the result of equipment sales by Dick Stroud.
- 2) see 2) above, for account 220.
- 3) FIELD DAY EQ SLS

The Board of Directors decide on the major purchases of the club, with a vote of the club members attending the next club meeting if the sum is over \$50.

The source of income is not necessarily linked to an expense. Any income to the club is for general use, unless previously established.

The question of the field generator upgrade is a Board question. It is not automatically approved, regardless of asset sources (income).

"KATHY'S REFRESHMENTS" (now LADIES AUX) is an exception to the above, since it was agreed that the income into the account is at the disposition of the ladies aux, with out regard for other club needs. The same is true of the repeater maintenance fund.

4) LAPEL PINS

>>> NOT <<< A HOT SELLER!

Jim Pliett has been disposing of these in almost any way possible, including selling at a reduced price. Jim Pliett is handling the LAPEL PIN sales. I only record the information given to me. Assuming that all sales are at \$6.50 each is inaccurate.

c) Account 321 - ACTIVITIES COST

1) State requirements call for the full reporting of income and expense. The records show the information provided to me, in which I have calculated the apparent full cost based on the receipts and the funds given to me.

If income or expense have been incorrectly reported, please supply me with the correct income and expense.

This is an expense account, not a checkbook register. Expenses are recorded as debits. The inaccurate reporting of an expense would result in a debit if more expense is appropriate, or a credit if less expense is appropriate. Income is recorded in an income account. The net proceeds will be the income less the expenses.

One of the purposes of income and expense linking is to allow a direct comparison of the results of an activity. This yields "net proceeds" for the activity. There is no state requirement to identify the net proceeds for each club activity. The TOTAL NET PROCEEDS (total profit or loss) must be reported to the state (this is the "PROFIT AND LOSS STATEMENT"). Annual profits in excess of \$1000 must be explained by the club. There is no limit on the amount of money the club can have as a loss.

2) The additional information will be entered into the DESCRIPTION during the next update of the 1990 accounts.

3) Kathy handled the PEPSI-COLA purchase. I paid the bill from PEPSI given to me by Kathy. No other information was received from Kathy.

d) Account 324 - FUND RAISING COSTS

1) State requirements call for the full reporting of income and expense. The records show the information provided to me, in which I have calculated the apparent full cost based on the receipts and funds given to me. The expense shown is based on the receipts provided.

If income or expense have been incorrectly reported, please supply me with the correct income and expense.

If the cost of the raffle item was removed from the proceeds, then I receive only the net proceeds. If any additional money is due, it is paid from cash. I do not recall making any additional raffle expense reimbursements.

2) see 1) above

3) Page 5 is an ASSET account. Nothing is taken off. It is just like a savings account with no funds withdrawn.

It is suspicious to see a debit increasing the asset account 4 (money into "LADIES AUX") equal to the expense recorded in this account. That should receive further examination.

e) Account 4 - KATHY'S REFRESHMENTS

I MUST NOT HAVE EXPLAINED THAT THIS IS AN ASSET ACCOUNT, JUST LIKE A SAVINGS ACCOUNT.

IF KATHY HAS BEEN TAKING FUNDS IN AND OUT OF THIS ASSET ACCOUNT, I WAS NOT AWARE OF IT. Some of the comments provided by Kathy suggest this is the case. As long as income and expense are correctly reported, this fund may be operated in any appropriate manner (as a checkbook or like a savings account).

The actual funds for this account are part of the club general fund. Thus, there is no actual checkbook or physical savings account specifically for this fund. The asset account was created by agreement with Jim Pliett and Kathy Raptis as a method of formally identifying the funds allocated to the "LADIES AUX".

The HAMFEST chairman provided all the current information on the hamfest financial activity.

Should there be a separate physical account and a checkbook for this account? Is it part of the FWRC activities falling under the protection of the corporation and the club insurance? Is this activity separate from the FWRC and not a part of the club activities?

It is my impression that Kathy's prime complaint is the disagreement in this fund balance as compared to her records. This fund would show the net proceeds (not income or expense, although income and expense could also be entered into this account as if this were a checkbook).

This account was established on 4-16-90 to identify the accumulated wealth specifically designated for the LADIES AUX use. I have recorded no uses of these funds during 1990.

RESPONSES TO KATHY'S LETTER:

- a) Kathy was given the account records because she asked for them. They were not forced upon her, and she did not decline them. Neither did she make any inquiries of me regarding these accounts as she examined them.
- b) I have been trying to get the Board to be attentive to the club finances for some time. Generally, it's "HOW MUCH MONEY DO WE HAVE, AND SIT DOWN".
- c) THE CLUB OPERATES ON ITS FUNDS AND THE VOLUNTEER EFFORTS OF ITS MEMBERS. BOTH ARE IMPORTANT ASSETS, AND SHOULD BE PROTECTED and encouraged to grow.
- d) The accounts are defined by their titles.  
Hidden definitions will tend to be confusing, and create variability in accounting practices.
- e) Hamfest activity separation was agreed to at the January Board meeting. All accounts are based on historical club records in identifying the general club activities. Activities having a significant impact on the club financial status were given a separate account. New activities tend to be given accounts in retrospect, since their impact is usually not known at their start.
- f) Cost segregation must be approached with care. Wanton cost segregation will be a problem: i.e., how will the cost of the HAMSPLATTER be subdivided into allocations for meeting advertisement, activity advertisement, membership services information, etc?
- g) Monthly, quarterly, semi-annual, and annual FINANCIAL REPORTS have been available ever since I became treasurer. The monthly reports seem to be ignored, except for the liquid and total asset level reports at Board and club meetings. The annual report is used for the state report information. The other reports are fully IGNORED by the club, and I must question their usefulness.

h) At least financially, I do not feel the club was "off its feet". The club has shown a steady growth in assets in spite of a continuous and alarming decline in membership.

IS THE BOARD ADEQUATELY ADDRESSING THE CLUB ACTIVITIES TO COMBAT THE DECLINE IN MEMBERSHIP?

i) I believe the \$875.23 is the main issue in Kathy's letter.

j) OK NOW!. Is the "LADIES AUX" a club activity or not? If it is, then it is part of the CLUB FUNDS in the state reporting sense. It is only special in that it is a segregated use asset, just like the repeater savings account.

k) There is no system problem here. There may be a policy problem relating to the LADIES AUX fund, and there surely is an upset Kathy problem.

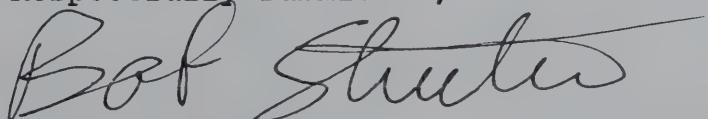

NEW TOPIC:

The use of standard bookkeeping practices by the current and immediately past treasurers seems to be part of the discussion topic. The FWRC is no longer in a position to operate casually as a checkbook register club, although it obviously did in times past. In fact, past records show the club regularly writing rubber checks!

Either Mark Reese or I will be able to discuss the basic accounting principles used here. The club will have to employ a CPA if it desires to consider unusual accounting practices while remaining within the state reporting requirements.

Written information on double-entry accounting is available on loan from me. It has been in use since 1494, and is well defined.

Respectfully submitted,

Robert D. Streeter  
FWRC Treasurer 1988-1991

4107 Central Drive  
Fort Wayne

SUBJECT: Fort Wayne Radio Club BookKeeping Practices

To the Fort Wayne Radio Club Board of Directors

Jim Pliet, President

Bill Kindred, Vice President

Kris Staller, Secretary

Bob Streeter, Treasurer

Dave Beltz

Frank Jaworski

Kathy Raptis

Dan Spencer

I have read the recent letters upon this subject by both Board Member Kathy Raptis and Treasurer Bob Streeter. After reading those two letters I have reached several conclusions:

First, I am not sufficiently versed in the intricacies of double entry bookkeeping to be qualified to attempt a thorough audit of all aspects of our club's books, such as might be required by various governmental officials--without undue hardship upon my part.

Second, it is my duty, as an officer of Fort Wayne Radio Club (FWRC) to audit all aspects of FWRC's affairs, and upon the basis of my individual audit of FWRC's affairs take appropriate action. This action includes voting my conscience in both board meetings and general meetings and alerting both the board and the membership in general of any thing that I think needs their respective attention. I share this duty with all other members of the FWRC Board of Directors.

Pursuant to the above mentioned duties, as they apply to the finances of FWRC, I must have some procedures that allow me to do my duty to FWRC, since bookkeeping is NOT one of my strengths. Careful observance and listening to others are a couple of the ways I learn about how FWRC is doing. Let me share with the rest of you a couple tidbits.

I work in the same building with a ham who wishes to remain nameless. For the sake of convenience I will call this ham Herb. Several years ago, Herb and his wife served FWRC by arranging a Christmas Party for the Club. The president of FWRC promised them that they would receive help on the day of the party. It didn't happen that way. Nor did they receive TIMELY reimbursement for the expenses of the FWRC Party. When the FWRC treasurer finally got around to making out a check, they received only partial reimbursement--the treasurer had probably lost some of the receipts that they had submitted. As a

卷之三

final insult his callsign and her name were both wrong in the write-up on the party in the Hamsplatter! Thank God the check didn't bounce!

Much more recently, Rose, N9GSP, bought some meat for a FWRC Picnic. Since she was unsure how much to buy, she intentionally bought more than she expected FWRC to need. She was very right. As a result she decided that she really would rather just donate the meat and forget it. FWRC's present treasurer insisted that she give him an estimate of the cost of the meat actually used at the picnic. He then promptly paid the amount of the verbal estimate.

My third conclusion is that Bob Streeter is doing a much better job as treasurer than many of his predecessors; thus, don't mess with him because we would have a hard time finding a replacement that was as dedicated as he is--let alone more dedicated.

Lastly, all FWRC Board Members must strive to better understand the bookkeeping practices that are currently standard in order to better serve FWRC.

Respectfully Submitted,

J. Allan Waters

J. Allan Waters

**BUDGET PROPOSAL REPORT**  
January thru December of 1991

January 19, 1991

TO ALL BOARD MEMBERS,

I am writing this letter because I was given these account histories for the year 1990, at the last club meeting. As I was going over these I discovered some discrepancies. They are attached with my explanations.

I strongly recommend that the board be more attentive to the treasury report and proposed budgets. I feel that we have put a lot on Bob in making these budget decisions. I also recommend that some definition of accounts be made; such as Fund Raising, Activities, Donations, and Auxiliary. Kathy's Refreshment Fund will now be called the Ladies Auxiliary Fund as of 1-91.

I feel that all Hamfest activities should be separate as well as Field Day, Ladies Auxiliary, and Repeater. Any extra cost for postage flyers, etc., be put under that account. I also feel that quarterly treasury spread sheets be presented to every board member along with bringing our books, constitution and possibly audit up to date.

All of us has invested a lot of time and money into putting the club back on its feet. The lady hams and non-hams have supported our club we have made about \$875.23 for the club members, so that we can have yearly socials without getting into the clubs funds. The Ladies Auxiliary account is only showing about \$250.00 out of \$875.23. \$500.00 of this \$875.23 was from the Hamfest concessions. I am sure that we can come to some type of system that we can all relate to!!

Please read over the following pages carefully, if I am wrong please correct me, if not you will see my concerns. I have also made another proposed budget sheet with elimination or explaining accounts.

Respectfully submitted

Kathy Raptis

|          |     |       | Ending balance      |       | 149.08 |

ENTRY - 12-04-90 ACARTS #1436 X-MAS- 91.88, I ASSUME THIS WAS FROM THE BUTTONS GIVEN OUT FOR THE SANTAS VISIT. YOU SHOWED THIS AS A DONATION. I do not CONSIDER THIS A DONATION, BUT JOINT ADVENTURE by two clubs. It was my UNDERSTANDING EACH CLUB WOULD PAY 50%. This should fall UNDER ACTIVITIES COST, SHOWING BOTH CLUB DISBURSEMENTS

ENTRIES 9-21-90 + 12-04-90 Unidentified cash, donation misc!  
 I think EVERY CENT HAS A SOURCE!

This donation sheet shows a total of \$149.08, THIS does not agree with Bob's spread sheets of \$484.80 of donations. If we had a Banquet Fund, which is put into meeting cost. THEN BANQUET DONATION COULD HAVE GONE INTO THIS FUND

1. ENTRY 08-10-90 FIELD DAY REFRESH - 82.27, THIS WAS TOTAL AMOUNT PAID BY ME. THE TOTAL COST FOR FIELD DAY FOOD + CHICKEN DINNER WAS 50.00 + 82.27 = 132.27. I HAD \$17.73 IN FOOD SALES. I PAID MYSELF BACK 82.27 OUT OF THIS MONEY. THE ONLY MONEY GAVE TO ME WAS THE \$50.00. (THIS REPORT SHOWS 95.50 CREDIT - 50.00 + 82.27 CREDIT A TOTAL OF 136.77). WE DID NOT LOSE MONEY ON FIELD DAY BUT MADE IT AS FOLLOWS. 17.73 TOTAL SALES - 82.27 - 50.00 COST = 45.46 profit for FD. CHICKEN DINNER ON PG 5. THE RECEIPTS GIVEN WAS TO SHOW COST ONLY!

2. ENTRY 10-19-90 428. KATHY RAPTIS \$25.24 WAS THIS TAKEN OUT OF LADIES AUX. FUND? THIS WAS TO REPLACE CROCK POT BROKEN AT HAMFEST

3. ENTRY 11-04-90 PEPSI-COLA 68.05. DID CLUB EVER RECEIVE CREDIT OF \* \$8.50 FROM PEPSI. IF SO WHERE DID THIS MONEY GO? THIS WAS FOR HAMFEST

|             |           | Ending balance       | 2,245.99 |        |

1. ENTRIES RAFFLE COST. This cost was taken out of sales per raffle. I also checked with Tim & Ann to verify that they paid themselves back before giving Boe Moleit. The receipt only showed what was spent. This amount should be added back into account.

2. ENTRY 08-10-90 CHICKEN DINNER COST 45.10 - THIS COST CAME OFF FIELD DAY TOTAL EXPENSES OF \$132.27. I WAS ONLY SHOWING RECEIPTS + DEFAYED COST OF DINNER OUT OF TOTAL AMOUNT: 177.73 FD. INCOME + 159.00 CHICKEN DINNER = 336.71 less \$132.27 = 204.46 less 159.00 = 45.46 FD. PROFIT

3. ENTRY 8-10-90 HAMFEST FOOD COST 35.60. This was also taken off of LADIES AUX FUND ON pg 5. This was for HAMFEST HOT DOGS.

Colab Amateur Radio Equipment  
821 Coliseum Boulevard, West  
Fort Wayne, IN 46808

Attention Tony

Our records show that Colab has advertised in the Fort Wayne Radio Club "Hamsplatter" newsletter for the months of January through May, 1984. These records also indicate that the \$6.00 per month full page advertising fee for these five months has not been paid. The Fort Wayne Radio Club would appreciate your attention to this matter at your earliest convenience.

We appreciate your advertising business and continued commitment to amateur radio in Fort Wayne.

Sincerely,

FORT WAYNE RADIO CLUB, INC.

Mr. Hugh J. Beebe  
Chairman, Community Relations  
Post Office Box 141  
Harlan, IN 46743

Dear Mr. Beebe:

The Fort Wayne Radio Club is delighted to accept your invitation to participate in the Harlan Community Fair in August. We welcome the opportunity to introduce fair visitors to the "World of Amateur Radio."

Our club has participated in the Three Rivers Festival in Fort Wayne for several years, and we can support your Fair in three ways: First, we would like to set up a working "special events station" to contact other amateurs around the world to acknowledge the Harlan Fair. Fair visitors would be able to watch and listen as our members contact other amateurs. Second, another station would be set up to send messages from fair visitors to friends or relatives across the United States. A typical message might be "having a wonderful time at the Harlan Fair." This is always an interactive event that involves Fair goers. Third, we would set up and man a display booth. This will pictorially demonstrate our comment to community service and several other aspects of our hobby.

Because of the nature of our operation we would not be available for the Thursday and Friday dates. We would, however, be available to participate all day on Saturday, August 4, 1984.

The Fort Wayne Radio Club, and myself, feel we can add to your community's Fair, and we look forward to working with you and your Fair committee.

Sincerely,

THE FORT WAYNE RADIO CLUB, INC.

Dear Sirs:

The Harlan Community annually holds a country fair. Our country fair this year is August 2, 3, and 4 at the Harlan Community Park.

Would your organization be able to present a display of amateur radio equipment? We would be delighted if you could create a working radio station set-up. If you wish, we would be interested in sponsoring an Amateur Radio Field Day annually, to be held in conjunction with Harlan Days.

After you have had time to consider our proposal, would you please confirm your decision. We would consider it an honor to work with your members to make the necessary arrangements. We encourage your input to ensure a successful outing.

Yours truly,

## MARCH FWRC MINUTES

The March meeting of the Fort Wayne Radio Club was called to order by President Cliff Shreve N9MKB on Friday March 18, 1994 at 7:40 PM. Introductions followed. The February minutes were read by Jean Anderson N9PXF standing in for the secretary and were approved as read. The treasures report was given as follows: \$2463.37 was received from dues and the January auction. Expenses for February \$548.00 for the 76 repeater. Treasury has balance of \$6800 and \$2200 balance in the repeater fund.

Bill Hall brought up for discussion that the board work with the technical committee to decide how much money should be kept in the repeater fund. It was decided in the past the fund should be kept as an emergency fund and present repairs and maintance to be taken out of the general fund.

The voice recorder has come for the 76 repeater. We are still waiting for the controller to come. When it does arrive Jerry Young will be installing it. At the same time he will look at the 91 autopatch to see what the problem is with it and what needs to be done to correct the problem. He is looking for any volunteers who would like to learn how to do maintance and repairs to the repeaters.

Bill Hall brought up in the discussion that some of the problems with the autopatch are due to the timing as well as the tones, they both are critical. If you get an error symbol: 2 tone warble you need to dial slower; also can happen if you dial too slow. It was also mentioned that if you use the autopatch while driving the road noise may interfere.

Bill Kindred reported on the Code and Theory Classes. There are 6 people in the class and everyone has had some previous experience with the code. We wish to thank Jullian Franke, Bill Kindred, Kris Staller and Gene Mount for teaching the classes. Spring Banquet is Friday May 20th, 7:30 PM at the church. Jean N9PXF has been ask to be chairman and set up the committees needed for the banquet.

Field Day is June 24, 25, and 26. We need more volunteers. Instead of a chairman this year will get everyone together to share information and ideas. Give everyone a job to do or oversee.

The club plans to go back to bulk mailing in May. If you or anyone you know did not receive their hamsplatter please see the treasurer so we can get you on the mailing list.

The President wishes to apologize to Carl Rittenhouse and to thank him at this time for his help in orchestrating the Fox Hunts.

Jim Pliett reported on the Foxhunts. They are more fun and challenging everytime. The foxhunts boundaries are within Allen county. He told about how one goes about finding the fox and the rules for the foxhunt. One who finds the fox first is not necessarily the winner. The winner is the person who has least

number of miles and time. If anyone would like a copy of the rules please see Jim K9OMA. Next foxhunt is April/~~27~~ at 1:45 PM at the 4-H fairgrounds. If you don't have any equipment there is always room to ride with someone.

John Goller has ask for the club to look for someone else to be chairman for the Hamfest next year. He will be willing to help the new chairman.

Next month Jerry Young K9J~~ME~~<sup>HE</sup> will speak on Radio equipment used to detect line noise. He will be bringing the Van used by I&M for everyone to tour.

Harry Harvey ask about Club QSL cards. Bob Streeter said the club still has 2500 cards at prototype ready for your call to be put on them. You will find the information for the cost and how to obtain cards in the hamsplatter. Also that the club owns the art work for the cards which is at prototype.

Sunday May 15 is the TriCounty Hamfest. There will be VE testing on site.

Bill Hall has the EOC cards. Please see him if you have still to pick yours up.

Mark Krumton from GTE Cellular Communications spoke on the cellular communications network in Indiana. Everyone enjoyed the speaker and found it to be very informative.

Respectfully submitted. Jean Anderson N9PXF

## MAY MEETING MINUTES

The May meeting was our Spring Banquet held in the basement of the Salem Church. The dinner started at 6:30 pm with our club meeting following. The meeting was called to order by Cliff Shreve, N9MKB, President.

The April minutes were read and approved. Treasures report is as follows: April expenses were \$70.00 for maintenance on the repeater and \$250.00 paid in the bulk mail account for postage for the year. After expenses there is a balance of \$9,500.00.

### OLD BUSINESS

Field day meeting was held at Fish and Stroh on April 25. There is no chairman this year for Field Day; however, we do need the help of all the members to make this a great event. There will be set up on Friday and Saturday and any help will be greatly appreciated. It was decided at the field day meeting that we needed to purchase 3 all band dipole antennas at \$43.00 each and 2 band pass filters at \$243.00 each for use for field day. Bill Hall made motion that the club buy the 3 all band dipole antennas for field day equipment. Bob Kurtz second the motion. Motion carried. John Goller made motion for the club to buy 2 band pass filters for field day. Charlie Hall second the motion. Motion carried.

County Parks requires a fee of \$75.00 per day for rental of any park with a pavillion and a \$25.00 security deposit. We will get a reduction to \$50.00 per day for the rental of payton park for field day.

The CHICKEN DINNER will be held again this year on Saturday Evening June 25 at ~~6:30~~<sup>7:30</sup> p.m. at payton park. Cost will be \$3.50 for adults and \$3.00 for children.

QSL cards - the old qsl cards the club had are all sold. Cliff had large file on cost, ect for ordering new qsl cards. He appointed Bill Kindred, Bill Hall, and Harry Harvey as committee to go through the material and report back to the club as to which company would be the best source to get the club cards from.

Jim Pliatt reported that the control was in and that they are looking for someone who enjoys computers and would like to program the controller. Jim also gave a brief report on the uses of the controller.

### NEW BUSINESS

June 13th will be the date for the next foxhunt. Everyone will meet at the 4-H fairgrounds at 6:45 pm. If you don't have equipment but would like to partake there is room for you to ride with someone.

June meeting will be June 17 with the program being the captain of the Samaritan chopper. We hope to be able to witness a landing in the parking lot and having a personal tour of the helicopter. If they can't land in the parking lot we will car pool to the hospital and tour the launch pad and control station there.

Cliff ask that we take a few minutes to remember members of the club that have pass on over the years.

The program was given by Sgt. Joe Alvarez from Crime Stoppers. He had a very informative program .

Respectfully submitted, Jean Anderson N9PXF

SINCE 1920

Dear Fort Wayne Radio Club Member:

It's once again time for another FWRC Field Day. Your name has surfaced as being a valuable part of past Field Day operations. Volunteers and persons like yourself with past expertise are now being contacted. A meeting to coordinate the Field Day event will be held at the:

FISH OF STROH RESTAURANT  
GGOSHEN RD { Gateway Shopping Center }  
DAY: MONDAY APRIL 25th  
TIME: 7:00 PM

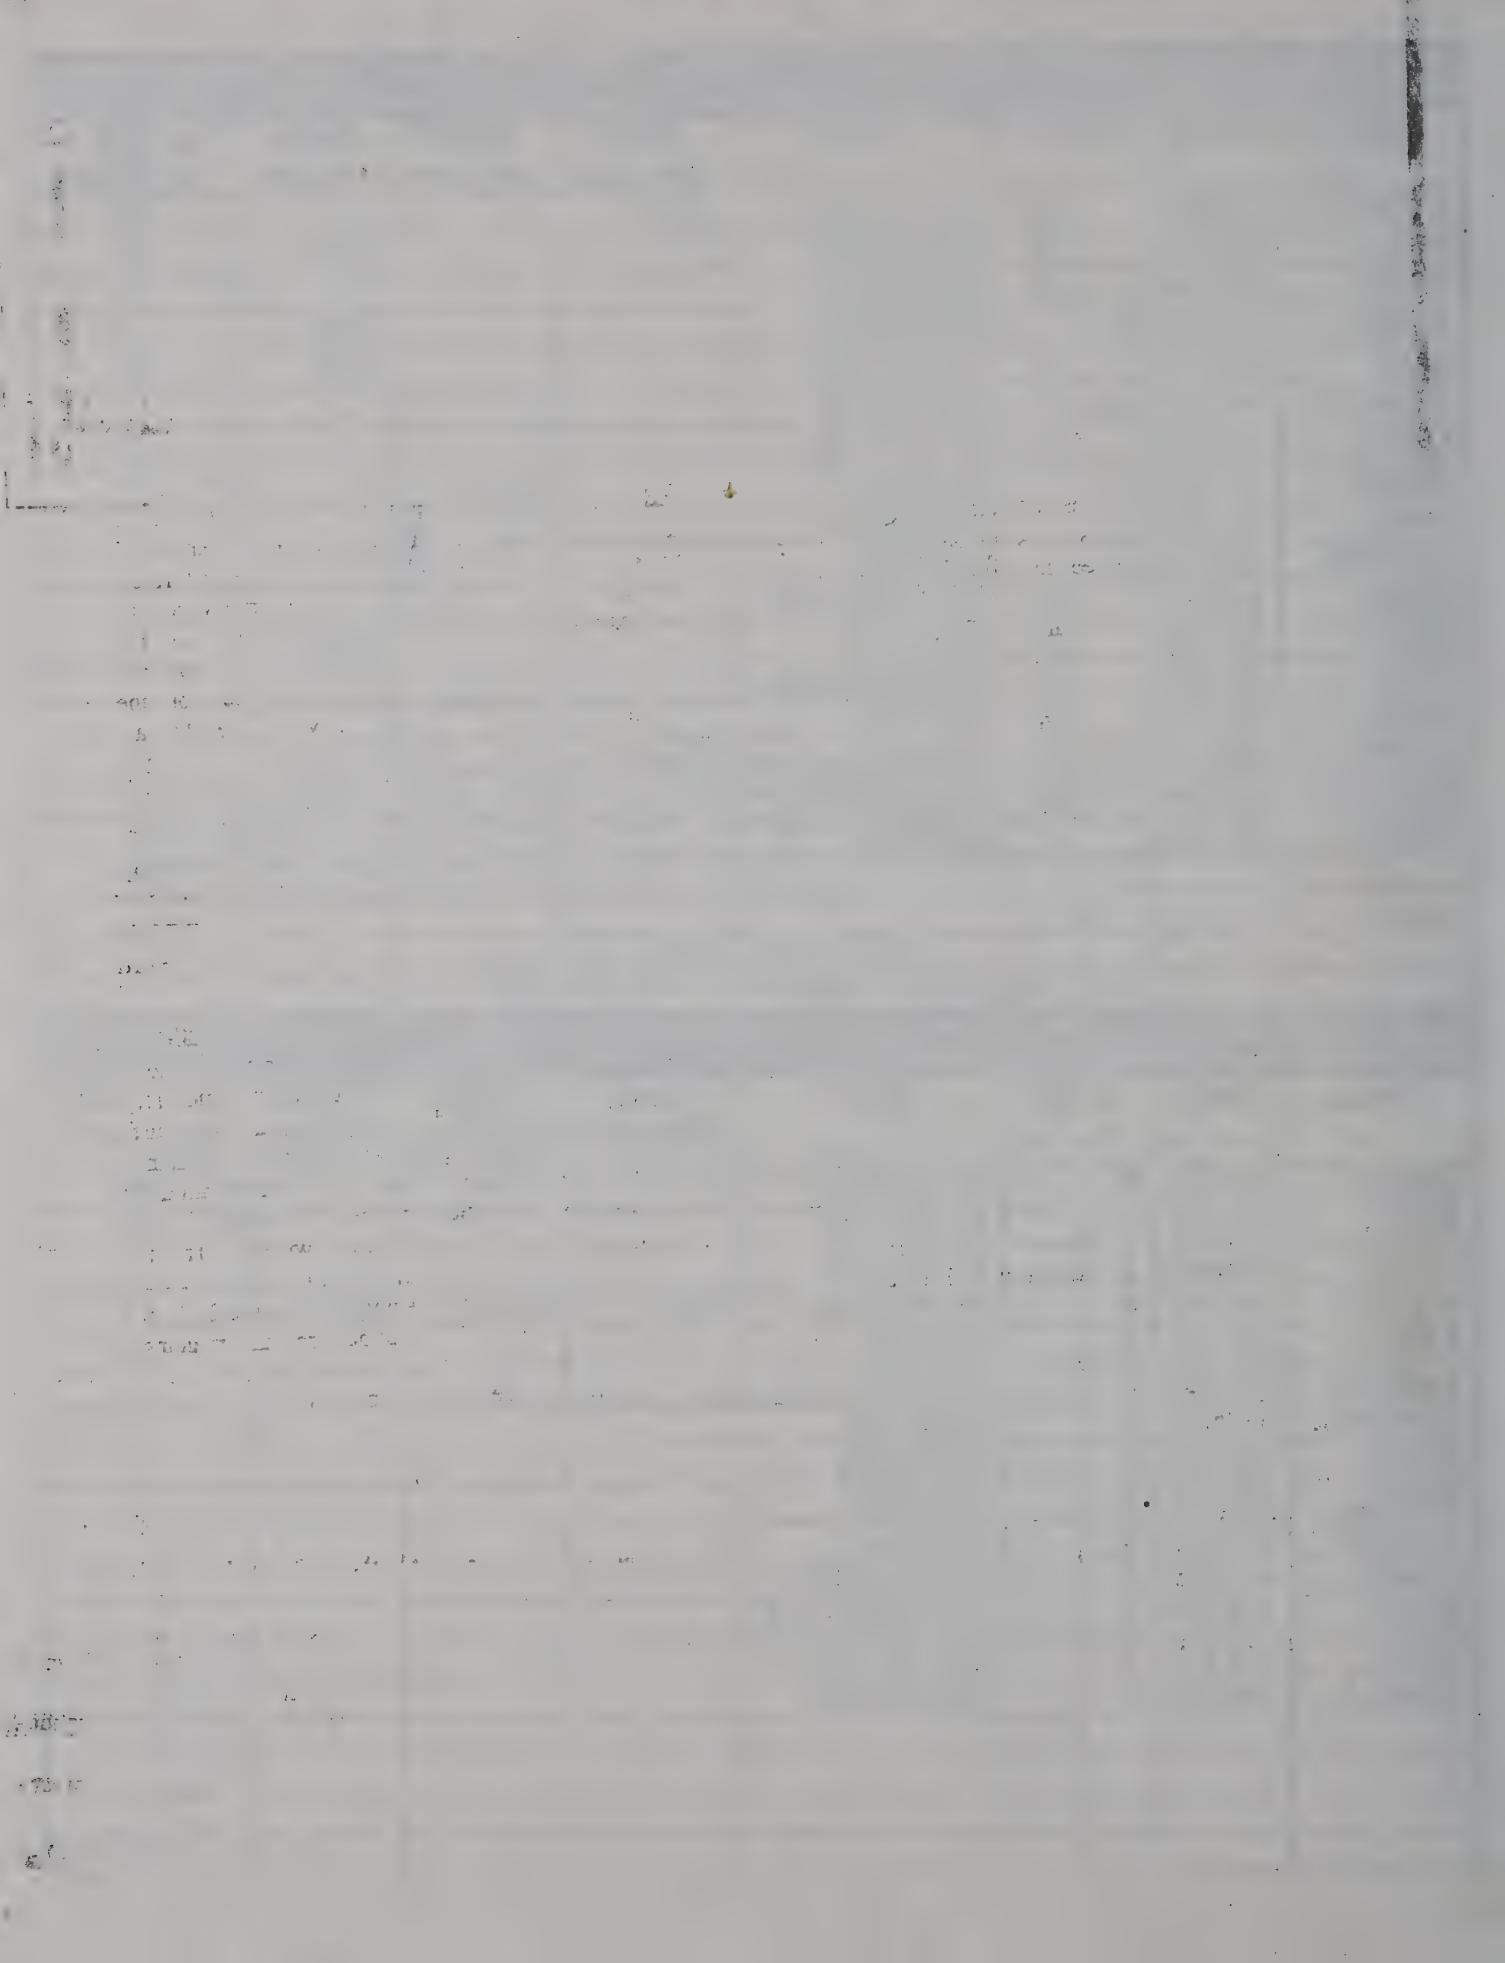

Your attendance and participation will be greatly appreciated. This years Field Day should be one of the best for all members and family. Please feel free to call me if you have any questions. See you there. !!

Thanks for making this FWRC event possible

CLIFF N9MKB 483-2526

## Cliff's Notes:

After Kathy Harris (The Samaritan's Chief Crew Nurse) gave last month's presentation we headed for Parkview Hospital to see the "Sleeping Beauty". As we crowded the elevators I knew we were about to see a multi-million dollar aircraft. But, until I started to walk thru the airwing leading to the landing pad did I get butterflies. There she sat on the pad. The landing lights around her reflected off of the brilliant green and white body of the craft. For some unknown reason I felt we were much higher up than we actually were. Looking inside the Samaritan makes one truly appreciate the use of high technology. Thanks again to pilot Dan and crew nurse Kathy for a wonderful tour of the Samaritan, and also the added bonus of seeing Parkview's weather tracking operations.....Also, I would like to thank Kathy Raptis for making me aware that I was about to walk off of the edge of the launchpad. (That first step would have been a big one.) How does one get lost in a parking garage? Don't ask me, but I guess I did. Thanks to Bill Hall for operating the "Lost and Found" Dept that evening. I'm lucky to be here! hi hi.....

Field Day has finally come and gone. But what a great time we had. Sure, we had a little rain. But it sure didn't dampen anyone's spirit. The gang all showed up Friday afternoon for set up. John Goller came wheelin' in with that hi-powered good lookin' Gremlin pulling the new FWRC Field Day trailer. Then came Jean Anderson with a carload of food and a fat guy in the front seat wearing thick glasses. I think Dino was a man with a plan, he seemed to know how to set up the show. Before I knew it the three towers were pointing toward the stars. Jean, Kathy, Lisa and all of the girls were working their little hands off preparing food. These gals can really cook! Lets give all of them a BIG HAND @%\$&\*#@!???? I couldn't believe how well John had organized all of the equipment in the trailer. (I could tell this guy has been to a few Field Days.) Our CHIEF Electrician Bill Hall kept plenty of electrons flowing the entire weekend. (only got shocked once.) Good job Bill!

All thru the park you could hear sounds of CQ, QRZid, and W9TE. What a great chicken dinner! What a great time. Did you know that WANE NEWS 15 spent 1&1/2 hours shooting video and doing interviews? Kathy Raptis was giving a wonderful testimony to the cameraman of what Field Day is all about when her interview was rudely interrupted by three scoundrels behind the cameraman. Kathy will have to tell you "the rest of the story". We did indeed have a real Field Day. Thanks to all of those who worked hard setting up, tearing down, preparing food, bringing in equipment, and to all of those who attended Field Day 94'. My hat goes off to you!

Grab those old prescriptions you have setting in the medicine cabinet. Get those medications you're taking that you think aren't doing you any good. Get those generic drugs you paid less for and bring them to this months meeting. St. Joe Medical Center Pharmacist, Jim Avilla will be our guest speaker. Jim will be talking on the usage and effects of medications we all take from time to time. Does the caffeine in your morning coffee mix with the medication you're taking? Is the generic drug you're taking equivalent to the brand name drug you had before? Do you know what medication to give little Johnny and Susie when they get sick? Write your questions down and bring them with you. This is a program for the entire family. Dont miss it!

Well, that about winds it up for this months Cliff Notes. June has been a long, hot busy month. I'm going to find me a hammock, a tall ice tea, and a fishin' pole. Have a safe July. See ya' at the meeting.

"Saloon for now"

73' Cliffie N9MKB

## Hamfest Concessions Meeting

An organizational meeting will be held on July 27 at Carole Burkes house at 7pm. Go west on Carroll Rd from State Road 3, then south on millstone drive, address 11714. Call 637-1989 for more info or directions. Any interested volunteers are more than welcome. It's hard work, but a lot of fun. Muncies will be provided.

## May 1994 Minutes

The following are the recorded minutes of the Fort Wayne Radio Club:

The June meeting of the Fort Wayne Radio Club was called to order at 7:45 pm by Cliff Shreve, N9MKB on June 17, 1994. The minutes were read and approved after one correction.

### Treasurers Report - Expenditures:

\$300 for the spring Banquet, \$466 Field Day  
\$192 Diople Antennas, \$1300 Field Day Trailer  
\$150 Parks Department

### Old Business:

- \* QSL Cards - No Report
- \* Karl N9NRO is programming the new repeater controller.
- \* Some Code and Theory tapes were donated to the FWRC for auction. They were bought by K9UWA for \$6.
- \* The new field day station trailer is complete. Bill WD9HII, Jim KR9U, Charlie KC9LA and John K9UWA worked on it. \$1000 was originally allocated for the trailer, \$1300 was actually spent. Bill WD9HII made a motion that \$300 be allocated to cover the full cost. Seconded by Jim K9OMA. All of the tents have been repaired. Dino had taken care of the public service announcements for TV and radio. The Chicken Dinner time and ticket information was announced that a BINGO game would be held afterwards.

### Program:

Given by Kathy Harris, Chief Flight Nurse, of the Samaritan Helicopter. Following her presentation, the club members travelled out to Parkview Hospital to see the aircraft on the flight deck.

Respectfully submitted, Carole Burke, WB9RUS

### Silent Keys

Harold "HAP" Norton, W9PRO, passed away on Saturday June 18, 1994. Hap served as a broadcast engineer for WOWO for 8 years and then was chief of communications for the Fort Wayne Fire Dept with 24 years of service. He is survived by his wife Betty, four sons and one daughter.

Fred Fischer W9DW passed away in November. He served 40 years with Westinghouse Broadcasting. He is survived by his wife Dorothy and one step son.

The following is a listing of the Fischer Estate which is for sale by the Welfare Committee:

- \*Kenwood TS940S Transceiver. Gen Coverage. Solid State.
- \*Kenwood SP940 Speaker P/S for TS940
- \*Kenwood AT230 Antenna Tuner w/ power meter
- \*Kenwood MC60 Desk Microphone
- \*AEA PK232 Terminal Node Controller for packet
- \*Vibroplex Paddle key on chrome base
- \*MFJ 407B Deluxe Keyer
- \*Drake DL300 300 w. dry dummy load
- \*Drake TV300LP Low Pass Filter
- \*Homebrew Capacitance meter
- \*Stoddart Headphones w/ ear pads
- \*Kenwood AC10 Power adaptor (handheld wall charger)
- \*A/C Adaptor 6 v. DC power adaptor
- \*Miscellaneous - Various ferrite cores, resistors, wire, project boxes.

All of the above equipment is exceptionally clean and in excellent condition. For more information and/or viewing contact:

Bill Kindred, WA9RAP @485-8044  
or Bill Hall, WD9HII @485-3995

### DX News Summary

- OPDX & BARF-80 BBS

SH, TANZANIA. Andy, RW3AH, (Russian ARES Chief Co-ordinator) informs OPDX that R3ARES/SH, the club station of HQ Russian ARES, has moved with the Russian rescue team to Tanzania from their recent operation in former Yugoslavia (R3ARES/YU). The rescue team from the Russian Ministry of emergency situations is providing humanitarian UN aid for Rwanda refugees in Tanzania. This station is only active daily during the R\_ARES Net on 14292 kHz at 0700z (sometimes at 1700z). QSL via RW3AH.

## DX News Summary

- (Cont.)

9N, NEPAL. Presently there are only three operators in 9N-land (9N1AA, 9N1HA AND 9N1RB). It is reported that only 9N1AA and 9N1HA have their own station. 9N1AA's name is Satish, and he has worked SSB and RTTY in the past, but has recently discovered the mode PACTOR. He is having a problem working stateside stations and is looking for anybody that could help him solve the problem. If you can help, leave a message in JA5TX's Mailbox, Satish checks it daily.

9V, SINGAPORE. The station 9V1ARU of the Singapore Amateur Radio Transmitting Society will be active in the upcoming IARU contest under the "HQ" category as an official IARU region 3 member organization. Operators will be 9V1YC, 9V1ZB and JE1JKL, plus additional society members (callsigns not confirmed yet). The station is restricted by law to only operate at 100W, so they hope stations will be looking for them. (I'd like to see their "Part 97" penalties! -ed)

CN, MOROCCO. Valentini, IK4JQO, will be signing CN2VA from August 6-22th. He will operate only SSB on 10-80 meters (especially 12-17 meters). He will also be active from Mogador Island (AF-065). QSL via IK4JQO.

FR/G, GLORIOSO ISLAND. "QRZ DX" mentioned that FR5ZQ will be active during the months of July and August. This country is rated 17th on the OPDX Most Wanted List for 1993.

HH, HAITI. For a short period of time (length was not given)there will be some activity from N4MU/HH2 and W6RCL/HH2. They are both employed by U.S. television news agencies and temporarily assigned to Port-Au-Prince, Haiti. N4MU is running 100 W to a TS-50 and has concentrated on 15-40 meters, while W6RCL is running 100 W to an IC-725 and has a longwire which loads from 160-10 meters. Both are SSB only operations, neither of them brought a key or keyer. W6CRL was last heard on 14190 kHz around 0300z.

ZS, SOUTH AFRICA. ZS6IR plans to be active on SSB daily from 2000 to 0600z between 3780 and 3800 kHz and between 7045 and 7055 kHz. QSL via DL4JZ (Note: The address of ZS6IR in the callbook is wrong).

## Ham Product Reviews

- By Ed VanOverloop, WA2UGT

Ed Note: A big thanks to Ed and the Stateline Radio Club of Park Ridge, NJ for providing the following article for the Hamsplatter.

The blizzard of '93 gave me the excuse I needed to check out a new transceiver while being snowed-in for a day or two.

As I was Telling Larry, K9VFE, I have been having a really good time comparing radios and writing reviews for our local radio club newsletter.

I have tested and compared ten modern transceivers in recent years and find many similarities between comparing radios and comparing automobiles. They all do the job, but some are smoother, quieter, or easier to handle. And yes, you do get what you pay for -- quality does show through in all the radios I have tested. However, spending two to four times the purchase price of a good, moderately priced, radio or automobile does not give a proportionate gain in performance. Gains or improvements, when present are generally very slight, and in most cases, it is hard to justify the additional costs. Of course, if you want and can afford the Mercedes, buy it, but remember that a good Ford or Chevy will get you to California and back just about as well.

### KENWOOD TS 450S

Gilfer Radio in Park Ridge, our local shortwave and ham radio outlet, kindly lent me a new Kenwood TS-450S to compare with my older TS-440S.

Both radios are the same compact size and shape, but the TS-450S has some new circuitry and features. I immediately noticed that the "450" had a two speed tuning system with a very slow speed for ease of tuning CW or SSB. This, plus the VFO "quick tune" feature that allows QSY 10 KHz at a time, were nice additions to the new radio.

The "450" has a better choice of filter selection, and optional filters may be added at two of the three I.F. stages for better selectivity on CW or SSB. Allowing selection of the installed filters, in any combination, adds up to filtering about as "good as you can get" in a radio this size. Either radio with the standard filters has the same selectivity, but the new "450" allows more versatility.

The notch on the "450" is easier and smoother to tune than that on the "440", and the new radio uses a bar type S-meter which is easier to read and includes a peak reading "hold" feature. I also liked the new power level control for SSB which can now be adjusted from 10 to 100 watts whereas the "440" will only run wide open on SSB.

Side-by-side comparison showed no difference on sensitivity or selectivity without the optional filters installed. the internal receive noise was slightly less on the "450" and I found the new A.I.P. button to be of no advantage -- it seemed to only act as an attenuator. Strong signals on 75 meters tended to overload the "450" and required the use of the regular attenuator.

## Ham Product Reviews

- (Cont.)

The frequency calibration of the two radios was close only .02 Hz different, and the "450" did not require retuning the tuning dial when switching from SSB to CW mode. The "440" must be retuned 700 or 800 Hz when changing modes to correctly show the operating frequency.

The new internal antenna tuner is a real pleasure to use as it not only has memories for nearly instant tune-ups, but it also has a broader range of SWR that it will handle.

To summarize, overall the new TS-450S is a better transceiver than the older TS-440S, but only in features, not in its ability to work stations under most conditions.

### KENWOOD TS-850S

Ever since the Kenwood TS-850S was introduced, I wondered whether it was really a better radio than some of its predecessors, I was recently granted the opportunity to spend a week testing and comparing an "850" to my TS-440S, and I jumped at the chance. In a word, it is a better radio. Here are my observations.

The "850" has very nice tuning with two standard tuning rates. Ten KHz per revolution of the dial for normal tuning and one KHz/rev for fine tuning. The fine tuning rate made it particularly easy to zero in on Both CW and SSB signals. There is also a fast QSY knob which tunes up or down the bands in 5 or 10 KHz steps.

SSB power is easily set with a new power level control which allowed me to try QRP. On my first call, I made a contact to Europe using only five watts!

The receiver is where the rig really stands out. Kenwood has added a receive-audio tone control which helps in reducing high-end noise on some speakers. This, combined with the 2.7 KHz SSB filter, results in some of the best SSB audio I have ever heard -- nearly as good as AM. And on AM, the radio sounded better on shortwave or the broadcast band than any other ham radio I have ever used.

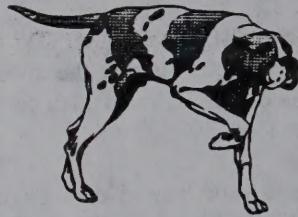

Even though the receiver sensitivity is approximately the same as that of my TS-440S, the selectivity of the TS-850, using the new slope tuning feature, is vastly improved, making it easy to eliminate splatter from adjacent frequency QSO's. I also like the new AGC circuit, which allows you to select slow, medium, fast, or no AGC, as conditions warrant.

The transmitter circuit features RF speech compression and audio "high boost" giving the radio an advantage over my TS-440S and several other rigs I have tested recently. In addition there is built-in audio monitoring, which is a real convenience when selecting your choice of microphones, speech compression and gain level.

Finally, the new digital S-meter with peak and hold features was very legible and easier to read than the black faced analog meter on my TS-440S. The new "memory" automatic tuner seems to be able to handle a wider range of SWR than the older style and allows incredibly fast tuning.

In summary, the Kenwood TS-850S is a definite improvement over most earlier model transceivers that I have used. The "850" has the best audio on both receive and transmit that I have heard. Adjustable selectivity and several other improvements in the radio are very worthwhile, and give this radio a definite edge over my TS-440S, and an ICOM 765 (which worked very satisfactorily and had a nice feel to its tuning knob but no other outstanding features), and the other radios recently tested and reviewed in this newsletter.

In one of my next articles I'll review a Yaesu FT-990 or the FT-1000, if anyone knows where I could borrow one for a few days.

Allen County Fox Hunt

The June Fox hunt was won by Walt, N9AVR. Curiously, Cliff N9MKB (Walt's partner in the past three hunts) wasn't there to "help" Walt this time!

The next Allen County/Fort Wayne Area Fox Hunt will take place on Monday, July 11 at 19:00. Meet at the Allen County Fairgrounds on Carroll Rd. You don't have to own DF equipment to participate. There is always plenty of room to ride along!

AM I HITTING THE REPEATER ANY BETTER?  
I THINK I GOT A BETTER GROUND
